Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **GRANT THORNTON LLP**

(2) EIN: **36-6055558**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Regal Beloit America, Inc. Pension Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Regal Beloit America, Inc. Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of matter – Basis of accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

DECEMBER 31, 2023 AND 2022**

1. DESCRIPTION OF PLAN AND FUNDING POLICY

The following description of the Regal Beloit America, Inc. Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General - The Plan is a defined benefit plan covering substantially all employees of Regal Beloit America (the “Company”), a subsidiary of Regal Rexnord Corporation, formerly known as Regal Beloit Corporation, (the “Corporation”), who are compensated in whole, or in part, on a salaried basis, are not in any other defined benefit plan maintained by the Corporation, or are not members of a collective bargaining unit which has a bargaining agreement with the Corporation. Salaried employees at the Blytheville facility do not participate in this plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility - Eligibility in the Plan is based on the previous plan the participant was a member of.

For participants of the former RBC Manufacturing Corporation Salaried Employees’ Pension Plan, a participant becomes eligible to participate in the Plan on the first day of the month subsequent to the latest of the employee obtaining the age of 21 and one year of service or the date the employee transfers to salaried status. Effective January 1, 2006, no one who is hired after January 1, 2006 shall be entitled to begin participation in the Plan. Effective December 31, 2008, the Plan became partially frozen. Participants with less than 25 years of service will cease accruing benefits under the Plan. Participants with at least 25 years of service will continue to accrue benefits under the Plan. All active participants became fully vested at that date.

For participants of the former RBC Manufacturing Corporation Wausau Hourly Pension Plan, a participant becomes eligible to participate in the Plan on the date he or she becomes an employee. Effective September 1, 2007, no one who is hired after September 1, 2007 shall be entitled to begin participation in the Plan. Effective April 30, 2010, the Plan became frozen. All participants will cease accruing benefits under the Plan. All active participants became fully vested at that date.

For participants of the former RBC Manufacturing Corporation Lebanon & West Plains Hourly Pension Plan, a participant becomes eligible to participate in the Plan on the first day of the month following completion of the qualifying period. The qualifying period is defined as the 12 month period commencing on the date of employment or any subsequent January 1 during which the employee completes at least 1,000 service hours. Effective January 1, 2006, no one who is hired after January 1, 2006 shall be entitled to begin participation in the Plan. Effective December 31, 2008, the Plan became frozen. All participants will cease accruing benefits under the Plan. All active participants became fully vested at that date.

For participants of the former RBC Manufacturing Corporation Marathon Special Products Hourly Pension Plan, a participant becomes eligible to participate in the Plan on the first day of the month following completion of the qualifying period. The qualifying period is defined as the 12-month period commencing on the date of employment or any subsequent January 1, during which the employee completes at least 1,000 hours of service. Effective June 1, 2008, no one who is hired after June 1, 2008 shall be entitled to begin participation in the Plan. Effective December 31, 2011, the Plan became frozen. All participants will cease accruing benefits under the Plan. All active participants became fully vested at that date.

For participants of the former Regal Beloit EPC, Inc. Mt. Sterling Plant Industrial Pension Plan, a participant is eligible if they are an employee at the Company’s Mt Sterling, KY and Winchester, KY facilities who are on the active hourly payroll and are covered under a bargaining unit that is represented by a labor organization whose collective bargaining agreement provides for participation. On November 30, 2011 participation was closed to new employees.

For participants of the former Unico, Inc. Employees’ Pension Plan, a participant was eligible if they were a member of the defined benefit plan covering Unico, Inc. employees. On May 1, 2011 the Plan was closed to new participants and effective April 30, 2011, the Plan became frozen. All participants will cease accruing benefits under the Plan. All active participants became fully vested at that date.

For participants of the former Regal Power Transmission Solutions Pension Plan, a participant is eligible if they are an employee of Kop-Flex, Inc., a subsidiary of the Company, represented by Memorial Lodge No. 1784 and District Lodge No. 12 of the International Association of Machinists and Aerospace Workers whose employment terminates after January 1, 1987 or participants who were previously participating in the Emerson Electric Retirement Plan Appendices 8, 40, 78, and 79. The Regal Power Transmission Solutions Pension Plan was closed to new participants effective February 1, 2015. On January 30, 2020 the benefits of participants of the former Regal Beloit Power Transmission Pension Plan became frozen.

