Independent Auditor's Report

To the Plan Administrator
Eliassen Group, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Eliassen Group, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ELIASSEN GROUP, LLC 401(k) PLAN

Notes to Financial Statements

Note A - Description of Plan

The following description of Eliassen Group, LLC 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering eligible employees of Eliassen Group, LLC (the “Company”, “Plan Administrator”, or “Employer”). Employees are eligible to participate in the Plan as of the first day of the month following their hire date and upon reaching the age of 18. The Plan was originally adopted by the Employer on January 1, 1993 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). All Plan assets are held with Fidelity Management Trust Company (“Fidelity”), the trustee of the Plan.

SECURE ACT 2.0

In December 2022, Congress passed the Consolidated Appropriations Act of 2023 which included the SECURE Act 2.0. The SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since the SECURE Act 2.0 provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the Plan documents accordingly. Certain provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan’s 2023 financial statements.

Contributions

Each year, participants may make pre-tax elective contributions and Roth contributions of up to 90% of eligible compensation as defined by the Plan, up to a maximum amount of \$22,500 for 2023. Participants over the age of 50 can elect to contribute an additional \$7,500 in “catch-up” contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also rollover amounts representing distributions from other qualified plans. The Plan provides for employer discretionary matching contributions in an amount equal to a percentage of the amount contributed by each participant. The discretionary matching contributions may be limited to a certain dollar amount. As of December 31, 2023 and 2022, the Company accrued discretionary matching contributions, which were paid into the Plan in 2023 and 2022, respectively, of 50% of the participant’s contribution up to the first \$1,500 for a maximum contribution of \$750. A participant is eligible to receive the discretionary matching contribution if he or she has provided at least 1,000 hours of service during the year.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s contribution, if any, Plan earnings (losses) from investments and is charged for specific administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant’s account.

ELIASSEN GROUP, LLC 401(k) PLAN

Notes to Financial Statements

Note A - Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching portion of their accounts is based on years of continuous service. A participant is 100% vested on Employer discretionary contributions after three years of credited service.

A participant who attains normal retirement age or who becomes disabled or dies will be considered 100% vested.

Payment of Benefits

Upon a disability, retirement, or termination of employment with the Company for any reason, the participant will be entitled to receive a distribution of the total vested portion of his or her account.

If the participant does not choose to take a distribution and the vested account balance is \$1,000 or less, the amount will be paid in a lump sum distribution.

Active participants may take a distribution from all or a portion of their account if they are at least age 59½ or through a hardship distribution from pre-tax elective deferrals (including earnings), matching contributions, rollover contributions, transfer contributions, or qualified non-elective contribution ("QNEC").

Forfeitures

The forfeitures of unvested account balances will be used to reduce future Employer contributions to the Plan. As of December 31, 2023 and 2022, forfeitures in the amount of \$179,430 and \$144,866 respectively, were available to reduce Employer contributions or administrative expenses. In 2023, Employer contributions were reduced by \$189,274 from forfeited nonvested accounts.

Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 or 50% of their vested account balances, reduced by the highest outstanding loan amount during the immediately preceding twelve-month period. The loan is secured by the balance in the participant's account with actual interest rates ranging from 4.25% to 9.50%. Such loans are scheduled to mature within five years, unless loan proceeds are applied to acquire a principal residence, in which case, at the discretion of the Plan Administrator, the maturity may be for a longer period but not to exceed ten years. Interest rates are fixed for the duration of the loan. Principal and interest are paid ratably through weekly payroll deductions.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments in mutual funds are reported at fair value. Investment in the stable value collective trust fund is reported at its net asset value as a practical expedient. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividend income includes capital gain distributions from the investments. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees related to investment consulting services are charged directly to participant accounts on a pro-rata basis and are included in administrative expenses.

Evaluation of Subsequent Events

Management has evaluated subsequent events through October 11, 2024, the date these financial statements became available to be issued.

Notes to Financial Statements

Note C - Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. *Level 1* inputs, in general, consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, *Level 2* inputs, in general, consist of quoted prices for similar assets in active markets and *Level 3* inputs are unobservable inputs which have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investment. When available, the Plan measures fair value using *Level 1* inputs because they generally provide the most reliable evidence of fair value. The Plan used *Level 1* inputs to value its investments and no *Level 2 or Level 3* inputs.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any impact that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

1. Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
2. Stable value collective trust: The collective trust with underlying investments in benefit-responsive investment contracts is valued based on the net asset value per unit reported to the Plan. The net asset value is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities and adjusted to the value ("contract value") that participants are able to transact at with the fund. Participant purchases and sales of the fund may occur daily. The trustee of the fund may in its sole discretion restrict redemptions from the fund in unusual market conditions.

