INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Johnson Regional Medical Center 401(K) Plan
Clarksville, Arkansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Johnson Regional Medical Center 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended, December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Johnson Regional Medical Center 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Members: American Institute of Certified Public Accountants • Arkansas Society of Certified Public Accountants

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Johnson Regional Medical Center 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Johnson Regional Medical Center 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Johnson Regional Medical Center 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Johnson Regional Medical Center 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that

agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JOHNSON REGIONAL MEDICAL CENTER
401K PLAN
Notes to Financial Statements
December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Johnson Regional Medical Center 401(K) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Johnson Regional Medical Center who have sixty days of service. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute between 1% and 100% of their salary, subject to the maximum amount permitted by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, an insurance investment contract, and a personal choice retirement account as investment options for participants. The Plan provides for employer matching contributions in an amount equal to 50% of the first 2% of the employee contributions up to a maximum of 1% of compensation for participants meeting eligibility requirements. The Plan also allows the employer to make an additional discretionary matching contribution to be determined annually by the board of directors.

Participant Accounts - Each participant's account is credited with the participant's contributions, allocations of JRMC's matching contributions, and Plan earnings. Plan earnings are credited to participant accounts based on account investments. Administrative expenses of the Plan are paid by JRMC, but each participant account is charged a plan service fee which is based on account balances and deducted on a quarterly basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in JRMC's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 2% above the prime rate at the time of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive the vested balance in his or her account as a lump-sum payment, in installment payments, or as a joint and survivor annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum payment, in installment payments, or as a joint and survivor annuity, subject to certain restrictions.

Forfeited Accounts - At December 31, 2023 and 2022, forfeited nonvested accounts totaled $3,779 and $2,373, respectively. These amounts will be used to reduce future employer contributions.

Amendments – The Plan was amended and restated effective January 01, 2021. This amendment and restatement had no effect on benefits and net assets. There were no significant amendments to the plan during 2023.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value (except the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of Fair Value Measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Excess Contributions – Contributions in excess of amounts allowed by the IRS for 2023 totaled $16,363. The Plan distributed these excess contributions to the applicable participants prior to March 15, 2024.

Payment of Benefits – Distribution requests are processed the day they are received. Benefits are recorded when paid.

Plan Expenses – Certain expenses of maintaining the Plan are paid directly by JRMC and are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Participant accounts are charged an administrative fee which is deducted from account balances on a quarterly basis. Investment related expenses are included in net appreciation of fair value investments.

NOTE 3 – INVESTMENTS

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Act of 1974, the following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by State Street Bank, trustee of the Plan and Transamerica Financial Life Insurance Company (TFLIC), an insurance company holding assets in their general account.

	2023	2022
Investments, at fair value	$8,567,912	$6,980,349
Investments, at contract value	2,214,269	2,381,753
Interest & dividends from investments	197,433	168,583
Capital gains	93,529	215,480
Net appreciation/(depreciation) in fair value of investments	975,824	(2,088,282)

During 2023, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated or depreciated in value as shown on the following table. Investment income or loss, exclusive of the net appreciation or depreciation, is also shown below.

	Appreciation/ (Depreciation)	Investment Income	Total
Mutual Funds	$ 975,824	$ 247,694	$ 1,223,518
TFLIC Fixed Account	-	43,268	43,268
Total	$ 975,824	$ 290,962	$ 1,266,786

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted market prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted market prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-ended mutual funds that are registered by the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Fair Value Measurments at December 31, 2023			
	Quoted Prices in Active Markets of Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	(Level 3)	Total
Mutual Funds	$ 8,567,912	$ -	$ -	$ 8,567,912

	Fair Value Measurments at December 31, 2022			
	Quoted Prices in Active Markets of Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	(Level 3)	Total
Mutual Funds	$ 6,980,349	$ -	$ -	$ 6,980,349

