INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Cantel Medical Retirement Savings Plan
Minneapolis, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Cantel Medical Retirement Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CANTEL MEDICAL RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

1. Description of the Plan

The following description of the Cantel Medical Retirement Savings Plan (“the Plan”) provides only general information about the Plan’s provisions. Cantel Medical LLC, formerly known as Cantel Medical Corp. (“the Company” or “Plan Sponsor”) is the plan sponsor. Participants should refer to the Plan document for a more complete description of the Plan’s provisions, copies of which may be obtained from the Plan Sponsor.

Freezing of Plan

Effective December 31, 2021, the Plan was amended to freeze the Plan to new participants, cease all contributions for periods after December 31, 2021, and provide that participants as of December 31, 2021 became 100% vested in their accounts in the Plan. No new participants were admitted to the Plan, and no additional employee or employer contributions were made with respect to the Plan to periods after December 31, 2021.

General

The Plan is a contributory defined contribution plan covering all eligible employees of the Company. Prior to the Plan freezing, employees were eligible to participate in the Plan on their hire date and were automatically enrolled at 6% (employees hired on or before August 1, 2019 were automatically enrolled at 3%), unless they opted out of the Plan. In addition, all auto-enrolled participants had their deferral percentage increased automatically by 1% on the anniversary of their hire date up to 15% (employees hired on or before January 1, 2018 had their increase each February 1st), unless they opted out of the auto-increase of the Plan. Certain employees were not eligible if employed under a collective bargaining agreement with a labor union unless that agreement expressly provides for the employee’s coverage under the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan was amended and restated effective January 1, 2022, to comply with applicable law.

Administration

The Company administers the Plan and Fidelity Management Trust Company (“Fidelity”) is the Trustee and custodian for the Plan for the years ended December 31, 2023 and 2022.

Contributions

Prior to the Plan freezing, eligible participants were able to contribute 1% to 75% of pretax annual compensation, as defined by the Plan. Individual participant contributions in any calendar year could not exceed the maximum amount of income that may be deferred as specified in the Internal Revenue Code (“the Code”). Participants who had attained age 50 before the end of the year were eligible to make catch-up contributions. The Company could contribute a discretionary match on these participant contributions upon meeting eligibility requirements and enrolling in the Plan. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

CANTEL MEDICAL RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

Prior to the Plan freezing, additional discretionary amounts could be contributed by the Company to the Plan each year based upon the financial performance of the Company at the option of the Company's Board of Directors. The Company was not required to make a discretionary contribution in any plan year. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account was credited with the participant's contributions and the Company's discretionary matching contributions, other discretionary contributions and allocations of plan earnings and losses and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participants' share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participants' account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant could direct their contributions and Company contributions in any of the Plan's investment options. If a participant did not direct their investments, their account was invested in accordance with the default investment alternatives established by the Plan.

Participant Loans

Participants may borrow from their account balance a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are collateralized by the vested balance in the participants' accounts and bear interest at the prime interest rate. Principal and interest are paid ratably through monthly payroll deductions. Loan terms range from one to five years, or up to thirty years for the purchase of a primary residence. Interest rates on the loans ranged from 4.25% to 10.50% and 3.25% to 9.00% at December 31, 2023 and 2022, respectively, with maturities on various dates through 2050.

Payment of Benefits

Upon termination of service, death, disability, or normal or early retirement age, a participant with an account balance exceeding \$5,000 may elect to remain in the Plan, or to receive either a lump-sum amount equal to the value of the vested balance in the participant's account, or annual or more frequent installments of as nearly equal amounts as may be conveniently determined, but in no event less than the minimum distribution required under Section 401(a)(9) of the Code. If a participant's account balance is at least \$1,000 but not more than \$5,000, the participant's vested account balance will be rolled over into an individual retirement account established by the Plan if the Participant does not elect, within time frames established by the Company, to receive a lump-sum cash distribution or to make a direct rollover to another eligible retirement plan. The Plan provides for automatic lump-sum distribution for participants who terminate employment with a vested account balance of less than \$1,000.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

Corrective Distributions Payable to Participants

The Plan is required to refund contributions received in excess of the Code's limits. The distributions are recorded as a liability in the Statements of Net Assets Available for Benefits. At December 31, 2023 and 2022, the Plan had no corrective distributions payable to participants.

