INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator, Plan Management and Participants
First Watch 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of First Watch 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of First Watch 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of First Watch 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about First Watch 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Watch 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about First Watch 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule: Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FIRST WATCH 401(k) SAVINGS PLAN

Notes to Financial Statements

1. Description of Plan

The following description of the First Watch 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the First Watch Restaurants, Inc. (the “Company”), who have 1 year of service (1000 hours) and are age 21 or older. Entry dates are semi-annual (the last day of June and December) of the Plan year. The Plan was established on January 1, 2000 and is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA) as amended.

Contributions

Each year, participants may contribute pre-tax deferrals as a percent of annual compensation as defined in the Plan from 1 percent to 75 percent in increments of 1 percent up to the dollar limit set by law and as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions).

The Plan does not include an auto-enrollment provision. Eligible employees must enroll if they wish to participate in the Plan.

The Plan does not allow employer safe harbor contributions.

Each year, the Company may make discretionary matching or profit-sharing contributions. The Company made matching contributions equal to 25 percent of a participant’s elective contributions up to the first 6 percent of the participant’s base compensation for 2022 and the first three months of 2023. On April 1, 2023, the Company began making matching contributions equal to 50 percent of a participant’s elective contributions up to the first 6 percent of the participant’s base compensation. The Company did not make any discretionary profit-sharing contributions for 2023 or 2022.

Participant and Company contributions are invested as directed by the participant from investment options offered by the Plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their portion of the employer match contribution. Any unallocated assets of the plan may be allocated to participant accounts or distributed in such a manner as the Company may determine.

FIRST WATCH 401(k) SAVINGS PLAN

Notes to Financial Statements

1. Description of Plan (continued...)

Participant accounts

Each participant's account is credited with the participant's contributions and the Company's, matching and discretionary contributions, as well as allocations of Plan earnings and expenses. Plan expenses are allocated pro rata to all participant accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings on the contributions. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows: less than 1 year = 0%, 1 to 2 years = 20%, 2 to 3 years = 40%, 3 to 4 years = 60%, 4 to 5 years = 80%, 5 years or more = 100%. A participant is 100 percent vested after 5 years of credited service or attaining the retirement age of 65, or upon death or disability.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate at the time of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service, death, disability or retirement, a participant, or their beneficiary, may elect to receive distributions under the Plan. Participant consent is required only if the distribution is over \$5,000. In-service withdrawals may be taken after attaining age 59-1/2. Withdrawals may also be made in conjunction with IRS hardship distribution regulations.

Forfeited accounts

In the event that funds are forfeited, those forfeitures may be used to reduce Company contributions or reallocate as Company contributions. Forfeited account balances were \$148,561 and \$170,347 as of December 31, 2023, and 2022 respectively.

FIRST WATCH 401(k) SAVINGS PLAN

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America which require Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023, or 2022. Delinquent participant loans are recorded as distributions based upon the terms of the Plan documents.

Payment of Benefits

Benefits are recorded when paid, except for material corrective distributions which are accrued during the year in which the originating contributions were made. The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees charged directly to the participant's account are included in administrative expenses. Fund investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated events and transactions that occurred between December 31, 2023, and September 23, 2024, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

FIRST WATCH 401(k) SAVINGS PLAN

Notes to Financial Statements

3. Information Certified by the Plan Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023 has been reported to the Plan and certified as complete and accurate by the Plan's custodians, United of Omaha Life Insurance Company and Principal Life Insurance Company. In April of 2023 the Plan transferred all participant accounts and associated Plan assets from the United of Omaha Life Insurance Company to the Principal Life Insurance Company.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

FIRST WATCH 401(k) SAVINGS PLAN

Notes to Financial Statements

4. Fair Value Measurements (continued...)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled separate accounts. Investments in pooled separate accounts are valued using the unadjusted NAV as of the reporting date, which is the basis for current transactions. The NAV is used as a practical expedient to estimate fair value. Pooled separate accounts are valued based on the underlying investments (i.e., common stock, mutual funds, and short-term securities) in the separate account as reported by Principal Financial Group. While the majority of the underlying assets values are based on quoted prices, NAV of the pooled separate accounts are not publicly quoted.

