Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Gastrointestinal Associates, P.C. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined that it is permissible in the circumstances, has elected to have the audits of Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the "Scope and Nature of the ERISA Section 103(a)(3)(C) Audit" section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2023 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT PLAN**

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Gastrointestinal Associates, P.C. Retirement Plan (the Plan) is provided for general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Administration - The Plan's investments are held in a nondiscretionary directed trust at Newport Trust Company. Newport Trust Company is also the investment custodian. The Plan trustees and administrator have also delegated third party administration and record keeping to the Newport Group, Inc. In addition, the trustees have appointed PYA Waltman Capital, LLC as the Plan's investment advisor.

General - The Plan is a defined contribution plan available to substantially all full-time and part-time employees of Gastrointestinal Associates, P.C. (the Company, Employer, and Plan Sponsor) who are eligible to enroll in the following quarter after completing one year of service and are twenty-one years of age. A year of service is defined as the completion of 1,000 hours of work and 12 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan is funded by participant and employer contributions. The participants may elect to make tax-deferred contributions subject to annual IRS limitations. Participants may also contribute amounts representing distributions from other qualified deferred contribution or defined benefit plans. The Employer will make safe harbor matching contributions equal to 100% of participant contributions up to a maximum of 4% of compensation on a per-pay-period basis. The safe harbor matching contributions are 100% immediately vested. Additional profit-sharing amounts may be contributed at the option of the Company's board of directors.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the employer's contributions, and (b) plan earnings. Employer contributions are allocated based on participants' compensation. Plan earnings are allocated based on beginning balances and contributions made to the Plan during the year. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Vesting - Participants are 100% immediately vested in their voluntary contributions and the ROTH contributions plus actual earnings thereon. A participant vests in employer matching for employer contributions made before December 31, 2014, and discretionary profit-sharing contributions at 20% per year of service and 100% after five years of credited service. Effective January 1, 2015 safe harbor employer matching contributions are 100% immediately vested. A participant must work 1,000 hours per year to earn a year of credited service. Participants also become fully vested in their accounts upon reaching normal retirement age (59½), death, disability, or upon termination of the Plan.

Notes Receivable from Participants - Participants, with the consent of the Plan Administrator, may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear reasonable rates of interest, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Participants may not have more than two plan loans outstanding at any time. A participant's loan shall immediately become due and payable if such participant terminates employment for any reason or fails to make principal and or interest payments as provided in the loan agreement.

Payment of Benefits - Distributions are made in cash or lump-sum on termination of service due to death, disability or retirement. Method of distribution varies based upon reason for termination of service and these are defined within the Plan. For termination of service due to other reasons, a participant may receive the value of their vested interest in his or her account as a lump-sum distribution.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Plan Termination - Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer matching and discretionary profit-sharing contributions.

Forfeited Accounts - At December 31, 2023 and 2022, there were \$773 and \$3,777 in forfeited non-vested accounts. During 2023, employees forfeited \$7,136 and the plan used \$10,180 to reduce the Company's discretionary contribution. The remaining forfeited non-vested amounts will be used to reduce future employer contributions and administrative expenses.

Termination of Employment - If a participant terminates employment before retirement age for reasons other than death or disability, they will receive only the vested part of their account balance in the form of a lump sum distribution. The distributions are based upon the following vested account balances:

<u>Vested Account Balance</u>	<u>Terms</u>
Less than \$1,000	Distribution immediately.
Greater than \$1,000	The participant has the option of receiving a distribution, or leaving the amount in the Plan for future distribution.

Investment Options - Participants direct the investment of their contributions into various participant or self-directed investment options offered by the Plan. The Plan currently offers a guaranteed interest account (stable value fund) and several mutual fund investment accounts as investment options to participants. The Company contributions are invested using the same allocations as the participant contributions. Participants may change their elective contributions quarterly or stop deferral contributions at any time during the year. In addition, the Plan allows certain participants (Company Stockholder's and selected senior management) to self-direct investments under the trust with Newport Trust Company. Participants may change their investment options at their discretion.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan's financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and common collective trusts. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants - Participant loans are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Delinquent receivables are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with corresponding reductions to contributions.

Payment of Benefits - Benefits are recorded as deductions from net assets when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from those estimates.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses for self-directed accounts are included in deductions from net assets. Investment fees for participant directed investments are included in net appreciation (depreciation) of fair value of investments.

