INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Management of
Schafer Condon Carter, Inc. 401(k) Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Schafer Condon Carter, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SCHAFFER CONDON CARTER, INC. 401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE A – DESCRIPTION OF PLAN

The following description of the Schaffer Condon Carter, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and Summary Plan Description (SPD) for a more detailed description of the Plan provisions.

General

The Plan is a defined contribution plan covering all qualified employees of Schaffer Condon Carter, Inc. (the “Plan Sponsor”). The Plan provides for contributions pursuant to Section 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Fidelity Management Trust Company (“Trustee”) is the record keeper and trustee of the Plan.

Eligibility

All employees who are at least age 21 and have 90 days of service are eligible to participate in the Schaffer Condon Carter, Inc. 401(k) Profit Sharing Plan.

Contributions

Employee contributions are voluntary and limited to the maximum allowed under the Internal Revenue Code. There are two types of salary deferral allowed under the Plan: Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan requires an employer safe harbor contribution on eligible compensation of 3%. The safe harbor contributions for the years ending December 31, 2023 and 2022 were \$268,993 and \$261,732, respectively.

The Plan Sponsor may elect to make additional qualified nonelective contributions for eligible participants who are non-highly compensated. Distribution of the qualified nonelective contributions will be allocated to participants with the lowest compensation. Additional qualified nonelective contributions for eligible participants would be calculated based on a uniform percentage of compensation or a uniform amount. No qualified nonelective contributions were made for the years ended December 31, 2023 and 2022.

The Plan Sponsor may also make a discretionary profit-sharing contribution to eligible employees. The discretionary profit sharing contribution for the years ended December 31, 2023 and 2022 were \$27,850 and \$29,034, respectively.

Additionally, the Plan allows for rollover contributions. Participants will always be 100% vested in their rollover accounts, though those funds will be affected by any investment gains or losses. Total rollovers for the years ended December 31, 2023 and 2022 were \$34,351 and \$121,817, respectively.

Transfers In

During the year the Plan Sponsor merged in their subsidiary’s (Time Zone One) into the Plan during Quarter 2 of 2023. The total amount transferred into the plan was \$1,435,757.

SCHAFER CONDON CARTER, INC. 401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE A – DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

The Plan provides for participant loans. The maximum number of loans outstanding at any one time is 2. Plan participants may obtain fixed-rate loans, not to exceed five years, against their vested account balances provided that certain conditions are met, and that approval is granted by the Plan Administrator. At December 31, 2023 interest rates on outstanding participant loans receivable ranged from 4.25% to 6.50% per annum.

Participants' Accounts

Participant accounts are credited with their contributions (401(k) and/or rollover), Company contributions and allocations of Plan earnings and losses minus any distributions and applicable fees. Earnings allocations are generally determined based on participants' units in each investment option they have selected. A participant is only entitled to their vested account balance.

Vesting

Participants are immediately vested in their salary deferrals including catch-up contributions plus actual earnings thereon. Participants become 100% vested in the Plan Sponsor discretionary contributions (profit sharing and matches on elective deferrals) upon completion of 6 years of service.

The participant's vested percentage in their account attributable to profit sharing and employer contributions are determined under the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Generally, benefits are paid to participants upon termination of service due to death, retirement, or disability. Account balances less than \$1,000 are subject to payment regardless of whether the employee consented to receive it upon termination. While the account and timing of payments will vary depending on the option selected, the total payment will have the same value to the participant at retirement.

Forfeitures

If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan as forfeitures. Forfeitures may be used by the Plan to pay for administrative expenses and or to reduce any employer contributions. At December 31, 2023, there were no forfeited non-vested accounts.

NOTE A – DESCRIPTION OF PLAN (continued)

Investment Options

Participants may direct the investment of their account balances and future contributions and Employer contributions into various investment options offered by the Plan. Participants are allowed to change their investment options daily.

Hardship Withdrawals

Hardship withdrawals may be made to satisfy certain immediate financial needs, according to specific types of costs and set conditions designated in the Plan. Hardship withdrawals can only be made from accounts which are 100% vested.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with U.S. generally accepted accounting principles (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires Management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year, assets held during the year and interest and dividend income.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as December 31, 2023 and 2022.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits

Benefits are paid to participants upon termination of service due to death, retirement, or separation of service. Benefits are recorded when paid.

Administrative Expenses

Non-investment costs and administrative expenses of the Plan are paid by the Plan Sponsor. Investment expenses are paid by the Plan and are offset against the related investment income.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the value in investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the financial statements.

Plan Termination

Although the Plan Sponsor has not expressed intent to terminate the Plan, it may do so at any time. If the Plan is terminated, participants become 100 percent vested in their accounts and the net assets would be distributed to the participants according to the balances in the participants' accounts.