For participants of the former Retirement Plan #1 for Hourly Employees of McGill Manufacturing Co., Inc., a participant is eligible if they are an hourly employee of the Bearings Division of McGill Manufacturing Co., Inc. - Valparaiso Plant (the "Employer"), a subsidiary of Regal Beloit America, Inc. (the "Parent") as of January 30, 2015. Effective December 31, 2016, the Retirement Plan #1 for Hourly Employees of McGill Manufacturing Co., Inc. became frozen. No additional benefits will be earned by Plan participants after that time and participants will be entitled to all previous benefits earned in the Plan. The Plan was closed to new participants as of January 1, 2017.

Plan Administration - Overall responsibility for administering the Plan rests with the Plan's administrative committee. The Plan's investment assets are held in a trust account at Principal Bank (the "Trustee" or "Principal") and consist of an undivided interest in the investment account of the Regal Beloit Corporation Master Trust, formerly known as the Marathon Electric Master Pension Trust, (the "Master Trust"). The Trustee is responsible for the management and control of the Plan's assets and has certain discretionary authority and control over such assets. Mercer Investment Management serves as the Plan's investment advisor. State Street Bank & Trust Company ("State Street") is the custodian for the common collective trust funds held by the Plan.

Contributions - The Company's policy is to contribute an amount sufficient to meet the funding requirements of ERISA, as determined by Aon Hewitt, the Plan's independent actuary. No voluntary employee contributions are permitted. The Plan met the minimum funding requirements of ERISA for the years ended December 31, 2023 and 2022.

Vesting - Participants are fully vested in the Plan after five years of vesting service. One year of vesting service is defined as a year of eligible employment with the Company. There is no partial vesting.

Pension Benefits - The benefits provided by the Plan are as follows:

For participants of the former RBC Manufacturing Corporation Salaried Employees' Pension Plan, the benefits provided under the Plan are the greater of:

1. Formula I - .8% of the highest average monthly pay (as defined) for five consecutive years out of the last ten years worked, times years of service, plus .6% of the average monthly pay calculated above minus Covered Compensation (as defined) times years of service up to 35 years, or
2. Formula II - \$15 per month times the years of service.

The usual pension payment is made monthly during the participant's lifetime after retirement with payments terminating at death or a lump-sum payment option is available. Payment options are available that allow a participant's surviving spouse to receive a portion of the monthly pension under a joint and survivor arrangement.

Early retirement benefits are payable after age 55 with ten years of vesting service. The benefits are based on the benefit accrued to the early retirement date and are reduced by 0.5% for each month that the benefit commencement precedes age 65.

The surviving spouse of a participant who dies with five years or more of service is also eligible for pre-retirement death benefit coverage. The death benefit payable to the spouse for life is 50 percent of the participant's accrued benefit.

For participants of the former RBC Manufacturing Corporation Wausau Hourly Pension Plan, monthly benefit payments are available upon normal retirement on or after age 65. The monthly benefit formula is \$23.00 for each year, and fractions thereof, of credited service by members of Local 662 and \$17.50 for members of Local 1791 (\$17.25 prior to September 1, 2006 and \$17.00 prior to September 1, 2004). The pension benefit is capped at 36 years for members of Local 1791 and 45 years for members of Local 662.

Early retirement benefits are payable on or after age 60 with 15 years of vesting service. The benefits are based on the benefit accrued to the early retirement date and are reduced by 0.5% for each month that the benefit commencement precedes age 65.

The surviving spouse of a participant who dies with five years or more of service is also eligible for pre-retirement death benefit coverage. The death benefit payable to the spouse for life is 50 percent of the participant's accrued benefit.

For participants of the former RBC Manufacturing Corporation Lebanon and West Plains Pension Plan, monthly benefit payments are available upon normal retirement on or after age 65. The monthly benefit formula is \$10.00 for each year, and fractions thereof, of credited service.

Early retirement benefits are payable on or after age 60 with 15 years of vesting service. The benefits are based on the benefit accrued to the early retirement date and are reduced by 0.5% for each month the retirement date precedes age 65. The surviving spouse of a participant who dies with five years or more of service is also eligible for pre-retirement death benefit coverage. The death benefit payable to the surviving spouse for life is a 50 percent joint and survivor benefit of the participant's accrued benefit.

For participants of the former RBC Manufacturing Corporation Marathon Special Products Hourly Pension Plan, monthly benefit payments are available upon normal retirement on or after age 65. The monthly benefit formula is \$11.00 for each year, and fractions thereof, of credited service.

