Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CB Nichols Egg Ranch 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CB Nichols Egg Ranch 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CB Nichols Egg Ranch 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CB Nichols Egg Ranch 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CB Nichols Egg Ranch 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CB Nichols Egg Ranch 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of the year ended December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CB Nichols Egg Ranch 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements December 31, 2023 and 2022

Note 1: Description of the Plan

The following description of the CB Nichols Egg Ranch 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

C.B. Nichols Egg Ranch, Inc., Chino Valley Ranchers, Inc., Idalou Egg Ranch, LP, and MCM Poultry Farm, a division of C.B. Nichols Egg Ranch, Inc. (collectively the Company) established the Plan effective January 1, 2008. Effective September 15, 2021, the Plan was restated to bring the Plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37.

The Plan is a defined contribution plan covering all employees of the Company who are at least 21 years of age and have completed one year of eligibility service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Plan participants can elect to defer part of their earnings on a pre-tax or after-tax basis. Each year, participants may contribute for the years ended December 31, 2023 and 2022, up to \$22,500 and \$20,500, respectively, of pre-tax annual compensation. In addition, participants may not have total contributions of more than \$66,000 for the year ended December 31, 2023 and \$61,000 for the year ended December 31, 2022, or an amount more than 100% of their compensation, whichever is less, allocated to the Plan for their benefit each year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes a provision for an auto-enrollment feature beginning at 1% with annual increases of 1% thereafter, up to 3%. Participants can decline enrollment by filing a Retirement Plan Decline Enrollment Form.

The Plan is a safe-harbor matching contribution plan. To be eligible for the safe-harbor matching contributions, employees must be at least 21 years of age and have completed one year of eligibility service during the plan year.

(continued)

CB Nichols Egg Ranch 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements December 31, 2023 and 2022

Note 1: Description of the Plan (continued)

Contributions (continued)

The Company contributes 100% of the participant's contribution on the first 3% of eligible earnings and 50% of the next 2% of eligible earnings. Matching contributions are allocated to investments per the participant's direction.

The Plan also allows for a discretionary profit-sharing contribution. To be eligible for the discretionary profit-sharing contributions, employees must meet the criteria of 21 years of age and one year of eligibility service in the plan year. For the years ended December 31, 2023 and 2022, the Company did not make profit-sharing contributions.

Participant Accounts

Each participant's account is created with the participant's contributions plus an allocation of the Company's contributions and Plan's earnings. The Plan's earnings and investment expenses are allocated according to the participant's relative account balance in the investment options. Certain participant fees, if applicable, are also charged to participant accounts.

Vesting

Participants are immediately vested in their contributions, safe-harbor matching contributions, and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary profit-sharing contribution portion of their accounts is based on years of continuous service and is outlined as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

(continued)

Notes to Financial Statements December 31, 2023 and 2022

Note 1: Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum equal to \$50,000 or 50% of their vested account balance, whichever is less. The minimum loan amount is \$1,000 and participants are permitted to have one loan at a time. The loans are secured by the balance in the participant's account and bear interest at prime rate as published in the Wall Street Journal plus 1 percentage point. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a single-sum cash payment or have it rolled over into an individual retirement account (IRA) or another qualified plan that accepts transfers.

Hardship Withdrawals

The Plan allows for hardship distributions in accordance with IRS regulations. A participant may withdraw any part of their vested account in the event of undue financial hardship.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan, per the vesting schedule. These forfeited amounts are used to reduce the Company's discretionary matching contributions or plan expenses. For the years ended December 31, 2023 and 2022, the Plan's participants forfeited \$214 and \$38, respectively. For the years ended December 31, 2023 and 2022, forfeited nonvested amounts totaling \$158 and \$35, respectively, were used to pay for plan expenses. Forfeitures available for plan use as of December 31, 2023 and 2022 are \$61 and \$63, respectively.