NOTE C – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the *Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA*. Under this provision of ERISA, investment information and related activity are certified as accurate and complete by a qualified institution need not be subjected to independent audit.

The Plan administrator has obtained a certification from Fidelity Management Trust Company, the trustee of the Plan. The following information is included in the Plan's financial statements and supplemental schedule:

- Investments and notes receivable from participants as of December 31, 2023 and 2022;
- Plan transactions related to investment income and securities transactions for the years ended December 31, 2023 and 2022;
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

Accordingly, at the request of the Plan administrator, the Plan's independent certified public accountants performed no procedures on investment information and related activity, other than to agree the information to the trust statements certified by the Plan's trustee and provided to them by the Plan administrator.

NOTE D – FAIR VALUE OF MARKET INVESTMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2:

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE D – FAIR VALUE OF MARKET INVESTMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 11,198,536	\$ -	\$ -	\$ 11,198,536
Money Market				176,270
Total assets at fair value				<u>\$ 11,374,806</u>

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 8,212,971	\$ -	\$ -	\$ 8,212,971
Money Market				131,743
Total assets at fair value				<u>\$ 8,344,714</u>

The Plan also holds other assets not measured at fair value on a recurring basis, including contributions receivable and unallocated cash. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to either the short maturity of the instruments or the use of the interest rates that approximate market rates for instruments of similar maturity.

NOTE E – INCOME TAX STATUS

The Plan adopted the FMR LLC Non-Standardized Pre-Approved Profit Sharing Plan with CODA, which received a favorable advisory letter from the Internal Revenue Service (IRS) dated June 30, 2020. The IRS response letter states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan has not individually sought its own determination letter. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor and the Plan's legal counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. For federal purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE F – PARTY-IN-INTEREST TRANSACTIONS

Certain plan assets are in investment funds managed by Fidelity Management Trust Company, which is the Custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions under ERISA guidelines.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the right of each participant to the benefits accrued under the Plan shall be non- forfeitable and subject only to the available Plan assets. The complete provisions covering Plan termination are included in the Plan document, which is available to all participants.

NOTE H – SUBSEQUENT EVENTS

The Plan Sponsor has evaluated events subsequent to the statement of net assets available for benefits date of December 31, 2023, through October 8, 2024, the date the financial statements were available to be issued. It has concluded that there are no effects that provide additional evidence about conditions that existed at the statement of net assets available for benefits date that require recognition in the financial statements or related note disclosures in accordance with FASB ASC 855, *Subsequent Events*.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Management of
Schafer Condon Carter, Inc. 401(k) Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Schafer Condon Carter, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SCHAFFER CONDON CARTER, INC. 401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE A – DESCRIPTION OF PLAN

The following description of the Schaffer Condon Carter, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and Summary Plan Description (SPD) for a more detailed description of the Plan provisions.

General

The Plan is a defined contribution plan covering all qualified employees of Schaffer Condon Carter, Inc. (the “Plan Sponsor”). The Plan provides for contributions pursuant to Section 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Fidelity Management Trust Company (“Trustee”) is the record keeper and trustee of the Plan.

Eligibility

All employees who are at least age 21 and have 90 days of service are eligible to participate in the Schaffer Condon Carter, Inc. 401(k) Profit Sharing Plan.

Contributions

Employee contributions are voluntary and limited to the maximum allowed under the Internal Revenue Code. There are two types of salary deferral allowed under the Plan: Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan requires an employer safe harbor contribution on eligible compensation of 3%. The safe harbor contributions for the years ending December 31, 2023 and 2022 were \$268,993 and \$261,732, respectively.

The Plan Sponsor may elect to make additional qualified nonelective contributions for eligible participants who are non-highly compensated. Distribution of the qualified nonelective contributions will be allocated to participants with the lowest compensation. Additional qualified nonelective contributions for eligible participants would be calculated based on a uniform percentage of compensation or a uniform amount. No qualified nonelective contributions were made for the years ended December 31, 2023 and 2022.

The Plan Sponsor may also make a discretionary profit-sharing contribution to eligible employees. The discretionary profit sharing contribution for the years ended December 31, 2023 and 2022 were \$27,850 and \$29,034, respectively.

Additionally, the Plan allows for rollover contributions. Participants will always be 100% vested in their rollover accounts, though those funds will be affected by any investment gains or losses. Total rollovers for the years ended December 31, 2023 and 2022 were \$34,351 and \$121,817, respectively.

Transfers In

During the year the Plan Sponsor merged in their subsidiary’s (Time Zone One) into the Plan during Quarter 2 of 2023. The total amount transferred into the plan was \$1,435,757.

SCHAFER CONDON CARTER, INC. 401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE A – DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

The Plan provides for participant loans. The maximum number of loans outstanding at any one time is 2. Plan participants may obtain fixed-rate loans, not to exceed five years, against their vested account balances provided that certain conditions are met, and that approval is granted by the Plan Administrator. At December 31, 2023 interest rates on outstanding participant loans receivable ranged from 4.25% to 6.50% per annum.

