INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor
Liberty Resources 403(b) Retirement Plan
Philadelphia, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **LIBERTY RESOURCES 403(b) RETIREMENT PLAN** (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) [“ERISA Section 103(a)(3)(C) audit”]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **LIBERTY RESOURCES 403(b) RETIREMENT PLAN**’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **LIBERTY RESOURCES 403(b) RETIREMENT PLAN** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presently fairly, in all material respects in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 and the Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LIBERTY RESOURCES 403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 1 – Description of Plan

The following description of the Liberty Resources 403(b) Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Effective May 25, 2022, the Plan was amended to allow participants to have two outstanding loans at any time.

- 1. General:** The Plan is a defined contribution plan that meets the requirements of section 403(b) of the Internal Revenue Code ("IRC") and was established for the benefit of the employees of Liberty Resources, Inc. and Liberty Community Connections, Inc., which are related employers ("the Company"). Liberty Resources, Inc. is the Plan Sponsor and Administrator. The Chief Financial Officer and the Chief Executive Officer are the Plan Trustees. The Insurance Company of the Plan is American United Life Insurance Company ("American United"), and the Third-Party Administrator of the Plan is One America Financial Partners, Inc. ("One America"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company is responsible for oversight of the Plan and determining the appropriateness of the Plan's investment offerings and monitoring investment performance.
- 2. Eligibility:** Employees of the Company can elect to participate in the Plan beginning with the first payroll after their first day of employment with the Company. For the employer safe harbor matching contribution, employees become eligible after 1 year of service. For the employer nonelective/matching contribution, employees become eligible after 2 years of service. A year of service is a consecutive 12-month period in which the employee is credited with more than 1,000 hours of service.
- 3. Participant Accounts:** Each participant account is credited with the participant's elective deferral contributions, as well as allocations of the Company's safe harbor matching and non-elective contributions, the Plan's investment earnings (losses), net of investment expenses, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined by the Plan. The benefit to which a participant or beneficiary is entitled is the benefit that can be provided from the participant's vested account.
- 4. Contributions:** Each year participants may make salary deferral contributions in any percentage up to 100% of their pretax or after-tax annual compensation, as defined in the Plan, up to a maximum of \$22,500 in 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$7,500 in 2023.

LIBERTY RESOURCES 403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 1 – Description of Plan (continued)

- 4. Contributions (continued):** In 2023, the Company matched 100% of each participant's elective deferrals not exceeding 3% of the participant's compensation, plus 50% of each participant's elective deferrals in excess of 3%, but not in excess of 5% of the participant's compensation.

The Company, at its discretion, may make non-elective matching contributions. Such matching is determined by the board of directors of the Company. Non-elective matching contributions are allocated to the account balances of participating employees in the same proportion that each participant's elective deferrals bear to the total elective deferral contributions of all participants employed by the Company for the Plan year. The Plan sponsor elected to not make a discretionary non-elective matching contribution for the year ended December 31, 2023. Participants direct the investment of their contributions and the Company match into various investment options offered by the Plan. The Plan currently holds a guaranteed investment contract and variable annuity contracts. The underlying investments of the variable annuity contracts are mutual funds.

- 5. Vesting:** Participants are immediately 100% vested in their salary deferral contributions, rollover contributions, the Company's employer safe harbor matching contribution, and the non-elective matching contributions plus actual earnings thereon and are not subject to forfeiture for any reason.
- 6. Payment of Benefits:** Upon termination of service due to death, disability, or retirement, a participant or beneficiary with an account balance of \$5,000 or greater may elect to receive a distribution as a lump-sum payment, or periodic payments in the form of a qualified joint and survivor annuity or life annuity. A participant with an account balance of less than \$5,000 is required to take a lump-sum payment upon termination of service. For termination of service for other reasons, a participant may either receive the value of the vested interest in his or her account as a lump-sum distribution or roll it over into another employer plan, otherwise the value of the vested interest will automatically roll over into an individual retirement account of the Plan administrator's choice.

The Plan also provides for in-service distributions for participants who have attained age 59 ½. A participant may elect a partial withdrawal with respect to in-service distributions only. The Plan also provides for hardship withdrawals subject to specified terms and conditions.

