Independent Auditor's Report

To the Board of Directors and Finance Committee
Fraser 403B Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Fraser 403B Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Fraser 403B Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fraser 403B Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fraser 403B Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Fraser 403B Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fraser 403B Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

2023 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at Year End) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Fraser 403B Retirement Plan

Notes to the Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following brief description of the Fraser 403B Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, and eligibility requirements and other matters.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established during January 2005. Fraser (the "Organization" or the "Employer"), a non-profit organization with headquarters in Richfield, Minnesota, which runs a school and programs for children and adults with autism and developmental disabilities, is the Plan Sponsor. Certain Plan administrative expenses and audit fees for the Plan are paid by the Organization.

Eligibility

Employees of the Organization are eligible to make elective deferrals upon employment. In order to receive the discretionary employer contribution or discretionary match contribution, employees must not be part of a union, must not be a non-resident alien, and must not be a highly compensated employee who received greater than \$150,000 in the preceding year, as established by the IRS. In addition, the employees must attain the age of 18, have been employed for at least one year in which the employee has completed at least 1,000 hours of service, and be employed on the last day of the year to receive the discretionary employer contribution.

Contributions

Participants may contribute up to 100% of their eligible compensation, as defined by the Plan, subject to Internal Revenue Code (IRC) limitations. Eligible employees may designate their salary deferrals as Roth deferrals.

The Organization, at its discretion, may make a discretionary contribution or discretionary match contribution to the Plan. For 2023, the Organization made discretionary match contributions of up to 3.00% of employees salary deferral. For 2022, the Organization did not contribute to the plan.

Participants age 50 or older are allowed to make catch-up contributions as set forth in the IRC.

Participants may roll over amounts representing distributions from other qualified plans into the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, and the Organization's contributions and Plan earnings, as set forth in the Plan. Allocations are based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The participant may direct employee and employer contributions and account balances to a variety of investments. All investments are participant directed and the participant may change their investment allocation at any time.

Vesting

Participants are immediately vested in their salary deferral contributions and earnings thereon. Participants are vested in employer contributions and earnings based on years of service as scheduled in the Plan document and become fully vested after completing one year of service in which the employee completed at least 1,000 hours of service.

1. Description of Plan (Continued)

Forfeited Accounts

Forfeitures of discretionary contributions are used to pay Plan expenses or reduce discretionary Employer contributions. Forfeited amounts that were used to reduce Employer contributions to the Plan during 2023 and 2022 totaled approximately \$10,000 and \$29,000, respectively. There are no unallocated forfeitures at December 31, 2023. There were approximately \$5,300 of unallocated forfeitures at December 31, 2022.

Payment of Benefits

On termination of employment for any reason, a participant or beneficiary may elect to roll their vested account balances into another retirement plan or receive a lump-sum distribution. If the vested balance is \$1,000 or less, the participant will receive a lump-sum distribution. If the participant's vested benefit is between \$1,000 and \$5,000, the participant is subject to a mandatory distribution through a lump-sum payment or direct rollover to an IRA. If the participant's vested benefit is greater than \$5,000, the participant must consent to any distribution from their account.

In-service distributions are allowed under the Plan upon attainment of age 59 1/2.

Hardship distributions are allowed under the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates; the effects of any changes could be material.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fixed income guaranteed option, which is reported at contract value. See Note 4 for disclosure of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Gains and losses on disposition of investments and unrealized gains and losses on investments held during the year are referred to collectively as net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies (Continued)

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 Inputs are inputs other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered investment companies - mutual funds are valued at the net asset value (quoted prices) of shares held by the Plan at year end.

Administrative Expenses

Plan administration expenses may be paid by the Organization or the Plan. If the Organization does not pay the Plan related expenses, the expenses are allocated to participant accounts directly for activity fees, such as distribution fees, or proportionally based on the values of accounts or as an equal dollar amount based on the number of participants for general administrative fees.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through October 9, 2024, the date which the financial statements were available to be issued.

3. Certified Investments

At December 31, 2023, the Plan's investments were held by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "Custodian"). The Plan's investments were transferred to Principal from Mid Atlantic Trust Company (the "Prior Custodian") on July 1, 2023, as the Plan had elected to change providers. At December 31, 2022 the Plan's investments were held by Mid Atlantic Trust Company. The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian and Prior Custodian have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2023.

At the direction of the Plan Administrator, the Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Guaranteed Interest Contracts

The Plan provides a fixed income guaranteed option issued by Principal Trust Company that simulates the performance of a guaranteed investment contract. The Custodian maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest that is guaranteed to the Plan.

The contract meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

6. Plan Termination

Although the Organization has not expressed any intent to do so, it has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

7. Tax Status

The Plan has adopted the Principal Life Insurance Company Volume Submitter Plan. The Principal Life Insurance Company Volume Submitter Plan has obtained an Internal Revenue Service opinion letter dated March 31, 2017, in which the Internal Revenue Service stated the plan document is acceptable under section 403(b) of the Internal Revenue Code for use by eligible employers. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b).

8. Risks and Uncertainties

The Plan invests in various investment securities. The Plan's investments are exposed to various risk factors, such as interest rates, market conditions and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risk factors in the near term could materially affect the amounts reported in the financial statements.

9. Party-In-Interest Transactions

Certain investments of the Plan are managed by the record keeper; therefore these are party-in-interest transactions. Certain fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.
