INDEPENDENT AUDITORS' REPORT

To the Trustees of
The Thompson Organization 401K Incentive Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of The Thompson Organization 401K Incentive Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Thompson Organization 401K Incentive Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the accompanying 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Thompson Organization 401K Incentive Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Thompson Organization 401K Incentive Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Thompson Organization 401K Incentive Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Thompson Organization 401K Incentive Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2023 Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held For Investment Purposes At End of Year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a) (3) (C).

THE THOMPSON ORGANIZATION 401K INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF PLAN

The following description of The Thompson Organization 401K Incentive Savings Plan provides only general information. Participants should refer to the plan agreement for a more complete description of plan provisions.

A. General

The Plan was started on January 1, 1978 as a defined contribution profit-sharing plan covering all employees of the Thompson Organization (based in Doylestown, Pennsylvania) who have completed one year of service. The Plan was amended to add 401(K) savings provisions as of January 1, 1991. Effective March 21, 2022, the service requirement was reduced to 90 days for employer match. The Plan document was fully restated on April 1, 2016 to encompass all the aforementioned changes. The companies representing the Thompson Organization are primarily engaged in the retail sale of new and used motor vehicles. The participating employers include Thompson Toyota (plan sponsor), Thompson Lexus of Doylestown, Thompson BMW and Lexus of Willow Grove. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

A participant's contribution is limited to a certain dollar limit set by law. The companies make matching contributions equal to 25% of the participants' contributions, which are subject to a 4% limitation, based on gross compensation. Employees were required to have completed 1,000 hours of service for matching prior to restatement. The companies may make discretionary annual profit sharing contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or defined contribution plans.

C. Forfeitures

Amounts from forfeited non-vested accounts are applied to reduce employer contributions. Forfeitures of \$5,941 and \$6,100 were used to reduce employer's contributions in 2023 and 2022, respectively. There were no unused forfeitures as of December 31, 2023 and 2022.

D. Participant Accounts

A participant's account is credited in each week with contributions, forfeitures of non-vested accounts, and earnings, net of administrative contract fees. Allocations of earnings and fees are based on participant account balances in the investment funds. Any profit sharing contribution is allocated based on a participant's relative compensation. The benefit to which a participant is entitled is that which can be provided from the participant's vested account.

THE THOMPSON ORGANIZATION 401K INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF PLAN

E. Vesting

Participants are immediately vested for their contributions and the plan earnings attributed to their contributions. Company contributions are vested for employees in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Interest Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

F. Investment Options

Currently participants have investment options, all participant-directed, in mutual funds with various investment strategies and managers. These funds are invested in domestic and foreign bonds, equity securities and other portfolio products.

G. Payment of Benefits

Participants are eligible for distributions after employment termination, death, disability or retirement, as defined. All distributions are to be made in one lump-sum equal to the value of the participants vested account balance. At retirement, the Plan reserves the right to pay out in one lump-sum a participant's account that is less than or equal to \$5,000.

2. SUMMARY OF ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements are prepared under the accrual method of accounting, except for benefit payments, which are reflected on a cash basis.

B. Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's realized gains and

B. Investments (continued)

losses on investments bought and sold, as well as unrealized gains/losses held during the year. Realized gains/losses are recognized using the average cost method.

C. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

D. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, income, contributions and expenses and required disclosures. Accordingly, actual results may differ from those estimates.

E. Payment of Benefits

Benefits are recorded when paid.

F. Risk and Uncertainties

The Plan invests in a variety of investment funds. Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

G. Subsequent Events

Management has evaluated subsequent events for potential adjustments and disclosures, according to FASB ASC 855-10, after December 31, 2023 and through October 11, 2024, on which date the financial statements were available for issuance.

3. INVESTMENTS CERTIFIED BY TRUSTEE

Certain information related to investment and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental schedule, including the balances of these assets held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants in the year ended December 31, 2023 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan.

4. FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

*Quoted prices for similar assets or liabilities in active markets.

*Quoted prices for identical assets or liabilities in inactive markets.

*Inputs other than quoted prices that are observable for the asset or liability; and

*Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

See independent auditors' report.

THE THOMPSON ORGANIZATION 401K INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

4. FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies using a market approach for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: Valued at the net asset value (NAV) of the underlying assets held by the trusts at year-end.

Pooled Separate Accounts: A special account established by an insurance company solely for the purpose of investing in the assets of one or more plans. Funds in a separate account are not commingled with other assets of the insurance company for investment purposes. A separate account may be an individual separate account or pooled separate accounts.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2023 and 2022.

Assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. PARTICIPANT LOANS

Loans to participants, the amounts of which were certified by the trustee at the respective year ends, are permitted transactions from trust fund assets. Loans must be approved by the trustee and the plan administrator upon written application of the participant. The security for the loan must be adequate in the opinion of the trustee. The loan is limited to the lesser of \$50,000 or 50% of the participant's vested balance. Principal and interest, at rates ranging from 4.25% to 9.50% per annum, are paid ratably through payroll deductions.

See independent auditors' report.

6. ADMINISTRATIVE EXPENSES

Administrative expenses are primarily charged to the Plan for record keeping, trustee and investment advisor fees. Other expenses incurred by the Plan for accounting and other administration fees are paid by the plan sponsor.

The amounts paid by the Plan in 2023 were as follows:

Contract administrator fees	\$ 85,685
Investment advisory fees	<u>90,323</u>
	<u>\$176,028</u>

7. DEFERRED BENEFITS PAYABLE

At December 31, 2023 and 2022, there were approximately \$11,538,223 and \$9,107,248, respectively, in deferred benefits for individuals who had withdrawn from participation in the Plan. These amounts were included in the net assets available for benefits.

8. PLAN TERMINATION

The plan sponsor expects to continue the Plan indefinitely, but reserves the right to terminate or amend it. In the event of termination, participants are entitled to receive 100 percent of the amount of their account balances.

9. RELATED PARTY TRANSACTIONS

Certain plan investments are units of common/collective trusts with mutual fund shares managed by Principal Trust Company, the trustee of the Plan. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to the trustee for management and other services totaled \$85,685 for the year ended December 31, 2023.

10. TAX STATUS

The Internal Revenue Service had determined and informed the plan sponsor by a determination letter, dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Code. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by federal authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing authorities. However, there are currently no audits in progress for any tax periods.

See independent auditors' report.
