INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Arcadia Retirement Residence 403(b) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Arcadia Retirement Residence 403(b) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note B to the financial statements.
- The information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note B of the financial statements, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – modified cash basis as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matters - Supplemental Schedules Required by ERISA (Continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARCADIA RETIREMENT RESIDENCE 403(B) PLAN

NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS

**As of December 31, 2023 and 2022, and
For the Year Ended December 31, 2023**

NOTE A – DESCRIPTION OF PLAN

The following description of the Arcadia Retirement Residence 403(b) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all of the employees of Arcadia Retirement Residence and its affiliates (Company), Arcadia Elder Services, Arcadia Home Health Services, Craigside Retirement Residence, Arcadia at Home, Arcadia Adult Day Care and Day Health Center, and Hale Ola Kino By Arcadia. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was last amended in November 2022.

Contributions

Participants are eligible to make elective salary deferrals as of the date of hire. Each year, participants may contribute up to 100% of their annual compensation, as defined in the Plan, subject to a maximum amount established by law. For 2023 and 2022, the elective deferral limit is \$22,500 and \$20,500, respectively. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions for that year and following years. For 2023 and 2022, the maximum additional amount is \$7,500 and \$6,500, respectively. In addition, there is a limit to the total amount of "annual addition" that may be made to a participant's account. For 2023 and 2022, the maximum amount cannot be more than the lesser of \$66,000 (\$73,500 if age 50 and over) and \$61,000 (\$67,500 if age 50 and older), respectively, or 100 percent of the participant's compensation. The maximum amount may increase in future years for cost-of-living adjustments.

Participants may also contribute or rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company's matching contribution is discretionary. For 2023, the Company contributed 8.5% of qualified compensation of employees who deferred at least 4% of their compensation to the Plan. Employees must have completed one year of service to be eligible for the discretionary matching contributions. Contributions are subject to certain limitations, as described above.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, and allocations of plan earnings; and reduced for an allocation of plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his/her account.

For the Year Ended December 31, 2023**

NOTE A – DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Prior to January 1, 2009, participants were allowed to borrow from their accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate at the time of application. Principal and interest is paid ratably, but no less than quarterly.

Effective January 1, 2009, notes receivable from participants are no longer permitted.

Vesting

Participants are 100% vested in their contributions and in the Company's discretionary matching contributions, and earnings thereon.

Payment of Benefits

On termination of service due to death, disability, or attainment of normal retirement age (age 65), a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account; monthly, quarterly, or annual installments; or one of several annuity options. For participant account balances of less than \$5,000, the amount will be distributed as a lump-sum payment unless an election is made to rollover the balance to another retirement plan. Under the terms of the Plan, a participant may request in-service distributions at age 59½ or for a hardship as defined by the Plan. Participants may withdraw rollover contributions at any time. The Plan may elect to make mandatory distributions of account balances that are \$1,000 or less.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting. Under this method, additions to net assets available for benefits, except for certain investment transactions, are recognized when received rather than when earned, and deductions to net assets available for benefits, except for certain investment transactions, are recognized when paid rather than when the obligation is incurred. Investments are accounted for on a fair value basis. Accordingly, the financial statements are intended to present net assets available for benefits and changes in net assets available for benefits in accordance with a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

NOTE B – SUMMARY OF ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. It is reasonably possible that such estimates may change within the near term, and such differences could be material to the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Where possible, disclosures included in these notes regarding the fair value of financial instruments have been derived using external market sources. If no external market sources exist for a financial instrument, fair value estimates are created using present value or other valuation techniques. These estimates are subjective in nature and involve uncertainties and matters of judgment, and therefore, cannot be determined with precision. Changes in assumptions could significantly affect the Plan's fair value estimates.

The Plan's policy is to recognize transfers between Levels of the fair value hierarchy at the end of the reporting period.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company and are not reflected in these financial statements.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and segregated from plan investments and measured at their unpaid principal balance. Under the modified cash basis of accounting, accrued but unpaid interest is not reported. All of the notes are delinquent, but will continue to be outstanding notes until a distributable event, such as termination of employment, death, or disability occurs.

NOTE C – INFORMATION CERTIFIED

Information certified by Capital Bank and Trust Company, Voya Retirement Insurance and Annuity Company (Voya), and ReliaStar Life Insurance Company (ReliaStar), the qualified institutions of the Plan, as of December 31, 2023 and 2022 and for the year ended December 31, 2023 as being complete and accurate, include investments and notes receivable from participants reported in the statements of net assets available for benefits; net appreciation in fair value of investments, dividends, and interest income presented in the statement of changes in net assets available for benefits; and information presented in the supplementary schedule, Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – Modified Cash Basis as of December 31, 2023. The certifications also provide the contract value of the ReliaStar Insurance Contract – General Accounts.

NOTE D – FAIR VALUE MEASUREMENTS

The established framework for measuring fair value prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the accounting standard are described below:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end which approximates quoted market prices, Level 1 inputs.

ReliaStar General Account: Fixed annuities are valued at the amount that would have been paid if the contract had been terminated as of the reporting date and potential surrender charges and market value adjustments are applied as of such date. The values are based on the balance of each account, net of the applicable surrender charges. Contract value approximates fair value, Level 3 inputs.

Voya Separate Accounts: Variable annuities are valued using the net asset value of the units held by the Plan at year end as provided by Voya. The net asset value is based on the fair value or the market value of the underlying investments, which are mutual funds. Investments valued at net asset value are not categorized as Level 1, 2, or 3.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total assets at fair value	<u>\$ 37,338,191</u>	<u>\$ -</u>	<u>\$ 1,038,116</u>	<u>\$ 38,393,289</u>

Subject to Voya's excessive trading policy, there are no restrictions in liquidating the separate accounts for purposes of transfers to other investment funds although the underlying investments being liquidated may be assessed a fee.

The following table sets forth a summary of changes in the Plan's level 3 assets for the year ended December 31, 2023:

NOTE E – INVESTMENT OPTIONS

Prior to January 1, 2008, Plan participants were able to invest in a Voya variable annuity, fixed annuities, and mutual funds. As of January 1, 2008, all investments in Voya mutual funds were transferred to American Fund mutual funds. Participants with investments in the Voya and ReliaStar annuity programs are able to continue their participation in these programs but are not able to make future contributions. Withdrawals from the Voya investments may result in significant withdrawal penalties.

Effective January 1, 2008, Plan participants have the option of selecting investments from a range of mutual funds. The Plan selected BancWest Investment Services to be its broker/investment adviser and Digital Retirement Solutions, Inc. as its third party administrator. In 2017, Capital Research and Management Company and Capital Bank and Trust Company were selected as the recordkeeper and custodian of the Plan's investments in mutual funds. UVEST became the Plan's broker/investment advisor effective January 21, 2010. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

In August 2022, the Plan entered into a 3(21) Adviser Program Services Agreement with Wilshire Associate Incorporated.

NOTE F – INSURANCE GENERAL ACCOUNTS

The ReliaStar insurance contract – general account is an unallocated group annuity contract. The unallocated group annuity contract is backed by the general account assets of ReliaStar, which support all of ReliaStar's insurance and annuity commitments. All guarantees are based on their financial strength and claims - paying ability. Due to the nature of the contract, the contracts do not have specific underlying assets assigned. Therefore, the value of the unallocated group annuity contract reported to plan sponsors is the contract value, which represents the amount participants would receive if they were to initiate a transaction under the terms of the ongoing contracts. As the contract is not considered to be fully benefit-responsive, the contract is reported at fair value, which approximates contract value. There are no reserves against contract value for the credit risk of the contract issuers or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include amendments to the plan documents including complete or partial plan termination or merger with another plan, bankruptcy of the plan sponsor or other plan sponsor events such as divestiture of a subsidiary that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also limit the ability of the Plan to transact at contract value with the participant.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, and a material amendment to the agreement without the consent of the issuer.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE H – TAX STATUS

The Plan has not received a determination letter from the Internal Revenue Service (IRS) since a determination program has not been developed by the IRS for 403(b) plans. The Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Plan management is required to evaluate tax positions taken by the Plan and provide certain disclosures if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the U.S. tax jurisdiction. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022 and for the year ended December 31, 2023, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan and Company operate in the State of Hawaii. Local, national, and international events can have severe, adverse effects on economic conditions in Hawaii. These financial statements do not include the adjustments or disclosures that would result if the Plan were to account for future losses or asset impairments, as the effects on the financial statements of the Plan from such changes in economic conditions, if any, are not presently determinable.

NOTE J – RELATED PARTY TRANSACTIONS AND PARTIES IN INTEREST TRANSACTIONS

In 2023, Capital Research and Management Company was paid fees of \$14,834.

In accordance with the Recordkeeping and Administrative Services Agreement, Capital Research and Management Company, as the recordkeeper, will grant credits to the Plan to offset recordkeeping and administrative service fees. The credit is determined quarterly by applying the quarterly rate for each investment option to the average daily balance of assets in the Plan's investment options. In 2023, the Plan received credits of \$41,690, which were applied against service fees.

In addition, Capital Research and Management Company received withdrawal charges and fees in 2023 in the amount of \$10,971, which is included in benefits paid to participants in connection with processing distributions from the Plan.

Certain plan investments are managed by Voya and ReliaStar. Those companies are the insurance companies as defined by the Plan and, therefore, these transactions qualify as party in interest transactions.

Certain administrative functions are performed by officers and employees of the Company, who receive no compensation from the Plan.

NOTE K – RECONCILIATION TO FORM 5500

Certain amounts reported in the financial statements differ from those reported in Form 5500, Schedule H primarily due to the difference in the basis of accounting and the reporting of notes from participants (participant loans). As discussed in Note B, the financial statements were prepared on the modified cash basis of accounting whereas the Form 5500 is prepared on the accrual basis of accounting. Accordingly, contribution receivables are not reported in the financial statements.

In addition, as discussed in Note B, participant loans are reported at the unpaid principal balance in the financial statements whereas in Form 5500, participant loans are reported as investments and at current value. As a result, participant loans of \$12,911, which were deemed distributions as of December 31, 2023 and 2022, respectively, are not reported in Form 5500, Schedule H.

NOTE L – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 9, 2024, the date the financial statements were available to be issued, and determined that the Plan did not have any subsequent events requiring adjustment to the financial statements or disclosure in the notes to the financial statements.
