INDEPENDENT AUDITOR'S REPORT

To the Trustees and Administrator of
Sun Mountain Lumber Company
401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Sun Mountain Lumber Company 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Sun Mountain Lumber Company 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sun Mountain Lumber Company 401(k) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sun Mountain Lumber Company 401(k) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not

detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sun Mountain Lumber Company 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sun Mountain Lumber Company 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at December 31, 2023, and the supplemental Schedule of Delinquent Participant Contributions at December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SUN MOUNTAIN LUMBER COMPANY
401(K) PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023

NOTE A. DESCRIPTION OF PLAN

The following description of the Sun Mountain Lumber Company 401(k) Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering qualified employees of Sun Mountain Lumber, Sun Mountain Logging, Sun Up Fitness and Sun Up Ventures (the Companies), a controlled group. The Plan became effective March 5, 2004, when all employees that were covered by the predecessor's plan became 100% vested in the Plan. Contributions to the Plan did not commence until July 2004. The Plan Trustee oversees governance of the Plan and determines the appropriateness of the Plan's investment offerings, and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to make deferrals to the Plan if they have completed six consecutive months and 500 hours of service from date of hire. There is no age requirement.

Entry Date

Employees may enter the Plan on the first day of January or July coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. The limit for 2023 was \$22,500. Participants who have attained age 50 before the end of the Plan year are eligible to make a catch-up contribution. The maximum catch-up contribution for 2023 was \$7,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Companies make matching contributions equal to 100% of the participant's elective deferrals, which do not exceed 3% of the participant's compensation, plus 25% of the portion of the participant's elective deferrals, which exceed 3% to a maximum of 5%. Therefore, the Companies' matching contribution cannot exceed 3 ½% of participant's compensation.

NOTE A. DESCRIPTION OF PLAN – CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their deferrals and employer contributions into various investment options offered by the Plan. The Plan offers mutual funds and an insurance investment contract as investment options for the participants. Participants may change their investment options daily.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts is based on years of continuous service.

Vesting Schedule
Nonelective Contributions

Years of Service	Percentage
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Participant Loans

Participants may not borrow from their fund accounts.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$3,395 and \$6,140, respectively. Forfeitures will be used to reduce future employer contributions.

Payment of Benefits

On termination of service due to death, termination of employment or retirement, a participant must receive a lump-sum amount equal to the value

NOTE A. DESCRIPTION OF PLAN – CONTINUED

of the participant's vested interest in his or her account. Distributions may be made at the participant's election as soon as administratively feasible after the plan year coincident with or next following termination of employment. Hardship distributions are permitted from the participants elective deferral account.

Plan Amendments, Termination and Merger

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

The plan was restated with an effective date of January 1, 2021.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with generally accepted accounting principles.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

SUN MOUNTAIN LUMBER COMPANY
401(K) PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Trustee determines the Plan's valuation policies. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses

Certain expenses of maintaining the Plan are paid by the Companies and are therefore excluded from these financial statements. Investment related expenses are included in net appreciation/(depreciation) of fair value of investments. Administrative expenses of the Plan are allocated to participant accounts.

NOTE C. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

SUN MOUNTAIN LUMBER COMPANY
401(K) PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023

NOTE C. FAIR VALUE MEASUREMENTS - CONTINUED

If the asset or liability has a specified (contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds – Valued at fair value based on the quoted net asset value (NAV) of shares held by the Plan at year end.

Shares are valued at the daily closing price and are required to be published and transacted at that price. The funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

SUN MOUNTAIN LUMBER COMPANY
401(K) PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023

NOTE C. FAIR VALUE MEASUREMENTS - CONTINUED

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

		2023			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 4,622,101	\$ -	\$ -	\$ 4,622,101
Total assets at fair value		\$ 4,622,101	\$ -	\$ -	\$ 4,622,101

		2022			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 3,774,997	\$ -	\$ -	\$ 3,774,997
Total assets at fair value		\$ 3,774,997	\$ -	\$ -	\$ 3,774,997

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instruments and size of the transfer relative to total net assets available for benefits. For the year ending December 31, 2023, there were no significant transfers in or out of level 1, 2, or 3.

NOTE D. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2015 the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Nationwide Insurance Company (Nationwide). Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed

NOTE D. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY
- CONTINUED

investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022, was \$1,236,362 and \$1,221,798, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, and will be reviewed and changed if applicable, each calendar quarter based upon an interest rate calculated by Nationwide and credited to the Guaranteed Fund. Any change in the interest rate will be effective at the beginning of each calendar quarter. The rates for 2023 were as follows: 1st quarter, 1.82%, 2nd quarter, 1.92%, 3rd quarter, 1.92%, and 4th quarter, 1.92%, and the rates for 2022 were as follows: 1st quarter, 1.38%, 2nd quarter, 1.38%, 3rd quarter, 1.46%, and 4th quarter, 1.72%, respectively.

Certain events limit the Plan's ability to transact at contract value with Nationwide. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

SUN MOUNTAIN LUMBER COMPANY
401(K) PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

NOTE E. INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The Plan Administrator has elected an ERISA Section 103(a)(3)(C) audit for the 2023 plan year financial statements as permitted by Code of Federal Regulations (CFR), Labor, Title 29, Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by Nationwide Trust Company, FSB (Nationwide).

Nationwide has certified information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets held for investment purposes, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Nationwide.

NOTE F. TAX STATUS

The Plan uses a prototype plan document sponsored by Nationwide Trust Company, which received an opinion letter from the IRS, dated August 1, 2020, stating that the prototype document satisfies the applicable provisions of the IRC. The plan itself has not received a determination letter from the IRS and the prototype had been restated with an effective date of January 1, 2021. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

SUN MOUNTAIN LUMBER COMPANY
401(K) PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023

NOTE G. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The following transactions qualify as party in interest transactions and are exempt from the prohibited transaction rules of ERISA:

The Plan trustee and certain relatives are participants in the Plan. These individuals made salary deferral contributions of \$48,599 to the plan and had \$6,513 distributions from the plan.

Plan investments are shares of mutual funds and a fully benefit-responsive contract managed by Nationwide. Nationwide is the custodian of the Plan assets. Fees paid by the Plan to Nationwide for administrative services amounted to \$36,911 for the year ended December 31, 2023.

The Plan contracts with Definiti, LLC for consulting, recordkeeping and administrative services. All administrative expenses of the plan are paid by Sun Mountain Lumber.

The Plan contracts with Newland and Company for its annual financial statement audit. The expense of the audit is not included in these financial statements since they are paid directly by Sun Mountain Lumber.

NOTE H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I. SUBSEQUENT EVENTS

The Plan sponsor has evaluated subsequent events through September 30, 2024, the date which the financial statements were available to be issued.