Early retirement benefits are payable on or after age 60 with 10 years of vesting service. The benefits are based on the benefit accrued to the early retirement date and are reduced by 0.5% for each month that the commencement of benefits precedes age 65.

The surviving spouse of a participant who dies with five years or more of service is also eligible for pre-retirement death benefit coverage. The death benefit payable to the surviving spouse for life is 50 percent of the participant's accrued benefit.

For participants of the former Regal Beloit EPC, Inc. Mt. Sterling Plant Industrial Pension Plan, monthly benefit payments are available upon normal retirement on or after age 65. The monthly benefit formula is \$27.50 for each year, and fractions thereof, of credited service. Early retirement benefits are available at age 60 with 15 years of vesting service, reduced by 1/180th for each month preceding age 65.

For participants of the former Unico, Inc. Employees' Pension Plan, the benefit is calculated as .35% of the participant's annual average of a participant's total compensation during 60 consecutive months of the final 120 months of the participant's employment that produces the highest average ("final average compensation") times years of credited service (not to exceed 30 years) plus .3% of the participants final average compensation in excess of average of the Social Security taxable wage basis in effect for each calendar year during the 35 year period ending with the calendar year in which a participant will attain Social Security Retirement Age times years of credited service (not to exceed 30 years). These benefits are payable at age 65 or at reduced levels if early retirement is elected after age 55 with 5 years of vesting service. Effective January 1, 2006, the former Unico, Inc. Employees' Pension Plan was amended to include a maximum permissible amount for individuals receiving benefit payments prior to age 62. If benefit payments commence prior to age 62, the actuarial benefit amount of the defined benefit dollar limitation for age 62 will be reduced for each month by which benefits commence before the month in which the participant attains age 62.

For participants of the former Regal Power Transmission Solutions Pension Plan, monthly benefit payments are determined by application of a benefit factor to the participant's years of pension-credited service at retirement. Participants are eligible for benefit payments upon reaching age 65 or upon early retirement, as defined. Married participants will receive joint and survivor payments unless their spouse consents to an optional form. A provision is also made for deferred retirement benefits based on the benefits available at the normal retirement date, plus benefits earned for any credited service accrued after the normal retirement date.

For participants of the former Retirement Plan #1 for Hourly Employees of McGill Manufacturing Co., Inc., monthly benefit payments are available upon reaching the normal retirement age of 65. Participants may elect, after attaining age 55 with ten years of pension-credited service, to begin receiving early retirement benefits provided under the terms of the Plan based on the participant's pension-credited service. Benefit payments are determined by multiplying full and fractional years of pension-credited service by a specified rate per year for each year of pension-credited service as follows:

Termination date	Employees hired before July 1, 1993	Employees hired on or after July 1, 1993
July 1, 2006 through June 30, 2008	\$258	\$204
July 1, 2008 through June 30, 2010	264	210
July 1, 2010 through June 30, 2011	270	216
July 1, 2011 through June 30, 2013	276	222
July 1, 2013 through June 30, 2015	282	228
July 1, 2015 through Current	288	234

The normal, early, deferred or disability retirement benefit of an unmarried participant shall be paid in a single life annuity. The retirement benefit of a married participant will be paid as a qualified joint and survivor annuity. In lieu of these two “normal” forms of benefit, a participant may elect an actuarial equivalent form of annuity benefit, subject to certain conditions having been met.

For all participants, retirement benefits are paid to participants or beneficiaries in various forms of joint and survivor annuities, including a lump-sum payment option. If the actuarial equivalent lump sum value of the participant’s vested accrued benefit does not exceed \$10,000, then the participant may elect a distribution in the form of a lump sum, or in any available annuity form. If the actuarial equivalent lump sum value of a participant’s accrued benefit (or the death benefits payable to a beneficiary or surviving spouse) is less than \$5,000, then the actuarial equivalent value is paid in a lump sum to the participant, beneficiary or surviving spouse. If the actuarial equivalent is greater than \$1,000 it is paid as a direct rollover to an individual retirement plan unless the participant elects to receive the distribution in another form. If the actuarial equivalent lump sum value exceeds \$5,000, a distribution will only be processed if the participant consents or is required.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements are presented on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition - The Plan’s investments are fully invested in the Master Trust as of December 31, 2023 and 2022. The Plan’s investment in the Master Trust is presented at fair value, which has been determined based on the fair value of the underlying investments as determined by the Trustee through reference to published data. Common collective trust funds are stated at fair value as determined by the issuer of the common collective trust funds based on the fair market value of the underlying investments. Fees and expenses relating to investment transactions of the Master Trust are allocated by the Trustee to the participating plans based on each plan’s proportionate share of trust assets. Earnings and market adjustments relating to investment transactions of the Master Trust are allocated by the Trustee to the participating plans based on each plan’s specific share of the Master Trust. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment Risk - The Plan provides for investments in various securities. Investment securities are exposed to various risks including, but not limited to, interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Risks and Uncertainties - Plan contributions are made and the actuarial present value of accumulated Plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Administrative Expenses - Substantially all administrative expenses are paid by the Plan. These expenses include Pension Benefits Guaranty Corporation premiums and investment management and Trustee fees.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Use of Estimates - The preparation of financial statements on the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the actuarial present value of accumulated plan benefits and the changes therein. Actual results may differ from these estimates.

