To the Trustees of the
Thorne Research, Inc. 401(k) Profit Sharing Plan
Summerville, South Carolina 29484

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Thorne Research, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Thorne Research, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Thorne Research, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Thorne Research, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Thorne Research, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Thorne Research, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) at December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 Description of Plan

The following description of Thorne Research, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Readers should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a 401(k)-salary deferral and profit-sharing plan covering substantially all employees of Thorne Research, Inc. (Company), and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's sponsor and serves as Plan administrator.

Eligibility – All employees, with the exception of leased employees, nonresident aliens, temporary employees, and employees covered by a collective bargaining agreement will be eligible to participate in the Plan once certain eligibility requirements are met. On January 1, 2021, the Plan was restated to allow eligible employees of the Company who attained the age of twenty-one to be eligible to enter the Plan on the first day of the calendar month following the employees hire date. Prior to January 1, 2021, all employees who had attained the age of twenty-one and completed 83 hours of service within 30 days or a minimum of 1,000 hours of service over one year, whichever occurs first, were eligible to enter the Plan.

Contributions

Participant Contributions - Participants may elect to defer up to 100% of their eligible compensation subject to Internal Revenue Service (IRS) limitations. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match and profit-sharing contributions - The Plan also allows the Company to make discretionary profit-sharing contributions. Participants are eligible for the profit-sharing contributions once they have attained the age of twenty-one and completed 83 hours of service within 30 days or a minimum of 1,000 hours of service over one year, whichever occurs first; additionally, employees must also complete one year of service and be employed on the last day of the Plan year. Beginning in 2019 the Sponsor intends the Plan to be a safe harbor plan. In a safe harbor plan, if certain requirements are met, the Plan will be deemed to automatically pass certain IRS required non-discrimination testing. One of these requirements is a minimum level of employer contributions to the Plan. Safe harbor contributions will be made to eligible participant accounts equal to 100% of participant deferrals up to 3% of eligible compensation plus 50% of deferrals over 3% but that does not exceed 5% of participant eligible compensation. The safe

NOTE 1 Description of Plan (Continued)

harbor matching contributions for the years ended December 31, 2023 and 2022 were \$1,199,458 and \$1,083,271 respectively.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's deferral contribution, participants share of safe harbor contributions, and an allocation of the discretionary profit-sharing contribution, if any, plus a proportionate interest in the investment earnings or losses of the funds in which the contributions are invested. Allocations are based upon the participant's eligible compensation or account balances, as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting – Participants are immediately vested in their deferral contributions and safe harbor contributions plus earnings thereon. Participants vest in the discretionary profit-sharing contribution and related earnings, or losses based upon years of service with 100% vesting occurring after six years of credited service. In the event of death, disability, early retirement age while still an employee (55), or if the Plan is terminated, participants become 100% vested in all account balances.

Forfeitures – If an employee terminates before his or her discretionary profit-sharing contribution account has become fully vested, such portion of the account is forfeited. Participant forfeitures of discretionary profit-sharing contribution accounts will be used first to reduce administrative expenses of the Plan, and any remaining forfeitures will be used to reduce future Company profit sharing contributions as defined by the Plan Agreement. At December 31, 2023 and 2022, there was \$0 and \$0, respectively, of available forfeitures.

Payment of benefits – Upon termination of service, death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump sum payment. However, if a participant's vested balance does not exceed \$5,000, the Plan may distribute funds without the consent of the participant. Withdrawals of a participant's vested account balance while employed are limited to those requested due to events of financial hardship as defined by the Plan Agreement or attainment of age 59½.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

Participants may borrow the lesser of \$50,000 or 50% of their vested account balance and must borrow a minimum of \$1,000. The loans are issued by the Plan and secured by the balance in the

NOTE 1 Description of Plan (Continued)

participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time. The loans bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. As of December 31, 2023, interest rates on loans to participants ranged from 4.25% to 9.50% with maturities through May 2036. Principal and interest is repaid ratably through payroll deductions.

NOTE 2 Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Expenses – General Plan administrative expenses may be paid out of the forfeiture account or paid by the Company. Investment management, distribution, and loan transaction fees are paid by the Plan participants.

Investment valuation – The investments are stated at fair value. If available, quoted market prices are used to value investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the “exit price”) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of benefits – Benefits are recorded when paid.

Subsequent events – Subsequent events are events or transactions that occur after the Statements of Net Assets Available for Benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the Statements of Net Assets Available for Benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the Statements of Net Assets Available for Benefits but arose after the Statements of Net Assets Available for Benefits date and before the financial statements are available to be issued.

NOTE 2 Summary of Significant Accounting Policies (Continued)

The Plan has evaluated subsequent events through September 30, 2024, which is the date the financial statements were available to be issued.

NOTE 3 Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

NOTE 3 Fair Value Measurements (Continued)

Common / collective trusts – Units held in common/collective trusts (CT) are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding.

Investments held by the Plan contain no redemption restrictions or unfunded commitments. In addition, there are no significant restrictions on the ability to sell investments.

The following tables disclose, by level, the fair value hierarchy of the Plan's assets at fair value as of:

	Fair Value Measurements at December 31, 2023			
	Level 1	Level 2	Level 3	Total

NOTE 4 Investment Contract with Insurance Company

The Principal Stable Value Fund (the "Fund") is designed to provide preservation of capital and returns that are consistent regardless of financial market volatility. The fund seeks to earn a high level of income consistent with those objectives. The Fund holds guaranteed investment contracts which typically have a fixed maturity. The Fund is not fully benefit-responsive and should be recorded in the Plan's financial statements at fair value or NAV. However, the assets of the Fund are stated at contract value. Management determined that the difference and contract and fair value was immaterial.

NOTE 5 Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the current trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022.
- Net depreciation in fair value of investments, dividend income, capital gain income, and interest income from notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.
- Investments reflected on the Schedule of Assets (Held at End of Year)

NOTE 6 Party in Interest Transactions

Plan investments include units of pooled separate accounts managed by Principal Life Insurance Company. Principal Trust Company is the trustee of the Plan and an affiliate of Principal Life Insurance Company and, therefore, transactions with these entities qualify as exempt party in interest transactions.

NOTE 7 Tax Status

The Plan document is a non-standardized pre-approved plan that received a favorable opinion letter from the IRS on January 1, 2021, that stated the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code. The terms of the Plan have been prepared to conform to sample language provided by the IRS. In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 Plan Termination

Although it has not expressed any intent to do so, the Company has the right to modify or terminate the Plan at any time subject to the provisions of ERISA and the Plan Agreement. In the event of termination, the Plan provides that all affected participants' interests will become fully vested.

NOTE 9 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.
