INDEPENDENT AUDITOR'S REPORT

October 7, 2024

To the Plan Administrator of the
Pension Plan for Employees of Henry & Henry, Inc.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Pension Plan for Employees of Henry & Henry, Inc (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the statement of accumulated plan benefits as of January 1, 2023, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Pension Plan for Employees of Henry & Henry, Inc and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Pension Plan for Employees of Henry & Henry, Inc's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pension Plan for Employees of Henry & Henry, Inc's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA (Continued)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PENSION PLAN FOR EMPLOYEES OF HENRY & HENRY, INC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF PLAN

The following description of the Pension Plan for Employees of Henry & Henry, Inc. (the "Plan") is provided for general purposes only. Participants should refer to the Plan document for more detailed information.

General

The Plan is a non-contributory defined benefit pension plan covering substantially all employees of CSM Bakery Products North America, Inc.'s Lancaster, New York operation (the "Company"), formerly known as Henry & Henry, Inc. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Pension Benefits

Effective December 31, 2005, accrued benefits for all participants were frozen. Employees who met the age and length of service requirements of the Plan as of December 31, 2005 are entitled to participate. No additional employees are eligible to participate in the Plan.

All participants of the Plan as of December 31, 2005 became immediately fully vested in their pension benefits. In addition, for purposes of determining benefits for participants, earnings and years of service were frozen at levels determined as of December 31, 2005.

Payment of Benefits

Beginning at normal retirement age (65), participants are entitled to a monthly benefit equal to 0.6 of 1.0% of their 2001-2005 average monthly compensation for each year of service, not to exceed a maximum monthly benefit of \$1,500. The Plan permits early retirement after 10 consecutive years of service at ages 60-64, at a reduced benefit. Participants may elect to receive their pension benefits in the form of a joint and survivor annuity. At the discretion of the Plan administrator, vested accrued benefits less than \$5,000 may be distributed immediately after termination or retirement.

Death Benefit

As specified in the Plan, a death benefit is payable to the surviving spouse of a married participant in the event that a participant dies before receiving retirement benefits.

Funding Policy

The Company's funding policy is to make contributions to the Plan periodically as cash flow permits up to the maximum recommended contribution allowed under Section 404 of the Internal Revenue Code of 1986 and to meet the minimum contribution required by ERISA. The employer contribution for 2023 and 2022 was \$109,246 and \$126,237, respectively, which met the minimum funding requirement.

Plan Administration

The Plan is administrated by the Company. Participant account records are maintained by Actuarial Consulting Services, Inc., the third party administrator of the Plan. Costs of administration are paid primarily by the Company. A portion of Plan expenses may be charged to the Plan.

1. DESCRIPTION OF PLAN (Continued)

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that retired participants or their beneficiaries have been receiving for at least three years, or that participants eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") (a U.S. Government agency) up to the applicable limitations (discussed below).
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2023, the ceiling was \$6,750 per month. This ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investments

Investments are stated at contract value as reported by Empower Life & Annuity Insurance Company of New York (Empower Life & Annuity).

Payment of Benefits

Benefit payments are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Internal Revenue Service has determined and informed the Plan by a letter dated March 30, 2018 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan's management and the Plan's tax advisors believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has an investment contract with Empower Life & Annuity. Empower Life & Annuity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for plan withdrawals and administrative expenses. Empower Life & Annuity is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

Contract value, as reported to the Plan by Empower Life & Annuity, represents contributions made under the contract, plus earnings at guaranteed crediting rates, less withdrawals and administrative expenses. The Plan may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to transact at contract value with Empower Life & Annuity could be limited if the Plan administrator terminates the contract. The Plan administrator does not believe that the occurrence of this event is probable. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

4. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

As of December 31, 2005, the Plan was frozen. As a result, the actuarial method was changed to the unit credit actuarial cost method from the frozen initial liability actuarial cost method for subsequent years. This unit credit actuarial cost method determines costs based on present values of accrued benefits for each participant for the frozen plan.

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees through December 31, 2005. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated participants or their beneficiaries, (2) beneficiaries of participants who have died, and (3) vested participants or their beneficiaries. Benefits for retired or terminated participants or their beneficiaries are based on participants' compensation during their 2001-2005 years of credited service.

