## Independent Auditors' Report

To the Plan Administrators  
Reyco Granning 401(k) Retirement Plan  
Mt. Vernon, Missouri

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Reyco Granning 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

500 W. Main Street, Suite 200 Branson, MO 65616 | 417-334-2987 | fax 417-336-3403

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Reyco Granning 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Reyco Granning 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Reyco Granning 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Reyco Granning 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule of Assets (Held at end of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

Years Ended December 31, 2023 and 2022

---

## 1. Description of Plan

The following description of the Reyco Granning 401(k) Retirement Plan (Plan), sponsored by Reyco Granning, LLC (Company), provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering all full-time non-union employees of the Company who have completed more than 1 hour of service and are age eighteen or older and all full-time union employees of the Company who have completed 90 days of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions:** Participants may contribute up to 50% of their annual eligible wages by way of salary reductions. Contributions are subject to certain IRS limitations. Participants may elect to classify any portion of their contributions as post-tax (Roth) or pre-tax (Traditional). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

For non-union employees, the Company makes matching contributions equal to 100% of the first 3% of the participant's deferral contribution to the Plan and an additional 50% of the next 3% of compensation that a participant contributes to the Plan.

For union employees, the Company makes matching contributions equal to 100% of the first 2% of the participant's deferral contribution to the Plan and an additional 50% of the next 2% of compensation that a participant contributes to the Plan.

The Company may also make additional discretionary non-elective (profit sharing) contributions to the Plan to be allocated to each eligible participant as a uniform percentage of eligible compensation. There were no profit-sharing contributions made in 2023 or 2022.

**Participant accounts:** Each participant's account is credited with (a) the participant's contribution, (b) the Company's matching contributions and discretionary non-elective contributions (if any) and (c) plan earnings. Net income and asset revaluation are allocated to each participant based upon the participant's account balance and earnings of the investments selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are immediately 100% vested in their voluntary contributions and non-union matching contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is fully vested after five years of credited service.

**Payment of benefits:** A distribution of a participant's vested account balance can be made due to hardship, attainment of age 59 1/2, death, retirement, or upon termination of service with the Company. A distribution of a participant's rollover balance can be made at any time regardless of the limitations described above. Upon termination, distributions of account balances that exceed \$1,000 may elect to receive a lump-sum amount equal to the value of the vested interest in their account.

## Notes to the Financial Statements

Years Ended December 31, 2023 and 2022

---

Participants who terminate service and have account balances of \$1,000 or less will receive an automatic distribution of that balance. Benefit payments are recorded when paid.

**Forfeitures:** If any non-vested amounts are forfeited upon termination, the non-vested amounts shall be used to restore forfeitures, reduce Company contributions made, or to pay reasonable plan expenses. Forfeitures in the amount of \$7,268 and \$1,137 were utilized to reduce Company contributions in 2023 and 2022, respectively. During 2023, \$750 of forfeitures were used to pay plan expenses. At December 31, 2023 and 2022, remaining forfeitures in the amount of \$6,467 and \$1,075, respectively, were available to be used.

**Notes receivable from participants:** Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account, whichever is less. The loans are secured by the balance in the participant's account and bear interest ranging from 4.25% to 9.5%, which is commensurate with prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

## 2. Summary of Accounting Policies

**Basis of accounting:** The financial statements of the Plan are presented in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

**Cash and cash equivalents:** Cash and cash equivalents include cash, time deposits, certificates of deposit, money market funds, and all highly liquid debt instruments with maturities of three months or less at the date of their acquisition.

**Valuation of investments and income recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

**Accounting estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

## 3. Risks & Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## 4. Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (the custodian).

## 5. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## Notes to the Financial Statements

Years Ended December 31, 2023 and 2022

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

*Pooled Separate Accounts (PSAs)*: Valued at the net asset value ("NAV") of shares held by the group annuity contract provider using the quoted net asset value of the shares of the underlying mutual funds adjusted for any dividends or distributions received by John Hancock Life Insurance Company and the daily equivalent of any fee charged pursuant to the contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

| <b>Assets at Fair Value as of December 31, 2023</b>       |                |                |                |              |

<sup>(a)</sup> In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

## Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

| <u>December 31, 2023</u> | <u>Fair Value</u> | <u>Unfunded Commitments</u> | <u>Redemption Frequency (If eligible)</u> |
|--------------------------|-------------------|-----------------------------|---|

## 6. Related Party & Party-In-Interest Transactions

The Plan holds investments in funds managed by the Plan's asset custodian, John Hancock Life Insurance Company. Investments in these funds totaled \$6,794,046 and \$6,931,930 at December 31, 2023 and 2022, respectively.

During the years ended December 31, 2023 and 2022, fees of \$22,754 and \$24,478 were paid to John Hancock Life Insurance Company, respectively. These fees are included on the related statements of net assets available for benefits with other administrative and investment expenses.

Substantially all the administrative costs of the Plan are paid by the Company. Certain employees serve as the Plan's administrators. The administrators do not receive any compensation for services rendered to the Plan.

## 7. Separated Participants

At December 31, 2023, \$2,463 of the net assets available for benefits were for those participants who have separated from active service with the Company with a balance of less than \$1,000, and are due a distribution in accordance with the Plan document.

## 8. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. Upon Plan termination, participants will become 100 percent vested in their account balances. See Note 10 for the subsequent event related to the termination of plan.

## 9. Tax Status

The prototype plan, under which the Plan operates, obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. The plan administrator believes that the Plan is currently designed in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. A tax liability would be recognized if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 10. Subsequent Events

During 2024, management made the decision to terminate the plan. Effective January 1, 2025, the Plan assets will be transferred into the Money Accumulation Plan of The Boler Company and Tax-deferred Retirement Investment Plan of the Boler Company.

The Plan's management has evaluated subsequent events between the end of the most recent fiscal year end and October 11, 2024, the date the financial statements were available to be used.
