Independent Auditor's Report

The Plan Administrator
Sabine Bancshares, Inc. 401(k) Plan
Many, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sabine Bancshares, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information

prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures

include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SABINE BANCSHARES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

1. Description of Plan

The following description of the Sabine Bancshares, Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- (a) *General.* The plan is a defined contribution plan covering substantially all of the employees of the Company who have one month of service and have attained the age of eighteen. Employees with one month of service may elect to make elective deferral contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").
- (b) *Contributions.* Each year, participants may contribute up to the maximum pre-tax annual compensation, as defined in the Plan, under Internal Revenue Code Section 402(g). The Company contribution is a discretionary amount of base pay to all eligible participants and may be paid out of current or accumulated earnings. The employer may also elect to classify a portion of the contribution as a nonelective Safe Harbor contribution. For 2023 and 2022, the company contributed 3% under the Safe Harbor election plan and a traditional nonelective contribution of 2% to all eligible participants.
- (c) *Participant Accounts.* Each participant's account is credited with the participant's contribution and an allocation of (1) the Company's contribution, (2) Plan earnings or losses, and (3) forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- (d) *Vesting.* Participants are fully vested in their elective deferrals and rollover contributions plus actual earnings thereon. The Company offers a 3% Safe Harbor contribution which is immediately 100% vested plus actual earnings. Moreover, the Company offers a discretionary contribution in which the funds plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	5%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

- (e) *Notes Receivable from Participants.* Under the plan agreement, participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment funds from (to) the Participant Notes Fund. The loans are secured by the balance in the participants' account and bear interest at a reasonable rate. Loan terms range from 1-30 years, including primary residence loans. Principal and interest is paid ratably through payroll deductions.
 - (f) *Payment of Benefits.* On termination of service due to death, disability, retirement or separation of service, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account, or in the form of annual installments or in a joint and survivor annuity. Withdrawals from the Plan may also be made upon circumstances of

financial hardship, in accordance with provisions specified in the plan.

- (g) *Administrative Expenses.* The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.
- (h) *Forfeited Accounts.* Forfeitures by non-vested participants are used to reduce plan expenses and employer contributions. Forfeited accounts totaled \$708 and \$35 at December 31, 2023 and 2022, respectively. Also, in 2023, employer contributions were reduced by \$10,694 from forfeited nonvested accounts.

2. Summary of Accounting Policies

- (a) *Basis of Accounting.* The financial statements of the Plan are prepared under the accrual method of accounting, except for the cash basis recording of benefits paid.
- (b) *Investment Valuation and Income Recognition.* The Plan's investments are stated at fair value, (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee, and insurance company. See Note 4 for further discussion of fair value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

- (c) *Payment of Benefits.* Benefits are recorded when paid.
- (d) *Use of Estimates.* The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- (e) *Notes Receivable from Participants.* Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

DECEMBER 31, 2023 AND 2022

3. Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ameritas Life Insurance Corp., the Plan's trustee.

4. Fair Value Measurements

FASB ASC #820, *Fair Value Measurements & Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled Separate Account: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investment in Traditional Guaranteed Investment Contract

The plan holds a traditional investment contract with Ameritas Life Insurance Company (Ameritas). The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract Value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

SABINE BANCSHARES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer (Ameritas) is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is declared each calendar quarter. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events would include (but would not be limited to) premature termination of this contract and termination of the retirement plan.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Under no event may Ameritas Life Insurance Corp. terminate this contract and settle at an amount different from contract value.

6. Related Party Transactions

Certain plan investments are pooled separate and general accounts managed by an affiliate of Ameritas Life Insurance Corp. Because Ameritas Life Insurance Corp. is the trustee of the plan; these transactions qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Plan's Tax Status

The Company adopted a Prototype Standardized Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax.

9. Subsequent Events

In preparing the financial statements, management of the Plan has evaluated events and transactions for potential recognition or disclosure through October 8, 2024, the date the financial statements were available to be issued. During April 2024, the plan sponsor announced they had been acquired by Texas Dow Employees Credit Union ("TDECU").

Schedule C, Line 2(h) Formula Description

Description of Unit Value Calculations

Separate account investments are record kept using unit values.

The pooled separate accounts are invested in mutual funds at NAV. The allocation of these funds is based on the units and unit value for each product and plan invested in the pooled separate account.

Both the number of units, and unit value is available for any plan's funds and can be produced from the system. When multiplied, these will balance to the fair value disclosed on trust reports.

The unit value can and does vary by contract depending on the product invested in. The unit value is determined under the following formula, and is the same calculation for all contracts invested in the pooled separate accounts.

It is through this calculation of the unit value that both earnings and expenses are applied.

Industry Standard Method – Unit Value Calculation

t = current business date

t-1 = prior business date

NAV = Net asset value provided by mutual fund company

MTD daily dividend factor(t) = dividends month to date as provided by the mutual fund company

Declared dividend rate(t) = as provided by the mutual fund company

Short and long term capital gains (t) = S<(t) = as provided by the mutual fund company

Gross Investment Factor (GIF) = daily rate change in the NAV including dividends and capital gains

Daily Expense Factor = the expense rate specific to a contract

Net Investment Factor = the daily rate change in the gross investment factor after application of contract specific expenses

Unit Price = the contract specific price in which units are purchased and redeemed for a specific fund

$$\text{Gross Investment Factor(GIF)} = \frac{\text{NAV}(t) + \text{MTD daily div factor } (t) + \text{declared dividend rate } (t) + \text{S\< } (t)}{\text{NAV}(t-1) + \text{MTD daily dividend factors}(t-1)}$$

$$\text{Net Investment Factor}(t) = \text{Gross Investment Factor} - \text{Daily Expense Factor}$$

$$\text{Unit Price } (t) = \text{Unit Price } (t-1) \text{ times Net Investment Factor } (t)$$

In order to ensure that each contract has a correct proportionate value of the underlying pooled separate account, each contract's units are multiplied by their contract's unit value and summed across all contracts invested in a particular mutual fund. This is then balanced to the pooled separate account and to the mutual fund company on a daily basis.

The Daily Expense Factor is based on the provisions of the contract, with all investments held by Ameritas Life Insurance Corp being charged the same annualized rate.
