We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Blackburn, Childers & Steagall, PLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Blackburn, Childers & Steagall, PLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Blackburn, Childers & Steagall, PLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Part IV, line 4i – Schedule of Assets (Held at Year End) and Schedule H, Part IV, line 4a – Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

Blackburn, Childers & Steagall, PLC (the “Company”) established the Blackburn, Childers & Steagall, PLC 401(k) Profit Sharing Plan (the “Plan”) on July 1, 1992. Other members of the control group participating in the Plan are BCS Financial, LLC d/b/a BCS Wealth Management, Covenant Trust, LLC d/b/a First Covenant Trust and Advisors, LLC and Trinity Valuation Consulting Group, PLC. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time and part-time employees of the Company who have completed six months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation or a flat dollar amount, as defined in the Plan, and in accordance with applicable sections of the Internal Revenue Code. Participants may designate some or all of their deferral contributions as a Roth Deferral. The election is irrevocable. Participants may defer a flat dollar amount or a whole percentage from 1% to 100% of any bonus designated by the Employer into the Plan, or suspend their contribution completely by completing a special election form. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions and any Company contributions into various investment options offered by the Plan. The Plan currently offers a money market fund, mutual funds, a stable value fund, and self-directed brokerage accounts as investment options for participants. The Company contributes a safe harbor matching contribution equal to 100% of the first three percent of the employee’s eligible compensation, and 50% of the next two percent of the employee’s eligible compensation. The Company also has the option to make an additional discretionary matching contribution. The match is computed by the Company and based on eligible compensation deferred into the Plan each plan year. The Company may designate all or a portion of any matching contributions for the plan year as qualified matching contributions and allocate them to Non-Highly Compensated Employees to help the Plan pass one or more annually required nondiscrimination tests. The Company may make a discretionary non-elective contribution each plan year if the participant completes at least 1,000 hours of service and employed as of the last day of the plan year. In addition, a qualified non-elective Company contribution is available to be made in the event this is deemed necessary in order to pass certain nondiscrimination tests. Contributions are subject to certain IRS limitations.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of (a) the Company's contributions and (b) Plan earnings. Each participant's account is also charged with an allocation of administrative expenses (if paid by the Plan's Trust). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their own contributions plus actual earnings thereon and their Company safe harbor matching employer contributions and qualified non-elective contributions. Vesting in the Company's discretionary employer contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested in their account after six years of credited service and automatically becomes fully vested upon reaching normal retirement age (65 years old), or in the event of disability or death.

Payment of Benefits

Upon termination of service, due to termination, death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the vested balance of the participant's account. Participants may also delay distributions of their vested balance. Participants with a vested account balance of \$1,000 or less may not postpone their distribution until a later date. The Company may distribute the vested balance as a lump-sum to the participant without the participant's consent. In addition, participants with a vested balance greater than \$1,000, but less than \$5,000 may automatically be rolled over into an individual retirement account designated by the Plan Administrator.

Forfeited Accounts

Forfeitures may be used to pay the administrative expenses of the Plan or offset Company contributions to the Plan. Unallocated forfeitures were \$2,510 and \$1,474 as of December 31, 2023 and 2022, respectively. During 2023, \$205 of forfeitures were used to offset Company contributions and \$4,300 of forfeitures were used to pay administrative expenses of the Plan from forfeited nonvested accounts.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2024, the date the financial statements were available to be issued.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and (losses) on the investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants and the Company safe harbor matching and discretionary contributions are recorded in the year in which the employee contributions are withheld from compensation and on compensation paid during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Professional fees and transaction fees related to the administration of the self-directed brokerage account are included in administrative expenses and charged directly to the participant's account. Other investment related expenses are included in net appreciation in fair value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets.

Level 2

Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3 - FAIR VALUE MEASUREMENT (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money Market Fund: Valued at the Net Asset Value (NAV) of shares held by the Plan at year-end. The money market fund held by the Plan is deemed to be actively traded.

Mutual Funds: Such funds are normally calculated at NAV as of the close of business of the New York Stock Exchange. When calculating a fund's NAV, portfolio securities for which market quotations are readily available are generally valued at their market value, which typically is the last quoted sales price at the time of valuation. When there are no readily available market quotations for a security, the portfolio security is valued based on its fair value, which typically is the amount which the fund might reasonably expect to receive from the security upon a current sale. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Comprised of common stocks valued at the closing price reported on the active market on which the individual securities are traded, mutual funds valued as described above, and money market accounts as described above, all deemed Level 1 investments. In addition, comprised of corporate bonds valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing the value of yields currently available on comparable securities of issuers with similar credit ratings. Corporate bonds are deemed Level 2 investments.

Stable Value Fund: The stable value account is valued daily at NAV. The NAV, as reported by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. There are no unfunded commitments or redemption restrictions.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 4 - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and the stable value fund managed by Fidelity Management Trust Company, the trustee as defined by the Plan. These transactions qualify as party-in-interest transactions. Direct fees paid by the Plan to Fidelity for transaction fees amounted to \$1,450 for the year ended December 31, 2023. The Plan also made a direct payment to Smith Elliott Kearns & Company, LLC for professional fees totaling \$4,300.

BCS Financial, LLC d/b/a BCS Wealth Management and Purshe Kaplan Sterling Investments serve as the investment advisors. Direct fees paid to them for the plan year totaled \$13,638.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 6 - TAX STATUS

The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.