Forfeited Accounts

Prior to the Plan freezing, upon termination of service, any non-vested portion of the participant's account balance will be forfeited. Forfeitures of terminated participants may be applied against administrative expenses or company contributions. Unallocated forfeiture balances as of December 31, 2023 and 2022, were \$3,026 and \$58, respectively. No forfeitures were used to reduce administrative expenses or Company contributions during the year ended December 31, 2023.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and exit price (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

CANTEL MEDICAL RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or the Plan sponsor, as provided in the Plan document. Participants pay administrative costs for loans, distributions and qualified domestic relation orders.

All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Plan Termination

Although it has no intention to do so, the Company may elect to terminate the Plan at any time, by action of its Board of Directors. In the event the Company elects to terminate the Plan, assets will be distributed in accordance with the Plan document and ERISA.

3. Information Certified by the Trustees

The following is a summary of the unaudited information regarding the Plan as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from the information prepared by Fidelity, the trustee of the Plan as of December 31, 2023 and 2022, and for the year ended December 31, 2023, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Supplemental schedule: All investment balances and information included in the supplemental Schedule of Assets (Held at End of Year).

Note 4: All investment balances and investment information, excluding the level of investments in Note 4, Fair Value Measurements.

4. Fair Value Measurements

ASC 820 describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 – Quoted prices in markets that are not considered to be active or similar financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 – Valuations are observed from unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

CANTEL MEDICAL RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following tables set forth by level within the fair value hierarchy of the Plan's investment assets and investment liabilities at fair value. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques — Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The money market fund invests the fund's total assets in cash or U.S. government securities. The fund is an investment vehicle valued using \$1 for the net asset value ("NAV") and is stated at fair value based on the fund's underlying assets, as reported by the Trustee.

Collective trusts are valued at the NAV on the last business day of the Plan's year end. The NAV as provided by the trustee of the investment, is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value at December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 88,202,310	\$ -	\$ -	\$ 88,202,310

December 31, 2023 and 2022

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value at December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 83,828,128	\$ -	\$ -	\$ 83,828,128
Money Market Funds	565,264	-	-	565,264
Total Assets in the Fair Value Hierarchy	<u>\$ 84,393,392</u>	<u>\$ -</u>	<u>\$ -</u>	84,393,392
Investments measured at Net Asset Value:				
Collective trusts				89,159,563
Total Investments at Fair Value				<u>\$ 173,552,955</u>

At December 31, 2022, one of the investments measured at NAV as a practical expedient included a collective investment fund that was designed to preserve the principal investment while earning a level of interest income that was consistent with principal preservation. This fund was primarily invested in investment contracts issued by insurance companies and other financial institutions, fixed income securities and money market funds. Participant-directed redemptions had no significant restrictions on redemptions, which occurred at net asset value following the 12-month notice period. There were no unfunded commitments to this collective investment fund at December 31, 2022. The collective trusts entered into during 2022 can be redeemed daily, however, are subject to the Plan's frequent trading policy which states if a fund is sold or exchanged, it is not permitted to buy or exchange back into the same fund, in the same account, within 30 calendar days. Redemption of the entire investment balance does not require formal notice unless the balance is greater than Vanguard's Large Transaction Policy limit for the given fund. If the redemption amount exceeds the fund's limit, Vanguard must be notified and approve the redemption. At December 31, 2023 and 2022, the Plan had no unfunded commitments related to these collective trusts.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

5. Income Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the plan is qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2016-6 and 2015-36, the Company has determined that it is eligible to, and has chosen to, rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the financial statements.

7. Related-Party and Party-in-Interest Transactions

For the year ended December 31, 2022 and through the date the investment was liquidated, the Plan held units of a collective investment fund managed by Fidelity, the trustee of the Plan. These transactions qualified as party-in-interest transactions; however, they were exempt from the prohibited transaction rules under ERISA.

Fidelity provides certain administrative services to the Plan pursuant to an agreement between the Company and Fidelity. Fidelity receives revenue from mutual funds and collective trust fund services providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services provided to the Plan.

If the revenue received by Fidelity from such mutual fund or collective trust fund service providers exceeds the amount owed under the agreement, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. As of December 31, 2023 and 2022, the Company had \$321,514 and \$246,307, respectively, of excess amounts. The Plan or the Company may make a payment to Fidelity for administrative expenses not covered by sharing of the

CANTEL MEDICAL RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

excess revenue. During the year ended December 31, 2023, the Company did not use any excess amounts to pay for Plan administrative expenses or to allocate to the accounts of participants.

The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

9. Subsequent Events

The Plan has evaluated subsequent events after the balance sheet date of December 31, 2023, through October 11, 2024, the date the financial statements were available to be issued.