An actuary from Actuarial Consulting Services, Inc. determines the actuarial value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal, or retirement) between the valuation date and the expected date of payment.

4. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The significant actuarial assumptions used in the valuation as of January 1, 2023 were:

1. Life expectancy of participants is based on the following: the Pri-2012 Total Employee Table with generational Mortality Improvement Scale MP-2021, separately for males and females, for pre-retirement participants; the Pri-2012 Healthy Retiree Total Table with generational Mortality Improvement Scale MP-2021, separately for males and females, for post-retirement participants; and the Pri-2012 Disabled Retiree Table with generational Mortality Improvement Scale MP-2021, separately for males and females, for disabled participants
2. Retirement age is 65.
3. Investment return rate is 2.13% in the first 5 years, 3.62% for benefits expected to be paid in the next 15 years, and 3.93% for benefits expected to be paid thereafter, were used for the January 1, 2023 valuation. (Investment return rate is .88% in the first 5 years, 2.61% for benefits expected to be paid in the next 15 years, and 3.67% for benefits expected to be paid thereafter, were used for the January 1, 2022 valuation.)

The foregoing actuarial assumptions are based upon the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

5. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustee, Empower Retirement LLC. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent accountants.

	<u>2023</u>	<u>2022</u>
Investments:		
Group annuity contract with insurance company	\$ 4,618,082	\$ 4,775,417
Investment income	\$ 152,488	\$ 93,263
Administrative expenses	\$ 9,091	\$ 10,977
Schedule of Assets (Held at End of Year)	Schedule I	

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in a group annuity contract with Empower Life & Annuity as December 31, 2023 and 2022, respectively. Transactions in this investment qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

7. RISKS AND UNCERTAINTIES

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 7, 2024, which is the date the financial statements were available to be issued.

SUMMARY OF PLAN PROVISIONS

Plan Year: January 1 to December 31.

Participation: Employees enter the plan on the first day of the month coincident with or next following attaining age 21 and completing one year of employment. Due to a plan freeze effective 12/31/05, no new participants will enter this plan after 12/1/05.

Vesting Service: One year of service for each plan year during which an employee works at least 1,000 hours.

Benefit Service: One year of service for each plan year during which an employee works at least 1,000 hours.

Normal Retirement Date: First day of month coincident with or next following the participant's 65th birthday.

Average Compensation: Average of final five years total compensation. Due to plan freeze effective 12/31/05, compensation after that date will not be used.

Normal Retirement Benefit: The annual benefit is 0.6% of average compensation times years of benefit service (annual maximum \$18,000). Due to freeze effective 12/31/05, no further benefits will accrue.

Accrued Benefit: Normal Retirement benefit multiplied by the ratio of accrued benefit service over projected service at normal retirement.

Normal Form of Benefit: Life annuity for single participants or an actuarially equivalent joint and 50% survivor annuity for married participants.

Late Retirement Benefit: Greater of benefit provided by normal benefit formula at late retirement date or the actuarial equivalent of participant's normal retirement benefit.

Early Retirement Benefit: A participant age 60 or older who has completed at least ten years of service may retire and receive his accrued benefit, actuarially reduced for payment prior to normal retirement age.

Termination Benefit: A participant's accrued benefit is fully vested after completing five years of vesting service. Due to plan freeze effective 12/31/05, all participants active at that time will become 100% vested.

Disability: No provision for additional disability benefits in this plan.

Death Benefit: The spouse of a vested participant receives the qualified pre-retirement survivor annuity.

Plan is frozen effective 12/31/05.

@ All interest assumptions except for those used for FAS 35, are as necessitated by statute. It has been previously decided by the plan actuary and auditor that for FAS 35 purposes, the same rates as those used for maximum tax-deductible purposes would be used. This method in my judgment, is reasonable for the purposes used. All mortality assumptions except for those used for FAS 35 purposes, are as necessitated by statute. The mortality rates for FAS 35 purposes, are those as deemed appropriate by the plan actuary. When possible, the rates used are the most recent as provided by The Society of Actuaries. For this 2023 report, we have used mortality improvement scale MP-2021, which is the most recent table we have.

^ These assumptions are those that were deemed reasonable at the time this plan was first serviced by our firm. I deem them still to be reasonable as they are ultimately based on the demographics of the plan population along with plan provisions. They are not expected to be changed in the future, barring major provisional changes.