3. MASTER TRUST

As of December 31, 2023 and 2022, all of the assets within the Master Trust related to the Plan. The fair value of the net assets held in the Master Trust as of December 31, 2023 and 2022 are as follows.

	2023	2022
Short Term Investment Fund*	\$ 1,355,316	\$ 1,501,631
Common collective trust funds*	157,838,937	160,923,697

Total net assets of the Master Trust	<u>\$ 164,897,819</u>	<u>\$ 162,428,635</u>

*Party-in-interest

Master Trust income for the years ended December 31, 2023 and 2022 is as follows.

	2023	2022
Interest and dividend income	\$ 52,327	\$ 24,630
Net appreciation (depreciation) in fair value of investments	16,413,617	(52,191,203)
Total Master Trust income (loss)	<u>\$ 16,465,944</u>	<u>\$ (52,166,573)</u>

4. FAIR VALUE MEASUREMENTS

In accordance with the Financial Accounting Standards Board's statement on Fair Value Measurements, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets, Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available, and Level 3, which refers to securities valued based on significant unobservable inputs. The Short Term Investment Fund is valued at the unadjusted quoted market prices for the securities. Pending trades are valued at the price of security at the time of the trade. Real estate interest values are determined using model-based techniques that include relative value analysis and discounted cash flow techniques. Common collective trust funds are valued based on the net asset value ("NAV") provided by the administrator of the fund as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investments in units of collective trust funds and short-term investment funds, comprised of cash and money market funds, are valued at their respective published market prices as reported by the funds daily. The following tables set forth the classifications of the Master Trust investments at December 31, 2023 and 2022:

The Mercer Active Long Corporate Fixed Income Portfolio seeks to maximize long term total return by investing on high quality US corporate bonds. The Mercer Opportunistic Fixed Income Portfolio seeks to provide long term total return, which includes capital appreciation and income, by investing in high yield bonds and emerging markets debt. The Mercer Long Strips Fixed Income Portfolio seeks to extend the duration of plan assets by investing in US Treasury STRIPS with a maturity of greater than 20 years.
- d) For 2022 this category includes the Mercer US Core Real Estate Portfolio. The Mercer US Core Real Estate Portfolio seeks to earn attractive risk-adjusted returns on a diversified portfolio of private real estate, by systematically favoring the market segments and opportunities believed to offer the most attractive relative value at a given point in time.

6. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary, Aon Hewitt, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Significant actuarial assumptions used in the valuation as of December 31, 2022 were:

	2022
Assumed rate of return on investments	6.50%
Mortality basis	Pri-2012 Mortality Study, projected generationally from 2012 using Scale MP-2021 as adjusted through 2024
Weighted average retirement age	
Active participants	Age 63
Terminated vested participants	Age 64

The following are the actuarial present values of accumulated plan benefits and changes in accumulated plan benefits as of and for the year ended December 31, 2022:

	2022
Vested Benefits	
Participants and/or beneficiaries currently receiving payments	\$ 109,058,423
Other Participants	47,695,738
Total Vested Benefits	156,754,161
Nonvested Benefits	314,162
Total actuarial present value of accumulated benefits	<u>\$ 157,068,323</u>
Beginning actuarial present value of accumulated plan benefits	\$ 174,146,024
Increase (decrease) during the year attributable to:	
Interest	9,265,950
Benefits accumulated and other	(315,858)
Benefits paid	(11,502,350)
Assumption changes	(14,525,443)
Ending actuarial present value of accumulated plan benefits	<u>\$ 157,068,323</u>

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

7. RELATED-PARTY TRANSACTIONS

Certain Master Trust assets are invested in a money market fund managed by the Trustee. These are not considered prohibited transactions by statutory exemption under ERISA regulations. Fees paid by the Plan for investment management services were included as a reduction of the return earned by the funds. Certain common collective trust funds are managed by a firm related to the Plan's investment advisor, Mercer Investment Management.