Notes to Financial Statements December 31, 2023 and 2022

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2023 and 2022 . If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan is treated as distributed based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Note 2: Summary of Significant Accounting Policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid by the plan sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution fees are charged directly to the participant's account and are included in the administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 3: Investments (Unaudited)

The December 31, 2023 and 2022 statements of net assets available for benefits, the investment activities included in the statements of changes in net assets available for benefits for the years then ended, and the accompanying notes and supplemental schedule to the financial statements, were prepared in part or entirely from information certified by the trustee, Ascensus Trust Company, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The information certified includes total investments of \$12,151,165 and \$9,583,451 as of December 31, 2023 and 2022, respectively.

The Plan's investments are held in trust by Ascensus Trust Company as of December 31, 2023 and 2022. All investments held by Ascensus Trust Company are participant directed.

The Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) in value by \$1,346,203 and (\$1,964,631) for the years ended December 31, 2023 and 2022, respectively.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from the corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodology used as of December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the market value of shares held by the Plan at year end. Money market funds keep their net asset value constant at \$1.00 per share for fair market value. Their yield changes based on the earnings they derive from investments.

Note 4: Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of Net Realizable Value (NRV) or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,883,379	\$ -	\$ -	\$ 11,883,379
Money market investment	267,786	-	-	267,786
Total investments at fair value	<u>\$ 12,151,165</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,151,165</u>
Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,357,701	\$ -	\$ -	\$ 9,357,701
Money market investment	225,687	-	-	225,687
Total investments at fair value	<u>\$ 9,583,388</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,583,388</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, benefits provided under this Plan are neither insured nor guaranteed by the Company, by the Pension Benefit Guaranty Corporation, a federal governmental agency, nor under any state or federal law.

Note 7: Tax Status

The prototype plan obtained a determination letter on June 30, 2020, which the Internal Revenue Service stated that the prototype plan is qualified under section 401(a) of the Internal Revenue code (the Code). Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified, and the related trust was tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 8: Operational Defect

During the year ended December 31, 2022, it was discovered that certain plan provision were not properly applied in the daily operation of the Plan. The plan sponsor did not withhold and remit to the Plan's trust account certain participant contributions per the participants' elections in one instance from amounts defined by the Plan's document as eligible compensation. The plan administrator determined the affected participants and prior to the date the financial statements were available to be issued, deposited \$1,308 into the Plan's trust account, to make the affected participants and the Plan whole. In addition, the plan administrator deposited \$119 in calculated lost earnings to the Plan's trust account. Such amounts totaling \$1,427 are included with employer corrective contribution receivable as of December 31, 2022.

During the year ended December 31, 2022, it was discovered that the plan sponsor, in one instance, remitted participant contribution to the respective participant accounts for incorrect amounts due to an administrative error. The plan administrator identified the affected participant and determined amounts of \$167, which include lost earnings, to be remitted to the affected participant account to make them whole. Such amounts, consisting of \$85 in corrective contributions, \$68 in corresponding employer safe-harbor match contributions, and \$14 in lost earnings are included on these financial statements with employer corrective contribution receivable as of December 31, 2022. Such amounts were deposited to the Plan's trust account during the year ended December 31, 2023.

Notes to Financial Statements December 31, 2023 and 2022

Note 9: Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

Note 10: Related Party and Party in Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan issues notes to participants which are secured by the balances in the participants' accounts, therefore these transactions qualify as party in interest transactions for which a statutory exception exemption exists.

Certain plan investments are mutual funds and money market fund that are issued by the Vanguard Group, Inc., the Plan's third-party administrator. These transactions qualify as party in interest transactions for which a statutory exception exemption exists.

Certain administrative fees related to the administration of the Plan were paid by the Plan. Fees paid to the Vanguard Group, Inc., the Plan's third-party administrator, for the years ended December 31, 2023 and 2022, amounted to \$32,595 and \$34,706, respectively. Fees paid to Pacific Capital Co., the Plan's investment advisors, for the years ended December 31, 2023 and 2022, amounted to \$31,166 and \$29,897, respectively. These transactions qualify as party in interest transactions for which a statutory exception exemption exists.

Note 11: Subsequent Events

The Plan has evaluated subsequent events through October 7, 2024, the date the financial statements were available to be issued.

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
