INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Moore's Electrical & Mechanical
Construction, Inc. 401(K) Plan
Altavista, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the accompanying financial statements of Moore's Electrical & Mechanical Construction, Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Moore's Electrical & Mechanical Construction, Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

- We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Moore's Electrical & Mechanical Construction, Inc. 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

- Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.
- In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Moore's Electrical & Mechanical Construction, Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.
- Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Moore's Electrical & Mechanical Construction, Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Moore's Electrical & Mechanical Construction, Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing

standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MOORE'S ELECTRICAL & MECHANICAL

CONSTRUCTION, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 1 - PLAN DESCRIPTION

The following description of the Moore's Electrical & Mechanical Construction, Inc. 401(K) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution retirement plan covering all employees of the Company who are age eighteen or older and have completed six months of service as defined in the Plan. Effective August 1, 2023, the Plan's eligibility requirements were amended, and removed the six months of service requirement to make all active employees eligible to contribute in the Plan.

Contributions. Each year, participants may contribute up to the maximum amount allowed by the IRS regulations and defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company makes a discretionary matching contribution that is determined by the Company each Plan year, which is not to exceed 100% of 6% of employees' gross wages that have elected to contribute to the Plan. The Company also has the option to make a lump sum contribution to the Plan each year. Effective August 1, 2023, Roth deferrals are also permitted under the Plan, and In-Plan Roth conversions are allowable.

Automatic Enrollment. Effective January 1, 2023, the Plan was restated and amended to establish an automatic contribution arrangement. Upon becoming eligible to make salary deferrals under the Plan, a participant will be deemed to have entered into a salary deferral election for each payroll period, unless the participant completes a salary deferral election opting out of such deferrals.

Participant Accounts. Each participant's account is credited with the participant's contribution, the Company's contribution, and Plan earnings. Allocations are based on participant earnings, years of service, or account balances, as defined, relative to total eligible earnings, years of service, or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts, plus actual earnings thereon, is achieved in the following manner: Year 1 - 0%, 2 - 20%, 3 - 40%, 4 - 60%, 5 - 80%, 6 - 100%. A year of service is considered complete after 1,000 hours of service at any time during the Plan year.

Investment Options. Upon enrollment in the Plan, a participant will direct all investment elections. Participants may change their investment options at any time.

Participant Notes Receivable. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50% of current participant's vested balance or \$50,000 reduced by any outstanding loan balance, whichever is less. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. The loans are secured by the balance in the participant's account, and bear interest at a rate commensurate with local prevailing rates, as determined quarterly by the Trustees. Principal and interest is paid ratably through weekly payroll deductions, and must be paid back within time periods specified in the Plan.

FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022**

NOTE 1 - PLAN DESCRIPTION (cont'd.)

Payment of Benefits. On termination of service due to death, disability, or retirement, a participant will receive an amount equal to the value of the participant's vested interest in his or her account as soon as administratively possible. For termination of service due to other reasons, a participant may receive the value of the interest in his or her account in installment payments or as a lump-sum distribution. Effective February 15, 2023, a participant who terminates employment with a vested balance that does not exceed \$5,000 may receive a lump sum distribution of his/her vested balance within a reasonable period of time following the date the participant terminates employment.

Operating Expenses. The Company pays the administrative expenses first from forfeiture of nonvested account balances and the remainder from Company funds. The Company absorbs certain legal, accounting, and data processing expenses incurred by the Plan.

Forfeiture Account. The forfeited non-vested accounts totaled \$121,332 and \$59,542 for December 31, 2023 and 2022, respectively. These accounts will be used to reduce future employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting.

Payment of Benefits. Benefits are recorded when paid.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan investments are stated at the market value of the mutual funds as listed on the stock exchanges. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan is required to file a Form 5330 – Return of Excise Taxes Related to Employee Benefit Plans if corrective distributions have not been processed on or before March 15th of the following year.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd.)

Accounting Pronouncements. Plan management has elected to limit the scope of the audit in accordance with the Employee Retirement Income Security Act of 1974 (ERISA) Section 103(a)(3)(C), which allows Plan management to instruct the auditor not to perform any auditing procedures with respect to investment information prepared and certified by a qualified certifying institution.

Subsequent Events. Management has evaluated subsequent events through October 7, 2024, the date the financial statements were available to be issued.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA.

NOTE 4 - ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist of mutual funds, and a common collective trust, are held by the Trustees of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustees fees are paid through Plan assets.

NOTE 5 - ACCOUNTING CHANGES

FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit –Responsive Investment Contract, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU clarifies that indirect investments in fully benefit-responsive investment contracts (stable value common or collective trusts) should no longer be reflected as fully benefit-responsive investment contracts and, therefore, should be reported at fair value. Generally, those funds calculate net asset value per share (NAV) or its equivalent in a manner consistent with the measurement principles of Topic 946 (*Financial Services – Investment Companies*). As such, those funds may qualify for the NAV practical expedient, which would then permit the funds to be omitted from the fair value hierarchy under ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks.

