Independent Auditor's Report

The Plan Trustees
TeamWorld, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of TeamWorld, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator
TeamWorld, Inc. 401(k) Plan

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

To the Plan Administrator
TeamWorld, Inc. 401(k) Plan

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the Plan Administrator
TeamWorld, Inc. 401(k) Plan

Supplemental Schedules Required by ERISA

The supplemental schedules as listed in the table of contents, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TEAMWORLD, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1: DESCRIPTION OF PLAN

General

The following brief description of the TeamWorld, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for complete information.

Plan Sponsor:	TeamWorld, Inc.
Plan Name:	TeamWorld, Inc. 401(k) Plan
Plan Number:	001
Sponsor EIN:	14-1659859

The Plan is a defined contribution plan covering all employees of TeamWorld, Inc. (the Sponsor) over the age of 21, six months after their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by the Sponsor. The Plan utilizes Fidelity Management Trust Company (FMTTC), a private trust bank, as custodian and trustee. The Plan also utilizes Fidelity Workplace Services LLC (FWS) as recordkeeper.

Eligibility

All employees of the Sponsor who have attained age 21, other than employees who are specifically excluded pursuant to the Plan document, are eligible to participate once six months of employment has been attained.

Investment Options

All investment programs are fully participant directed. Participants may direct the investment of their contributions, employer contributions, and related earnings thereon into any of the Plan's available investment options. If no election is made the investments are automatically directed to a targeted retirement date fund consistent with their estimated date of retirement. Participants can change their investment elections at any time.

Cash and Cash Equivalents

The Plan considered all highly liquid instruments purchased with an original maturity of three months or less to be cash equivalent. These instruments include money market funds the Plan is invested in, and they are valued at their cost which approximates fair value.

Contributions

Employees can defer their compensation (pre-tax or after tax) up to statutory amounts allowed by the Internal Revenue Code (IRC). Participants who will be at least 50 years of age by the end of the calendar year are permitted a "catch-up" deferral. Participants may also contribute funds representing distributions from other qualified defined benefit or contribution plans.

TEAMWORLD, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1: DESCRIPTION OF PLAN (Continued)

Contributions (continued)

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan and contribute 4% of their compensation to the Plan unless they opt out of the automatic contribution. The automatic contribution percentage will be increased 1% each year to a maximum of 10%, or until the participant elects otherwise.

The Sponsor has a Qualified Automatic Contribution Arrangement (QACA), where the Sponsor matches a participant's contribution on compensation deferrals, up to the first 4% of plan compensation. The Sponsor may also make additional discretionary contributions equal to a percentage of each participant's qualified compensation or a dollar amount. There were no discretionary contributions made in 2023 or 2022.

Vesting

Participants are vested immediately in their contributions to the Plan plus actual earnings thereon. Vesting in the Sponsor's matching QACA contribution portion of their accounts is based on years of continuous service. A participant is not vested until after they have been credited with 2 years of service, then they are 100% vested. Vesting in any discretionary or other kind of contributions the Sponsor makes, is subject to a 6-year graduated, vesting schedule.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Sponsor's contributions, and Plan earnings (losses), and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based proportionally on participant account balances, or as an equal dollar amount based on the number of participants in the Plan, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50% of their vested account balance, or \$50,000. Participants are allowed only one note outstanding. The notes are secured by the participant's account. The note interest rate, determined at the time the note is processed, is set at a rate of prime plus 1%.

Principal and interest are paid through payroll reductions over a maximum of 5 years (15 years if it is for the purchase of a primary residence). Upon termination from the Sponsor, the loan must be fully repaid by the participant, or it will be deemed distributed. These notes are valued at amortized cost.

TEAMWORLD, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1: DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Normal retirement date for participants under the Plan is age 65. Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of their vested balance. Upon termination of employment, if the account balance is less than or equal to \$1,000, their entire vested balance will be distributed in the form of a lump-sum payment, even if they do not consent to a distribution. If the account balance is greater than \$1,000 but less than or equal to \$5,000, and the participant has not consented to a distribution, the participants vested balance will be automatically rolled over to an IRA selected by the Plan administrator. If the account balance is greater than \$5,000, participants will receive a notice requesting a distribution from the Plan as soon as administratively feasible. If they do not consent to a distribution it will remain in the Plan, and any non-vested amounts will be forfeited. In the case of death, the remaining benefit will be distributed to the beneficiary or beneficiaries, as designated by the participant. Distributions, without penalty, may be made upon attainment of age 59½.

Hardship Withdrawals

Hardship withdrawals are available for up to 100% of the participant's vested account balance. Hardship withdrawals are subject to Internal Revenue Service (IRS) requirements, which are uniformly applicable to all participants.

Administrative Expenses

Administrative costs are paid by the Sponsor, except for certain fees paid to the third-party trustee. Costs associated with administering the Plan and absorbed by the Sponsor totaled \$12,200 and \$12,500 for the years ended December 31, 2023 and 2022, respectively. The fees charged to the Plan directly were \$3,240 and \$2,626 for the years ended December 31, 2023 and 2022, respectively.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited, non-vested accounts totaled \$39,141 and \$26,842, respectively. Forfeited participants' accounts are used to reduce the Sponsor's contributions to the Plan. Amounts used totaled \$0 for both the years ended December 31, 2023 and 2022, respectively.

Plan Termination

Although they have not expressed intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participant account balances would become 100% vested.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on an accrual basis in conformity with accounting principles generally accepted in the United States of America

Plan Accounting Policy

FMTC reports on a cash basis and uses a daily valuation system for valuing plan investments.

