Independent Auditor's Report

To the Board of Trustees of
G & L Davis Meat Co., Inc. 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of G & L Davis Meat Co., Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it permissible in the circumstances, has elected to have the audits of G & L Davis Meat Co., Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of G & L Davis Meat Co., Inc. 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about G & L Davis Meat Co., Inc. 401(K) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103 (a)(3)(C) Audit of section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of G & L Davis Meat Co., Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about G & L Davis Meat Co., Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 and the supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

G & L DAVIS MEAT CO., INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Operations

The G & L Davis Meat Co., Inc. 401(K) Plan (the Plan) is a 401(k) deferred savings profit-sharing plan covering all eligible employees of G & L Davis Meat Co., Inc. (the Company) who have met the eligibility requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Accounting

The financial statements of the Plan reflect the accrual basis of accounting in which revenue is recognized when earned or otherwise available, and expenses are recognized when incurred. Contributions receivable at December 31, 2023 and 2022, are recorded at cost and represent contributions for the Plan years ended December 31, 2023 and 2022, which were received subsequent to year end.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any unpaid accrued interest. Interest is recognized over the term of the loan. Delinquent participant loans are reclassified as "deemed distributions" when they meet the criteria described in the plan document.

Investment Valuation and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation (depreciation) in the statements of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

G & L DAVIS MEAT CO., INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 DESCRIPTION OF PLAN

The following description of G & L Davis Meat Co., Inc. 401(K) Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

Contributions

Eligible employees, as defined in the plan document, can participate in the Plan on the first day of the month on or after attaining the age of 21 and completing three months of service. Each year, participants may contribute up to 100% of eligible compensation, as defined by the Plan, subject to annual limitations established by the Internal Revenue Code. Participants who are over age 50 or have attained age 50 before the end of the Plan year are eligible to make catch up contributions. The Plan allows for pre-tax elective deferral contributions, Roth elective deferral contributions and rollover contributions.

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation which will automatically increase by 1% on January 1st of each year up to a maximum of 6%, unless the participant changes their election.

Participants become eligible for employer matching contributions immediately upon entrance into the Plan. The Company matches elective deferral contributions at a rate equal to 100% of elective deferral contributions which are not over 1% of eligible compensation, plus 50% of elective deferral contributions which are over 1% of eligible compensation and are not over 6% of eligible compensation.

The Plan allows for employer discretionary contributions for participants meeting the eligibility requirements as defined in the Plan document. During both the plan years ended December 31, 2023 and 2022, the Company did not make any employer discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution, matching employer contribution, discretionary employer contribution and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined.

Vesting

Participants are immediately 100 percent vested in employee contributions. Participants, if still employed, are 100 percent vested in all employer contributions on or after the date normal retirement age is reached, on the date they become totally disabled or on the date of death. Otherwise, the participants are 100% vested in employer matching contributions when they reach 2 years or more of vesting service and are 100% vested in employer discretionary contributions when they reach 3 years or more of vesting service.

G & L DAVIS MEAT CO., INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 DESCRIPTION OF PLAN (Continued)

Forfeitures

Forfeitures may be used to pay administrative expenses of the Plan, offset employer contributions otherwise payable to the Plan, and any remaining balance may be allocated amongst participant accounts in accordance with the Plan document.

During 2023 and 2022, forfeitures of \$0 and \$727, respectively, were used to reduce employer contributions paid, and for both years, \$1 was used to reduce administrative expenses. No forfeitures were available at December 31, 2023 and 2022.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may elect to receive the vested value of his or her account in a lump-sum amount. The Plan also permits hardship withdrawals and in-service distributions upon meeting certain requirements as defined in the Plan document. In addition, the Plan has a mandatory cash out provision if the participant terminates employment and his or her vested account balance does not exceed \$5,000.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by any outstanding loan balance, if any, during the one-year period ending on the day before the new loan is made. All loans shall be for a fixed term of not more than five years. Participants may be granted two loans during a one-year period but only one loan may be outstanding at a time. The loans shall bear interest at the prime rate plus 1.00%. Principal and interest are to be paid ratably through payroll deduction.

