PPC Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PPC Retirement Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the PPC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be

independent of PPC Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PPC Retirement Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PPC Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PPC Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PPC Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1: Description of the Plan

The following description of the PPC Retirement Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by PPC Partners, Inc. (the Company or Employer) and is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Plan covers all nonunion employees of the Company's subsidiaries, including CarolinaPower, Inc., MetroPower, Inc., MP Systems, Inc., and Pieper Electric, Inc. All nonunion employees who have completed at least 30 days of service with the Company, as defined in the plan document and are age 18 or older are eligible to participate. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of the available investment options.

Contributions

Each year participants may contribute up to 100% of pre-tax annual compensation, subject to the limits imposed by the Internal Revenue Code (Code) of \$22,500 and \$20,500 for 2023 and 2022, respectively. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions of \$7,500 and \$6,500 during 2023 and 2022, respectively, in accordance with the Code. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Beginning in 2023, new plan participants are auto enrolled at a deferral rate of 6% unless elected otherwise under a qualified automatic contribution arrangement. Previously, participants were enrolled under an automatic contribution arrangement. Participants who are auto enrolled will have their deferral rate increased automatically by 1% each yearly date to a maximum rate of 10%.

In 2023, the Company amended the plan to adopt the qualified automatic contribution arrangement (QACA) safe harbor match. These contributions are calculated as 100% of the participant contribution that is not over 2% of compensation, plus 50% of participant contributions that are over 2%, but not over 6% of compensation.

In 2022, the Company offered a safe harbor match. Contributions were calculated as 100% of the participants contribution, up to 3% and 50% of the next 2% of eligible compensation.

The Company may also make discretionary profit sharing contributions. The Company did not make any discretionary profit sharing contributions during the years ended December 31, 2023 and 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Employer's matching and discretionary contributions and plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses)

PPC Retirement Plan

Notes to Financial Statements

or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

The Plan provides that each participant directs the investment of his or her account in any combination into a number of investment funds. The Plan currently offers various registered investment companies, guaranteed investment contracts, common or collective trusts, and pooled separate accounts as investment options for participants.

Vesting

Participants are immediately vested in their salary reduction and rollover contributions plus earnings (losses) thereon. Participants who leave the Plan because of death, early or normal retirement or disability retirement, as defined in the Plan are considered 100% vested. All Company contributions and related earnings are considered 100% vested in accordance with provisions of the Plan. Company safe harbor matching contributions and related earnings and Company profit sharing contributions and related earnings thereon vested in accordance with provisions of the Plan as follows:

<u>Vesting Years fo Service</u>	<u>Percentage Vested</u>
less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 +	100%

In 2023, the Company adopted different vesting schedules for discretionary contributions and QACA safe harbor match contributions. QACA safe harbor matching contributions and earnings thereon are 100% vested after one year of service in accordance with provisions of the Plan.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan document. The Plan provides for normal retirement at age 65 or their age on the date five years after their earliest entry date. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, installments or an annuity. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan document. Additionally, participants aged 59 ½ may withdraw any part of their eligible vested account balance of elective deferral contributions, matching contributions, discretionary contributions, and rollover contributions.

December 31, 2023 and 2022

Forfeitures

Any forfeitures due to nonvested Company contributions are maintained as investments in the Plan and may be used to pay administrative expenses or to offset future Company contributions at the Company's direction. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$7,853 and \$2,254, respectively. In 2023 and 2022, the Company's contributions were reduced by \$120,355 and \$151,718, respectively, from forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Registered investment companies are valued at the closing price reported on the active market on which the individual securities are traded. Pooled separate accounts are valued at estimated fair value. The fair value of the common or collective trust guaranteed investment contracts is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The common or collective trust and guaranteed interest account consist of guaranteed investment contracts that are not considered fully benefit-responsive investment contracts. See Note 3 for additional fair value measurement disclosure.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

PPC Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain administrative expenses incurred by the Plan are paid by the Company.

Note 3: Fair Value Measurements

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; and other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level or any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2023 and 2022.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

The common or collective trust investment consists of the Principal Stable Value Fund which is valued at fair value based on the net asset value (NAV) information reported by Principal Life Insurance Company based on the market value of its underlying investments which contain synthetic investment contracts. The common or collective trust can be redeemed at NAV as of the measurement date on a daily basis.

The guaranteed investment contract is available under a group annuity contract issued by Principal Life Insurance Company. The investment option provides for a guarantee of principal and interest. Contributions and transfers allocated to this investment option will be credited interest at a

PPC Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

guaranteed interest rate Principal Life Insurance Company declares for a set period of time. Guaranteed interest rates for new allocations are subject to change daily and each amount allocated to the guaranteed interest account will earn interest based on this guaranteed interest rate in effect for the date that the amount is allocated to this guaranteed interest account. The guaranteed investment contract is deemed to be non-fully benefit responsive and is also recorded at fair value, determined by the custodian, using the contract's market value adjustment provisions for early terminations of such contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Note 4: Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee; Principal Life Insurance Company; and Principal Global Investors Trust Company have certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022
- Investment income (loss) components as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022
- The information included in the supplemental schedule of assets (held at end of year) as of December 31, 2023

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

PPC Retirement Plan

Notes to Financial Statements

December 31, 2023 and 2022

Certain plan investments are shares of registered investment companies or units of common or collective trusts managed by the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain investment management fees are included in the net appreciation (depreciation) in fair value of investments. Fees paid by the Plan for legal, accounting and other professional services were rendered primarily by parties-in-interest. Administrative expenses paid by the Plan during 2023 and 2022, totaled \$187,142 and \$67,834, respectively. The Employer provides certain administrative services at no cost to the Plan.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of any termination of the Plan or upon complete or partial discontinuance of contributions, the accounts of each participant would become fully vested.

Note 7: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of \$1,050 were not remitted within the required time period for the year ended December 31, 2023. These were corrected in 2023.

Note 8: Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a pre-approved profit sharing plan sponsored by Principal Life Insurance Company. This plan document has been filed with the appropriate agency and the sponsor has obtained an opinion letter dated June 30, 2020, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Code. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

Note 9: Subsequent Events

Subsequent events have been evaluated through October 11, 2023, which is the date the financial statements were available to be issued.