The system is designed so that each plan participant has their own individual account. Contributions and investment earnings are allocated upon receipt to each participant's account. The Plan's assets are calculated daily using the net asset value (NAV) for each investment option.

Cost is the amount paid for an asset. The recordkeeping system tracks historical cost for all purchases and sales of each investment option at the participant level. This cost is reported on a moving-average cost basis and is used to calculate the realized gain/loss included in the Summary of 5% Reportable Transactions Report, the Trial Balance Report, and the Administrative Report.

Related Party and Party-in-Interest Transactions

As described in Note 1, fees the third-party trustee charges related to the administration of notes receivable from participants and other administrative activities are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. These transactions qualify as party-in-interest transactions.

For the years ended December 31, 2023 and 2022, certain Plan investments were shares of mutual funds managed by Fidelity through FMTC. These transactions qualify as party-in-interest transactions. However, these transactions, are specifically exempt from the Department of Labor's party-in-interest reporting requirements.

Notes receivable from participants represent a portion of the Plan's receivables. These transactions also qualify as party-in-interest transactions. Notes receivable from participants to the Plan were \$83,063 and \$81,013 as of December 31, 2023 and 2022, respectively.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, unless otherwise stated. Quoted market prices are used to determine the fair value of mutual fund and brokerage account investments. The Plan uses the settlement date for determining investment positions. The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Contributions

Contributions from participants and from the Sponsor are recorded using the accrual basis.

Notes Receivable from Participants and Participant Loan Interest

Notes receivable from participants are measured on the unpaid principal balance. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent notes receivable are reclassified as distributions per the terms of the Plan document. Interest on participant loans is listed separately from investment income (loss).

Payment of Benefits

Benefit payments to participants or their beneficiaries are recorded when paid.

Reclassifications

Certain amounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

NOTE 3: INVESTMENTS AND FAIR VALUE MEASUREMENTS

For the years ended December 31, 2023 and 2022, the Plan utilized FMTC's service to determine its securities' fair values. The fair value of an asset is the amount at which that asset could be bought or sold in a current transaction between willing parties, that is, other than a forced sale. The Plan's financial assets carried at fair value have been classified for disclosure purposes and are based on hierarchy defined by FASB Codification Section 820. The Plan does not have any financial liabilities applicable under this guidance. The levels of fair value hierarchy are as follows:

- Level 1 - observable inputs based upon quoted market prices for identical assets or liabilities within active markets.

TEAMWORLD, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 3: INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

- Level 2 - observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 - inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Investment Category	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Common Stocks	\$ 17,749	\$ -	\$ -	\$ 17,749
Mutual Funds	3,687,404	-	-	3,687,404
Total	<u>\$ 3,705,153</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,705,153</u>

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

Investment Category	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Common Stocks	\$ 27,902	\$ -	\$ -	\$ 27,902
Mutual Funds	2,878,429	-	-	2,878,429
Total	<u>\$ 2,906,331</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,906,331</u>

The Plan administrator has evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2023 and 2022, there were no such significant transfers.

TEAMWORLD, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 3: INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value.

Common stocks: Valued at the closing price report on the active market on which the individual securities are traded. The stocks held by the Plan are registered with the U.S. Securities and Exchange Commission. These stocks are required to publish their daily NAV and to transact at that price. The stocks held by the Plan are deemed to be actively traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods used may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

NOTE 4: TAX STATUS

The Plan amended the plan document to the Fidelity Non-Standardized Pre-Approved Defined Contribution plan effective January 1, 2021. Per the IRS opinion letter dated June 30, 2020, this pre-approved plan document is acceptable for use by employers for the benefit of their employees under Internal Revenue Code (IRC) Section 401. Although the pre-approved plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRS, and therefore, believe the Plan is qualified, and the related trust is tax-exempt.

NOTE 5: CONTRIBUTIONS AND CONTRIBUTIONS RECEIVABLE

The Sponsor made matching contributions of \$238,178 and \$219,006 for the years ended December 31, 2023 and 2022, respectively. Of these contributions, \$8,748 and \$0 were receivable at December 31, 2023 and 2022, respectively. Participant contributions amounted to \$506,174 and \$486,877 for the years ended December, 31, 2023 and 2022, respectively. The contributions receivable from participants amount to \$18,101 and \$0 at December 31, 2023 and 2022, respectively. The financial statements were prepared after funding was made in the subsequent year, and as such, no allowance for collectability on the receivables was deemed necessary.

NOTE 6: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 7: INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

	2023	2022
Statement of Net Assets Available for Benefits		
Investment assets	\$ 3,747,951	\$ 2,935,558
Notes receivable from participants	83,063	81,013
Statement of Changes in Net Assets Available for Benefits		
Interest, dividends, and net appreciation		
(depreciation) in fair value of investments	566,937	(536,353)
Interest on notes receivable from participants	5,023	2,781

All information in the supplemental Schedule of Assets (Held at End of Year) is presented solely based upon the certification.

The plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year).

NOTE 8: RELATED PARTIES

The Plan administrator is an employee of the Plan sponsor. The trustees, administrators, and employees of the Plan, the officers of the Sponsor, and relatives of these various individuals are included in a category referred to as "parties-in-interest" (PII). Service providers to the Plan, as well as participants who obtain loans from the Plan, are considered PII.

NOTE 9: INACTIVE PARTICIPANT INFORMATION

The value of participant accounts which are owned by participants who are classified as terminated at December 31, 2023 and 2022, aggregated to \$914,627 and \$424,360, respectively.
