Independent Auditor's Report

To the Plan Administrator
The Quality Consulting, Inc. 401(k) Retirement Plan
West Des Moines, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed audits of the accompanying financial statements of the Quality Consulting, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Quality Consulting, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Quality Consulting, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Quality Consulting, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year), December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information

included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Quality Consulting, Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General: The Company has established a retirement Plan and trust under the Ascensus Defined Contribution Prototype Plan. The Plan is an Internal Revenue Code (IRC) Section 401(k) Profit Sharing Plan covering any employee not considered an excluded employee who is employed by Quality Consulting, Inc. (the “Company”). Excluded employees include leased employees and employees whose employment is governed by a collective bargaining agreement under which retirements were the subject of good faith bargaining, unless such agreement expressly provides for participation in this Plan. An employee is eligible to participate in the Plan on the entry date once he/she has attained the age of 18. The entry date is the first day of the Plan year quarter coinciding with or next following the date the employee is eighteen. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may choose to contribute from 1% up to the IRC limit each year of compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans and certain IRAs. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-seven investment options for participants. The Company makes a matching contribution equal to 50% of the participants’ pretax regular or post tax Roth contribution, up to 6% of compensation. The matching contribution made by the Company is credited to the participant’s account and invested in the same manner as the participants elected for their normal contributions. Participants who are age 50 or older by the end of the taxable year are eligible to make catch-up contributions, as outlined in the Plan document.

Each year, the Company may make a discretionary profit-sharing contribution. This contribution will be allocated among the eligible participants on the ratio of the employee’s compensation to the total compensation of all participants eligible to share.

The Plan also allows for a qualified non-elective contribution (QNEC). The Company may elect to designate all or any portion of the profit-sharing contribution as a QNEC. The QNEC is only shared among non-highly compensated employees. No discretionary or QNEC contributions have been made since Plan inception.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

The Plan also includes an automatic enrollment feature, coupled with a default investment option. New participants are automatically enrolled in the Plan at a contribution rate of 6% and those funds are deposited into a default investment vehicle, consisting of an age-adjusted retirement account which allocates amounts to various investment options considered appropriate based upon a participant's expected retirement at age 65. Participants have the option of electing out of both the automatic enrollment and default investment choice at any time once they are qualified to participate.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. The Plan allocates net income, gain or loss using the daily valuation method. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. The vesting percentage in the employer match and profit-sharing contributions is determined under the following schedule and is based on vesting years of service.

Vesting Schedule	
<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participant Notes Receivable: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the vested account balance, subject to certain limitations. The loan interest rates are as determined by the administrator, and will be fixed for the entire term of the loan. Principal and interest will be amortized in level monthly payments over the term of the loan and secured by the balance in the participant's account and bear interest at a reasonable loan rate not to exceed five years (fifteen years for a home loan). Participants are limited to one loan in any 12-month period and may not have more than 2 outstanding loans at any time. Loans to plan participants are valued at cost plus accrued interest.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits: On termination of service for any reason, including permanent disability, participants may elect to receive their benefits in the following manner:

- The Plan has adopted automatic rollover provisions whereby terminated employees with vested account balances of \$5,000 or less will automatically receive a lump-sum distribution as soon as administratively feasible.
- If the amount of the account balance is greater than \$5,000, the participant may elect to receive benefits in the form of a lump sum and/or installment payments. Installment payments may be elected over a period that does not exceed the life expectancy of the participant or the combined life expectancies of the participant and the participant's beneficiary.

Forfeitures: Forfeitures from matching contributions are used to reduce matching contributions. Forfeitures utilized for the Plan years ended December 31, 2023 and December 31, 2022 amounted to \$145,235.25 and \$74,242. On December 31, 2023, \$64,644 of forfeitures remained to be used in the future.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates: The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 12 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair value of investments in collective trust funds are determined by the fund trustee based on the fair value of the underlying securities within the funds, which represent the net asset value of the shares held by the Plan at year end. The trust funds invest in fully-responsive investment contracts and wrap contracts issued by life insurance companies and financial institutions containing various investments and are presented at fair value. As a result, the Plan is an indirect investor in such items, since the Plan itself does not directly invest in those contracts.

Participant Notes Receivable: Participant notes receivable are stated at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are recorded as distributions based on the terms of the Plan document. Income is recorded on the accrual method of accounting.

Funding: The employee pretax contribution and employer matching contribution is determined during each payroll period. The funds are remitted to the third-party administrator within the guidelines established in the IRC.

Benefit Payments: Benefits are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events through September 25, 2024, the date the financial statements were available to be issued.

NOTE 3 – ADMINISTRATIVE EXPENSES

Plan administrative expenses, including recordkeeping and audit fees, are paid by the participants via fees charged to participant account balances on a pro-rata basis.

NOTE 4 – TERMINATION

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100 percent vested in their account balances.

Notes to Financial Statements
December 31, 2023 and 2022

NOTE 5 – TRUSTEE CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 20 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has obtained certification from the trustee that all information in the accompanying financial statements and supplemental schedules pertaining to the Plan's investments and investment transactions is complete and accurate.

NOTE 6 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan has entered into an agreement with Ascensus Trust Company to provide administrative and trustee services for the Plan, as well as investment advisory and management fees. Participant notes receivable are also considered related party assets. The Plan also maintains a cash account at Ascensus Trust Company, who is also the custodian of the Plan's assets, but there has been no balance maintained in that account at each of the last two reported year-end dates. Transactions with Ascensus Trust Company qualify as party-in-interest transactions. However, they are exempt from the prohibited transaction rules under ERISA.

NOTE 7 – TAX STATUS

The non-standardized prototype Profit Sharing Plan with CODA has received a favorable Opinion letter from the Internal Revenue Service, dated March 31, 2014, indicating the prototype Plan and related trust agreement are designed in accordance with applicable sections of the IRC. The Plan administrator and the prototype Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Since the Plan was adopted, various amendments have been made, and the Plan document has been restated. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions. However, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for tax years before 2021.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and such changes could materially affect balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – FAIR VALUE MEASUREMENTS

Fair value is a market-based measurement, not an entity specific measurement. Therefore, a fair value measurement should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering market participant assumptions in fair value measurements, a fair value hierarchy was established, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The three levels of the fair value hierarchy are described as follows:

Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - inputs other than quoted prices included with Level 1 that are either directly or indirectly observable.

Level 3 - assets or liabilities for which fair value is based on valuation models with significant unobservable pricing inputs and which result in the use of management estimates.

The following is a description of the valuation methods used for assets measured at fair value.

Mutual funds - the fair values of these securities are based on observable unadjusted market quotations and are priced on a daily basis at the close of business.

NOTE 9 – FAIR VALUE MEASUREMENTS (CONTINUED)

Collective trust funds – The Plan uses net assets value (NAV) per unit to value the collective trust funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table presents investments measured at fair value on a recurring basis as of December 31, 2023 and 2022:

Fair Value Measurements Using:

	<u>Total Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Unobservable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>

Totals	<u>\$31,635,355</u>	<u>\$29,116,680</u>	<u>\$ -</u>	<u>\$ -</u>

* Note: In accordance with accounting guidance, certain investments that were measured at fair value using the NAV per share (or its equivalent) as a practical expedient are not required to be classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of amounts reported in the fair value hierarchy to the amounts reported in the statements of net assets available for benefits. Also, in accordance with accounting guidance, if an investment is measured using the NAV per unit (or its equivalent) as the practical expedient and that investment is in a fund that files a Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy is no longer required.

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
