Independent Auditor's Report

To the Plan Administrator
Compassus 401(k) Plan
Brentwood, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Compassus 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C)) audit. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the Compassus 401(k) Plan (the Plan) provides only general information. Participants should refer to the document governing the Plan, the Plan agreement, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of FC Compassus, LLC (formerly Community Hospices of America, Inc. d/b/a Hospice Compassus) (the Company and Plan Sponsor), which includes members of the controlled group of employers that have adopted the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Compensation Benefits Council is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and is accountable to the Company's Board of Directors. Effective January 1, 2022, the Plan was amended and restated to make administrative modifications and changes as required by law.

Participation

To be eligible to participate in the Plan, an employee must have been employed for one month and reach at least 18 years of age. Participants can enter the Plan on the 1st day of the month following the month that all eligibility requirements have been met.

Contributions

Participants may contribute up to 100% of pretax compensation annually, as defined by the Plan, subject to federal limits. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may designate all or a portion of his or her elective contributions as after-tax contributions, with the contributions being subject to federal income tax in the year of deferral. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. Participants direct the investment of the contributions into various investment options offered by the Plan.

The Company makes a discretionary matching contribution, to be determined on an annual basis. For the year ended December 31, 2023, the Company made matching contributions of \$3,679,297 equal to 35% of employee salary deferrals up to 6% of their eligible compensation. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company discretionary matching contributions and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. These

Compassus 401(k) Plan

Notes to Financial Statements

contributions vest at 20%, 40%, 60%, and 100% after the second, third, fourth, and fifth years of service, respectively. Participants will be given credit for hours of service with predecessor employers as provided in the Plan.

Payment of Benefits

On termination of service due to separation, retirement, death, or disability, a participant may elect to receive either periodic installment payments, a lump-sum amount equal to the value of the participant's vested interest in his or her account or a direct rollover to an individual retirement account, or another employer plan. Participants may elect to withdraw all or part of their vested account balance resulting from employee contributions through a hardship distribution, as defined by IRS regulations, or attainment of age 59½ or later.

Forfeited Accounts

Forfeited unallocated amounts can be used to reduce future Company contributions and/or pay for Plan expenses. In 2023, employer contributions were reduced by \$492,250 and Plan expenses were reduced by \$54,158 from forfeited nonvested accounts. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$60,042 and \$86,398, respectively.

Notes Receivable from Participants

Participants are not permitted to borrow from their vested benefits under the Plan. Loan balances from prior mergers into the Plan are secured by the participant's account and bear an interest rate of 4.25% to 6.50% and is fixed for the term of the loan. The notes are being repaid ratably through payroll deductions.

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is Voya Institutional Trust Company (the Trustee). The Trustee holds all assets of the Plan in accordance with the service provider contract with the Company.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Compassus 401(k) Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's Compensation Benefits Council determines the Plan's valuation policy utilizing information provided by the Plan's trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions and Contributions Receivable policy

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Other discretionary employer contributions (if applicable) are recorded in the relevant period in accordance with the terms in the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to employee contributions. These amounts totaled \$93,814 and \$85,218 as of December 31, 2023 and 2022, respectively.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Expenses

Certain administrative expenses of maintaining the Plan, including legal and accounting fees, are generally paid by the Company and are excluded from these financial statements. Fees related to the administration of payments of benefits are charged directly to the participants and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

3. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and

Compassus 401(k) Plan

Notes to Financial Statements

Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Institutional Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices (other than Level 1) for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Compassus 401(k) Plan

Notes to Financial Statements

There have been no changes in the methodologies used at December 31, 2023 or 2022. Following is a description of the valuation methodology used for assets measured at fair value, as well as the general classification of such assets pursuant to the valuation hierarchy:

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following fair value hierarchy table presents information about the Plan's assets measured at fair value:

December 31, 2023

	Total	Level 1
Mutual funds	\$ 135,547,241	\$ 135,547,241
Total	\$ 135,547,241	\$ 135,547,241

December 31, 2022

	Total	Level 1
Mutual funds	\$ 109,113,010	\$ 109,113,010
Total	\$ 109,113,010	\$ 109,113,010

5. Group Annuity Contract

Voya Retirement Insurance and Annuity Company

On August 13, 2018, the Plan entered into a traditional fully benefit-responsive group annuity contract (Voya Fixed) with Voya Retirement Insurance and Annuity Company (VRIAC) whose contract value was \$5,462,381 at December 31, 2023 and \$5,066,192 at December 31, 2022. Contract value represents contributions made, less withdrawals and administrative expenses, and plus interest credited. Voya Fixed is credited with declared rates of interest and is subject to a minimum rate of 1.0%. Amounts allocated to Voya Fixed are held in the VRIAC general account which supports insurance and annuity obligations. VRIAC's general account is managed on an aggregate basis and supports all of the VRIAC's financial commitments.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rates is based on a formula established by the contract issuer and may be changed at any time, except that the contract issuer will not apply a decrease in the interest rate to be credited following a rate change initiated solely by the contract issuer prior to the last day of the three-month period measured from the first day

Compassus 401(k) Plan

Notes to Financial Statements

of the month such change was effective. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Participants may ordinarily direct and withdraw or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) or bankruptcy of the Plan sponsor that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract, and (6) rejection of the new guaranteed rate declared for the fund for the upcoming year. The Plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, Voya Fixed does not have a maturity date, however; VRIAC may terminate Voya Fixed after the earlier of one year from a contribution cessation date or five completed contract years (or 60 months).

6. Related Party Transactions and Party-in-Interest Transactions

One of the Plan's investments is a group annuity contract issued by VRIAC. Therefore, this transaction qualifies as a party-in-interest transaction. Certain Plan investments were managed by Voya Institutional Trust Company. Voya Institutional Trust Company is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Company pays directly any other fees related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their employer contributions.

8. Tax Status

The Plan uses a pre-approved plan document sponsored by FIS Business Systems LLC. FIS Business Systems LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Compassus 401(k) Plan

Notes to Financial Statements

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

10. Subsequent Events

The Plan has evaluated subsequent events through October 8, 2024, the date the financial statements were available to be issued. During this period, there were no subsequent events requiring adjustments to, or disclosure in, the financial statements during the period.
