INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Lucky Employee 401(k) Retirement Plan
Colma, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Lucky Employee 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Lucky Employee 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lucky Employee 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lucky Employee 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lucky Employee 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lucky Employee 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in

accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LUCKY EMPLOYEE 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1-DESCRIPTION OF THE PLAN

The following description of the Lucky Employee 401(K) Retirement Plan provides only general information. Participants should refer to the plan agreement and amendments for a more complete description of the plan provisions.

General – The Plan is a defined contribution plan and voluntary contribution plan adopted by Lucky Chances, Inc. and Lucky Money, Inc. The Plan was established on April 1, 2002 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent laws.

Plan Administration – The Plan is administered by Lucky Chances, Inc (the Company). The Company has contracted with Fidelity Management Trust Company (Fidelity) to act as the Trustee and Custodian of the Plan, and an affiliate of Fidelity as third-party administrator to process and maintain the records of participant data.

Eligibility – An employee who has completed one month in his/her of service and attained the age of 21 is eligible to participate in the Plan. Any employee who has completed 1000 hours in his/her first twelve months of service and attained age of 21 is eligible to receive employer matching contribution. However, the following employees or classes of employees are not eligible to participate : (i) residents of Puerto Rico; (ii) employees who are covered by a collective bargaining agreement unless the agreement requires the employee to be included under the Plan.

Contributions – Participants may elect to have the Company contribute pre-tax, Roth on their eligible compensation up to the limits imposed by federal tax law. Each year, participants may contribute from 1% to 100% of their pretax eligible compensation, but in no event can the aggregate contribution exceed the maximum annual dollar limit permitted by law. Eligible compensation does not include reimbursement or other expenses allowances, fringe benefits (cash or noncash) , moving expenses, deferred compensation, welfare benefits, unused leave, differential wages, bonus and tips. Participants may also contribute amounts representing distributions from other retirement plans, provided all legal and Administrator's requirements are met. The Company may make a discretionary matching employer contribution. For the year ended December 31, 2023, The Company matched 1% for participants who contributed 5% or higher in elective deferrals to the Plan, and 0.75% for those who contributed less than 5%. Additional amounts may be contributed at the discretion of the Companies' respective Boards of Directors. No additional amounts were contributed for years 2023 and 2022. The maximum employee contribution limit is \$22,500 and \$20,500 for 2023 and 2022, respectively. In addition, all eligible employees who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, Code Section 414(v).

Participant Accounts – Each participant's account is credited with the participant's contributions and earnings thereon and allocations of the Companies' contributions and related earnings and charged for services the administrator specifically performs for participants. Allocations of investment earnings are based strictly on the participant's selection of investments and timing of purchase. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments Options – Upon enrollment in the Plan, participants may direct the investment of their account balance in any combination of various investment options offered by the trustee. Participants may change their investment options at any time.

NOTES TO FINANCIAL STATEMENTS

1 -DESCRIPTION OF THE PLAN (continued)

Rollover Contributions - Employees may roll over eligible amounts from other tax qualified employer-sponsored retirement plans to the Plan. Such contributions are deposited in the appropriate investment's funds in accordance with the participant's direction and the Plan's provisions.

Notes Receivable from Participants and Deemed Distributions – Notes receivable from participants are measured at their unpaid principal balance plus any unpaid interest. Delinquent notes receivable is reclassified as distribution based upon the terms of the plan documents.

Participants may borrow against their vested account balance, subject to plan administrator approval. Loans are limited from a minimum of \$1,000 to a maximum of 50% of a participant's vested account balance, but not in excess of \$50,000. The maximum loan term is five years, unless the loan qualifies as a home loan, in which case the plan administrator may permit a longer repayment term. No more than one (1) loan may be outstanding at any time except in hardship cases approved by Plan Administrator. The maximum loan term for any loan qualifying as a home loan will be 10 years. Loans bear interest at rates determined by the plan administrator and based on the prevailing interest rates. Principal and interest are paid ratably through payroll deductions. The loans may be prepaid in full at any time. In case of default, i.e., if any of the scheduled repayments remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which a loan is initially considered past due, the loan balance will be deducted from the participant's account and will be considered deemed distribution for which the participant will be liable for federal and state income taxes. Outstanding notes receivable at December 31, 2023 carry interest rates ranging from 4.25% to 9.50%.

