INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the DAVACO 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of DAVACO 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of DAVACO 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DAVACO 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DAVACO 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DAVACO 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DAVACO 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. DAVACO 401(k) Plan
Notes to the Financial Statements

Note 1 – Description of the Plan

The following description of the DAVACO 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of DAVACO, Inc. and West End Travel, Inc. ("the Employers"), who are not covered by a collective bargaining agreement which includes retirement benefits, and who have ninety days of service and are 18 years of age or older. Participants must complete one year of service to participate in discretionary profit-sharing contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. The Plan also allows for participants to submit after-tax contributions designated as Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Plan provides that each year the Employers may make discretionary matching and discretionary profit-sharing contributions at the option of the Employers' board of directors. From October 1st, 2016, the Employers elected to increase the matching contribution amount from \$0.05 to \$0.10 for each dollar contributed by a participant. Contributions are subject to certain limitations.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in any of the available investment options. These investment options are comprised of a variety of mutual funds and a guaranteed investment contract. Each of these investment vehicles has a distinct investment strategy, allowing adequate selection for participants wishing to thoroughly diversify their portfolios. Participants may change their investment options and their contribution percentages at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution, and allocations of the Employers' contribution, and Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employers' contribution portion of their accounts is based on years of continuous service, a participant is 100% vested after six years of credited service.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum or direct rollover distributions.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$70,561 and \$50,563, respectively. Forfeitures are retained in the Plan and used to reduce future employer contributions and towards administrative expenses. In 2023 and 2022, the Plan applied \$0 in forfeited accounts to reduce employer contributions or to pay for administrative expenses.

DAVACO 401(k) Plan
Notes to the Financial Statements

Note 1 – Description of the Plan, continued

Notes Receivable from Participants

Participants may borrow from their account balances a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Note fund. Loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest determined at the time the loan is made. Principal and interest is paid ratably through payroll deductions.

Administrative Expenses

All Plan administrative expenses are paid by the Plan with the exception of investment advisory fees and participant-initiated charges which include loan activity charges, charges to set up an annuity or installment payments, and activity charges for other withdrawals. Certain expenses of operating the Plan were paid directly by the Sponsor, including administrative and audit fees of \$19,975 in 2023 and 2024, which are excluded from these financials. Fees related to distributions are charged directly to the participant's account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 2 – Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through October 11, 2024, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Mutual funds are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Investment earnings are recorded on the accrual basis. Benefits are recorded when paid. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

DAVACO 401(k) Plan
Notes to the Financial Statements

Note 2 – Summary of Significant Accounting Policies, continued

Notes Receivable from Participants

Notes Receivable from Participants are measured at their unpaid principal plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based on the terms of the Plan document.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market methods, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Financial Accounting Standards Board Accounting Standards Codification 820 (FASB ASC 820), Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified or contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: Valued at unit price, published daily. (See Note 5)

Note 3 – Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value:

Total	<u>\$ 7,717,662</u>	<u>\$ 431,363</u>	<u>\$ -</u>	<u>\$ 8,149,025</u>

Note 4 – Information Prepared and Certified by the Trustee

Consistent with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the independent auditors not to audit the information certified as complete and accurate by the Plan's trustee. The investment information as of December 31, 2023 and 2022 was certified by Empower Annuity Insurance Company of America. The value of investments as reported by the custodian is summarized as follows:

	<u>2023</u>	<u>2022</u>
Mutual funds	\$ 8,668,967	\$ 7,717,662
Stable Value Fund	441,611	431,363
	<u>\$ 9,110,578</u>	<u>\$ 8,149,025</u>

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	<u>2023</u>	<u>2022</u>
Net appreciation(depreciation) from investments	\$ 918,490	\$ (1,721,286)
Earnings from interest and dividends	297,158	369,435
	<u>\$ 1,215,648</u>	<u>\$ (1,351,851)</u>

DAVACO 401(k) Plan
Notes to the Financial Statements

Note 5 – Stable Value Investment

The Plan has investments in the Key Guaranteed Portfolio Fund, a general account product of Empower Annuity Insurance Company of America offered through a group annuity contract. The contract allows for participants to transact at a unit quoted price. However, certain events (such as premature termination of contracts, plant closings, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives) will be subject to market value adjustment. Management does not believe such events are likely to occur in the near future. Participants should refer to the contract for a complete review of its provisions.

Note 6 – Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Related Party Transactions and Party-in-Interest Transactions

Certain plan investments are funds held in unallocated contracts managed by the trustee, Empower Annuity Insurance Company of America who is the custodian of the Plan as defined by the Plan. Therefore, these transactions are qualified as party-in-interest. The fee paid by the Plan to Empower Annuity Insurance Company of America for the record keeping services amounted to \$23,241 in 2023.

The fee paid by the Plan to Raymond James Financial Services and Empower Advisory Group, LLC for the investment services amounted to \$21,305 and \$2,888, respectively, in 2023.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 9– Reconciliation of Plan Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022 to Schedule H of Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 9,192,975	\$ 8,111,961
Add: Excess contribution payable	-	85,343
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 9,192,975</u>	<u>\$ 8,197,304</u>

The following is a reconciliation of total contributions per the financial statements for the year ended December 31, 2023 to Schedule H of Form 5500:

	<u>2023</u>
Total plan contributions per the financial statements	\$ 968,490
Add: Excess contribution payable at end of current year	-
Less: Excess contribution payable at end of prior year	(85,343)
Total plan contributions per Schedule H of Form 5500	<u>\$ 883,147</u>

Note 10 - Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

Note 11– Delinquent Participant Contributions

As reported on Schedule H, line 4a, Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, certain participant contributions were not remitted timely to the trust, thus constituting nonexempt transactions between the Plan and the Company. The contributions were remitted during 2023, but the lost earnings were remitted subsequent to year end through the IRS self-correction program.

Note 12– Subsequent Events

In accordance with FASB ASC 855, "Subsequent Events", the Company has evaluated events or transactions occurring after December 31, 2023 through October 11, 2024, the date these financial statements were available to be issued.
