Independent Auditor's Report

Plan Administrator
Jupiter Island Holdings, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Jupiter Island Holdings, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at year end) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the Jupiter Island Holdings, Inc. (the Club) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that provides for contributions made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the Code). The Plan covers all employees of the Club, except for those covered by a collective bargaining agreement and nonresident aliens, who are at least 21 years of age and have completed not less than 1,000 hours of service during their first 12 months of employment or any subsequent year. The 401(k) Plan Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. Voya Retirement Insurance and Annuity Company (VRIAC) serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Eligible participants may make salary deferral contributions in any percentage from 1% of eligible compensation, as defined in the Plan. Participants are also permitted to contribute Roth after-tax deferrals to the Plan. Participants who have reached age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers). The Club contributes a discretionary match and may limit the deferral contributions matched to a specified percentage of compensation or limit the amount of the match to a specified dollar amount. The Club provided a 100% match of participant deferrals up to 4.5% of eligible compensation for the year ended December 31, 2023. Participants are eligible for the discretionary matching contribution only upon making pretax contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options at any time via the internet or the telephone.

Participant accounts: Each participant's account is credited with the participant's contributions and the Club's discretionary matching contribution, as well as allocations of any profit-sharing contribution and the Plan earnings (losses). Participant accounts are charged with allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Because the Plan is a safe harbor plan, the Club's discretionary matching contributions plus actual earnings, which are made under this election, are vested immediately.

Payment of benefits: Upon termination of service due to death, disability, retirement or for any other reason, the participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account under several options. A participant may defer paying tax by electing a rollover distribution. A participant may also elect to receive a single lump-sum payment, subject to the 20% withholding for income taxes, or receive installment payments. In the event that the participant's vested account balance is less than $1,000, the Plan Administrator may make a single lump-sum payment without the election or request of the participant.

Note 1. Plan Description (Continued)

Forfeitures: Forfeitures are used to reduce future employer contributions or pay Plan expenses. Forfeited nonvested accounts totaled $0 at December 31, 2023 and 2022. During 2023, a de minimis amount of forfeitures was used to reduce employer matching contributions, and no forfeitures were used to pay administrative expenses.

Notes from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance for limited purposes as described in the loan policy. Participants may have a maximum of two loans outstanding at any time. Loan terms range up to five years or longer for the purchase of a participant's primary residence. The loans are collateralized by the vested balance in the participant's account and bear interest at a fixed rate commensurate with local prevailing rates at the date of the loan, as determined quarterly by the Plan Administrator. These rates range from 4.25% to 9.5% on loans outstanding as of December 31, 2023, which mature through November 2028. Principal and interest are paid ratably and biweekly through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Contributions: Contributions from Plan participant and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term, and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Note 2. Summary of Significant Accounting Policies (Continued)

Excess contributions payable: Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Club and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events (events occurring after December 31, 2023) through October 11, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by VRIAC (Custodian)

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from VRIAC, the custodian of the Plan, that information provided to the Plan Administrator by the custodian related to the following assets and activity is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2023	2022
Investments at fair value:		
Pooled separate accounts	$ 8,963,122	$ 7,780,325
Fixed income account	785,325	694,344
	$ 9,748,447	$ 8,474,669

VRIAC also certified the completeness and accuracy of $1,451,074 of net appreciation in fair value of investments and $10,579 of interest and dividends related to the aforementioned assets for the year ended December 31, 2023.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets

Note 4. Fair Value Measurements (Continued)

- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022:

Pooled separate accounts: Valued at the net asset value (NAV) of shares in each account held by the Plan at year-end. The NAV is not a publicly-quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient to estimating fair value.

Fixed income account: Valued at estimated fair value as determined by VRIAC, which includes contract value and the adjusted values which would have applied had a market value adjustment or contract surrender charge been deducted as of the last day of the reporting period.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Fixed income account	$ -	$ 785,325	$ -	$ 785,325
Investments measured at NAV (a)				8,963,122
				$ 9,748,447

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Fixed income account	$ -	$ 694,344	$ -	$ 694,344
Investments measured at NAV (a)				7,780,325
				$ 8,474,669

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2023 and 2022.

	Fair Value December 31		Unfunded	Redemption	Redemption
	2023	2022	Commitment	Frequency	Notice Period
Pooled separate accounts:					
Asset allocation funds (a)	$ 4,107,741	$ 3,163,762	None	Daily	Daily
Large cap funds (b)	1,669,977	1,498,056	None	Daily	Daily
International funds (c)	513,332	443,506	None	Daily	Daily
Bond funds (d)	746,654	675,804	None	Daily	Daily
Mid cap funds (e)	1,257,132	1,346,654	None	Daily	Daily
Small cap funds (f)	386,373	329,323	None	Daily	Daily
Real estate funds (g)	24,090	20,602	None	Daily	Daily
Specialty funds (h)	214,321	269,908	None	Daily	Daily
Balanced (i)	43,502	32,710	None	Daily	Daily
	$ 8,963,122	$ 7,780,325			

(a) This category invests in a broadly diversified portfolio that incrementally adjusts its underlying asset mix over time, decreasing exposure to stocks and increasing exposure to bonds as each fund's target retirement date approaches.

(b) The investment objective of the funds in this category have portfolios that are fairly representative of the overall stock market in size, growth, rates and price, and tend to invest across the spectrum of U.S. industries. Selected funds within this category focus on companies in rapidly expanding industries and often feature investments in energy, financial or manufacturing sectors.

(c) The investment objective of the funds in this category invest primarily in stocks outside of the United States, and will typically have less than 30% of assets invested in U.S. stocks.

(d) The investment objective of the funds in this category is to invest mainly in U.S. government bonds, foreign government bonds and domestic corporate bonds that have average durations greater than three and half years and less than six years.

(e) The investment objective of the funds in this category invest in stocks of various sizes and mixed characteristics. Selected funds within this category invest in funds that are projected to grow faster than other mid-cap stocks, such as those in technology, healthcare and service sectors.

(f) The investment objective of the funds in this category primarily invest in companies at the smaller end of the market-capitalization range and tend to own an array of value and growth stocks. Selected funds within this category tend to favor companies in up-and-coming industries or young firms in their early growth stages, and invests in funds in the technology, healthcare and services sectors.

(g) The investment objective of the funds in this category is to invest at least 80% of its net assets in common and preferred stocks of U.S. real estate investment trusts and real estate companies.

(h) The investment objective of the funds in this category seek capital appreciation by investing in stocks of small and medium sized companies in a particular industry.

Note 4. Fair Value Measurements (Continued)

(i) The investment objective of the funds in this category is to balance growth of principal and current income by investing in a combination of stocks and bonds.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Investment Contract with Insurance Company

The Plan has an investment contract, Voya Fixed Account Fund, with VRIAC. Contributions in the Voya Fixed Account are maintained in VRIAC's general account. The account is credited with contributions, earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Voya Fixed Account Fund guarantees principal and a minimum guaranteed interest rate for the life of the contract.

The Plan's fixed income account is not fully benefit-responsive and, therefore, is reported at fair value as determined by VRIAC. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. The actual yield and the yield credited to participants is the same under this investment contract.

Note 6. Related Party and Parties-in-Interest Transactions

The Plan paid $5,665 to VRIAC for administrative expenses of the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Club has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8. Tax Status

Effective June 25, 2018, the Plan adopted a non-standardized pre-approved profit sharing plan, and subsequently restated the standardized form effective January 1, 2022. The pre-approved plan provider, My Benefits LLC, received on June 30, 2022 an opinion letter from the Internal Revenue Service as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
