REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator

American Management Association International Savings and Investment Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We were engaged to perform audits of the financial statements of American Management Association International Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for disclaimer of opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits, certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the financial statements.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 and schedule of delinquent participant contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Savings and Investment Plan**

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the American Management Association International Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by American Management Association International (the Association, or Plan Sponsor), effective July 1, 1985. The Plan is intended to constitute an annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended (the IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration

The Retirement Committee (the Committee), which consists of certain officers of the Plan Sponsor, is the Plan administrator and has the discretionary authority and responsibility to interpret and construe the terms of the Plan and to make all decisions in connection with the administration of the Plan. Additionally, the Plan Sponsor's Chief Human Resources Officer, Chief Financial Officer and their designees have the discretionary authority and responsibility to make determinations with respect to processing of claims in accordance with the applicable claims procedures of the Plan.

Eligibility

The Plan has two contribution components: the participant contribution component made through a voluntary pretax or after-tax salary reduction agreement and a matching contribution provided by the Plan Sponsor (Discretionary Association Contribution). Employees of the Association are immediately eligible to participate in the participant contribution component of the Plan. However, Discretionary Association Contributions will not be made to the Plan on behalf of an employee until he or she becomes a member for purposes of Association contributions, described as follows: a salaried employee will become a member of the Plan for purposes of receiving any Discretionary Association Contributions on the first entry date on or after completion of six months of employment with the Association; and an hourly employee will become a member of the Plan for such purposes on the first entry date on or after completion of 500 or more hours of service during a computation period. The Plan's entry dates are January 1 and July 1 of each year.

Contributions

Eligible employees may make contributions on a pretax or after-tax basis by designating their participation in either a Traditional (pretax) or Roth (after-tax) account. Eligible participants who have attained age 50 may elect an additional "catch-up" contribution, subject to certain limitations under the IRC. The contribution limits defined by the IRC will apply to the aggregate contributions. When applicable, the Discretionary Association Contribution is made on a pretax basis. Since January 3, 2021, the Plan Sponsor has made Discretionary Association Contributions equal to 50% of every 1% contributed by a participant up to a maximum of 3% of eligible compensation, as defined by the plan document, on an annualized basis.

Investment Options and Custodial Organizations

Prior to July 1, 2012, employees had the option of investing with Fidelity Management Trust Company (Fidelity), Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) (together, TIAA and CREF), or a combination of both. After July 1, 2012, the TIAA and CREF portion of the Plan was frozen to future contributions. At that time, plan participants with balances at TIAA and CREF were given the choice of keeping their existing balances invested with TIAA and CREF or moving their balances over to Fidelity-administered investment options. TIAA and CREF and Fidelity are the

**American Management Association International
Savings and Investment Plan**

December 31, 2023 and 2022

custodians of the funds invested with them. Investment options offered under each of these arrangements are selected by the Committee.

Participant Account Earnings

Each participant's account is credited with his or her contributions and Discretionary Association Contributions. The balance(s) in, and value of, the account(s) may increase and/or decrease from time to time depending upon a variety of factors including, but not limited to, contributions made, investment elections, and investment performance.

Vesting

Participants are fully and immediately vested in the benefits arising from all contributions made under the Plan.

Payment of Benefits

Benefit payments begin at the participant's election after he or she ceases to be an employee due to disability, retirement, other termination of employment, or death. Under the Plan's provisions, withdrawals of funds other than at disability, retirement, other termination of employment, or death will be permitted subject to certain limitations, as defined. Participants may elect to receive benefits from several options available as set forth in the Plan.

Hardship Withdrawals

Participants who have not yet reached age 59½ may make a withdrawal while still working only if the Association determines that, based on the evidence submitted, the withdrawal is necessary to meet a "severe financial hardship." A "severe financial hardship" can include uninsured medical expenses, costs directly related to the purchase of a principal residence of the participant, the payment of educational fees and expenses, and payments necessary to prevent the eviction of the participant from his or her principal residence. All such determinations will be made giving due consideration to the applicable rules issued by the IRS and other regulatory agencies. In addition, married participants must obtain written and notarized consent from their spouse for a hardship withdrawal. All withdrawals are subject to the IRC, which may impose a 10% penalty tax unless the withdrawal is made for certain purposes.

Notes Receivable from Participants

Active employees of the Association may generally borrow from their Plan account. Participants may have a maximum of two outstanding ordinary loans plus one Coronavirus Aid, Relief, and Economic Security Act loan (originated between March 27, 2020 and December 31, 2020) at any one time. The loans are secured by the participant's account balance. Repayments are made via payroll deduction or by direct payoff by the participant. In the event that a participant defaults in making any payment of principal or interest, or upon the participant's termination of employment with the Plan Sponsor, any outstanding loan amount shall immediately become due and payable in full or be converted to a distribution in accordance with IRS regulations.