Investments, at fair value	<u>\$ 89,569,859</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 94,408,222</u>

- (a) Certain investments that are measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There were no transfers between levels for the years ended December 31, 2023 and 2022.

ELIASSEN GROUP, LLC 401(k) PLAN

Notes to Financial Statements

Note C - Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022.

	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fidelity Advisor Stable Value Portfolio Class I	None	Daily	1 day

The Fidelity Advisor Stable Value Portfolio Class I (“Stable Value Fund”) limits the ability to transact at the net asset value per share (contract value) upon the occurrence of certain Plan events including: (1) failure of the Plan to qualify for exemption from federal income taxes, (2) any transfer of assets from the Stable Value Fund directly to a competing investment option, offered by the Plan, (3) change in law, regulation or administrative ruling applicable to the Plan that could have material adverse effect on the Stable Value Fund cash flow, and (4) any communications given to participants by the Plan Administrator designed to induce or influence Plan participants not to invest in the Stable Value Fund or to transfer assets out of the Stable Value Fund. The Plan Administrator does not believe that occurrence of these events are probable.

The investment objective of the Stable Value Fund is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital.

Note D - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note E - Tax Status

The Internal Revenue Service has determined and informed the Plan Administrator by a letter dated June 30, 2020, that the prototype plan and related trust adopted by the Company are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest expense or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Note F - Information Certified by Trustee (Unaudited)

At December 31, 2023 and 2022, Fidelity Management Trust Company, as trustee, held the Plan's investments. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Amounts certified by trustee:

	<u>2023</u>	<u>2022</u>
Statements of Net Assets Available for Benefits:		
Fair value of investments	\$ 121,110,804	\$ 94,408,222
Notes receivable from participants	774,830	752,079
Statement of Changes in Net Assets Available for Benefits:		
Net appreciation in fair value of investments	\$ 14,634,961	
Dividends	3,005,724	
Interest income from notes receivable from participants	42,891	

Note G - Party-in-Interest Transactions

Certain Plan investments are invested in shares of registered investment companies and units of a collective trust managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions are regarded as party-in-interest transactions.

For the year ended December 31, 2023, the Plan incurred investment advisor fees of \$174,943. These expenses are considered parties-in-interest transactions. Participant notes receivable also qualify as party-in-interest transactions.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Independent Auditor's Report

To the Plan Administrator
Eliassen Group, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Eliassen Group, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ELIASSEN GROUP, LLC 401(k) PLAN

Notes to Financial Statements

Note A - Description of Plan

The following description of Eliassen Group, LLC 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering eligible employees of Eliassen Group, LLC (the “Company”, “Plan Administrator”, or “Employer”). Employees are eligible to participate in the Plan as of the first day of the month following their hire date and upon reaching the age of 18. The Plan was originally adopted by the Employer on January 1, 1993 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). All Plan assets are held with Fidelity Management Trust Company (“Fidelity”), the trustee of the Plan.

SECURE ACT 2.0

In December 2022, Congress passed the Consolidated Appropriations Act of 2023 which included the SECURE Act 2.0. The SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since the SECURE Act 2.0 provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the Plan documents accordingly. Certain provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan’s 2023 financial statements.

Contributions

Each year, participants may make pre-tax elective contributions and Roth contributions of up to 90% of eligible compensation as defined by the Plan, up to a maximum amount of \$22,500 for 2023. Participants over the age of 50 can elect to contribute an additional \$7,500 in “catch-up” contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also rollover amounts representing distributions from other qualified plans. The Plan provides for employer discretionary matching contributions in an amount equal to a percentage of the amount contributed by each participant. The discretionary matching contributions may be limited to a certain dollar amount. As of December 31, 2023 and 2022, the Company accrued discretionary matching contributions, which were paid into the Plan in 2023 and 2022, respectively, of 50% of the participant’s contribution up to the first \$1,500 for a maximum contribution of \$750. A participant is eligible to receive the discretionary matching contribution if he or she has provided at least 1,000 hours of service during the year.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s contribution, if any, Plan earnings (losses) from investments and is charged for specific administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant’s account.

Notes to Financial Statements

Note A - Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching portion of their accounts is based on years of continuous service. A participant is 100% vested on Employer discretionary contributions after three years of credited service.

A participant who attains normal retirement age or who becomes disabled or dies will be considered 100% vested.

Payment of Benefits

Upon a disability, retirement, or termination of employment with the Company for any reason, the participant will be entitled to receive a distribution of the total vested portion of his or her account.