Evaluation of Subsequent Events - Management has evaluated subsequent events through October 1, 2024 which is the date the financial statements were available to be issued, and has determined that there are no subsequent events that require disclosure. See Note 10.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets that the Plan can access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs that are unobservable inputs for the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange Traded Funds (ETFs): Valued at the daily closing price as reported by the fund. ETFs hold assets such as stocks, bonds or commodities and trade close to its daily NAV. ETFs held by the Plan are deemed to be actively traded.

Common Stock & Corporate Bonds: Valued at the closing price reported on the active market on which the individual securities are traded.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Collective Trust Fund: The Plan is invested in a stable value fund, with Wilmington Trust Collective Investment Trust III for MetLife Group Annuity Contract Number 25554 (the "Fund") and is composed primarily of fully benefit responsive investment contracts. The Fund is valued at the NAV of the units owned and the NAV is used as a practical expedient to estimate fair value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the Fund. The NAV per unit is computed by dividing the total contract value of the assets of the Fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in the Fund and included in the determination of the unit values.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at estimated fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurements.

	Assets at Estimated Fair Value			
	Level 1	Level 2	Level 3	Total
<u>As of December 31, 2023</u>				
Participant Directed:				
Mutual Funds	\$ 15,356,388	\$ 0	\$ 0	\$ 15,356,388
Investment at Net Asset Value (a)				
Common Collective Trust				<u>1,741,287</u>
Total Participant-Directed				17,097,675
Total Self-Directed	<u>10,895,094</u>	<u>0</u>	<u>0</u>	<u>10,895,094</u>
Total Investments at Fair Value	<u>\$ 26,251,482</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 27,992,769</u>
<u>As of December 31, 2022</u>				
Participant Directed:				
Mutual Funds	\$ 11,737,217	\$ 0	\$ 0	\$ 11,737,217
Investment at Net Asset Value (a)				
Common Collective Trust				<u>1,897,124</u>
Total Participant-Directed				13,634,341
Total Self-Directed	<u>9,777,937</u>	<u>0</u>	<u>0</u>	<u>9,777,937</u>
Total Investments at Fair Value	<u>\$ 21,515,154</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 23,412,278</u>

(a) In accordance with Topic 820, certain investments that were measured at net asset per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

For the years ended December 31, 2023 and 2022, there were no transfers in or out of Levels 1, 2, or 3.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
<u>At December 31, 2023</u>				
Common Collective Trust	\$ 1,741,287	NA	Daily	12 months
<u>At December 31, 2022</u>				
Common Collective Trust	\$ 1,897,124	NA	Daily	12 months

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEES AND INVESTMENT CUSTODIANS (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, as permitted under such election, the Plan Administrator has obtained certification from Newport Trust in 2023 and 2022, the trustee and investment custodian, that the investment information in the accompanying financial statements and the supplementary schedule, with respect to investments and related investment activity, is complete and accurate as of December 31, 2023 and 2022 and for the year ended December 31, 2023. The investment information certified by Newport Trust is presented based on their certifications.

NOTE 5 - EMPLOYER CONTRIBUTIONS

During 2023, the Plan Sponsor made total employer contributions of \$938,987 consisting of \$354,846 in safe harbor matching contributions and \$584,141 in discretionary profit-sharing contributions. The profit-sharing contribution was accrued as a receivable at year-end 2023 and subsequently received by the Plan in 2024.

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

For the years ending December 31, 2023 and 2022, outstanding notes receivables from participants were \$74,891 and \$37,268, respectively, which qualify as party-in-interest transactions.

Gastrointestinal Associates, P.C. provides the Plan with certain accounting, auditing and administrative services for which no fees are charged.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Plan's third-party administrator by a letter dated March 31, 2014, that the prototype Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The differences between the 2023 and 2022 financial statements and the Form 5500 are as follows:

	<u>2023</u>	<u>2022</u>
Net Assets Available for Benefits per the Financial Statements	\$ 28,651,801	\$ 23,997,960
Less: End of Year Contributions Receivable	<u>(584,141)</u>	<u>(548,414)</u>
Net Assets Available for Benefits per Schedule H of the Form 5500	<u>\$ 28,067,660</u>	<u>\$ 23,449,546</u>
Employer Contributions per the Financial Statements	\$ 938,987	
Less: End of Year Receivable	(584,141)	
Add: Beginning of Year Receivable	<u>548,414</u>	
Employer Contributions Per Schedule H of the Form 5500	<u>\$ 903,260</u>	

The Schedule H of the Form 5500 has been prepared using the cash basis method of accounting.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant's account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 10 - SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 1, 2024 which is the date the financial statements were available to be issued.