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant will be paid the vested interest in his account in lump sum as soon as administratively feasible. If the vested interest exceeds \$5,000, participants can defer distribution to a later date, but not beyond his normal retirement age. In addition, a terminated participant may also elect to transfer into an individual retirement accounts all amount which qualify as a rollover under the provisions of the Internal Revenue Code of 1986, as amended.

Vesting – Participants are fully vested in all deferral contributions and earnings thereon. If a participant's employment with the Company ends for a reason other than retirement, disability, or death, the participant's vesting in the employers' matching contributions is based on years of continuous service.

A vesting schedule is as follows:

Years of Service for Vesting	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures – Forfeitures are the non-vested portion of participants' accounts that are lost upon termination of employment. Forfeitures are first used to pay administrative expenses and any remaining balance is used to reduce employer contributions. As of December 31, 2023, and 2022, the forfeitures' balance was \$16,666 and \$17,277, respectively. The plan used \$966 forfeitures to offset administrative expenses during the years ended December 31, 2023, no forfeiture was used during 2022.

LUCKY EMPLOYEE 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1 -DESCRIPTION OF THE PLAN (continued)

Termination of Plan – Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported amounts of additions to and deductions from net assets. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan provides for various investment options in any combination of equity, fixed income, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition – Fidelity Management Trust Company serves as the Plan’s trustee and holds all investments of the Plan, except for the brokerage link account, which is held by Fidelity Brokerage Services. The brokerage account consists primarily of common stock, mutual funds, and short-term investments options.

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The participants loans are valued at their outstanding balances, which approximates fair value.

Purchases and sale of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation /(depreciation) includes the Plan’s gains and losses on investments bought or sold as well as held during the year.

Common collective trust : Units held in common/collective trust (CCT) are valued using the NAV practical expedient of the CCT. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The CCT may be redeemed at NAV daily without restrictions.

LUCKY EMPLOYEE 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

2 - SIGNIFICANT ACCOUNTING POLICIES (continued)

Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses. The short-term investments are stated at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Other income – Other income represents the credit from revenue credit program attributable to investments in Fidelity Mutual Funds. The Plan adopted Rule 12b-1 under Investment Company Act of 1940 with Fidelity for revenue credit program. The Plan has received \$46,367 as revenue credit which has utilized to offset Plan expenses and allocated to participants who invest in mutual funds for which revenue credit has received after offsetting Plan administrative expenses. Per Plan provision revenue credit can be offset to either pay Plan expenses or to allocate to the participants.

Operating Expenses – All expenses of maintaining the plan are paid by the Company and are excluded from these financial statements.

Administrative Expenses – The sponsor of the plan pays for substantially all plan administrative expenses. Administrative expenses paid for by the plan amounted to \$37,360 for the year 2023. The Plan receives revenue credit from Fidelity mutual funds which Plan can either used for eligible Plan expenses or allocated to the participant accounts. This year, the plan utilized \$37,360 in revenue credits, to offset in the plan's administrative expenses.

Payment of Benefits – Distributions to participants are recorded when paid.

3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

LUCKY EMPLOYEE 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

3 – FAIR VALUE MEASUREMENTS (continued)

Level 3 Input to the valuation methodology is unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money Market and Mutual Funds – Valued at the daily closing price as reported by the fund. Money market and mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and exchange commission. These funds are required to publish their daily NAV and to transact at that price and are considered to be actively traded.

Brokerage link account: This asset category represents a separate brokerage account that offers a wide range of investments opportunities including mutual funds, common stocks listed on major U.S. exchanges and fixed-income securities , options including certificates of deposit. The investments held within these accounts are Level 1 investments, including common stock valued at closing price per the principal stock exchange on which they are traded, mutual funds valued at net asset values of shares held at year end, and unit investments trusts valued at redemption value.

Common Collective Trust – Units held in common/collective trust (CCT) are valued using the NAV practical expedient of the CCT. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The CCT may be redeemed at NAV daily without restrictions.