The minimum amount a participant can borrow is \$1,000. In general, the maximum outstanding balance of a participant's Plan loans may not exceed the lesser of 50% of their vested account balance just before the date their loan is approved, or \$50,000 reduced by the highest outstanding loan balance of the participant under the Plan during the one-year period ending on the date immediately prior to the date of the loan.

**American Management Association International
Savings and Investment Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

The Plan Sponsor is permitted to charge a reasonable rate of interest. The Association uses an approximation of the prime rate plus 1% as the interest rate to be assigned to each Fidelity loan. The interest rates on outstanding Fidelity participant loans ranged from 4.19% to 9.50% at December 31, 2023 and 4.19% to 8.00% at December 31, 2022, and mature through August 2028. Notes receivable from participants with Fidelity amounted to \$236,684 and \$305,683 at December 31, 2023 and 2022, respectively. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Plan Loans

Participants may borrow from TIAA and CREF accounts only against the participants' elective contribution portion of the net assets available for benefits. TIAA and CREF require adequate security, and a portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. Loans are issued directly from funds owned by TIAA and CREF and not directly from a participant's account. For these loans, interest and principal are paid by the participant directly to TIAA and CREF. The loans are not considered Plan assets and, therefore, are not reported in the statements of net assets available for benefits. The interest rate is determined by TIAA and CREF and may be fixed or variable. The initial rate is determined by the terms of the controlling contract, as are the rate adjustment details and frequency. TIAA and CREF plan loans ranged from 5.28% to 5.72% at December 31, 2023 and 4.22% to 5.18% at December 31, 2022, and mature through September 2028. Loans with TIAA and CREF amounted to approximately \$3,898 and \$6,500 at December 31, 2023 and 2022, respectively.

Administrative Expenses

Costs and expenses incurred in connection with the operations of the Plan, except for investment account administrative charges and costs or fees of the funds the Plan is invested in, are borne by the Plan Sponsor.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

The Plan was established in 1985 and was historically viewed as an amalgamation of individual annuity and custodial accounts and the Plan and its service providers did not maintain financial information at a Plan level. Because these historical records were not maintained or are not available at a Plan level, the Plan may have excluded from the accompanying statements of net assets available for benefits certain annuity and custodial accounts, and related activity, issued to current and former employees prior to January 1, 2009. In recognition of inconsistencies in recordkeeping, the Department of Labor (DOL) released Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans, (FAB 2009-02) as transitional relief to address situations where the Plan's management is not able to obtain historical records. It, however, suggests that plan administrators make good faith efforts to include known contracts. In any event, the DOL has indicated that they will not reject Form 5500 where contracts are excluded as long as certain conditions were met. While management has, in good faith, included all known contracts, there is uncertainty that all contracts have been included. However, the Plan administrator believes that excluded annuities or custodial accounts, if any, have met those conditions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are stated at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses.

Contributions

Contributions from the Plan sponsor are made based upon the provisions of the Plan. Contributions are accrued in the Plan year to which they relate.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Fidelity, TIAA and CREF, custodians of the Plan, have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate. The certification made by TIAA also extends to investments that were record kept by TIAA, but were held by TIAA, FSB, a federal savings association, as directed trustee or custodian:

- Investments, at fair value, TIAA Traditional Annuity Accounts, at contract value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent accountants did not perform auditing procedures with respect to information certified by the custodians, except for comparing such information to the related information included in the above-named financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan follows the provisions of Financial Accounting Standards Board Accounting Standards Codification Topic 820-10, *Fair Value Measurements*, as amended. This standard defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

**American Management Association International
Savings and Investment Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs that reflect unadjusted quoted or published prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 - Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active.
- Level 3 - Inputs that are unobservable.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022:

Mutual fund investments: are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

CREF registered investment companies: The fair values of accumulation units held by the Plan in CREF accounts are valued at quoted market prices, representing the net asset value (NAV) of the units, and classified as Level 1. Data for NAVs are available daily to plan administrators and client investors on NASDAQ's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.

TIAA variable annuities: The fair values of accumulation units held by the Plan in TIAA variable annuity accounts are published daily, representing each account's NAV. These accounts are not exchange traded; however, data for NAVs are available daily to plan administrators and client investors on both NASDAQ's and TIAA and CREF's websites, which provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. As a result, management has considered these units to have a readily determinable fair market value.

Pooled separate account: The TIAA Real Estate Account (REA) is a pooled separate account/insurance company separate account of TIAA investing mainly in real estate and real estate-related investments. This is a variable annuity. The REA's value is principally derived from the fair value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values for the REA are listed on NASDAQ and updated daily. As a result, management has considered these assets to have a readily determinable fair market value.