Participants' Accounts

Participant accounts are credited with their contributions (401(k) and/or rollover), Company contributions and allocations of Plan earnings and losses minus any distributions and applicable fees. Earnings allocations are generally determined based on participants' units in each investment option they have selected. A participant is only entitled to their vested account balance.

Vesting

Participants are immediately vested in their salary deferrals including catch-up contributions plus actual earnings thereon. Participants become 100% vested in the Plan Sponsor discretionary contributions (profit sharing and matches on elective deferrals) upon completion of 6 years of service.

The participant's vested percentage in their account attributable to profit sharing and employer contributions are determined under the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Generally, benefits are paid to participants upon termination of service due to death, retirement, or disability. Account balances less than \$1,000 are subject to payment regardless of whether the employee consented to receive it upon termination. While the account and timing of payments will vary depending on the option selected, the total payment will have the same value to the participant at retirement.

Forfeitures

If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan as forfeitures. Forfeitures may be used by the Plan to pay for administrative expenses and or to reduce any employer contributions. At December 31, 2023, there were no forfeited non-vested accounts.

Participants may direct the investment of their account balances and future contributions and Employer contributions into various investment options offered by the Plan. Participants are allowed to change their investment options daily.

Hardship Withdrawals

Hardship withdrawals may be made to satisfy certain immediate financial needs, according to specific types of costs and set conditions designated in the Plan. Hardship withdrawals can only be made from accounts which are 100% vested.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with U.S. generally accepted accounting principles (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires Management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year, assets held during the year and interest and dividend income.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as December 31, 2023 and 2022.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits

Benefits are paid to participants upon termination of service due to death, retirement, or separation of service. Benefits are recorded when paid.

Administrative Expenses

Non-investment costs and administrative expenses of the Plan are paid by the Plan Sponsor. Investment expenses are paid by the Plan and are offset against the related investment income.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the value in investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the financial statements.

Plan Termination

Although the Plan Sponsor has not expressed intent to terminate the Plan, it may do so at any time. If the Plan is terminated, participants become 100 percent vested in their accounts and the net assets would be distributed to the participants according to the balances in the participants' accounts.

NOTE C – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the *Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA*. Under this provision of ERISA, investment information and related activity are certified as accurate and complete by a qualified institution need not be subjected to independent audit.

The Plan administrator has obtained a certification from Fidelity Management Trust Company, the trustee of the Plan. The following information is included in the Plan's financial statements and supplemental schedule:

- Investments and notes receivable from participants as of December 31, 2023 and 2022;
- Plan transactions related to investment income and securities transactions for the years ended December 31, 2023 and 2022;
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

Accordingly, at the request of the Plan administrator, the Plan's independent certified public accountants performed no procedures on investment information and related activity, other than to agree the information to the trust statements certified by the Plan's trustee and provided to them by the Plan administrator.

NOTE D – FAIR VALUE OF MARKET INVESTMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2:

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE OF MARKET INVESTMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 11,198,536	\$ -	\$ -	\$ 11,198,536
Money Market				176,270
Total assets at fair value				<u>\$ 11,374,806</u>

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 8,212,971	\$ -	\$ -	\$ 8,212,971
Money Market				131,743
Total assets at fair value				<u>\$ 8,344,714</u>

The Plan also holds other assets not measured at fair value on a recurring basis, including contributions receivable and unallocated cash. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to either the short maturity of the instruments or the use of the interest rates that approximate market rates for instruments of similar maturity.

NOTE E – INCOME TAX STATUS

The Plan adopted the FMR LLC Non-Standardized Pre-Approved Profit Sharing Plan with CODA, which received a favorable advisory letter from the Internal Revenue Service (IRS) dated June 30, 2020. The IRS response letter states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan has not individually sought its own determination letter. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor and the Plan's legal counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. For federal purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE F – PARTY-IN-INTEREST TRANSACTIONS

Certain plan assets are in investment funds managed by Fidelity Management Trust Company, which is the Custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions under ERISA guidelines.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the right of each participant to the benefits accrued under the Plan shall be non- forfeitable and subject only to the available Plan assets. The complete provisions covering Plan termination are included in the Plan document, which is available to all participants.

NOTE H – SUBSEQUENT EVENTS

The Plan Sponsor has evaluated events subsequent to the statement of net assets available for benefits date of December 31, 2023, through October 8, 2024, the date the financial statements were available to be issued. It has concluded that there are no effects that provide additional evidence about conditions that existed at the statement of net assets available for benefits date that require recognition in the financial statements or related note disclosures in accordance with FASB ASC 855, *Subsequent Events*.
