Independent Auditors' Report

To the Board of Directors of:
Rooms To Go Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audit of the financial statements of Rooms To Go Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rooms To Go Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023, and for the year ended December 31, 2023, stating that the certified investment information, as described in the notes to the financial statement, is complete and accurate

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rooms To Go Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rooms To Go Retirement Plan's ability to continue as a going concern for one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants..

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Rooms To Go Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rooms To Go Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedules Required by ERISA

The supplemental schedules of H Line 4(i) - Schedule of Assets (Held at end of Year) for the year ended December 31, 2023, and Schedule H Line 4(a) - Schedule of Delinquent Participants Contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

The following description of the Rooms To Go Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

(a) General

The Plan consists of a defined contribution retirement plan program with a 401(k) feature covering the employees of Rooms To Go (PR), Inc., (the Company). The effective date of this plan is January 1, 2005. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Puerto Rico Internal Revenue Code of 1994, as amended (the Code).

(b) Contributions

Each year, participants may make salary deferral contributions to the Plan up to \$ 15,000 or any other limit as established in the PR Code Section 1081.01(d)(7)(A)(i) of their compensation. The employer will make a matching contribution equal to \$.50 cents for each one dollar of a participant salary deferral contribution. However, the employer will not make matching contributions on a participant's salary deferral contributions above 2% of the participant's compensation. Each plan year, the employer may contribute a discretionary amount in addition to any matching contribution for all eligible participants. Participants may make voluntary contributions to the Plan from 0% to 10% of their compensation.

The plan allow all employees who are eligible to make salary deferrals contributions and who have attained age 50 before the close of the plan year, to make additional employee contributions ("catch-up contributions") for the amount of \$ 1,500.00 in addition to any salary deferral contributions amount, and in accordance with, and subject to the limitations of, section 1081 of the PR Code as amended from time to time. Such catch-up contributions shall not be taken into account for purposes of the provisions of the plan implementing the required limitations on contributions of the PR Code. Catch up contributions will not be taken into account in applying any matching contribution under the Plan.

Participants have the right to direct the investment of their salary elective deferrals and also their matching and profit sharing contributions accounts in any of the investment choices provided by the Plan. Participants who do not make an election as to how the Plan should invest his/her direct accounts, then the Plan trustee will invest the participant direct account in the "default" investment that the Plan officials have selected. The default investment is American Balance Funds.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and, (b) Plan earnings or losses.

(i) Forfeitures

(2) Summary of Significant Accounting Policies

The following is a summary of the significant accounting policies followed by the Plan:

(a) Basis of Accounting

The financial statements of the Plan have been prepared based on the accrual method of accounting in adherence to the generally accepted accounting principles in the United States of America.

(b) Investments

The Plan's assets are primarily stated at fair value as determined by quoted market prices. Participant loans are stated at cost which approximates fair value. Unrealized appreciation or depreciation in the fair value of investments held at year end and realized gains or losses on sales of investments during the year are determined using the beginning of the year fair value or purchase price if acquired subsequent to that date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(c) Payment of Benefits

Benefit payments to participants are recorded upon distribution.

(d) Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(3) Tax Determination

The Plan will be entitled to exemption from local income tax under the Puerto Rico Internal Revenue Code of 1994, as amended (the Code), and according to Article 1165-1(b)(3) of the Regulations under the Code. The Plan has obtained a favourable tax determination letter from the Treasury Department of the Commonwealth of Puerto Rico and continues to qualify and to operate as designed.

(4) Plan Termination

(5) Fair Value Measurements

As of December 31, 2023 the Plan's investments fair value is as follow:

	<u>Fair value</u>	<u>Quoted Prices in Active Markets for Assets (Level)</u>
Mutual funds	<u>\$ 4,268,159</u>	<u>\$ 4,268,159</u>
Total	<u>\$ 4,268,159</u>	<u>\$ 4,268,159</u>

The Plan adopted the application of the Financial Accounting Standards Board Codification (FASB ASC) 820, related to " *Fair Value Measurements*" to determine the fair value of its financial instruments. This FASB ASC defines the fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The FASB ASC 820 establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consist of the following three levels:

Level 1

Level 1 input consists of unadjusted quoted prices in active markets for identical assets and has the highest priority.

Level 2

Level 2 inputs are inputs other than quoted prices included within Level 1 that is observable for the assets or liability, either directly or indirectly through corroboration within observable market data.

Level 3

Level 3 inputs are unobservable inputs for the assets or liability which reflects the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability.

The Plan decided to measure fair value using Level 1 inputs, which provides the most reliable evidence. Under this level, the fair value of mutual funds is based on quoted net assets values of the shares held by the Plan as of December 31, 2023.