If the participant does not choose to take a distribution and the vested account balance is \$1,000 or less, the amount will be paid in a lump sum distribution.

Active participants may take a distribution from all or a portion of their account if they are at least age 59½ or through a hardship distribution from pre-tax elective deferrals (including earnings), matching contributions, rollover contributions, transfer contributions, or qualified non-elective contribution ("QNEC").

Forfeitures

The forfeitures of unvested account balances will be used to reduce future Employer contributions to the Plan. As of December 31, 2023 and 2022, forfeitures in the amount of \$179,430 and \$144,866 respectively, were available to reduce Employer contributions or administrative expenses. In 2023, Employer contributions were reduced by \$189,274 from forfeited nonvested accounts.

Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 or 50% of their vested account balances, reduced by the highest outstanding loan amount during the immediately preceding twelve-month period. The loan is secured by the balance in the participant's account with actual interest rates ranging from 4.25% to 9.50%. Such loans are scheduled to mature within five years, unless loan proceeds are applied to acquire a principal residence, in which case, at the discretion of the Plan Administrator, the maturity may be for a longer period but not to exceed ten years. Interest rates are fixed for the duration of the loan. Principal and interest are paid ratably through weekly payroll deductions.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments in mutual funds are reported at fair value. Investment in the stable value collective trust fund is reported at its net asset value as a practical expedient. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividend income includes capital gain distributions from the investments. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees related to investment consulting services are charged directly to participant accounts on a pro-rata basis and are included in administrative expenses.

Evaluation of Subsequent Events

Management has evaluated subsequent events through October 11, 2024, the date these financial statements became available to be issued.

Note C - Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. *Level 1* inputs, in general, consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, *Level 2* inputs, in general, consist of quoted prices for similar assets in active markets and *Level 3* inputs are unobservable inputs which have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investment. When available, the Plan measures fair value using *Level 1* inputs because they generally provide the most reliable evidence of fair value. The Plan used *Level 1* inputs to value its investments and no *Level 2 or Level 3* inputs.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any impact that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

1. Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
2. Stable value collective trust: The collective trust with underlying investments in benefit-responsive investment contracts is valued based on the net asset value per unit reported to the Plan. The net asset value is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities and adjusted to the value ("contract value") that participants are able to transact at with the fund. Participant purchases and sales of the fund may occur daily. The trustee of the fund may in its sole discretion restrict redemptions from the fund in unusual market conditions.

Investments, at fair value	<u>\$ 89,569,859</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 94,408,222</u>

(a) Certain investments that are measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There were no transfers between levels for the years ended December 31, 2023 and 2022.

Notes to Financial Statements

Note C - Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022.

	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fidelity Advisor Stable Value Portfolio Class I	None	Daily	1 day

The Fidelity Advisor Stable Value Portfolio Class I (“Stable Value Fund”) limits the ability to transact at the net asset value per share (contract value) upon the occurrence of certain Plan events including: (1) failure of the Plan to qualify for exemption from federal income taxes, (2) any transfer of assets from the Stable Value Fund directly to a competing investment option, offered by the Plan, (3) change in law, regulation or administrative ruling applicable to the Plan that could have material adverse effect on the Stable Value Fund cash flow, and (4) any communications given to participants by the Plan Administrator designed to induce or influence Plan participants not to invest in the Stable Value Fund or to transfer assets out of the Stable Value Fund. The Plan Administrator does not believe that occurrence of these events are probable.

The investment objective of the Stable Value Fund is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital.

Note D - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note E - Tax Status

The Internal Revenue Service has determined and informed the Plan Administrator by a letter dated June 30, 2020, that the prototype plan and related trust adopted by the Company are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest expense or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Note F - Information Certified by Trustee (Unaudited)

At December 31, 2023 and 2022, Fidelity Management Trust Company, as trustee, held the Plan's investments. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Amounts certified by trustee:

	<u>2023</u>	<u>2022</u>
Statements of Net Assets Available for Benefits:		
Fair value of investments	\$ 121,110,804	\$ 94,408,222
Notes receivable from participants	774,830	752,079
Statement of Changes in Net Assets Available for Benefits:		
Net appreciation in fair value of investments	\$ 14,634,961	
Dividends	3,005,724	
Interest income from notes receivable from participants	42,891	

Note G - Party-in-Interest Transactions

Certain Plan investments are invested in shares of registered investment companies and units of a collective trust managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions are regarded as party-in-interest transactions.

For the year ended December 31, 2023, the Plan incurred investment advisor fees of \$174,943. These expenses are considered parties-in-interest transactions. Participant notes receivable also qualify as party-in-interest transactions.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
