Independent Auditor's Report

Plan Committee
Springs Window Fashions 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Springs Window Fashions 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2023 and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Springs Window Fashions 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Springs Window Fashions 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering certain United States employees of Springs Window Fashions, LLC, the Plan Sponsor, and participating employers Horizons Holdings, LLC, MechoShade Systems, LLC, Cesta, LLC and SunSetter Products Limited Partnership (the Employer). Effective July 1, 2023, Sunburst Shutters, LLC and Polywood Fabrication, LLC became participating employers under the Plan. Employees are eligible to participate in the Plan immediately. The Plan Committee is responsible for oversight of the Plan. The Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The Plan allows for voluntary pre-tax and Roth post-tax contributions. Each year, participants may contribute up to 50 percent of compensation to the Plan as pre-tax salary deferrals and/or after-tax Roth deferrals as defined in the plan or the maximum amount defined by the Internal Revenue Service (IRS). Participants who have attained the age of 50 or will attain age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants that do not elect to make voluntary contributions, or waive participation in the Plan, when first eligible to do so will be automatically enrolled into the Plan with a 3 percent deferral. Upon January 1 of each of the three plan years following the initial Plan year in which the employee became an eligible employee, the deferral rate shall be increased by an additional 1 percent each year, until a maximum total of 6 percent is reached. Participants hired after January 1, 2019, will be automatically enrolled at 6 percent deferral, and this rate will be automatically increased 1 percent each following year up to a maximum of 10 percent. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are recorded when earned.

Participants are eligible to receive employer safe harbor matching contributions equal to 100 percent of salary deferrals that do not exceed 4 percent of participants' compensation plus 50 percent of salary deferrals between 4 percent and 6 percent of compensation.

In addition, the Employer may make a non-elective contribution to the Plan. The amount contributed is approved by the Employer's Board of Directors. A participant becomes eligible to receive the discretionary contribution upon the completion of one year (1,000 hours during 12 consecutive months of employment) of service with the Employer and must be employed on the last day of the Plan year. No discretionary contribution was made for the year ended December 31, 2023.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's safe harbor matching contributions and non-elective contributions and (b) plan earnings, revenue sharing and charged with an allocation of administrative expenses. Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their pretax deferrals, Roth contributions, catch-up contributions, and rollover contributions plus actual earnings thereon. Effective January 1, 2019, safe harbor matching contributions after this date are immediately vested. Also, any non-elective contributions made after this date will become 100 percent vested after two years of service. Vesting in the Employer's non-elective contributions and prior matching contributions, plus actual earnings thereon, is based on years of service as follows:

Nonelective Contributions (prior to January 1, 2019)	
Years of Service	Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

5	80%
6	100%

Prior Matching Contributions - SunSetter Products 401(k) Retirement Plan	
Years of Service	Percentage
Less than 1	0%
1	33%
2	66%
3 or more	100%

Investment options: Upon enrollment in the Plan, participants may direct the investment of their account balances into a variety of investment options as more fully described in the Plan's literature. Participants may change their investment options daily. If investments are not directed, they will be directed in accordance with default alternatives established under the Plan.

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, and with maturities not exceeding five years, except if the note is used to acquire a principal residence of the individual. The notes are collateralized by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Springs Window Fashions 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: Benefits are payable under the Plan upon separation from the Employer due to death, disability, retirement or termination of employment. Distributions will be equal to the value of the participant's vested interest in their account. Participant's account balances will be distributable to the participant in a lump sum upon termination of employment if the balance is less than \$5,000. If the vested balance exceeds \$5,000, distribution will be made only if the participant consents in the form of a lump sum, installment or partial payments. A participant who has attained age 59 1/2, but who has not terminated employment, is entitled to receive a benefit from their entire account. A participant who has not terminated employment and has not attained age 59 1/2 shall be permitted to make cash withdrawals of vested account balances to meet certain financial hardships. If a participant age 70-1/2 or older is an active employee and not a 5 percent owner, minimum distributions are not required.

