INDEPENDENT AUDITOR'S REPORT

To the Administrators of
Minot Builders Supply Association 401(k) Profit Sharing Plan
Minot, North Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Minot Builders Supply Association 401(k) Profit Sharing Plan**,** an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Minot Builders Supply Association 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Minot Builders Supply Association 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Minot Builders Supply Association 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Minot Builders Supply Association 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Minot Builders Supply Association 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF PLAN

The following description of the Minot Builders Supply Association 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Minot Builders Supply Inc. (the Company) and its Subsidiaries, Farroh Roof Truss Co., Inc. and Advanced Truss Fabricators, Inc., who have worked with one of the companies for three months or more. Effective December 2, 2022, the service requirement changed to two months or more. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Company. First Western Bank & Trust serves as the trustee of the Plan, maintains the records of participant data and holds the Plan assets. Effective December 2, 2022, the trustee changed to Matrix Trust Company and the recordkeeper changed to EPIC Retirement Plan Services.

Contributions

Each year, participants may contribute an amount equal to a dollar amount or percentage of compensation, not to exceed IRS limits. The Employer will make a matching contribution equivalent to 50% of the employee's deferral up to 12% for a maximum of 6% of the employee's compensation. Effective December 2, 2022, the Plan requires an employee to be employed or if terminated, to have attained at least 500 hours of service as of the last day of the plan year to receive the employer match. In addition, the Plan allows for a discretionary profit-sharing contribution to be made by the Company.

Participants may make rollover contributions for amounts representing distributions from other qualified benefit plans, defined contribution plans or individual retirement accounts.

For the profit-sharing feature, employer contributions are discretionary and thus are only made each year the employer decides to do so. These decisions to contribute are made separately by the Company. When contributions are made, they are allocated among employees of the Company based on a level of compensation. No profit-sharing contributions were made during the years ended December 31, 2023 and 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions, and an allocation of Plan earnings. Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The value of each participant's account is determined daily.

Participants' Investment Options

Prior to December 2, 2022, all contributions to the Plan were non-participant directed. Effective December 2, 2022, participants must direct their deferrals and Company contributions as offered by the Plan. Participants may change their investment options throughout the year by contacting the recordkeeper.

Vesting

Participants are immediately vested in their contributions, employer matching contributions and any discretionary profit-sharing contributions, plus actual earnings thereon.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, partial payments, or regularly scheduled installment payments. If the vested amount does not exceed $1,000, the participant will automatically receive a lump-sum distribution.

Hardship distributions and in-service retirement distributions are also permitted for participants who have not separated from service. Participants must have attained age 59 ½ to qualify for in-service retirement distributions. Distributions are also allowed from rollover accounts at any time. Generally, certain minimum distributions are required for participants who have separated from service and have reached the required minimum distribution age.

Forfeitures

At December 31, 2023 and 2022, forfeited nonvested accounts totaled $33,181 and $32,615, respectively. This account consists of (a) excess employer contributions as a result of overpayment or compliance test failures and (b) amounts forfeited due to a participant not meeting the employer match requirement of being employed on the last day of the year or working 500 hours during the Plan year. This account is used to reduce employer contributions. During the years ended December 31, 2023 and 2022, $9,546 and $9,414 of forfeitures, respectively, were used to reduce employer contributions.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("GAAP"), as codified by the Financial Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's management determines the Plan's valuation policies utilizing information provided by investment advisors and the trustees of the Plan. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and are reflected in the statements of changes in net assets available for Plan benefits.

Payment of Benefits

Benefits to participants are recorded when paid.

Plan Expenses

The investment funds in the Plan are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

Excess Contributions Payable

Amounts payable to the Company and participants for contributions in excess of amounts calculated or allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 and 2022 excess contributions to the Company and applicable participants prior to March 15, 2023 and 2022.

Contributions

Contributions from Plan participants and matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

NOTE 3 INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES

The following information, included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustees, First Western Bank & Trust and Matrix Trust Company.

December 31, 2023	First Western Bank & Trust	Matrix Trust Company
Cash	$ -	$ 50,326
Separately managed accounts	-	10,179,131
Investment income	-	1,340,594
December 31, 2022		
Cash	-	49,008
Money market funds	28,938	-
Separately managed accounts	-	9,044,014
Investment income (loss)	(1,523,833)	(311,022)

First Western Bank & Trust certified the money market funds and activity for the period of January 1, 2022 through December 31, 2022. First Western Bank & Trust certified the investment income (loss) for the period of January 1, 2022 through December 1, 2022.

Matrix Trust Company certified all investments and investment income (loss) for the period of December 2, 2022 through December 31, 2023.

NOTE 4 FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

Money market: Valued at cost plus any earned or accrued interest.

Separately managed accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The separately managed accounts consist of mutual funds that are registered with the Securities and Exchange Commission. The NAV is based on the fair value of the underling investments held by the account. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the accounts, the trustee reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Money market	$ 28,938	$ -	$ -	$ 28,938
Investments measured at net asset value (a)				9,044,014
Investments, at fair value				$ 9,072,952

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan does not have any assets to be classified within the fair value hierarchy table as of December 31, 2023. See investments measured using the net asset value per share practical expedient in the following table to reconcile to investments at fair value on the Statements of Net Assets Available for Benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to this Plan.