8. INCOME TAX STATUS

The Internal Revenue Service issued a determination letter dated April 26, 2017, stating that the Plan was designed in accordance with applicable Internal Revenue Code ("IRC") requirements as of that date. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt for the years ended December 31, 2023 and 2022.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the United States Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES AND CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, the trustee of the Plan, and State Street, the custodian of the common collective trust funds, have certified that the following information included in the accompanying financial statements is complete and accurate:

- Plan interest in Regal Beloit Corporation Master Trust, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Plan interest in net investment income (loss) in Regal Beloit Corporation Master Trust, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- Investment information included in Master Trust.

10. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations there under and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal-age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following table reconciles the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets available for Benefits to the Form 5500.

	As of December 31, 2023

Change in Contributions Receivable	(2,834,000)
Net Increase Per Statement of Changes in Net Assets Available for Benefits	<u>\$ 2,469,184</u>

12. SUBSEQUENT EVENTS

For the year ended December 31, 2023, subsequent events were evaluated through October 11, 2024, the date the financial statements were available to be issued. Plan management is not aware of any additional subsequent events that would require recognition or disclosure in the financial statements.

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Decrement Timing	Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%)
Surviving Spouse Benefit	It is assumed that 85% of males and 85% of females have an eligible spouse, and that males are two years older than their spouses.
Valuation Compensation	2022 Pensionable earnings rolled forward one year with the salary increase assumption
Benefit and Compensation Limits	Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$265,000 and the IRC section 401(a)(17) compensation limit of \$330,000.
Valuation of Plan Assets	Smoothed fair market value of assets over the current and prior eight quarters, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value. A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).
Expected Return on Assets	
2021 Plan Year	6.25%, limited to third segment rate of 6.11%
2022 Plan Year	5.50%
2023 Plan Year	6.50%, limited to third segment rate of 5.74%
Trust Expenses Included in Target Normal Cost	Based on prior year actual plan administrative expenses (excluding PBGC premiums), plus the estimated PBGC premiums for the current year. Total for 2023 is \$2,234,228.

Schedule SB, Part V—Summary of Plan Provisions

The Regal Beloit America, Inc. Pension Plan (formerly known as the RBC Manufacturing Corporation Salaried Employees' Pension Plan) is intended to provide benefits to eligible employees of participating employers upon their retirement or earlier termination of employment and to their spouses or other beneficiaries upon death.

The plan was amended and restated effective January 1, 2013 as a continuation of the RBC Manufacturing Corporation Salaried Employees' Pension Plan and reflects the merger of the following plans with and into such plan, effective midnight on December 31, 2012: (1) the RBC Manufacturing Corporation Lebanon & West Plains Hourly Pension Plan, (2) the RBC Manufacturing Corporation Wausau Hourly Pension Plan, (3) the RBC Manufacturing Corporation Marathon Special Products Hourly Pension Plan, (4) the Unico, Inc. Employees' Pension Plan, (5) the Regal Beloit EPC, Inc. Tipp City Plant Industrial Pension Plan, and (6) the Regal Beloit EPC, Inc. Mt. Sterling Industrial Pension Plan.

The plan, as amended, is effective January 1, 2017, unless a different effective date is specified. This amended plan is a continuation of the Regal Beloit America, Inc. Pension Plan and reflects the merger of the Regal Power Transmissions Solutions Pension Plan and the Retirement Plan Number One for Hourly Employees of McGill Manufacturing Co., Inc., effective midnight on December 31, 2016.

The plan was amended January 7, 2019 to allow for provisions of the divestiture of Unico Inc. such that those participants will no longer participate in the plan. However, Regal Beloit America, Inc. retains all liability and administrative responsibility under Part E of the plan in connection with the divested participants.

The plan was amended November 26, 2019 to provide for the freeze of pay and service accruals for all participants under parts J, K, L and M of the plan effective February 1, 2020. The amendment also provides for immediate vesting of all active participants of these parts of the plan as of February 1, 2020.

Former Salaried Employees' Pension Plan

Original Effective Date January 1, 1982.