Collective Trust Funds: Valued at the NAV of the units held by the Plan at year-end. The NAV, as provided by the trustee/custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (issuances and redemptions) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require advance notification to ensure that securities liquidations will be carried out in an orderly business manner.

Principal life Insurance Company Guaranteed Option. Valued at contract or book value (principal plus accumulated earnings). See note 5 for more information.

The United of Omaha Life Insurance Company – Guaranteed Account. Valued at Market Value (or contract value – see Note 5). The Guaranteed Account is an insurance company guarantee, backed by the applicable underwriting company's general asset account, which offers competitive, consistent investment returns relative to its asset category. The Guaranteed Account has no fluctuation of principal and offers liquidity to withdraw funds for benefits payments and investment elections. The underwriting company's general asset account is a well-diversified, managed portfolio of bonds, mortgage loans, and other appropriate investments. The general asset account investment policy strictly limits the bond holdings by type, quality, and maturity to create a stable low risk bond portfolio. The general asset account has appropriate asset/liability management strategies which are utilized to insulate portfolio assets from the effects of adverse interest rate movements and to offer competitive, risk-adjusted returns.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued...)

The fair value of the Plan's participant-directed investments as of December 31, 2023, and 2022 are set forth by level within the fair value hierarchy in the table below. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>12/31/2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	18,228,653	-		18,228,653

5. Fully Benefit Responsive Investment Contracts

Principal Life Insurance Company Guaranteed Option

The Principal Life Insurance Company Guaranteed Option is a guaranteed general account backed group annuity contract that has been issued by Principal Life Insurance Company (Principal Life) to Principal Trust Company as custodian. Participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at Contract Value. Contract Value represents contributions plus credited interest, less participant withdrawals and fees. Contract Values held by the Plan were \$6,560,388 and \$0 as of December 31, 2023, and 2022 respectively.

A composite crediting rate contractually guaranteed by Principal Life is credited to account balances. The net crediting rate is after the deduction of 0.00%* for fees for administrative and recordkeeping services provided to the plan. The crediting rate was 4.45% from December 1, 2022 to May 31, 2023, 4.85% from June 1, 2023 to November 30, 2023, and 6.05% from December 1, 2023 to May 31, 2024.

Benefit payments to participants for plan benefit events, including retirement, termination of employment, disability, plan termination, death, loans, and withdrawals, as allowed by the plan, are made without any surrender charge or early termination charge.

Principal must receive notice from an authorized plan representative to terminate the Plan's Interest in the Principal Guaranteed Option. Notice to terminate can be revoked for 90 days, after which, notice is irrevocable. Contract termination provisions are summarized below. Refer to the contract or contract description for a full explanation of termination restrictions and charges.

At termination, a Party's Interest will be paid out in six installments. The first installment payment will be made six months after the notice to terminate. Each of the following five installment payments will be made on the anniversary of the first payment date. Plan activity prior to, and during, the installment payment period will affect the amount paid on installment payment dates. During the installment payment period:

- Benefit payments will continue to be made.
- Participant investment transfers out of the Principal Guaranteed Option may be allowed, subject to the recordkeeper's ability to enforce an Equity Wash when Competing Investment Options are available.

5. Fully Benefit Responsive Investment Contracts (continued...)

United of Omaha Life Insurance Company - Guaranteed Account

United of Omaha Life Insurance Company has provided the “fair value” of the guaranteed interest account portion of this annuity contract with United of Omaha. Fair Value is an accounting concept that does not alter the terms or value of your contract. It represents a theoretical value disclosure required by the Financial Accounting Standards Board and delineated in FASB Staff Positions and AAA SOPs.

