The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 (in liquidation) and 2022 (in liquidation), the related statement of changes in net assets available for benefits for the years ended December 31, 2023 (in liquidation) and 2022 (in liquidation), and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis

As discussed in Notes 1 and 6 to the financial statements, the Board of Directors of Spirit AeroSystems Holdings, Inc., the Plan's sponsor, voted on July 18, 2022 to terminate the Plan effective September 30, 2022, and management determined liquidation is imminent. As a result, the Plan is presenting the 2023 and 2022 financial statements on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PENSION VALUE PLAN A**

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Spirit AeroSystems Holdings, Inc. Pension Value Plan A (Plan or Plan A) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information. The Retirement Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

General - On June 17, 2005, Spirit AeroSystems, Inc. (Company or Sponsor), a subsidiary of Spirit AeroSystems Holdings, Inc. acquired certain assets and assumed certain liabilities of The Boeing Company (Boeing). As part of the acquisition, the Company also assumed the liabilities of several qualified defined benefit pension plans.

The Plan covers employees who had accrued a benefit in the comparable Boeing plan as of June 16, 2005, were hired by the Company on June 17, 2005, and did not retire from Boeing by August 1, 2005. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Significant Plan Amendment - On July 18, 2022, the Board of Directors of the Company adopted a resolution to terminate Plan A effective September 30, 2022.

Pension Benefits - Prior to termination of the Plan, participants with five or more years of service were entitled to monthly pension benefits beginning at normal retirement age (65) except for the Pension Value Plan (Sub-Plan #4), which allowed for pension benefits after three years of service. Upon retirement, the amount of benefits under the Plan was determined based on the heritage plan under which the participant was merged into the Plan as follows:

- Employee Retirement Plan for IAM Employees (Sub-Plan #1) - the highest amount determined based upon three different computations: 1) Basic Benefit, 2) Complement Benefit, or 3) Final Average Benefit.
- Employee Retirement Plan for IBEW, WEU and WTPU Employees (Sub-Plan #2) - the highest amount determined based upon three different computations: 1) Basic Benefit, 2) Complement Benefit, or 3) Final Average Benefit.
- Employee Retirement Plan for UAW Employees (Sub-Plan #3) - \$52 per year of benefit service.
- Pension Value Plan (Sub-Plan #4) - the highest amount determined based upon two different computations: 1) Credit-based Benefit (including Final Average Benefit, plus annual benefit interest credits), and 2) Minimum Benefit.

In general, the Plan provided for benefits to begin on the first day of the month on or after the participant's 65th birthday, with various options for early retirement or death. The Plan's normal form of benefit for a single participant is a Straight Life Annuity. For a married participant in Sub-Plan #1, Sub-Plan #2 or Sub-Plan #4, the Plan provides for a 50%, 75%, or 100% Joint and Survivor Annuity, respectively, providing a lifetime benefit payable to the participant.

**SPIRIT AEROSYSTEMS HOLDINGS, INC.
PENSION VALUE PLAN A**

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN (CONTINUED)

For a married participant in the Sub-Plan #3, the Plan provides a 55% or 75% Joint and Survivor Annuity providing a lifetime benefit payable to the participant. Participants may elect to receive a lump-sum distribution of their cash account upon retirement or termination if balances are less than \$5,000.

Death Benefits - Prior to termination of the Plan, if an active participant in Sub-Plan #1, Sub-Plan #2 or Sub-Plan #4 died at age 55 or older, a death benefit equal to the value of the participant's accumulated pension benefits is paid to the participant's eligible surviving spouse as a 100% Surviving Spouse Annuity. If the active participant died before age 55, the benefit will be paid to the participant's eligible surviving spouse as a 50% Joint and Survivor Annuity. If an active participant in the Sub-Plan #3 died, a death benefit equal to the value of the participant's accumulated pension benefits was paid to the participant's eligible surviving spouse as a 55% Joint and Survivor Annuity.

Disability Benefits - Prior to termination of the Plan, active participants in Sub-Plan #1, Sub-Plan #2 or Sub-Plan #3, who become totally disabled, receive disability benefits that are equal to the normal retirement benefits that they have accumulated as of the time they become disabled. Disability benefits are paid until normal retirement age, at which time, disabled participants begin receiving normal retirement benefits computed as though they had been employed to normal retirement age. Active participants in Sub-Plan #4 are not offered any disability benefits under the Plan.

Vesting and Benefit Service - All participants are fully vested. Participants began accumulating vesting service during employment at Boeing (or its predecessors) and continue to earn additional vesting service during employment at the Company. Benefit service is part of the benefit formula used to calculate the minimum benefit under the Plan. Benefit service was frozen as of June 16, 2005; participants do not earn additional benefit service during employment with the Company. Prior to June 17, 2005, participants earned benefit service from the later of the date they were hired by Boeing or transferred into a specific Plan.

Funding Policy - The Company's funding policy is to make periodic contributions to the Plan as determined by the Plan's actuary. No employee contributions are permitted. Due to the funded status of the Plan, no contributions were made in 2023 or 2022.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates - Due to the decision to terminate the Plan during 2022, management determined that liquidation of the Plan is imminent and the financial statements for 2023 and 2022 have been prepared using the liquidation basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates. The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial

SPIRIT AEROSYSTEMS HOLDINGS, INC.
PENSION VALUE PLAN A

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

assumptions used could significantly change the amount of the actuarial present value of accumulated Plan benefits reported in the accompanying financial statements.