Eligibility for Participation Salaried employees of Marathon Electric Manufacturing Corporation, Marathon Special Products Corporation, Marathon Electronics Group, Inc., and each subsidiary or affiliate corporation which adopts the plan and is designated by the Board as an employer.

Participation commences on January 1, 1982, for employees who were participating in a prior plan as of December 31, 1981. All other employees commence participation on the later of December 31, 1981 or the first day of the full pay period following the attainment of age 21 and one year of service.

As of December 31, 2005 this part of the plan was closed to new participants, unless the person had become an employee of the employer on or prior to that date.

Normal Retirement

Eligibility First day of the month coincident with or next following a participant's sixty-fifth birthday.

Benefit A monthly benefit equal to 0.8% of average compensation per year of service plus 0.6% of average compensation in excess of Social Security covered compensation per year of service up to 35 years, divided by 12.

This benefit is subject to a minimum of:

1. The actuarial equivalent of the benefit provided by the participant's account balance in the Profit Sharing Plan if a participant in the Profit Sharing Plan as of December 31, 1981.

or

2. \$15.00 per month per year of service for vested participants.

Early Retirement

Eligibility Age 55 and five years of vesting service.

Benefit A monthly benefit equal to the benefit accrued to early retirement date reduced 0.5% for each month that benefit commencement precedes the participant's normal retirement date.

Regal Beloit America, Inc. Pension Plan
EIN: 39-0449780 PN: 007

Vested Termination Benefit

Eligibility

Five years of vesting service.

Benefit

A monthly benefit on or after age 55 equal to the benefit accrued to date of termination reduced 0.5% for each month that benefit commencement precedes the normal retirement date.

Disability

Eligibility

Immediate.

Benefit

Accrued normal retirement benefit payable upon determination of total and permanent disability.

Preretirement Death Benefit

Eligibility

Active employees with five years of vesting service or age 65 or terminated deferred vested participants.

Benefit

Active Employees

A monthly benefit to a surviving spouse, payable for life, equal to 50% of the benefit the participant would have received had he retired on the date of death with a life annuity payment form. For any participant with a profit sharing account balance on December 31, 1981, a death benefit equal to the remaining profit sharing benefit will be paid to a surviving beneficiary or to the estate of the participant.

Terminated Deferred Vested Employees

A monthly benefit payable to a surviving spouse for life, beginning at the participant's earliest retirement age or date of death if later, equal to 50% of the amount payable if the participant had retired on the later of the earliest retirement age or the date of death with a joint and 50% survivor benefit.

Normal Form of Annuity

Without Spouse

Life annuity.

With Spouse

Joint and survivor annuity actuarially equivalent to the retirement benefit payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50% of reduced benefit continued to surviving spouse.

Disability Eligibility	Age 40 and 20 years of credited service (10 years of credited service for those hired prior to July 1, 1990).
Benefit	Accrued normal retirement benefit payable upon determination of total and permanent disability.
Preretirement Death Benefit Eligibility	Active employees with five years of vesting service or terminated deferred vested participants.
Benefit Active Employees	A monthly benefit payable to a surviving spouse for life, beginning at the participant's earliest retirement age or date of death if later, equal to 50% of the amount payable if the participant had retired on the later of the earliest retirement age or the date of death with a joint and 50% survivor benefit.
Terminated Deferred Vested Employees	A monthly benefit payable to a surviving spouse for life, beginning at the participant's normal retirement age, equal to 50% of the amount payable if the participant had retired on the normal retirement age with a joint and 50% survivor benefit.
Normal Form of Annuity Without Spouse	Single life annuity.
With Spouse	Joint and survivor annuity actuarially equivalent to the retirement benefit payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50% of reduced benefit continued to surviving spouse.
Optional Forms of Annuity	Life annuity, 50% contingent annuitant, 66⅔% contingent annuitant, 75% contingent annuitant, 100% contingent annuitant, 10-year certain and life.
Definitions Service	Vesting and credited service are calculated under the elapsed time method in years and fractional months of employment. Effective December 31, 2016, credited service shall not include any periods of service after December 31, 2016.

Plan Changes Since the Prior Year

The funding, financial accounting, and plan reporting valuations do not reflect any plan changes.

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes:

- A change in the unlimited expected rate of return on assets from 5.50% to 6.50%.
- A change in the retirement rates for active participants to better reflect anticipated future experience as the result of an assumption study for the Regal Salaried, Unico, PTS Appendices, Regal Hourly and Mount Sterling Groups.
- A change in the retirement age assumption for terminated vested participants from an average age of 63 to 62 for the PTS Appendices, McGill and KopFlex Groups.
- A change in the withdrawal rates to better reflect anticipated future experience as the result of an assumption study.
- A change in the optional payment form election percentage to better reflect anticipated future experience as the result of an assumption study.