NOTE 3 INCOME TAX

The Plan is an adoption of a prototype standardized profit-sharing plan and is qualified under the appropriate section of the Internal Revenue Code (IRC).

The prototype plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in employer contributions and the net assets of the Plan will be allocated as prescribed by ERISA and regulations pursuant thereto.

G & L DAVIS MEAT CO., INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 SUMMARY OF INFORMATION CERTIFIED BY PLAN CUSTODIAN

The total fair value of investments held in trust was \$12,219,500 and \$10,533,086 at December 31, 2023 and 2022, respectively. The total contract value of the fully benefit-responsive investment contract held in trust was \$961,709 and \$1,224,921 at December 31, 2023 and 2022, respectively. The total amount of notes receivable from participants held in trust was \$332,006 and \$373,120 at December 31, 2023 and 2022, respectively.

The custodian, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, has supplied the Plan's administrator with a certification as to the completeness and accuracy of all information regarding investments and notes receivable from participants assets, transactions, and income presented in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, and the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2023.

NOTE 6 FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board authoritative guidance on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

G & L DAVIS MEAT CO., INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Common Collective Trusts: The fair value of the Plan's investment in the trusts as determined by its sponsor.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

All assets have been valued using a market approach, except as noted above.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2023 and 2022:

Investments	Total	2023		
		Fair Value Measurements at Reporting		
		Date Using the Above Criteria		
		(Level 1)	(Level 2)	(Level 3)

NOTE 6 FAIR VALUE MEASUREMENTS (Continued)

Total	<u>\$10,533,086</u>	<u>\$ 5,946,413</u>	<u>\$ 0</u>	<u>\$ 0</u>

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of the net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share or its equivalent at December 31, 2023 and 2022:

	2023 <u>Fair Value</u>	2022 <u>Fair Value</u>	Unfunded <u>Commitments</u>	Redemption <u>Restrictions</u>
Common Collective Trusts	\$ <u>5,315,515</u>	\$ <u>4,586,673</u>	\$ <u>0</u>	None

NOTE 7 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a fully benefit-responsive investment contract issued by Principal Life Insurance Company to Principal Trust Company as custodian, called the Principal Fixed Income Guaranteed Option (PFIGO). The PFIGO is recorded at contract value on the statements of net assets available for benefits and is a guaranteed general-account backed group annuity contract.

No early withdrawal charges, surrender charges or market value adjustments apply to participant distributions that are consistent with the terms of the contract or to participant transfers into or out of the contract. However, investment transfers to competing investment options are subject to an equity wash. If the Plan removes the PFIGO as an investment option for participants, the Plan will be subject to either a 12-month advance notice or a 5% surrender charge whichever the Company chooses. If the Plan provides a 12-month advance notice and the cumulative participant investment transfer percentage exceeds 20% of the Plan's interest in the contract, a 5% surrender charge may apply.

The PFIGO earns interest at a composite crediting rate which is reset every 6 months and will never be less than a minimum guaranteed rate. The minimum guaranteed rate will be consistent with insurance regulations and won't be less than 1.00% or greater than 3.00%. The net crediting rate is after a deduction of .65% for fees for services provided to the plan. The net crediting rate was 0.90% and 1.10% for 2023 and 2022, respectively.

G & L DAVIS MEAT CO., INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 8 RISKS AND UNCERTAINTIES

Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. Plan assets are used to pay some expenses for administration of the Plan and the remaining administrative expenses are paid by the Company. Payments to such service providers by the Plan qualify as party-in-interest transactions.

For the years ending December 31, 2023 and 2022 certain Plan investments were common collective trusts, mutual funds, and a benefit-responsive investment contract managed by Principal Trust Company. Principal Trust Company is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Investments managed by Principal Trust Company represented approximately 68% and 61% of the Plan's net assets available for benefits at December 31, 2023 and 2022, respectively. Principal Trust Company also serves as recordkeeper for the plan.

NOTE 10 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2024, which is the date the financial statements were available to be issued.