Forfeited accounts: At December 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$90,000 and \$83,700 respectively. Forfeitures can be used to reduce employer contributions or plan expenses. During the year ended December 31, 2023, approximately \$101,600 was used to reduce employer contributions from forfeitures and approximately \$2,100 was used to pay Plan administrative expenses.

Revenue sharing income: The Plan has an ERISA spending account which is funded from a portion of the revenue sharing with its record keeper that is generated from the administrative fees that are charged by mutual funds offered under the Plan. Revenue sharing income can be used to reduce plan expenses or employer contributions. The ERISA spending account was zero at December 31, 2023 and totaled approximately \$1,100 at December 31, 2022, respectively. For the year ending December 31, 2023, approximately \$1,100 was used to offset Plan administrative expenses on the statement of changes in net assets available for benefits.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Employer determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. The Plan's investment income (loss) includes interest income, dividends and net appreciation/(depreciation) on investments. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

Payment of benefits: Benefits paid to participants are recorded when paid.

Administrative expenses: Administrative expenses can be paid either by the Employer or from Plan assets. Expenses that are paid by the Employer are excluded from these financial statements. Certain expenses directly attributable to participant transactions are deducted from the participant's account.

Note 3. Information Certified or Provided by Empower Trust Company, LLC, the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022 and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedules that were prepared by or derived from information provided by Empower Trust Company, LLC, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedules related to the following assets:

	December 31,	
	2023	2022
Investments, at fair value:		
Mutual funds	\$ 24,363,403	\$ 20,402,455
Common/collective trusts	151,028,420	138,799,239
Notes receivable from participants	1,960,559	1,851,209

Empower Trust Company, LLC, the trustee, also certified to the completeness and accuracy of \$23,270,635 of net appreciation in fair value of investments, \$798,195 of interest and dividends and \$110,476 of interest on notes receivable from participants related to the aforementioned Plan assets for the year ended December 31, 2023.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of fair value hierarchy under the FASB Accounting Standards Codification (ASC) 820 are described below.

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Springs Window Fashions 401(k) Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: The common/collective trusts are valued based on the NAV of units of the common/collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy tables are based on the lowest level of any input that is significant to the fair value measurement.

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,363,403	\$ -	\$ -	\$ 24,363,403
Investments measured at NAV (a)				151,028,420
Investments at fair value				<u>\$ 175,391,823</u>

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,402,455	\$ -	\$ -	\$ 20,402,455
Investments measured at NAV (a)				138,799,239
Investments at fair value				<u>\$ 159,201,694</u>

- (a) In accordance, with Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Plan net assets presented in the statement of net assets available for benefits as of December 31, 2023 and 2022.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require transfer of investments from one fair value level to another.

Springs Window Fashions 401(k) Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Plan management evaluates the significance of transfers within levels based on upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

Note 5. Related Party and Party-In-Interest Transactions

Empower Annuity Insurance Company of America, which is an affiliated company of Empower Trust Company, LLC, the trustee of the Plan, provides administrative services, therefore, these transactions qualify as party-in-interest transactions. The fees for these services paid by the Plan to the trustee and an affiliated company were approximately \$170,800 for the year ended December 31, 2023.

Certain employees of the Employer provide administrative services to the Plan. These employees are not paid from the Plan for their services. In addition, the Employer pays outside administrative expenses of the Plan.

Note 6. Income Tax Status

The Plan adopted a pre-approved defined contribution plan sponsored by Great-West Trust Company, LLC (now Empower Trust Company, LLC). The pre-approved defined contribution plan has received an opinion letter from the IRS as to the pre-approved defined contribution plan's qualified status. The pre-approved defined contribution plan opinion letter has been relied upon by this Plan. The Plan has been amended since the pre-approved defined contribution plan received its opinion letter. The Plan administrator and the Plan's trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022 to Form 5500:

	2023	2022

Benefits paid to participants	89,556
Administrative expenses	(19,768)
Increase in net assets available for benefits per Form 5500	<u>\$ 16,330,040</u>

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Delinquent Contributions

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The Company will remit the related lost earnings to the affected participants into the Plan.

Note 11. Subsequent Event

Plan management has evaluated subsequent events through October 11, 2024, the date the financial statements were available to be issued.
