Terminal Supply Co. 401(k) Profit Sharing Plan and Trust

Financial Statements and Supplemental Schedule

Year Ended December 31, 2023

WIPFLI

Independent Auditor's Report

To the Plan Administrator
Terminal Supply Co. 401(k) Profit Sharing Plan and Trust
Troy, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Terminal Supply Co. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Terminal Supply Co. 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from an agent on behalf of the qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Terminal Supply Co. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Terminal Supply Co. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Terminal Supply Co. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Terminal Supply Co. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Terminal Supply Co. 401(k) Profit Sharing Plan and Trust

Notes to the financial statements

Note 1: Description of Plan

The following description of the Terminal Supply Co. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all domestic, non-union employees of Terminal Supply Co. (the "Company" and "Plan Sponsor"). The Plan contains a 401(k) elective deferral arrangement which covers all employees of the Company meeting the eligibility requirements, as discussed below. The Plan is subject to the Department of Labor's ("DOL") Employee Retirement Income Security Act of 1974 ("ERISA"). Management of the Plan Sponsor is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility

Except for nonresident aliens, leased employees and employees covered by a collective bargaining agreement, any employee who has completed one year of service and has reached the age of 21 is eligible to participate in the Plan. Upon meeting these requirements, and unless subject to additional requirements discussed below, an employee is eligible to make elective deferral contributions and participate in Plan Sponsor discretionary matching contributions, discretionary profit sharing contributions and safe harbor contributions. Eligible participants may enter the Plan immediately upon meeting the eligibility requirements. The Plan includes an auto-enrollment provision whereby newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a preselected fund based on their date of birth, until changed by the participant.

Contributions

Contributions to participant accounts are made by employees through tax-deferred and post-tax salary deductions and by the Company through their safe harbor contributions, discretionary matching contributions, and discretionary profit sharing contributions. Participants may voluntarily contribute up to 100% of their eligible compensation to the Plan, not to exceed the maximum contribution allowed by the Internal Revenue Code ("IRC"). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as defined by the IRC. Participants may elect to change fund elections and transfer investment balances between funds on a daily basis and change contribution percentages each payroll period. Employees may directly "roll over" their assets from a qualified plan and transfer the assets into their Plan account.

The Plan Sponsor provides a safe harbor contribution to the participants equal to 3% of eligible compensation. Total safe harbor contributions, for the year ended December 31, 2023, were approximately \$484,000.

Terminal Supply Co. 401(k) Profit Sharing Plan and Trust

Notes to the financial statements

Note 1: Description of Plan (Continued)

Contributions (Continued)

If a participant has completed 500 hours of service in the Plan year, is employed on the last day of the Plan year and has satisfied the general eligibility requirements discussed above, they are eligible to participate in applicable discretionary profit sharing contributions. During the year ended December 31, 2023, the Plan Sponsor did not provide any such discretionary matching or discretionary profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor and discretionary matching contributions, allocations of (a) discretionary profit sharing contributions, (b) plan earnings (losses) and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Upon the attainment of age 59½, termination of employment, death or disability, participants (or their beneficiaries) are entitled to receive the vested balance in their account. A participant is 100% vested in Company discretionary matching contributions, safe harbor contributions, and discretionary profit sharing contributions and earnings after two years of credited service or upon other conditions as defined in the Plan Document.

Forfeitures

Forfeitures are used to offset future employer contributions and Plan administrative costs. Forfeited nonvested accounts totaled \$81 as of December 31, 2023. There were no forfeited nonvested accounts at December 31, 2022.

Notes Receivable From Participants

Participants may borrow from the Plan a minimum of \$1,000, up to a maximum of the lesser of one-half of the total vested account balance reduced by the outstanding balance of all other loans from the Plan on the date of the new loan application, or \$50,000, reduced by the highest loan balance outstanding during the prior 12 months. The loans are secured by the balance in the Participant's account. Loans bear interest at a rate set by the Plan administrator in accordance with local prevailing rates for similar types of loans. Interest rates ranged from 4.25% to 9.50% on loans outstanding as of December 31, 2023, and 4.25% to 8.50% on loans outstanding as of December 31, 2022. Principal and interest payments are made through payroll deductions over a term not to exceed five years, except for home purchase loans, which can be for terms consistent with normal mortgages.

Terminal Supply Co. 401(k) Profit Sharing Plan and Trust

Notes to the financial statements

Note 1: Description of Plan (Continued)

Payment of Benefits

Distributions are allowed upon retirement, attainment of age 59½, disability, death, or termination of employment. Participants or their beneficiaries may receive a lump-sum distribution equal to the value of their vested interest in the account or installment payments as requested by the participant, subject to minimum distribution requirements by the IRC. A participant no longer employed by the Company may be subject to various force-out provisions depending on the participant's account balance upon the date of valuation after termination.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Use of Estimates

The preparation of the Plan's financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Terminal Supply Co. 401(k) Profit Sharing Plan and Trust

Notes to the financial statements

Note 2: Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements as described in Note 5. Fees related to the administration of notes receivable from participants and termination maintenance are charged directly to the participant's account and are included in administrative expenses. Administrative expenses also include trustee, record keeping and professional fees. Investment related expenses are included in the net appreciation in fair value of investments.

The Vanguard Group, Inc. provides certain administrative services to the Plan pursuant to a Fee Schedule agreement between the Company and The Vanguard Group, Inc. The Vanguard Group, Inc. receives revenue from mutual fund service providers for services The Vanguard Group, Inc. provides to the funds. This revenue is used to offset certain amounts owed for Plan administrative services.

If the revenue received by The Vanguard Group, Inc. from such mutual fund service providers exceeds the amount owed under the Fee Schedule agreement, The Vanguard Group, Inc. remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Plan Sponsor may make a payment to The Vanguard Group, Inc. for administrative expenses not covered by revenue sharing.

The Plan did not receive excess revenue sharing credits for the year ended December 31, 2023.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2024, which is the date the financial statements were available to be issued.

Note 3: Information Prepared and Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividend income, other income, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus LLC, as Agent for Ascensus Trust Company, the Custodian of the Plan.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: valued at the NAV of the shares held by the Plan at year end and is determined on the value of the underlying investments of the fund. The money market fund seeks to maintain a \$1.00 NAV.

Self-directed brokerage securities: The fair value is based on the underlying investments, which include common stocks and mutual funds. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the daily closing price as reported by the mutual fund. Mutual funds included in the self-directed brokerage accounts are open-end mutual funds that are registered on the U.S. Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds and common stock held by the Plan are deemed to be actively traded.

Note 5: Party-In-Interest Transactions

Certain Plan investments are managed by Vanguard. Vanguard is the recordkeeper, and therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services are netted against net appreciation in fair value of investments. These transactions are deemed to be party-in-interest transactions.

The Plan also has arrangements with various other service providers which qualify as party-in-interest transactions under ERISA.

In addition, notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Plan has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in Company contributions.

Notes to the financial statements

Note 7: Tax Status

The Plan adopted a non-standardized pre-approved plan document with an IRS notification letter, which states the pre-approved plan document is in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the notification letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