MOORE'S ELECTRICAL & MECHANICAL**CONSTRUCTION, INC. 401(K) PLAN****NOTES TO FINANCIAL STATEMENTS****FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022**

NOTE 5 - ACCOUNTING CHANGES (cont'd.)

Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with a month-end, however, this does not apply to this Plan.

NOTE 6 - INVESTMENTS

The following is a summary of the Plan's 2023 and 2022 financial information that is included in the financial statements based on information certified by Empower Trust Company, LLC (Empower) and Alerus Financial, N.A. (Alerus), respectively, which are both qualified institutions, as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This information has not been audited by the Plan's independent auditors.

Effective February 15, 2023, the Plan switched custodial/trustee services from Alerus Financial, N.A. to Empower Trust Company, LLC. Both are qualified institutions and have certified the respective investments held by the Plan.

NOTE 8 - FAIR VALUE MEASUREMENTS (cont'd.)

In accordance with FASB ASC 820, the Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Plan Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels:

Level 1 – inputs are quoted prices in active markets as of the measurement date for identical assets and liabilities that the Company has the ability to access. This category includes exchange-traded mutual funds and equity securities.

Level 2 – are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted market prices for similar assets and liabilities in active markets and inputs other than quoted prices that are observable for the asset or liability, such as interest rates or yield curves that are observable at commonly quoted intervals. This category includes mortgage-backed securities, asset-backed securities, corporate debt securities, certificates of deposit, commercial paper, U.S. agency and municipal debt securities, U.S. Treasury securities and derivative contracts.

Level 3 – inputs are unobservable inputs for the asset or liability and include situations where there is little, if any, market activity for the asset or liability. The measurements are highly subjective.

Gains and losses (realized and unrealized) included in changes in net assets available for plan benefits for the years ended December 31, 2023 and 2022 are reported in net appreciation in fair value of investments.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENT TO FORM 5500

Net increase per the financial statements	\$ -0-	\$ (5,498,398)

NOTE 10 - ROLLOVERS CONTRIBUTIONS

As permitted by Plan documents, amounts of \$103,501 and \$25,240 were rolled into the Plan during the years ended December 31, 2023 and 2022, respectively. These amounts are included in rollovers on the statements of changes in net assets available for plan benefits.

NOTE 11 - COMMON/COLLECTIVE TRUST

The investment in the Putnam Stable Value Fund is composed primarily of direct and indirect interests in fully benefit-responsive investment contracts that are valued at the NAV of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require sufficient notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Putnam Stable Value Fund, that is included in the tables in Note 8, files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan* as a direct filing entity. Accordingly, certain disclosure requirements under FASB ASU 2015-12 with respect to investment strategies for investments measured using the NAV practical expedient are not required in this report.

NOTE 12 - EXCESS CONTRIBUTIONS PAYABLE

The Plan received an ineligible participant contribution during the Plan year ended December 31, 2023 in the amount of \$1,462. Amounts payable to the participant for contribution in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants after March 15th following the close of the calendar year during which the ineligible contributions were made; therefore, an excise tax return was filed.

The Plan received ineligible participant contributions during the Plan year ended December 31, 2022 in the amount of \$3,794. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15th following the close of the calendar year during which the ineligible contributions were made.

NOTE 13 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Third Party Administrator by a letter dated January 15, 2021, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended and restated since receiving the determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 13 - TAX STATUS (cont'd.)

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 14 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 15 - PLAN AMENDMENT & RESTATEMENT

Assets of the Plan were transferred to the Moore's Electrical & Mechanical Construction, Inc. Employee Stock Ownership Plan and Trust effective January 1, 2022. The Plan was restated to remove the ESOP provisions included in the current Plan.

Effective February 15, 2023, the Plan was amended and restated, and a new trustee, recordkeeper, and third party administrator were appointed. Plan assets transferred to the new trustee were transferred into funds comparable to those offered by the previous trustee. The conversion initiated a blackout period beginning February 6, 2023, and continuing through March 1, 2023. During this period, funds could not be applied to the employee-selected funds with the trustee or withdrawn from the Plan until the trustee could accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions, and the contributions were deposited and held in the Plan's income fund until the completion of the blackout period. At the end of the blackout period, such funds were transferred to the investment options requested by each participant.

Effective August 1, 2023, the Plan was amended to remove the six month service requirement for employee contributions and employer match contributions and allow for immediate eligibility and immediate entry into the Plan. The six month service requirement remained for any discretionary profit sharing contributions made by the employer and the respective quarterly entry dates. The Plan also was amended to allow Roth deferrals and to allow In-Plan Roth conversions.

NOTE 16 - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustees as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party in interest transactions.
