We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pharmacy Data Management, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pharmacy Data Management, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pharmacy Data Management, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets Held for Investment Purposes at End of Year for the year ended December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

PHARMACY DATA MANAGEMENT, INC. 401(k) PROFIT SHARING PLAN

December 31, 2023 and 2022

NOTE A - DESCRIPTION OF PLAN

The following description of Pharmacy Data Management, Inc. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined-contribution plan that covers substantially all employees of Pharmacy Data Management, Inc. and Internet Data Management, Inc. (Companies) who are 21 years of age or older and have completed 90 days of service for eligibility purposes. Newly eligible employees are automatically enrolled in the Plan at a 6% deferral rate unless they elect an alternative amount or elect not to defer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Under the Plan's provisions, each participant may contribute an amount of their annual pre-tax or post-tax (Roth) compensation up to the elective deferral dollar limit and the Section 415 limitation of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans. During 2023, the Companies elected to make safe harbor matching contributions equal to 100% of the participant's contributions up to 4% of the participant's plan compensation. Employer contributions totaling \$464,363 were made to the Plan during the year ended December 31, 2023.

Upon enrollment in the Plan, a participant may direct employee and Company contributions to any of the available investment options. Participants may change their investment options at their discretion. All the balances of the Plan represent participant directed investments.

Participant Accounts:

Each participant's account is credited with the participant's contribution and the appropriate employer contribution, as well as allocations of the Companies discretionary contributions and plan earnings (losses), as defined. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting:

A participant is 100% vested after six years of credited service. Participants are immediately vested in their deferrals, safe harbor contributions and amounts rolled over from other qualified defined benefit or contribution plans plus actual earnings thereon. Vesting in the Companies' matching contributions prior to January 1, 2023 is based on years of credited service.

Benefit Payments:

On termination of service, a participant may elect to receive either a lump-sum distribution or a direct rollover distribution equal to the value of the participant's vested interest in his or her account.

Non-terminated employees may make withdrawals from their elective deferral account balance upon reaching normal retirement age or as a hardship withdrawal prior to reaching normal retirement age. Hardship withdrawals are subject to additional rules and conditions as outlined in the Plan agreement.

Forfeitures:

The Companies' contributions that are forfeited may be allocated to participants, used to pay administrative expenses, restore amounts previously forfeited by former participants who have resumed participation in the Plan or reduce Company contributions. During the year ended December 31, 2023, forfeitures totaling \$1,636 were used to reduce Company contributions. Forfeitures available at December 31, 2023 and 2022 totaled \$-0-.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles general accepted in the United States of America.

Benefit Payments:

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition:

The Plan's investments are stated at a fair value, except the fully benefit-responsive investment contract which is reported at contract value, at December 31, 2023 and 2022. Pooled Separate Accounts (PSA) with underlying investments containing shares of mutual funds are valued at the net asset value of the shares and units held by the Plan at year end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See NOTE C for a discussion of fair value measurements. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions of the Plan. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Administrative Expenses:

Various administrative expenses are paid by the Companies.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events:

The plan sponsor evaluated all activity of the Plan through September 30, 2024, the date the financial statements were available to be issued and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes.

NOTE C - INVESTMENTS AND FAIR VALUE MEASUREMENTS

FASB ASC 820 requires the Plan to classify its assets and liabilities based on valuation methods using three levels. Level 1 inputs are based on quoted prices in active markets for identical investments. Level 2 inputs are based on significant observable market inputs, such as quoted prices for similar investments and quoted prices in inactive markets. Level 3 inputs are based on significant unobservable inputs that reflect the Plan's determination of assumptions that market participants might reasonably use in valuing the investments. The valuation levels are not necessarily an indication of risk or liquidity associated with the underlying investments.

The following tables are in accordance with Subtopic 820-10, all investments are classified as Level 2 and included in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

		Assets at Fair Value	
		Level 2	Total
<u>December 31, 2023</u>			
Mutual funds		\$ 12,670,980	\$ 12,670,980
	TOTAL INVESTMENTS	\$ 12,670,980	\$ 12,670,980

		Assets at Fair Value	
		Level 2	Total
<u>December 31, 2022</u>			
Mutual funds		\$ 9,802,149	\$ 9,802,149
	TOTAL INVESTMENTS	\$ 9,802,149	\$ 9,802,149

NOTE D - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has entered into a fully benefit-responsive contract with Empower Annuity Insurance Company of America, the trustee of the Plan. The trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The declared interest rates for each of the years ended December 31, 2023 and 2022, were 1.35% and 1.65%, respectively.

PHARMACY DATA MANAGEMENT, INC.
401(k) PROFIT SHARING PLAN

December 31, 2023 and 2022

NOTE D - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula established by the issuer. Such interest rates are reviewed on a quarterly basis for resetting. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact with the issuer at contract value. Such events include, but may not be limited to, a participant termination of employment due to (1) amendments to the Plan documents (including complete or partial termination or merger with a another plan); (2) bankruptcy of the Sponsor or other Sponsor event (e.g., divestures or spin-offs of a subsidiary) that causes a significant withdrawal from the Plan; (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.; or (4) cessation of an employment relations resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring.

In addition, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured breach of the Plan's investment guidelines, (2) a material amendment to the contract without the issuer's consent, (3) a violation of a material obligation under the contract or (4) a material misrepresentation. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring.

PHARMACY DATA MANAGEMENT, INC. 401(k) PROFIT SHARING PLAN

December 31, 2023 and 2022

NOTE E - TAX STATUS

The Plan has adopted a volume submitter plan document and trust. The volume submitter plan obtained a determination letter date June 30, 2020, in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets are invested in funds managed by Empower Annuity Insurance Company of America. Empower Annuity Insurance Company of America is the third-party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Recordkeeping, custodial and other expenses paid by the Plan were incurred with parties-in-interest as defined in Section 3(14) of ERISA.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - PLAN TERMINATION

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.