Valuation of Investments and Income Recognition - All investments in the 2023 and 2022 Statement of Net Assets Available for Benefits are reported at liquidation value. For all investments, fair value approximates the amount the Plan expects to collect at liquidation. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors. The purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investment purchases and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated Plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' years of credited service. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included to the extent they are deemed attributable to employee service rendered to the valuation date.

As the Plan financial statements are prepared using the liquidation basis of accounting, the actuarial present value of accumulated plan benefits is based on the Plan termination liability remaining at year end and was approximately \$0 and \$498,000,000 as of December 31, 2023 and 2022, respectively. All Plan benefits were fully vested. This amount was determined as of the end of the Plan year and based on the assumptions that the Plan was terminating, and liquidation was determined to be imminent. Previously, the actuarial present value of accumulated plan benefits was determined as of the beginning of the plan year using going concern assumptions. Due to the Plan termination, and determination that liquidation was imminent, the valuation date and assumptions were changed.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan Document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events - These financial statements considered subsequent events through October 11, 2024, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE BANK OF NEW YORK MELLON / BNY MELLON, N.A. (UNAUDITED)

The following is a summary of the information as of December 31, 2023 and 2022, and for the years then ended, included throughout the Plan's financial statements and supplemental schedules that was prepared by or derived from information provided by The Bank of New York Mellon / BNY Mellon, N.A. (BNY Mellon), a qualified institution, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from BNY Mellon that information provided to the Plan Administrator by BNY Mellon related to the following is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information below, the fair values in Note 4, and the fair values in the supplemental schedules related to the following assets:

	<u>2023</u>	<u>2022</u>
Investments at fair value:		
Commingled equity and bond funds	<u>\$ 1,421,526</u>	<u>\$ 669,611,582</u>
 Accrued interest and dividends receivable	 <u>\$ 25,693</u>	 <u>\$ 737,031</u>

BNY Mellon also certified to the completeness and accuracy of \$27,036,389 and (\$215,120,623) of net change in fair value of investments and interest and dividends of \$2,493,920 and \$5,488,917 for the years ended December 31, 2023 and 2022, respectively.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The following describes three levels of input that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

**SPIRIT AEROSYSTEMS HOLDINGS, INC.
PENSION VALUE PLAN A**

NOTES TO FINANCIAL STATEMENTS

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Commingled Equity and Bond Funds (including Cash Equivalents) - These investments are valued at the closing price reported by BNY Mellon. These investments are not being traded in an active market, but are backed by various investment securities managed by BNY Mellon. Fair value is being calculated using inputs that rely on BNY Mellon's own assumptions which are based on underlying investments traded on an active market.

The Plan's financial instruments that are valued on a recurring basis in accordance with the above fair value hierarchy is as follows (there are no Level 1 or 3 assets):

		Fair Value as of December 31, 2022	
		Level 2	Fair Value (Unaudited)
Investments:			
*Commingled equity and bond funds		\$ 1,421,526	\$ 1,421,526
		Fair Value as of December 31, 2022	
		Level 2	Fair Value (Unaudited)
Investments:			
*Commingled equity and bond funds		\$ 669,611,582	\$ 669,611,582

*See Note 7 for 401(h) assets.

5. PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by BNY Mellon and Mercer (parties-in-interest) and, therefore, these transactions qualify as parties-in-interest transactions. Total expenses incurred directly by the Plan for professional expenses and contract administrative expenses were \$6,382,206 and \$3,779,098 for 2023 and 2022, respectively.

6. PLAN TERMINATION

As disclosed in Note 1, the Board of Directors of the Company elected to terminate the Plan subject to the provisions set forth in ERISA, effective September 30, 2022. As a result, on July 18, 2022, management determined liquidation was imminent as of September 30, 2022. All participants became fully vested in their accumulated benefits as of the date of the election to terminate and will have the option to receive a lump sum payment or an annuity for the value of their accumulated benefits, upon termination. With the termination of the Plan, a portion of the benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC), a

6. PLAN TERMINATION (CONTINUED)

U.S. Government agency. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Whether all participants receive their benefits will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC. As of December 31, 2023, the Plan was fully funded.

7. 401(h) ACCOUNT

The Plan includes a medical-benefit component in addition to the normal retirement benefits to fund a portion of the post retirement obligations for retirees and their beneficiaries in accordance with Section 401(h) of the Internal Revenue Code (IRC). A separate account has been established and maintained in the Plan for the net assets related to the medical-benefit component (401(h) account). In accordance with IRC Section 401(h), the Plan's investments in the 401(h) account may not be used for, or diverted to, any purpose other than providing health benefits for retirees and their beneficiaries. The related assets of the 401(h) account and obligation for health benefits are not included in this Plan's obligations in the statement of accumulated plan benefits but are reflected as obligations in the financial statements of the health and welfare benefit plan. Plan participants do not contribute to the 401(h) account. Employer contributions or qualified transfers to the 401(h) account are determined annually and are at the discretion of the Plan sponsor.

8. TAX STATUS

The IRS has determined and informed the Company by a letter dated April 22, 2021, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that it had taken no uncertain tax positions that require recognition or disclosure in the financial statements. No provision or liability for income taxes has been included in the financial statements.

**SPIRIT AEROSYSTEMS HOLDINGS, INC.

NOTES TO FINANCIAL STATEMENTS

9. RISKS AND UNCERTAINTIES

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits
