REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator

Arconic Corp. Hourly 401(k) Plan and Arconic Corp. Salaried 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Arconic Corp. Hourly 401(k) Plan ("Hourly Plan") and Arconic Corp. Salaried 401(k) Plan ("Salaried Plan") (the "Arconic Corp. 401(k) Plans" or the "Plans"), employee benefit plans each subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements of each of the Plans comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of each of the Plans' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of each of the Plans (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification for each of the Plans from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinions

In our opinion, based on our audit of each of the Plans and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements of each of the Plans, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements of each of the Plans related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of each of the Plans and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on each plan.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about each Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

For each of the Plans, management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audits of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plans' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about each of the Plans' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of each of the audits, significant audit findings, and certain internal control-related matters that we identified during each audit.

Other matters

2023 supplemental schedules required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2023 and supplemental schedule of assets (held at end of year) as of December 31, 2023 for each of the Plans are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements of each plan and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records

used to prepare the 2023 financial statements or to the 2023 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2022 financial statements

The financial statements of each of the Plans as of and for the year ended December 31, 2022 were audited by other auditors. Those auditors' reports dated August 7, 2023, expressed unmodified opinions on those 2022 financial statements. Their report also expressed their opinion that the information in the 2022 supplemental schedules were fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content was presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Arconic Corp. 401(k) Plans
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLANS

General

The Arconic Corp. Hourly 401(k) Plan ("Hourly Plan") and the Arconic Corp. Salaried 401(k) Plan ("Salaried Plan") (collectively, the "Arconic Corp. 401(k) Plans" or "Plans") are defined contribution savings plans maintained pursuant to the Arconic Corp. 401(k) Plans Master Trust, a master trust agreement (the "Master Trust") between Arconic Corporation ("Arconic," the "Company," "Employer", or the "Plan Sponsor") and the trustee, Fidelity Investments ("Fidelity" or "Trustee"). Arconic is the administrator of the Plans and has placed complete authority to control and manage the operation and administration of the Plans in a committee comprised of certain of the Company's senior management (the "Benefits Management Committee" or "Management"). These individuals were appointed by the Company's Board of Directors.

In general, the Plans provide various investment options for amounts voluntarily withheld from employees' eligible compensation and for company provided contributions. Reference should be made to the basic plan document and to the summary plan description of each of the Plans for a summary of the important features, including eligibility, vesting, participant and company contributions, loans, withdrawals, and compliance with the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Plan documents are available to participants upon request.

In 2021, the Benefits Management Committee executed amendments to the Plans to reflect various changes to the plan provisions, including, among others, to permit both Roth contributions to a participant's account and rollovers from Roth individual retirement accounts, effective January 1, 2022.

On June 1, 2022, the United Steelworkers ratified a new four-year labor agreement covering approximately 3,300 employees at four of Arconic's United States of America ("U.S.") locations. This agreement provides for increased benefits, effective January 1, 2023, for certain aspects of the Hourly Plan for those bargaining employees that elect to participate in the Hourly Plan. Specifically, for bargaining employees that were hired or rehired on or after January 1, 2020, as well as those bargaining employees that made a one-time irrevocable election to transition to the Hourly Plan from the Company's former parent company's (Arconic Inc., later named Howmet Aerospace Inc.) hourly defined benefit pension plan as of January 1, 2020, the minimum annual equivalent amount of the employer retirement income contribution will increase between 15% and 21% based on completed age as of the effective date. Additionally, employer contributions for retiree medical savings will increase to \$0.50 per hour worked for bargaining employees hired or rehired after July 1, 2010 and before January 1, 2020 and to \$0.55 per hour for bargaining employees hired or rehired after January 1, 2020.

On August 18, 2023, through a series of transactions, Arsenal AIC Parent LLC, a Delaware limited liability company completed the acquisition of Arconic, pursuant to the terms of the Agreement and Plan of Merger, dated as of May 4, 2023. Pursuant to the completion of this acquisition, the Arconic Corporation Stock Fund was eliminated as an investment option for participants. All participant accounts that were invested in the Arconic Corporation Stock Fund were transferred to a Qualified Default Investment Alternative as defined in the Plan document. In all other respects, the provisions of the Plans remain in effect.

Eligibility and Vesting

The Plans are available to eligible U.S. employees of the Company and certain subsidiary locations that have adopted the Plans. Employees are immediately eligible for plan participation. Participants are fully vested in the value of their contributions plus actual earnings thereon at all times. A participant is immediately vested in Company provided contributions, which are therefore nonforfeitable.

Arconic Corp. 401(k) Plans

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Employee Contributions

Eligible employees may elect to contribute up to 50% of eligible compensation on a pretax basis or Roth after-tax basis (beginning January 1, 2022), not to exceed the Internal Revenue Service ("IRS") limit, and up to 10% on a non-Roth after-tax basis, with a maximum of 60% in the aggregate. Eligible employees in the Hourly Plan may defer as pretax savings a maximum of 50% of amounts earned under the applicable pay for performance plan in increments of 10% and subject to the maximums allowable by the Internal Revenue Code ("IRC") and Department of Treasury regulations.

Negotiated deferrals, as defined in the Hourly Plan document, for certain eligible collective bargaining employees will be contributed to their plan accounts as a separate pretax contribution.

Eligible employees age 50 or older or who become age 50 during the plan year who meet certain requirements may elect to make additional pretax or roth after-tax catch-up contributions.

Elections can be changed effective for the first full payroll period following the election. Participants direct their contributions in multiples of 1% into various investment options offered by the Plans. Participants separately direct their contributions in multiples of \$1.

Eligible employees are automatically enrolled in the Plans after 60 days of hire or rehire and subject to automatic payroll deductions equal to 3% of eligible compensation, which will be contributed to the Plans as pretax savings, unless the employee chooses to either enroll sooner or to not participate. After six months of plan participation, the pretax savings rate will be increased by one percentage point on each April 1 until the pretax savings rate attains a target rate of 6% of eligible compensation. The employee can change the contribution rate, annual rate increase, and target contribution rate or stop automatic contributions at any time.

The Plans also accept rollover contributions of amounts representing distributions from other qualified defined benefit or defined contribution plans to the extent the rollover is permitted under Section 402(c) of the IRC. An eligible employee's rollover contribution is credited to his or her account and thereafter treated like the participant's pretax savings with respect to withdrawals, loans, and investment options under the Plans. Beginning January 1, 2022, the Plans accept rollover contributions from Roth individual retirement accounts (see "General" above).

Employer Contributions

The Company provides a matching employer contribution to an employee's eligible pretax and Roth after-tax contributions up to 6% of the employee's eligible compensation. For the Hourly Plan, the specific matching employer contribution for (i) bargaining employees is based upon the provisions of various collective bargaining agreements and (ii) non-bargaining employees is based upon an election made by the participating locations. The Company does not match negotiated deferral contributions or employee pay-for-performance contributions for bargaining employees under the Hourly Plan. For the Salaried Plan, participating locations must make a matching employer contribution.

In addition, certain bargaining employees hired or rehired as of specified dates negotiated under collective bargaining agreements and certain salaried and non-bargaining eligible employees of the Plans receive an employer retirement income contribution in the amount of 3% of applicable eligible compensation each pay period. For the Hourly Plan, bargaining employees covered by the Company's labor agreement with the United Steelworkers that were either hired or rehired on or after January 1, 2020 or that made a one-time irrevocable election to transition to the Hourly Plan from the Company's former parent company's hourly defined benefit pension plan as of January 1, 2020 receive an additional employer retirement income contribution if the 3% is less than a minimum annual equivalent contribution as provided for in the applicable labor agreement (see "General" above).

Arconic Corp. 401(k) Plans

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Both the matching employer contributions and employer retirement income contributions are contributed in the same manner as the participant's other investment elections. If the participant has not made investment elections, matching employer contributions and employer retirement income contributions will automatically be invested in the applicable targeted maturity fund based on the participant's year of birth.

Certain eligible bargaining employees in the Hourly Plan hired or rehired as of specified dates negotiated under collective bargaining agreements receive retiree medical savings contributions to their accounts in an amount equal to \$0.40 per hour worked (see "General" above). These employer contributions are contributed to the appropriate targeted maturity fund based on the participant's year of birth but may be transferred by the participant to any eligible fund.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the applicable employer contributions and (b) plan earnings. Allocations of plan earnings are based on individual participant investment earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Generally, participants may borrow from their individual account balances in the Plans, excluding employer contributions made on or after January 1, 2011, employer retirement income contributions, transitional employer retirement income contributions, and retiree medical savings contributions.

The minimum loan amount permitted by the Plans is \$1,000. The maximum allowable loan from the Plans is the lesser of 50% of the participant's account balance or \$50,000. Loans are collateralized by a portion of the participant's account balance, and repayments are made by periodic payroll deductions. Interest is charged on all loans at the prime rate plus 1% at the time the loan is executed. Interest rates ranged from 4.25% to 9.50% as of December 31, 2023 and 4.25% to 10.50% as of December 31, 2022. For each loan request, a loan setup fee is deducted from the participant's account balance to cover administrative expenses.

Payment of Benefits

While actively employed, a participant has access to account funds through loans, non-hardship withdrawals of after-tax and rollover contributions, withdrawals if over age 59 1/2, hardship withdrawals of pretax contributions, and the related investment earnings on pretax contributions.

On termination of service due to death, disability or retirement, a participant with an account balance greater than \$5,000 may elect to leave their investments in the Plans or receive a lump-sum distribution. A participant who leaves their investments in the Plans and elects to receive a distribution at a later date is permitted four partial payouts each calendar year; each partial payout must be at least \$250. Participants can choose alternative distribution options. Plan provisions require an annual distribution beginning at age 73 in accordance with IRS minimum distribution requirements.

Risks and Uncertainties

The Plans invest in investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Arconic Corp. 401(k) Plans

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plans to terminate the Plans subject to the provisions of ERISA. In the event of a plan termination, any unallocated assets of the Plans shall be allocated to participant accounts and distributed in such a manner as the Plan Sponsor may determine. Also, the Plan Sponsor has the right under the Plans to discontinue its contributions at any time, subject to collective bargaining agreements that cover certain participants in the Hourly Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plans are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the U.S. ("US GAAP").

Use of Estimates

The preparation of the Plans' financial statements in conformity with US GAAP may require management to make estimates based on judgments and assumptions, which may affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates upon subsequent resolution of identified matters.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for description of fair value measurements.

Investment contracts (fully benefit-responsive) are reported at contract value, which is the amount participants would receive if they were to initiate permitted transactions under the terms of a defined contribution plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Plan interest in the Arconic Corp. 401(k) Plans Master Trust investment income includes the Plans' unrealized and realized gains and losses on investments.

Benefit Payments to Participants

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are reported at the unpaid principal balance of borrowings from individual account balances along with the accrued and unpaid interest. Loans in default are reclassified as benefit payments to participants based upon the terms of the Plans.

Arconic Corp. 401(k) Plans

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Administrative Expenses

Investment management fees related to both the Arconic Corporation Stock Fund and Fixed Income Fund are paid by the Plans from assets of the respective funds. For the Arconic Corporation Stock Fund, the investment fees are based upon the number of stock transactions within the fund during the year. The investment management fees for the Fixed Income Fund are based upon a percentage of the fund's net assets.

Many funds in the Plans are registered investment companies (e.g., mutual funds). Registered investment companies incur expenses that reduce the earnings in the fund and are reflected in the daily net asset value ("NAV"). Expenses charged by registered investment companies include asset management and administrative fees.

The funds offered by BlackRock Institutional Trust Company, N.A., and the Trustee incur expenses that reduce earnings in these funds and are reflected in the respective NAV. These funds are not available to individual investors outside the Plans and are not publicly traded. Expenses charged by these funds include asset management and administrative fees.

Participant and Plan specific expenses are presented as administrative expenses on the statement of changes in net assets for the year ended December 31, 2023.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected to have the audit of each Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan administrator determined that the certification for each Plan received from Fidelity meets the requirements of ERISA Section 103(a)(3)(C). Fidelity certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Each Plan's interest in the Master Trust and notes receivable from participants as shown in the statements of net assets available for benefits as December 31, 2023 and 2022
- Each Plan's interest in the Master Trust investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023
- Each Plan's Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2023.

NOTE 4 - MASTER TRUST

The Plans offer a variety of investment options which are held in safekeeping in a Master Trust under a trust arrangement by the Trustee. The Hourly Plan and Salaried Plan each have a divided interest in the Master Trust based on individual participant investment elections.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value hierarchy is used to distinguish between (i) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (ii) an entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are required to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs that are both significant to the fair value measurement and unobservable.

Below is a description of the valuation methodologies used to measure the fair value of assets held both inside and outside of the Master Trust. The methods described may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while Management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Equity Securities

Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds

Valued at the daily closing price as reported by the fund.

Collective Trusts

Valued at the NAV of shares held by the Plans at year end. These trusts are not publicly listed. There are no unfunded commitments. Participants can transact daily with these trusts, however, significant withdrawals may be subject to redemption restrictions, at the Trustee's discretion, to the extent that it is determined such actions would disrupt management of the trust.

Self-Directed Brokerage Accounts

Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

December 31, 2023 and 2022

The tables below present additional participant directed information for the Master Trust's investments, whose fair value is estimated using the practical expedient of reported NAV as of December 31, 2023 and 2022.

December 31, 2023				
	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective investment trusts	\$ 350,494,392	\$ -	Daily	2-day (a)
December 31, 2022				
	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective investment trusts	\$ 278,300,482	\$ -	Daily	2-day (a)

(a) A plan directed redemption requires a 30-day notice period.

NOTE 6 - INVESTMENT CONTRACTS

The Plans hold a portfolio of investment contracts, all of which are synthetic (the "Investment Contracts"). The Investment Contracts are held in the Fixed Income Fund (the "Fund") and are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuers (banks or insurance companies) are contractually obligated to repay the principal by providing a guarantee that the crediting rate will not fall below 0%.

Contract value, as reported to the Plans by the investment manager, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Investment Contracts use the crediting rate formula to convert market value changes in the covered assets into income distributions in order to minimize the difference between the market and contract value of covered assets over time. Using the crediting rate formula, an estimated future market value is calculated by compounding the Fund's current market value at the Fund's current yield to maturity for a period equal to the Fund's duration. The crediting rate is the discount rate that equates estimated future market value with the Fund's current contract value, but it may not be less than zero.

The crediting rate, and hence the Fund's return, may be affected by many factors, including purchases and redemptions by shareholders. If the market value of the covered assets is higher than their contract value, the crediting rate will ordinarily be higher than the yield of the covered assets. Under these circumstances, cash from new investors will tend to lower the crediting rate, and redemptions by existing shareholders will tend to increase the crediting rate. The opposite is ordinarily true if the market value of the covered assets is lower than their contract value. There are no reserves against contract value for credit risk of the insurance companies or otherwise.