<u>Date</u>	<u>Fair Value</u>	<u>Market Value</u>	<u>Contract Value</u>
12/31/23	\$ 0	\$ 0	\$ 0
12/31/22	\$1,683,916	\$1,818,722	\$1,818,870

Fair Value – value is estimated by discounting the cash flows of the guaranteed interest account to 12/31/2022 using a discount rate that represents the 12/31/2022 interest rate that would be credited on accounts of similar duration. This estimate does not represent the principal due under the contract or termination value. The principal due under the contract and termination value is based upon the terms and conditions of your group policy. Additional details regarding the Fair Value calculation are shown below.

Market Value – value of the fund as of the last business day in the plan year.

Contract Value – value of the fund as of the last business day in the plan year + any accrued interest through the last day of the plan year. Example: 12/29 is the last business day in the plan year. Market Value will be the value of the fund as of 12/29. Contract Value will be the market value as of 12/29 plus 2 days of accrued interest.

Fair Value Calculation Description

Fair Value is calculated in compliance with FASB. The Guaranteed Account valuation is a Level 3 input. As there is no observable market price for these types of contracts, we calculate the fair value by projecting contract balances, at the valuation date, forward to maturity dates using the contract guaranteed interest rate net of management fees and then discounting this value back using the current new money declared interest rates for each appropriate maturity term. In cases where the remaining maturity term does not fall on a declared rate term, we linearly interpolate the rate from the nearest two maturity term rates.

The contract balances, maturity dates, and guaranteed interest rates are provided in the Contract Balances Statement. The current new money declared rates used for discounting the fair value are the only unobservable input. The current rates are shown below. As these rates increase (decrease), the fair value will decrease (increase).

Fair Value Discount Rates (Current Declared Interest Rates as of 12/31/2022):

Term (yrs):	0.25	0.5	1	2	3	4	5	6	7	8	9
Rate:	4.58%	4.94%	5.14%	4.89%	5%	4.92%	4.79%	4.67%	4.55%	4.55%	4.53%

6. Rollover Contributions

The Plan may accept a rollover, provided the rollover will not jeopardize the tax-exempt status of the Plan or create adverse tax consequences for the Employer. The amounts rolled over shall be separately accounted for in a "Participant's Rollover Account."

7. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts or collective trust funds managed by United of Omaha Life Insurance Company, the custodian as defined by the Plan. Fees incurred within these investments qualify as party-in-interest transactions. Investment fees paid to parties-in-interest are netted against investment returns.

During 2023, fees were also paid to Ascensus LLC, and IFP Advisors LLC for their advisory and administrative services to the Plan. These fees included investment fees, third party administrative fees, and other professional service fees, and are based on customary charges as agreed upon by the Plan. These transactions qualify as party-in-interest transactions for which there is a statutory exemption. Certain administrative functions are performed by officers or employees of the Plan's sponsor. No such officer or employee receives compensation from the Plan.

8. Tax Status

Although the Plan has not received a determination letter from the Internal Revenue Service, it has adopted a pre-approved Prototype Plan. The Plan has been amended and the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable provisions of the Internal Revenue Code and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS/DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

Certain differences may exist between the recording of accruals for financial reporting purposes and IRS/Department of Labor's (DOL) Form 5500 purposes. The following is a reconciliation of Net Assets Available for benefits and Changes in Net Assets Available per the financial statements as of and for the years ended December 31, 2023 and 2022, to Form 5500:

Net assets available for benefits as of December 31:	<u>2023</u>	<u>2022</u>
Net Assets available for benefits per the financial statements	\$ 29,396,836	\$ 25,103,641
Excess contributions payable	676,330	301,028
Net assets available for benefits per Form 5500	<u>\$ 30,073,166</u>	<u>\$ 25,404,669</u>
Changes in net assets available for benefits:		
Net change in net assets available for benefits per the financial statements	\$ 4,293,195	\$ (3,775,778)
Difference in excess contributions payable	375,302	(53,839)
Net change in net assets available for benefits per Form 5500	<u>\$ 4,668,497</u>	<u>\$ (3,829,617)</u>

11. Nonexempt Transactions

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain participant contributions were not remitted to the trustee as timely as the Company could have, thus constituting nonexempt transactions between the Plan and the Company in the amount of \$176,396 for the year ended December 31, 2023.