NOTE 5 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2006, the Plan entered into a traditional fully benefit-responsive investment contract with Transamerica Financial Life Insurance Company (TFLIC) totaling $2,214,269 at December 31, 2023 and $2,381,723 at December 31, 2022. TFLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. TFLIC guarantees that interest will be credited to the fund at a rate or rates determined by TFLIC as appropriate to this contract. Interest rates are declared quarterly for new deposits received during that quarter and are guaranteed for the balance of that calendar year. Renewal rates are declared annually on a calendar year basis for existing assets. The average yield and crediting interest rates were 1.99% and 1.70% for 2023 and 2022 respectively.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TFLIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative

expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The Plan may suspend the contract by giving written notice to TFLIC. TFLIC may suspend the contract by giving written notice if: 1) the Plan does not comply with requirements of Section 401(a) or 403(a) of the Code or of ERISA, or; 2) deposits are not received by TFLIC on a timely basis, or; 3) TFLIC can no longer provide benefits under this contract because of a change in the Plan, or; 4) TFLIC is advised that the service agent, Transamerica Retirement Solutions Corporation, has received notice or has given notice that it will no longer be providing recordkeeping and administrative services to the Plan, or; 4) the employer (JRMC) files a petition for bankruptcy.

Upon suspension of the contract by the Plan, one of the following options may be elected: Option 1 – All provisions of the contract remain in full force and effect until all of the contract assets are depleted. Option 2 – The total assets of the contract are used to provide each participant with an annuity benefit based upon the participants account value. Option 3 – Transfer of the fund balance to a successor funding agent designated by the Plan. A transfer of a single lump sum balance would incur a 5% withdrawal charge to the Plan by TFLIC.

If TFLIC suspends the contract, the transfer will be made in a single lump sum balance which would incur the 5% withdrawal charge. The Plan administrator does not believe that any events that would limit the Plan's ability to execute transactions at contract value are probable of occurring.

NOTE 6 – RELATED PARTY TRANSACTIONS

State Street Bank and Trust is the trustee as defined by the Plan. Any transactions with State Street Bank and Trust qualify as party in interest transactions.

Transamerica Retirement Solutions Corporation (TRSC) provides recordkeeping and administrative services to the Plan and, therefore, transactions with TRSC qualify as party in interest transactions.

Effective July 17, 2006, TRSC provides certain administrative services to the Plan pursuant to a Pension Services agreement (PSA) between JRMC and TRSC. TRSC receives revenue from mutual fund service providers for services TRSC provides to the funds. This revenue is used to offset certain amounts owed to TRSC for its administrative services to the Plan.

If the revenue received by TRSC from such mutual fund service providers exceeds the amount owed under the PSA, TRSC remits the excess to the Plan's trust. Such amounts are allocated to the participants as part of the total gain/(loss) on mutual funds. During 2023 and 2022, excess amounts allocated totaled $0 and $5,138, respectively.

Notes Receivable from participants are based on criteria set forth in the Plan. Notes Receivable from participants at December 31, 2023 and 2022 were $116,845 and $114,341, respectively. Contributions received from participants at December 31, 2023 and 2022 were $719,710 and $673,293, respectively. Excess contributions refunded to participants were $11,223 in 2023 and $9,980 in 2022. Transactions with participants qualify as party in interest transactions.

Johnson Regional Medical Center is the plan sponsor. Contributions received from JRMC during December 31, 2023 and 2022 were $121,270 and $103,613 respectively. These transactions qualify as party in interest transactions.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Johnson Regional Medical Center has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 – TAX STATUS

Johnson Regional Medical Center has adopted the Transamerica Retirement Solutions Corporation Volume Submitter 401(k) Plan. The IRS has determined and informed Transamerica Retirement Solutions Corporation by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level associated with certain investment securities, it is a least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – OPERATIONAL ERRORS

During 2021, there were bonuses paid related to the Covid-19 pandemic. These bonuses were paid separately from the regular payroll checks. These payrolls did not have the designated 401(k) deductions withheld as required by the Plan document. These errors qualify for correction and will be corrected utilizing the Voluntary Fiduciary Correction Program (VFCP). The dollar amount of these errors is unknown at the time of this report.

NOTE 11 – DELINQUENT PARTICIPANT CONTRIBUTIONS

For the years 2023 and 2022 certain participant contributions were remitted late to the Plan. These violations will be corrected using the Voluntary Fiduciary Correction Program (VFCP). The Plan Sponsor has remitted all contributions to the plan as of the date of this report and will reimburse the plan for any lost earnings. The amount of lost earnings to be remitted is unknown at this time.

NOTE 12 – SUBSEQUENT EVENTS

Subsequent events were evaluated through October 14, 2024, which is the date the financial statements were available to be issued.