	December 31,				
	2023	2022			
Investment Type	Fair Market Value	Fair Market Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Separately managed accounts					
Balanced	$ 9,907,680	$ 9,024,417	$ -	Daily	N/A
Growth	207,485	15,675	-	Daily	N/A
Income	40,182	-	-	Daily	N/A
Moderate balanced	23,784	-	-	Daily	N/A
Aggressive growth	-	3,922	-	Daily	N/A

Balanced separately managed accounts seek a blend of equities for consistent long-term returns, paired with conservative holdings to reduce short-term market fluctuations and produce income. The portfolio's assets are invested in equities, alternative assets and fixed income securities. This separately managed account is for investors with a time horizon between 10-20 years with the ability to accept greater risk.

Growth separately managed accounts seek equities for a high level of consistent long-term returns, with some conservative holdings to reduce short-term market fluctuations and produce income. The portfolio's assets are invested in equities, alternative assets, and fixed income securities. Increased market value fluctuations over the short-term due to market volatility are expected. This separately managed account is for investors with a time horizon of 15-20 years or greater.

Income separately managed accounts seek to maximize current income with reduced market risk. The portfolio's assets are invested in fixed income securities. This separately managed account is for investors with a time horizon between 0-10 years with the objective of stability.

Moderate balanced separately managed accounts seek a blend of conservative holdings to reduce short-term market fluctuations and produce income, coupled with equities for long-term returns. The portfolio's assets are invested in fixed income, equities, and alternative assets. This separately managed account is for investors with a time horizon between 10-15 years with the ability to accept some risk.

Aggressive growth separately managed accounts seek equities for a high level of consistent long-term returns. The majority of the portfolio's assets are invested in equities, while the remainder is in alternative assets. Increased market fluctuations over the short-term due to market volatility are expected. This separately managed account is for investors with a time horizon greater than 20 years with the ability to accept greater risk.

NOTE 5 INCOME TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan with CODA sponsored by the recordkeeper, EPIC Retirement Plan Service. The Internal Revenue Service informed the recordkeeper by an opinion letter dated June 30, 2020, that the non-standardized pre-approved profit sharing plan is acceptable under Section 401 of the Internal Revenue Code. The Company and plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 6 NON-EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST

The Company remitted the following participant contributions to the trustee subsequent to the date required by the Department of Labor (DOL) Regulation 2510.3-102.

Contribution Date	Amount
Various pay periods during the year ended December 31, 2023	$ 6,243
Various pay periods during the year ended December 31, 2022	8,735
Various pay periods during the year ended December 31, 2021	3,337
Various pay periods during the year ended December 31, 2020	36,804
Various pay periods during the year ended December 31, 2019	19,505
Various pay periods during the year ended December 31, 2018	100,961

Subsequent to the issuance of these financial statements, the Company will prepare and file Form 5330 with the Internal Revenue Service and pay excise tax related to the non-exempt party-in-interest transactions that occurred during the years ended December 31, 2023, 2022, 2021, 2020, 2019, and 2018. The Company will also calculate an amount representing the earnings that the contributions would have earned if they had been deposited timely. As of October 9, 2024, the lost earnings of the late remittance of employee contributions for the 2022, 2021, 2020, 2019 and 2018 plan years were deposited.

NOTE 7 EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST

First Western Bank & Trust is a third party provider of the Plan and EPIC Retirement Plan Services is the recordkeeper of the Plan and, therefore any transactions with First Western Bank & Trust and EPIC Retirement Plan Services, are parties-in-interest transactions. First Western Bank & Trust and EPIC Retirement Plan Services provides certain administrative services to the Plan pursuant to the service agreement between the Company, First Western Bank & Trust and EPIC Retirement Plan Services. Distribution fees paid to First Western Bank & Trust totaled $490 and $1,281 for the years ended December 31, 2023 and 2022, respectively. Distribution fees paid to EPIC Retirement Plan Services totaled $528 and $0 for the years ended December 31, 2023 and 2022, respectively.

NOTE 8 PLAN TERMINATION AND AMENDMENTS

Minot Builders Supply Inc. has the right to amend the Plan if it determines it is necessary or desirable to do so. Further, although the Company intends to continue the Plan, it reserves the right to terminate it. Any termination of the Plan is subject to the provisions of ERISA.

NOTE 9 RISKS AND UNCERTAINTIES

Participants direct the investment of their accounts into various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 SUBSEQUENT EVENTS

Effective January 1, 2024, the Plan was amended to adopt safe harbor provisions, the employer will match dollar for dollar of the employee’s contribution up to 4% of compensation. No other significant events occurred subsequent to the Plan’s year end. Subsequent events have been evaluated through October 9, 2024, which is the date these financial statements were available to be issued.
