Independent Auditor's Report

To the Plan Administrator
CMHA 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We were engaged to perform an audit of the financial statements of CMHA 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2023 Financial Statements

We do not express an opinion on the accompanying 2023 financial statements of the Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion on the 2023 Financial Statements* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2023 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying 2023 financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are

not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and related income and distributions be included in the accompanying 2023 financial statements.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the 2023 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue our auditor's report. However, because of the matters described in the *Basis for Disclaimer of Opinion on the 2023 Financial Statements* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2023 Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a) for the year ended December 31, 2023 and Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion on the 2023 Financial Statements* section of our report, it is inappropriate to and we do not express an opinion on these supplemental schedules.

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of CMHA 403(b) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were

certified by qualified institutions. Their report dated October 3, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirement of ERISA Section 103(a)(3)(C).

CMHA 403(b) Plan

Notes to Financial Statements December 31, 2023

Note 1 - Description of Plan

The following description of the CMHA 403(b) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document, and any amendments thereto, for a more comprehensive description of the Plan's provisions.

General

The Plan is a contributory Internal Revenue Code ("IRC") Section 403(b) defined contribution retirement plan covering all employees of Community Mental Health Affiliates, Inc. (the "Company"). Eligible employees can begin to make salary deferral contributions to the Plan as soon as administratively feasible following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's Board of Directors is responsible for oversight of the Plan. The CMHA Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Directors.

Contributions

Each year, participants may make salary deferral contributions to the Plan up to 100% of their pre-tax annual compensation, as defined by the Plan, up to IRC limits. Participants may designate all or a portion of their salary deferral contributions as Roth deferral contributions. Participants who have attained age 50 before the end of the year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may elect to make discretionary matching contributions to the Plan, as determined by the Board of Directors. For the year ended December 31, 2023, the Company elected to make discretionary matching contributions to the Plan on a quarterly basis equal to 50% of elective deferrals up to the participant's first 6% of eligible compensation, as defined by the Plan. Participants must complete one year of service with a minimum of 1,000 hours to be eligible for any discretionary matching contributions. Participants must be employed on the last day of the quarter in order to receive any discretionary matching contributions for that quarter. For the year ended December 31, 2023, the Company made discretionary matching contributions to the Plan totaling \$205,778.

The Company may also elect to make discretionary nonelective contributions to the Plan, as determined annually by the Board of Directors. For the year ended December 31, 2023, the Company elected to make discretionary nonelective contributions to the Plan equal to 3% of each participant's eligible compensation, as defined by the Plan. Participants must complete one year of service with a minimum of 1,000 hours to be eligible for any discretionary matching contributions. Participants must be employed on the last day of the Plan year in order to receive any discretionary nonelective contributions. For the year ended December 31, 2023, the Company made discretionary nonelective contributions to the Plan totaling \$166,464.

Per diem and fee for service employees are ineligible to receive any discretionary matching or nonelective contributions. Participants also direct the investment of Company contributions. All contributions are subject to certain IRC limitations.

CMHA 403(b) Plan

Notes to Financial Statements December 31, 2023

Participant accounts

Each participant's account is credited with the participant's contributions and discretionary matching contributions, as well as an allocation of discretionary nonelective contributions and Plan earnings. Participant's accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their salary deferral contributions and any rollover contributions plus actual earnings thereon. In the event of death, total and permanent disability or normal retirement, participants shall become 100% vested in the discretionary matching and nonelective contribution portions of their account. For all other participants, vesting in the discretionary matching and nonelective contribution portions of their account is based on years of service, as defined by the Plan, according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes receivable from participants

Participants may borrow from the vested portion of their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined at the time the loan is originated, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service for any reason, a participant may elect to receive their distribution in a lump sum, partial payment or substantially equal installments. Participants with an account balance of \$1,000 or less will receive a lump-sum amount equal to the value of the participant's interest in his or her account. For terminated participants with account balances of \$1,000 or more but less than \$5,000 who do not elect a form of distribution from the Plan will have their account balances rolled over into an individual retirement account as allowed by the Plan. Participants with an account balance greater than \$5,000 may defer payment of benefits until a later date, unless a minimum distribution is required.

Withdrawals from a participant's account may also be made in the event of financial hardship, in accordance with the provisions specified in the Plan. In-service withdrawals are also allowed for participants who have attained age 59½, in accordance with the provision specified in the Plan. Withdrawals from a participant's rollover account may also be made at any time in accordance with the provisions specified in the Plan.

CMHA 403(b) Plan

Notes to Financial Statements December 31, 2023

Forfeited accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$32,749 and \$5,713, respectively. These accounts will be used to reduce future employer contributions or to pay Plan related expenses. There were no amounts utilized from forfeited nonvested accounts for the year ended December 31, 2023.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan was originally established in 1991 and was historically viewed as an amalgamation of individual annuity accounts and the Plan administrator and its service providers did not maintain financial information at the Plan level. Because historical records were not maintained or are not available at the Plan level, the Plan may have excluded from the accompanying statements of net assets available for benefits certain annuity or custodial accounts, and the related activity, issued to current and former employees prior to January 1, 2009. In recognition of these recordkeeping matters, the Department of Labor ("DOL") released Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* ("FAB 2009-02"), as transitional relief to address situations where a plan's management is not able to obtain historical records. If FAB 2009-02 is implemented, the DOL has indicated that it will not reject the Form 5500 where contracts are excluded, as long as certain conditions were met. Due to the length of time since the inception of the Plan, there is uncertainty that all contracts have been included. However, the Plan administrator believes that excluded annuity accounts or custodial accounts would meet the conditions of FAB 2009-02. As discussed in Note 3, the Plan has received investment statements certified as complete and accurate from the custodians as of December 31, 2023 and 2022, and for the year ended December 31, 2023.

As part of historical records not being maintained since the Plan was established in 1991, participants may have individual balances with legacy custodians which are not reflected in the net assets available for benefits.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing

CMHA 403(b) Plan

Notes to Financial Statements December 31, 2023

information provided by the investment advisor and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to recordkeeping and administration, participant distributions, and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Other indirect investment-related expenses are included in the net appreciation in fair value of investments.

Subsequent events

Subsequent events were evaluated through October 10, 2024, which is the date the financial statements were available to be issued.

Note 3 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2023, and investment income and interest income on notes receivable from participants for the year ended December 31, 2023, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i), were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Empower Trust Company, LLC, Empower Annuity Insurance Company of America and Lincoln National Life Insurance Company, the custodians of the Plan.

Note 4 - Investments in group annuity contracts at contract value

Lincoln

The Plan invests in a fully benefit-responsive group annuity contract with the Lincoln Group Fixed Annuity Contract ("Annuity Contract"). The Annuity Contract is an insurance product offered through Lincoln which has no maturity date. The Annuity Contract provides a constant "open window" for participant-directed deposits and withdrawals and offers a full guarantee of principal and interest by Lincoln.

CMHA 403(b) Plan

Notes to Financial Statements December 31, 2023

The Annuity Contract is a separate account investment option with a general investment account guarantee, where participants may direct the withdrawal or transfer of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The repayment of principal and interest credited to participants is a financial obligation of the issuer.

Guarantees are based on the claims-paying ability of the issuer. Because the Annuity Contract is considered to be fully benefit responsive, contract value is the relevant measurement attributed for that portion of the Plan's net assets available for benefits attributable to the annuity contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As of December 31, 2023 and 2022, there are no reserves against contract value for credit risk of the contract issuer or otherwise.

A single interest crediting rate is applied to all contributions and is reviewed quarterly for resetting. The minimum crediting rate under the contract is 3.50%.

Certain events may limit the ability of the Plan to currently transact at contract value and may result in a deferral of the payment at contract value for up to 12 months.

Such events include but may not be limited to the following: (1) removal of a group of participants from plan coverage as a result of temporary absence, change in position or other occurrence qualifying as a temporary break in service under the Plan; (2) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (3) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan Sponsor's business; (4) removal from the Plan of one or more groups or classifications of participants; (5) partial or complete Plan termination; or (6) Plan disqualification.

Investments at contract value held by Lincoln were \$20,310 and \$19,684 as of December 31, 2023 and 2022, respectively.

MassMutual/Empower

The Plan invests in a group annuity contract with the MassMutual Capital Preservation Account. The MassMutual Capital Preservation Account is an insurance product offered through a group annuity contract with MassMutual Retirement Services ("MMRS"), which is managed by Empower Annuity Insurance Company of America. The MassMutual Capital Preservation Account provides a constant "open window" for participant-directed deposits and withdrawals and offers a full guarantee of principal and interest by MMRS.