These changes were made to better reflect the anticipated plan experience and did not reduce the funding shortfall; as such, approval by the Commissioner is not required.

Schedule SB Attachment (Form 5500)—2023 Plan Year
Regal Beloit America, Inc. Pension Plan
EIN: 39-0449780 PN: 007

Decrement Timing	Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%)
Surviving Spouse Benefit	It is assumed that 85% of males and 85% of females have an eligible spouse, and that males are two years older than their spouses.
Valuation Compensation	2022 Pensionable earnings rolled forward one year with the salary increase assumption
Benefit and Compensation Limits	Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$265,000 and the IRC section 401(a)(17) compensation limit of \$330,000.
Valuation of Plan Assets	Smoothed fair market value of assets over the current and prior eight quarters, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value. A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).
Expected Return on Assets	
2021 Plan Year	6.25%, limited to third segment rate of 6.11%
2022 Plan Year	5.50%
2023 Plan Year	6.50%, limited to third segment rate of 5.74%
Trust Expenses Included in Target Normal Cost	Based on prior year actual plan administrative expenses (excluding PBGC premiums), plus the estimated PBGC premiums for the current year. Total for 2023 is \$2,234,228.
Actuarial Method	Standard unit credit cost method
Valuation Date	January 1, 2023

Schedule SB, Part V—Summary of Plan Provisions

The Regal Beloit America, Inc. Pension Plan (formerly known as the RBC Manufacturing Corporation Salaried Employees' Pension Plan) is intended to provide benefits to eligible employees of participating employers upon their retirement or earlier termination of employment and to their spouses or other beneficiaries upon death.

The plan was amended and restated effective January 1, 2013 as a continuation of the RBC Manufacturing Corporation Salaried Employees' Pension Plan and reflects the merger of the following plans with and into such plan, effective midnight on December 31, 2012: (1) the RBC Manufacturing Corporation Lebanon & West Plains Hourly Pension Plan, (2) the RBC Manufacturing Corporation Wausau Hourly Pension Plan, (3) the RBC Manufacturing Corporation Marathon Special Products Hourly Pension Plan, (4) the Unico, Inc. Employees' Pension Plan, (5) the Regal Beloit EPC, Inc. Tipp City Plant Industrial Pension Plan, and (6) the Regal Beloit EPC, Inc. Mt. Sterling Industrial Pension Plan.

The plan, as amended, is effective January 1, 2017, unless a different effective date is specified. This amended plan is a continuation of the Regal Beloit America, Inc. Pension Plan and reflects the merger of the Regal Power Transmissions Solutions Pension Plan and the Retirement Plan Number One for Hourly Employees of McGill Manufacturing Co., Inc., effective midnight on December 31, 2016.

The plan was amended January 7, 2019 to allow for provisions of the divestiture of Unico Inc. such that those participants will no longer participate in the plan. However, Regal Beloit America, Inc. retains all liability and administrative responsibility under Part E of the plan in connection with the divested participants.

The plan was amended November 26, 2019 to provide for the freeze of pay and service accruals for all participants under parts J, K, L and M of the plan effective February 1, 2020. The amendment also provides for immediate vesting of all active participants of these parts of the plan as of February 1, 2020.

Former Salaried Employees' Pension Plan

Original Effective Date January 1, 1982.

Eligibility for Participation Salaried employees of Marathon Electric Manufacturing Corporation, Marathon Special Products Corporation, Marathon Electronics Group, Inc., and each subsidiary or affiliate corporation which adopts the plan and is designated by the Board as an employer.

Participation commences on January 1, 1982, for employees who were participating in a prior plan as of December 31, 1981. All other employees commence participation on the later of December 31, 1981 or the first day of the full pay period following the attainment of age 21 and one year of service.

As of December 31, 2005 this part of the plan was closed to new participants, unless the person had become an employee of the employer on or prior to that date.

Normal Retirement
Eligibility

First day of the month coincident with or next following a participant's sixty-fifth birthday.

Benefit

A monthly benefit equal to 0.8% of average compensation per year of service plus 0.6% of average compensation in excess of Social Security covered compensation per year of service up to 35 years, divided by 12.