Note 1 – Description of Plan (continued)

7. **Notes Receivable from Participants:** Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by 50% of the vested portion of the participant's vested account balance and bear interest at 4.25% as determined by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions. Prior to May 25, 2022, the Plan allowed only one outstanding loan per participant at any time. The Plan was amended effective May 25, 2022, to allow two outstanding loans per participant at any time.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisor. See Note 5 to the financial statements for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 3 – Investments Certified by American United Life Insurance Company

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by American United as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedules:

	<u>2023</u>	<u>2022</u>
Variable annuity contracts	\$ 3,722,590	\$ 3,105,977
General guaranteed interest accounts	\$ 432,899	\$ 409,224
Notes receivable from participants	\$ 158,477	\$ 155,020

Investment income:

Note 4 – General Guaranteed Interest Account (Fixed Option)

The Plan has an investment in a fully benefit-responsive guaranteed interest account with American United totaling \$432,899 and \$409,224 at December 31, 2023 and 2022. American United maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for the participant withdrawals and administrative expenses. The guaranteed interest account issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed by the Plan. The crediting rate is based on a formula established by the account issuer but may not be less than 1.00%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed interest account does not permit the insurance company to terminate the agreement prior to the scheduled maturity. American United's general account assets are predominately fixed-income investments (bonds, mortgages, and private placements). The average maturity for these assets is nearly 10 years, and the average duration is between 5 and 6 years.

This account meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by American United, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor event (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The average yield based on actual earnings for this benefit responsive contract was 1.72% for the year ended December 31, 2023. The crediting interest rate to participants was 1.00% as of December 31, 2023.

Note 5 – Fair Value Measurements

Substantially all of the Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets or liabilities, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used only when Level 1 inputs are not available. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. There are no plan assets that are classified in the fair value hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Variable Annuity Contracts: Valued at the net asset value per share ("NAV") as a practical expedient. At the close of each business day the contract issuer determines the NAV which is directly related to the net asset value of the shares of the underlying investments adjusted for any dividends or distributions received. Each investment account is invested exclusively in shares of a specific mutual fund or other investment entities as determined by the contract holder and/or the participant.

All of the Plan's investments at fair value are variable annuity contracts which are valued at NAV as a practical expedient and are not classified in the fair value hierarchy.

LIBERTY RESOURCES 403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 6 – Tax Status

The Internal Revenue Service has determined and informed OneAmerica Financial Partners, Inc. by a letter dated November 22, 2017, that the Volume Submitter 403(b) Plan sponsored by OneAmerica Financial Partners, Inc. and adopted by the Plan constitutes a qualified plan under Section 403(b) of the Internal Revenue Code (“IRC”) and is, therefore, exempt from federal income taxes under the provisions of Section 501(a). Although the Plan has been amended since receiving the advisory letter, the Plan Administrator and the Plan’s tax counsel believe the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and therefore the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks, as well as risks related to the financial strength of the insurance company. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan’s investments. Accordingly, the valuation of investments at December 31, 2023 may not necessarily be indicative of amounts that could be realized in a current market exchange.

LIBERTY RESOURCES 403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 9 – Related Party Transactions

Substantially all of the Plan investments are shares in variable annuity contracts and a general guaranteed interest account managed by American United. American United is the Insurance Company as defined by the Plan and, therefore, transactions related to these investments qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through the Plan, rather than direct payments. Fees paid by the Plan for administrative expenses and third party administration fees amounted to \$892 for the year ended December 31, 2023.

Note 10 – Audit Scope Limitation

Prior to January 1, 2009, the Plan's third-party administrator tracked contributions, investment earnings, distributions and other activity on a "contract" basis. Each participant was able to be set up as having a separate "contract" and Plan level activity may not have been captured. This method of administration was utilized prior to January 1, 2009, as the regulations governing 403(b) Plans did not require plan level reporting. The Plan administrator believes a good faith effort was made to obtain all relevant information prior to January 1, 2009. However, as a result of the method of administration and lack of historical Plan level financial reporting, the Plan administrator is unable to obtain Plan level information prior to January 1, 2009. Accordingly, such information is not included in the accompanying financial statements.

Note 11 – Nonexempt Party-in-Interest Transaction

During the year ended December 31, 2023, it was discovered that certain amounts withheld were not timely remitted to the Plan. The Plan administrator deposited \$74,988, consisting of \$59,611 of employee contributions, \$14,461 of loan repayments, and \$916 of employee lost earnings at various times during 2023 in order to make the affected participants whole.

Note 12 – Subsequent Events

The Plan has evaluated subsequent events through October 11, 2024, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