Certain events limit the ability of the Plans to transact at contract value with the contract issuer. Such events include the following: (1) the Plans' failure to qualify under Section 401(a) or Section 401(k) of the IRC, (2) the establishment of a defined contribution plan that competes with the Plan for employee contributions,

Arconic Corp. 401(k) Plans

NOTES TO FINANCIAL STATEMENTS - CONTINUED

(3) any substantive modification of the Plan or the administration of the Plan that is not consented to by the insurance companies, (4) complete or partial termination of the Plan, (5) any change in law, regulation or administration ruling applicable to the Plan that could have a material adverse effect on the Fund's cash flow, (6) merger or consolidation of the Plan with another plan, the transfers of the Plan's assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the plan sponsor, (7) any communication given to participants by the plan sponsor or any other plan fiduciary that is designed to induce or influence participants not to invest in the Fund or to transfer assets out of the Fund, (8) exclusion of a group of previously eligible employees from eligibility in the Plan, (9) any early retirement program, group termination, group layoff, facility closing, or similar program or (10) any transfer of assets from the Fund directly to a competing option. Management does not believe that the occurrence of any such event, which would limit the Plans' ability to transact at contract value with participants, is probable.

The Investment Contracts generally allow the contract issuers to terminate the agreement. However, the contract issuers would be required to grant the Fund a right to amortize any market to book differential over an agreed upon period of time.

NOTE 7 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

As of December 31, 2022, the Plans owned shares of common stock of Arconic through investment in the Arconic Corporation Stock Fund and, therefore, these investments qualify as party-in-interest transactions. These transactions are exempt as defined in ERISA Section 408 and the regulations thereunder. For the year ended December 31, 2023, purchases and sales of shares of common stock in the Arconic Corporation Stock Fund were \$5,878,698 and \$21,888,992, respectively. As of December 31, 2022, the Plans owned a total of 815,944 shares of Arconic common stock. As described in Note 1, the Arconic Corporation Stock Fund was eliminated effective August 18, 2023.

The Company may pay certain administrative expenses or perform administrative functions on behalf of the Plans.

The Plans invest in funds managed by Fidelity, which is the trustee as defined by the Plans. These transactions, and expenses paid to Fidelity, qualify as party-in-interest transactions.

Participants may borrow from their individual account balances in the Plans. The loan program is described in Note 1. These transactions qualify as party-in-interest transactions.

NOTE 8 - TAX STATUS

The IRS has determined and informed the Company by letters dated October 1, 2020 that the Plans are qualified, and the trust established under the Plans is tax exempt under the appropriate sections of the IRC. These Plans have been amended since receiving the determination letters. However, Management and the Plans' tax counsel believe that the Plans are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe the Plans were qualified and the related trust was tax-exempt as of the financial statement date.

US GAAP requires Management to evaluate tax positions taken by the Plans and recognize a tax liability (or asset) if the organization has taken an uncertain position that would not be sustained upon examination by the IRS. Management and the Plans' tax counsel have analyzed the tax positions taken by the Plans and have concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. As such, no reserve is required under US GAAP. The Plans are subject to audit by the IRS, including the periods presented in these financial statements; however, there are no current IRS audits for any tax periods in progress.

NOTE 9 - SUBSEQUENT EVENTS

Effective with its financial statements prepared for the period ended December 31, 2023, the Plan considers the principles and requirements for subsequent events, including: (1) the period after the statement of net assets date during which management of a reporting entity shall evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements; (2) the circumstances under which an entity shall recognize events or transactions occurring after the statement of net assets date in its financial statements; and (3) the disclosure that an entity shall make about events or transactions that occurred after the statement of net assets date.

Effective January 1, 2024, the Plans were amended to allow for an automatic pre-tax rate escalation whereby participants who have participated in the Plans at least six months will be subjected to a one percent increase in their pre-tax savings rate on each April 1 unless the participant opts out.

Effective January 1, 2024 and December 31, 2024, the Hourly Plan was amended which provided increased benefits for certain aspects for those bargaining employees that elect to participate in the Plan.

The Plans evaluated subsequent events through October 14, 2024, the date the financial statements were available to be issued. The Plans are not aware of any additional subsequent events that would require recognition or disclosure in the financial statements.