The following tables set forth by level within the fair value hierarchy, the Plan’s investments measured at fair value on a recurring basis were as follows as of December 31, 2023, and 2022:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Interest -bearing cash	\$160,321	\$-	\$-	\$160,321
Mutual funds	21,050,642	-	-	21,050,642
Brokerage link account	526,263	-	-	526,263
Common/collective trust at NAV				1,307,903
Total Assets at fair value	\$21,737,226		-	\$23,045,129

NOTES TO FINANCIAL STATEMENTS

3 – FAIR VALUE MEASUREMENTS (continued)

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Interest -bearing cash	\$15,420	\$-	\$-	\$15,420
Mutual Funds	17,132,665	-	-	17,132,665
Brokerage Link account	698,505	-	-	698,505
Common/collective trust at NAV			-	1,321,513
Total Assets at fair value	\$17,846,590		-	\$19,168,103

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the Statements of Net Assets Available for Benefits.

4 – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS

The Separate Fund shall be known as the Fidelity Advisor Stable Value Portfolio (the "Portfolio"). The Portfolio is valued daily and will seek to maintain a stable net asset value. Neither the Portfolio nor the Trustee can guarantee that the unit value shall always remain stable. Any benefit responsive investment contracts in the Portfolio will be valued at their contract value, in accordance with generally accepted accounting principles.

These investment contracts provide for benefit responsive withdrawals and investment exchanges at contract value; however, withdrawals or investment exchanges prompted by an employer-initiated event, such as withdrawals resulting from the sale of a division of the sponsor of a Participating Plan (the "Plan Sponsor"), a corporate layoff or early retirement program, change(s) in the investment options of a Participating Plan, or termination or partial termination of a Participating Plan, may be paid at the contract's market value, which may be less than contract value, or may be subject to a contract charge

On Withdrawals and Exchanges

Withdrawals made in order to accommodate distribution to participants under a Participating Plan, whether in-service or following termination of employment may be made on any business day. Withdrawals made in order to accommodate a participant directed exchange to another investment option under a Participating Plan may be made on any business day, provided that the exchange is not directed into a competing fund (money market funds, self-directed brokerage or certain other types of fixed income funds). Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur.

NOTES TO FINANCIAL STATEMENTS

5 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule , including investments held and notes receivable from participants at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Fidelity, the Trustee and Custodian of the Plan.

6 – TAX STATUS

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service(IRS) dated June 30, 2020, stating that the written form of the underlying pre- approved document is qualified under Section 401 of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and therefore, the related trust is tax- exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

US GAAP requires plan management to evaluate tax position taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions.

7 – RECONCILIATION of FINANCIAL STATEMENTS TO FORM 5500

NOTES TO FINANCIAL STATEMENTS

7 – RECONCILIATION of FINANCIAL STATEMENTS TO FORM 5500 (continued)

The following is a reconciliation of net change in net assets available for benefits per the financial statements to total income per Form 5500:

Additions to net assets per the financial statements	\$5,780,140
Changes in receivable - participants' contribution	(4,696)
Changes in receivable - employers' contribution	165
Interest on deemed distribution loan	(212)
Additions to net assets per Form 5500	<u>\$5,775,397</u>

Contribution receivables are recorded on financial statements as they are presented on an accrual basis and Common/collective trust are presented on financial statements at NAV.

8– PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are managed by the Fidelity Management Trust Company, the trustee and custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provision of the Plan and are especially exempt from the prohibition of party - in – interest transactions under ERISA. Additionally, notes receivable from participants is considered party-in-interest transactions.

8– OFFSET /PREVIOUSLY DEFAULTED LOANS

The Plan identified an error related to the late recording of a loan offset for prior years' deemed distributions, specifically a deemed loan distribution of \$6,360 that was not recorded in a timely manner. While this oversight did not have a financial impact on the current financial statements, it affected the tax reporting of the previously offset loan on Form 5500. The error was discovered during the participant termination, and management has since corrected the loan balance and is reviewing internal controls to prevent similar issues in the future.

9 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through September 19,2024, the date the financial statements were available to be issued, and there were no subsequent events requiring adjustments.
