INDEPENDENT AUDITORS' REPORT

To the 401(k) Committee of
Embark Consulting, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Embark Consulting, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting; and
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of a Matter — Basis of Accounting

We draw attention to Note 2 of the financial statements which describe the basis of accounting. The financial statements and supplemental information are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (“GAAP”). Our opinion is not modified with respect to that matter.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management’s election of the ERISA Section 103(a)(3)(C) audits does not affect plan management’s responsibility for the financial statements.

In preparing the financial statements, plan management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Plan management is responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Information Required by ERISA

The supplemental information as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

EMBARC CONSULTING, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
MODIFIED CASH BASIS
December 31, 2023 and 2022

1. DESCRIPTION OF PLAN

The following description of the Embark Consulting, LLC (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have attained age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The 401(k) Committee is responsible for oversight of the Plan.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan’s document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary matching contribution and a discretionary profit-sharing contribution. Employer matching contributions are equal to a discretionary percentage of a participant’s elective deferrals up to six percent of their eligible wages. In 2023, the Company elected to match 50 percent employee elective deferrals up to six percent of eligible wages. For the year ended December 31, 2023, the Company did not make any discretionary profit sharing contributions. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Company’s discretionary contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on specific participant transactions, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after four years of credited service; however, a participant shall become fully vested upon reaching their early retirement date, death, or disability, as defined by the Plan’s document.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant’s account. The loans bear interest at one percent above the Prime Rate published in the Wall Street Journal on the first business day of the month the loan is originated. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant with vested interest in his or her account greater than \$5,000 can elect a lump sum distribution, a direct rollover into another qualified plan, or receive installments. Participants with vested interest greater than \$1,000, but less than \$5,000 can elect a lump sum distribution or a direct rollover into an individual retirement account owned by the participant. Participants with vested interest less than \$1,000 will automatically receive a single lump sum payment.

Forfeited Accounts

As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$57,027 and \$20,602, respectively. These accounts can be used to reduce future employer contributions or to offset plan expenses. For the year ended December 31, 2023, the Company used \$20,328 in forfeitures to reduce employer contributions and \$43,977 to pay Plan administrative expenses.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America and is an acceptable method of reporting under Department of Labor (“DOL”) regulations. The modified cash basis of accounting utilizes the cash basis of accounting while carrying investments at fair value and recording investment income (loss) on the accrual basis. Consequently, contributions are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) committee determines the Plan’s valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits

Benefits are recorded when paid.

Corrective Distributions

Amounts payable to participants for contributions in excess of amounts allowed by the Plan’s provisions are recorded as corrective distributions when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefits paid to participants and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Concentrations

The following table presents investments that represent 10 percent or more of the Plan's net assets available for benefits as of December 31, 2023 and 2022:

	2023	2022
Fidelity 500 Index	\$ 5,693,070	\$ 2,827,927
Fidelity Freedom Index 2060 Investor	\$ 4,597,953	\$ 2,018,293
Fidelity Freedom Index 2055 Investor	\$ 4,120,746	\$ 2,144,288

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Empower Trust Company, LLC, and Empower Annuity Insurance Company of America (collectively, "Empower") have certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate as of December 31, 2023 and 2022, and for the year ended December 31, 2023.

	2023	2022
Investments at fair value	\$ 25,932,400	\$ 13,223,629
Investment at contract value	\$ 184,025	\$ 125,005
Notes receivable from participants	\$ 5,923	\$ 10,757
Net appreciation in fair value of investments	\$ 3,093,349	
Dividends	\$ 477,953	
Interest and other income	\$ 3,986	
Interest income on notes receivable from participants	\$ 531	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Registered investment companies: Valued daily at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2023 and 2022:

Investments at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 25,932,400	\$ -	\$ -	\$ 25,932,400
Total investments at fair value	<u>\$ 25,932,400</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 25,932,400</u>

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 13,223,629	\$ -	\$ -	\$ 13,223,629
Total investments at fair value	<u>\$ 13,223,629</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,223,629</u>

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan participates in a traditional benefit-responsive insurance company general account, Empower Investments Fixed Account – Series VI, with Empower Annuity Insurance Company of America ("Empower Insurance") for the year ended December 31, 2023 and 2022. Contract value, as reported to the Plan by Empower Insurance, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of contract issues or otherwise. The contract value of the insurance company general account as of December 31, 2023 and 2022, totals \$184,025 and \$125,005, respectively. The guaranteed interest rate is based upon a formula agreed upon with the issuer, but it may not be less than .05 percent. The guaranteed interest rate is reset on an annual basis.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents, (2) changes to the Plan's prohibition on competing investment options or deletion of equity was provisions, (3) bankruptcy of the Company or other company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the

trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Plan management does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The insurance company general account does not permit the insurance company to terminate the contract prior to the scheduled maturity date.

6. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by Empower. Empower is the trustee and custodian as defined by the plan document and, therefore, these transactions qualify as party in interest transactions which are exempt from the prohibited transaction rules. Fees incurred by the Plan for investment management services are included in investment income and net appreciation in fair value of investments. Fees incurred by the Plan for custodial services are paid for by the Company and are not reflected in these financial statements.

Plan transactions and records are administered by Empower. Empower is the record-keeper as defined by the plan document and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for these administrative services are included in both administrative expenses paid for by the Company and/or deducted from participant accounts.

Empower Advisory Group, LLC ("EAG") provides investment advisory services to the Plan. EAG is the Plan's investment advisor and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment advisory services are paid for by the Company and are not reflected in these financial statements.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 vested in their employer contributions.

8. TAX STATUS

Plan management adopted a prototype plan offered by Empower. The IRS has determined and informed Empower by a letter dated November 14, 2022, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC").

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financials any potential impact to the Plan, and recognize a tax liability at the Company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefit per the financial statements to the Form 5500 as of December 31, 2023 and 2022, and for the year ended December 31, 2023:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financials	\$ 26,122,348	\$ 13,359,391
Deemed distributed loans	<u>(2,062)</u>	<u>-</u>
Total net assets available for benefits per the Form 5500	<u><u>\$ 26,120,286</u></u>	<u><u>\$ 13,359,391</u></u>
Net increase in net assets per the financial statements	12,762,957	
Deemed distributed loans	<u>(2,062)</u>	
Net increase in net assets per Form 5500	<u><u>12,760,895</u></u>	

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

11. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 11, 2024, the date the financial statements were available to be issued, and determined there were no items to disclose.