The MassMutual Capital Preservation Account is determined to be a fully benefit-responsive group annuity contract, which is a separate account investment option with a general investment account guarantee, where participants may direct the withdrawal or transfer of all or a portion of their account balance at contract value within reasonable timeframes.

CMHA 403(b) Plan

Notes to Financial Statements December 31, 2023

Contract value represents contributions plus credited interest less participant withdrawals and fees. The contract is affected directly between the Sponsor and MassMutual (the issuer). The repayment of principal and interest credited to participants is a financial obligation of the issuer and is reinsured by Empower Annuity Insurance Company of America.

Guarantees are based on the claims-paying ability of the issuer. Because the MassMutual Capital Preservation Account is considered to be fully benefit responsive, contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits attributable to the annuity contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As of December 31, 2023 and 2022, there are no reserves against contract value for credit risk of the contract issuer or otherwise.

A single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. The interest rate being credited is based on contract values, timing of cash flows, the process by which rates may be reset during the Plan year and simplified assumptions.

Certain events may limit the ability of the Plan to currently transact at contract value and may result in a deferral of the payment at contract value for up to 12 months.

Such events include but may not be limited to the following: (1) removal of a group of participants from plan coverage as a result of temporary absence, change in position or other occurrence qualifying as a temporary break in service under the Plan; (2) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (3) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale of discontinuance of all or any part of the Plan Sponsor's business; (4) removal from the Plan of one or more groups or classifications of participants; (5) partial or complete Plan termination; or (6) Plan disqualification.

Investments at contract value held by MassMutual were \$2,024,524 and \$1,851,372 as of December 31, 2023 and 2022, respectively.

Note 5 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

CMHA 403(b) Plan

Notes to Financial Statements December 31, 2023

- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds and money market fund: Valued at the daily close price as reported by the funds. The mutual funds and money market fund held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds and money market fund held by the Plan is deemed to be actively traded.

Variable annuity accounts: Valued using the Accumulation Unit Value ("AUV"), which is based on the fair value of the underlying assets of the accounts. The AUV is deemed equivalent to NAV, which is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the accounts will sell the investment for an amount different than the reported NAV. The accounts allow for daily redemptions and contributions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

CMHA 403(b) Plan

Notes to Financial Statements December 31, 2023

- (a) In accordance with Subtopic 820-10, certain investments that were measured at the NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments in entities that use NAV

The following tables summarize investments for which fair value is measured using NAV per share practical expedient as of December 31, 2023 and 2022.

December 31, 2023				
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Variable annuity accounts	\$ 17,584	None	Daily	None

December 31, 2022				
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Variable annuity accounts	\$ 14,128	None	Daily	Daily

Note 6 - Related party transactions and party-in-interest transactions

Plan investments include shares of mutual funds managed by Empower Trust Company, LLC and a fully benefit-responsive investment contract managed by MassMutual and administered by Empower Annuity Insurance Company of America. The Plan also holds variable annuity accounts and a fixed annuity contract managed by Lincoln National Life Insurance Company. Empower Trust Company, LLC, Empower Annuity Insurance Company of America and Lincoln National Life Insurance Company are custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Direct fees paid by the Plan to these custodians for administrative expenses totaled \$61,360 for the year ended December 31, 2023. Indirect fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. The Plan allows participants to take loans against their account balances, which are also considered party-in-interest transactions.

Note 7 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company's discretionary matching and nonelective contribution portions of their account.

CMHA 403(b) Plan

Notes to Financial Statements December 31, 2023

Note 8 - Tax status

The Plan has been designed using a volume submitter 403(b) plan document sponsored by The Angell Pension Group, Inc. ("Angell Pension"). Angell Pension received an advisory letter dated March 31, 2017, in which the Internal Revenue Service ("IRS") stated that the volume submitter 403(b) plan document, as then designed, satisfies the applicable requirements of the IRC. Although the Plan itself has not received a determination letter from the IRS, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, the Plan is deemed to be qualified and tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Nonexempt transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain salary deferral contributions were not remitted to the Plan within the time frame specified by DOL Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2023. The supplemental schedule includes delinquent participant contributions of \$52,052 pertaining to certain payroll periods during the year ended December 31, 2022 that were fully corrected through a contribution of lost earnings that was deposited into the Plan and allocated to the affected participants in September 2023.
