Report of Independent Auditors

The Plan Administrator
Onto Innovation, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Onto Innovation, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a

material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 (referred to as the “supplemental schedule”) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Onto Innovation, Inc. 401(k) Savings Plan

Notes to Financial Statements

December 31, 2023

1. Description of the Plan

The following brief description of the Onto Innovation, Inc. 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for complete information regarding the Plan's definitions, benefits, eligibility, and other matters.

General

The Plan is a defined contribution plan available to all eligible employees of Onto Innovation, Inc. (the Company). A full-time employee is eligible to participate in the Plan immediately upon hire, and part-time employees become eligible upon completion of required service hours.

The Onto Innovation, Inc. 401(k) Savings Plan Committee (the Committee) is responsible for the general administration of the Plan. Fidelity Management Trust Company (Fidelity) is the trustee and recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Investments

The Committee periodically reviews and may make changes to investment options for participants. Participants may invest in various stock and bond mutual funds, a money market fund and a common collective trust.

Contributions

Participants may contribute up to the lesser of 90% of eligible compensation with a maximum of \$22,500 in 2023 or \$20,500 in 2022. Participants who have attained age 50 during the year are eligible to make catch-up contributions up to \$7,500 in 2023 and \$6,500 in 2022.

The Company provided a 50% discretionary match of all employee contributions up to 6% of the employee's salary during 2023 and 2022, as defined in the Plan Document. In addition, the Company may make additional discretionary contributions to the Plan each year. The Company made no additional discretionary contributions during 2023 or 2022. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Onto Innovation, Inc. 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. If a participant is automatically enrolled, the participant's contributions are invested in Fidelity's Freedom Funds until the participant changes his or her election. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Participant Loans

The Plan allows participants to borrow from the Plan against their individual account balances in accordance with the Plan's provisions. The minimum amount participants may borrow is \$1,000, and the maximum amount is one-half of the value of the participant's vested account balance up to \$50,000. The participant pays a loan initiation fee and a required minimum distribution fee, if applicable.

The rate of interest is one percentage point more than the prime rate as reported by Thomson Reuters as of the first business day of the month in which the loan is made and is fixed over the term of the loan. Principal and interest are to be repaid via payroll deductions in substantially equal payments, no less than quarterly. The term of the loan cannot exceed five years, except in the case where the loan is used to acquire a principal residence, in which case the term of the loan can extend to ten years. A participant may not have more than one loan outstanding at any point in time. Interest rates for 2023 and 2022 ranged from 4.00%–10.5% with ending maturity dates through 2024 and 2033, respectively.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. Employer discretionary matching and other discretionary contributions vest as follows:

Vesting Service	Percentage Vested
Less than one year	—%
One year but less than two years	33
Two years but less than three years	66
Three years or more	100

Onto Innovation, Inc. 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Forfeitures

Participants terminating employment for any reason other than retirement, death, or disability will forfeit their non-vested interest in Company discretionary matching and other discretionary contributions. Such forfeited amounts may be used to reduce future matching contributions. Unallocated forfeitures balances of \$91,922 and \$57,690 were utilized to reduce employer matching contributions for the years ended December 31, 2023 and 2022, respectively. The remaining balance in the forfeiture account was \$56,977 and \$401,910 at December 31, 2023 and 2022, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided for by the participant's vested account.

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant whose vested account balance exceeds \$1,000 may elect to receive either a lump-sum distribution or a direct rollover distribution into another IRA or eligible retirement plan. A participant whose vested account balance is \$1,000 or less will automatically receive an immediate lump-sum distribution equal to the participant's vested account balance. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Onto Innovation, Inc. 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Administrative Expenses

The Plan's administrative expenses may be passed through to the participants of the Plan, as provided by the Plan's provisions. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate, including consulting service fees paid through Fidelity to Ameriprise Financial Services, Inc., and are included in net appreciation or depreciation of fair value of investments in the statements of changes in net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Onto Innovation, Inc. 401(k) Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in money market instruments and stock and bond mutual funds are stated at fair value, as determined by quoted market prices.

The Fidelity Advisor Stable Value Portfolio is a common collective trust that invests in fully benefit-responsive investment contracts. This investment is recorded at fair value, as quoted by the issuer.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

3. Information Certified by the Trustee

Certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable at December 31, 2023 and 2022, and net appreciation/depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity.

Onto Innovation, Inc. 401(k) Savings Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based the lowest level of input that is significant to the fair value measurement in its entirety.

Onto Innovation, Inc. 401(k) Savings Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Stock and bond mutual funds, and money market funds: Valued at quoted market prices.

Common collective trust: Valued using the NAV, which is determined daily, published, and is the basis for current transactions with the fund's investment manager or issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value at December 31, 2023:

	Level 1	Total
Investments in:		
Stock mutual funds	\$ 204,138,297	\$ 204,138,297
Bond mutual funds	11,958,613	11,958,613

Total investments at fair value	<u>\$ 229,673,245</u>	<u>\$ 229,673,245</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value at December 31, 2022:

Notes to Financial Statements (continued)

5. Tax Status

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Services (IRS), dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the Internal Code and, therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS pre-approved plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022 to the Form 5500:

Notes to Financial Statements (continued)

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Party-In-Interest Transactions

The Plan holds units of mutual funds, money market accounts, and common collective trust funds managed by Fidelity, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

9. Subsequent Events

The Plan evaluated these financial statements for subsequent events through October 11, 2024, the date the financial statements were available to be issued.

Supplemental Schedule