This benefit is subject to a minimum of:

1. The actuarial equivalent of the benefit provided by the participant's account balance in the Profit Sharing Plan if a participant in the Profit Sharing Plan as of December 31, 1981.

or

2. \$15.00 per month per year of service for vested participants.

Early Retirement
Eligibility

Age 55 and five years of vesting service.

Benefit

A monthly benefit equal to the benefit accrued to early retirement date reduced 0.5% for each month that benefit commencement precedes the participant's normal retirement date.

Schedule SB Attachment (Form 5500)—2023 Plan Year
Regal Beloit America, Inc. Pension Plan
EIN: 39-0449780 PN: 007

Vested Termination Benefit

Eligibility

Five years of vesting service.

Benefit

A monthly benefit on or after age 55 equal to the benefit accrued to date of termination reduced 0.5% for each month that benefit commencement precedes the normal retirement date.

Disability

Eligibility

Immediate.

Benefit

Accrued normal retirement benefit payable upon determination of total and permanent disability.

Preretirement Death Benefit

Eligibility

Active employees with five years of vesting service or age 65 or terminated deferred vested participants.

Benefit

Active Employees

A monthly benefit to a surviving spouse, payable for life, equal to 50% of the benefit the participant would have received had he retired on the date of death with a life annuity payment form. For any participant with a profit sharing account balance on December 31, 1981, a death benefit equal to the remaining profit sharing benefit will be paid to a surviving beneficiary or to the estate of the participant.

Terminated Deferred Vested Employees

A monthly benefit payable to a surviving spouse for life, beginning at the participant's earliest retirement age or date of death if later, equal to 50% of the amount payable if the participant had retired on the later of the earliest retirement age or the date of death with a joint and 50% survivor benefit.

Normal Form of Annuity

Without Spouse

Life annuity.

With Spouse

Joint and survivor annuity actuarially equivalent to the retirement benefit payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50% of reduced benefit continued to surviving spouse.

Schedule SB Attachment (Form 5500)—2023 Plan Year
Regal Beloit America, Inc. Pension Plan
EIN: 39-0449780 PN: 007

Optional Forms of Annuity	Life annuity, 10-year certain and life, 50% contingent annuitant, 75% contingent annuitant, 100% contingent annuitant, lump sum (if present value at commencement is less than \$10,000). Additionally, participants eligible for a profit sharing benefit may elect a lump sum with annuity, or an installment with annuity option.
Definitions	
Actuarial Equivalence	7% interest and 1971 Group Annuity Mortality Table weighted 80% male and 20% female.
Compensation	Base salary or wages before deductions plus commissions.
Average Compensation	Average of compensation for the five consecutive calendar years for which compensation was highest out of the 10 calendar years preceding termination.
Prior Plan	The Marathon Electric Profit Sharing Retirement Plan and/or the Retirement Plan for Salaried Non-Exempt Employees of Marathon Electric Manufacturing Corporation. Any participant who was a participant in the Profit Sharing Plan has a profit sharing benefit which consists of the balance of his account under the Profit Sharing Plan as of December 31, 1981, plus interest compounded at 7% annually.
Service	Years and fractional months of employment rounded to the next highest twelfth. For groups acquired by Regal Rexnord service prior to the acquisition date is granted for vesting purposes, but benefit service will not include service prior to the acquisition date. Effective January 1, 2009, a participant with less than 25 years of vesting service as of December 31, 2008 shall not accrue additional benefit service.
Social Security Covered Compensation	The average (without indexing) of the Social Security wage bases in effect for each calendar year during the 35-year period ending with the last day of the calendar year in which Social Security retirement age is attained. Covered compensation for a participant whose benefit service is frozen as of December 31, 2008 shall be his or her covered compensation as determined on December 31, 2008.

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes:

- A change in the unlimited expected rate of return on assets from 5.50% to 6.50%.
- A change in the retirement rates for active participants to better reflect anticipated future experience as the result of an assumption study for the Regal Salaried, Unico, PTS Appendices, Regal Hourly and Mount Sterling Groups.
- A change in the retirement age assumption for terminated vested participants from an average age of 63 to 62 for the PTS Appendices, McGill and KopFlex Groups.
- A change in the withdrawal rates to better reflect anticipated future experience as the result of an assumption study.
- A change in the optional payment form election percentage to better reflect anticipated future experience as the result of an assumption study.

These changes were made to better reflect the anticipated plan experience and did not reduce the funding shortfall; as such, approval by the Commissioner is not required.