TIAA Traditional Annuity Accounts: The Plan invests in the Traditional Annuity, with an investment through the Retirement Annuity (RA) contract type, Group Retirement Annuity (GRA) and the Retirement Choice (RC) contract type, all of which are fixed rate contracts that are non-fully benefit-responsive. Observable prices for identical or similar investments do not exist, and it is classified as Level 3. Investments in the Traditional Annuity earn a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The accumulated crediting interest rate for the RA was approximately 6.35% for the 2023 and 5.10% for the 2022 declaration years, net of annual fees for the years ended December 31, 2023 and 2022. The crediting interest rate is calculated on a daily basis. The RA does not allow lump-sum cash withdrawals. For the GRA contracts, the rates were approximately 6.35% for the 2023 and 5.10% for the 2022 declaration years. Lump-sum withdrawals for the GRA are permitted within 120 days following termination of employment and are

**American Management Association International
Savings and Investment Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

subject to a surrender charge. Transfers from the RA or GRA must be spread over a period of 10 annual installments (or 5 annual installments for withdrawals after termination of employment). The accumulated crediting interest rate for the RC was approximately 6.60% for 2023 and 5.30% for 2022, net of annual fees for the years ended December 31, 2023 and 2022. The crediting interest rate is calculated on a daily basis. The RC only allows lump-sum cash withdrawals within 120 days of the participant's termination date and with a 2.5% surrender charge. Otherwise withdrawals and transfers must be distributed over 84 monthly installments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in methodologies used at December 31, 2023 and 2022.

The following tables summarize the Plan's Level 3 investments at December 31, 2023 and 2022 for which the fair value is based on unobservable inputs, the valuation techniques used to measure fair value of those investments, and the ranges of values for the unobservable inputs:

2023				
Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Annuity (non-benefit responsive)	\$ 410,235	Discounted cash flow	Risk-adjusted discount rate applied	RC - 4.25% - 7.00% GRA - 4.00% - 6.75% RA - 4.00% - 6.75%
2022				
Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Annuity (non-benefit responsive)	\$ 417,272	Discounted cash flow	Risk-adjusted discount rate applied	RC - 3.95% - 6.50% GRA - 3.70% - 6.25% RA - 3.70% - 6.25%

Purchases of Level 3 investments were \$9,000 and \$49,000 for the Plan years ended December 31, 2023 and 2022, respectively.

Increases in the discount rate would result in lower fair value measurement.

The Plan's policy is to recognize transfers in and transfers out at the end of the reporting period. There were no transfers of investments among any of the levels during 2023 or 2022.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENTS, AT CONTRACT VALUE

The Traditional Annuity is a guaranteed fixed annuity contract that is available to plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including the Supplemental Retirement Annuity (SRA), the Group Supplemental Retirement Annuity (GSRA), and the Retirement Choice Plus (RCP), which are fully benefit-responsive. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement. These contracts amounted to \$4,375,206 and \$4,720,954 at December 31, 2023 and 2022, respectively.

The TIAA Traditional Annuity Accounts offer a guaranteed principal, plus a specified rate of interest based on TIAA's claims paying ability. The guaranteed annual interest rate is 3% for all premiums remitted since 1979 under all TIAA Traditional Annuity accumulating contracts except for the RCP contracts.

**American Management Association International
Savings and Investment Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

For these contracts, the guaranteed rate is between 1% and 3%. Additional amounts may be declared on a year-by-year basis by the TIAA Board of Trustees. These additional amounts, when declared, remain in effect for the "declaration year," which begins each March 1. The TIAA Traditional Annuity Accounts consist of various individual annuity contracts and the additional interest can vary by contract. For the SRA and the GSRA contracts, the rate was approximately 5.60% for the 2023 and 4.35% for the 2022 declaration years. For the RCP contracts, the rate was approximately 5.85% for the 2023 and 4.60% for the 2022 declaration years.

Benefit-responsive contracts (SRA, GSRA, and RCP) do not have restrictions on withdrawals except that transfers cannot be made to competing funds.

TIAA invests amounts that back contracts in individual bonds, commercial mortgages, real estate, stocks, and other assets selected by specialized teams that target different sectors of the marketplace. The portfolio follows specific guidelines with respect to major asset classes, sectors, industries, property types, geographic regions, individual issuers/borrowers, foreign holdings, liquidity, quality, and derivatives.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, nor limit the ability of the Plan to transact at contract value with its participants.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

NOTE 7 - RELATED-PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in investment funds managed by Fidelity and TIAA and CREF and annuity accounts issued by TIAA, all of whom are the custodians of the Plan. Certain administrative functions of the Plan are performed by employees of the Association; no such employee receives compensation from the Plan. The Plan allows for participant loans. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Plan administrator does not believe that any events would limit the Plan's ability to transact at contract value.

NOTE 9 - TAX STATUS

A tax determination letter program is not yet available for 403(b) employee benefit programs through the IRS. The Plan administrator believes that the Plan is currently designed and operated in accordance with the IRC, and as such, is exempt from federal income taxes. U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an

**American Management Association International
Savings and Investment Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 14, 2024, the date the financial statements were available to be issued and determined there were no subsequent events which would require recognition or disclosure in the accompanying financial statements.
