Participants and Employee Benefits Committee
Novus International, Inc. Retirement Savings Plan
St. Charles, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Novus International, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Novus International, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years then ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of Novus International, Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Novus International, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Novus International, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Novus International, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required By ERISA

The supplemental schedule of assets held at end of year at December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOVUS INTERNATIONAL, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 And 2022

1. Description Of The Plan

The following description of the Novus International, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on June 6, 1991, and most recently amended and restated effective January 1, 2014. The Plan covers all eligible employees of Novus International, Inc. (the Company). There is no age or service requirement for participation in the Plan and an employee shall become a participant in the Plan on the first enrollment date on which the employee is in covered employment. Enrollment date means each payroll date during a Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may contribute up to 40% of their eligible compensation before tax or after tax as Roth contributions, not to exceed the maximum amount allowable under the Internal Revenue Code (the Code). Additionally, up to 10% of eligible compensation can be deferred as after tax contributions, not to exceed the maximum amount allowable under the Code. The Plan provides for an automatic enrollment feature. Employees are automatically enrolled at a default rate of 7% of eligible compensation to be contributed to the Plan. Participants of the Plan can affirmatively choose not to participate or choose a different salary deferral percentage. The Plan includes an annual 1% pretax contribution auto-escalation feature up to a maximum of 15%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan provides for Company matching contributions equal to 60% of the participant's first 7% of compensation. The Plan also provides an additional 4% annual nonmatching Company contribution to participants' accounts.

NOVUS INTERNATIONAL, INC. RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of the Plan's earnings (losses) and certain administrative expenses. The allocation of earnings (losses) is determined by the earnings (losses) of the participant's investment selection based on each participant's account balance and the investments selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Loan terms are for a period up to five years and bear interest at the prime rate. Participants can have up to five loans outstanding at a time, but may not be granted more than two loans within any Plan year. Loan repayments of principal and interest are made through payroll withholdings.

Vesting

Participants are immediately vested in their salary deferral contributions plus actual earnings (losses) thereon. Vesting in Company contributions is incremental, based on years of service, with 100% vesting after five years of service. Participants become fully vested upon retirement (age 65), total disability, or death.

Forfeitures

When certain terminations of participants in the Plan occur, the nonvested portion of the participant's account, as defined in the Plan Document, represents a forfeiture. Available forfeitures are used to reduce future Company contributions. At December 31, 2023 and 2022, available forfeited nonvested accounts totaled \$39,794 and \$51,609, respectively. Forfeitures used to reduce Company contributions during the Plan years ended December 31, 2023 and 2022 totaled \$104,728 and \$191,959, respectively.

Payment Of Benefits

Upon termination of service, retirement, death or disability, a participant may elect to receive a distribution equal to the value of the participant's vested interest in his or her account paid as a lump-sum or substantially equal periodic payments.

At any time a participant may also withdraw certain portions of his or her account related to after-tax or rollover contributions as defined by the Plan. A participant is allowed to make no more than two withdrawals in any 12-month period.

NOVUS INTERNATIONAL, INC. RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

Participant Hardship Withdrawals

A participant may withdraw from the Plan an amount not to exceed their vested account balance in the event of undue financial hardship, subject to certain conditions as described in the Plan Agreement.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan. Administrative expenses related to the Plan's investments are paid by the Plan and are allocated to participant's accounts.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOVUS INTERNATIONAL, INC. RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Effective January 1, 2024, the Plan was restated to incorporate the eight amendments to the 2014 restated plan document and to merge the Agrivida Inc 401k Profit Sharing Plan & Trust into the Plan in connection with the Company's acquisition of Agrivida Inc. This transaction resulted in a contribution to the Plan of approximately \$3,500,000.

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Financial Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2023 and 2022;
- Net investment income (loss) and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the years ended December 31, 2023 and 2022;

NOVUS INTERNATIONAL, INC. RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

- Investment information included in the footnotes as of December 31, 2023 and 2022 and on the supplemental schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

4. Fair Value Measurements

The Plan follows accounting standards, which establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOVUS INTERNATIONAL, INC. RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts

Valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value and is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised, primarily, of shares of mutual funds that are traded on an active market. Pooled separate accounts may be redeemed by participants daily at NAV.

Mutual Funds

The mutual funds are valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end investment funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily NAV and transact at that price and are deemed to be actively traded.

Self-Directed Brokerage Accounts

Self-directed brokerage accounts are comprised of mutual funds, money market funds and a unit investment trust, all of which are valued at the daily closing price as reported by the fund, and common stock, which is valued at the closing price reported on the active market on which the individual securities are traded. The mutual funds and money market funds held by the Plan are open-end investment funds that are registered with the Securities and Exchange Commission. These investment funds are required to publish their daily NAV and transact at that price. The investment funds held by the Plan are deemed to be actively traded. The unit investment trust consists of an exchange traded fund which is valued at the closing price reported on the active market on which the individual security is traded.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period

	<u>\$ 64,147,278</u>	<u>\$ 57,126,895</u>			

- (a) Bond funds seek to achieve a high total rate of return by investing in corporate bonds and other investment grade U.S. fixed income issues and typically have durations of 3 ½ to 6 years.
- (b) Balanced funds seek to achieve a high total rate of return over time with an emphasis on both capital growth and income. These funds are diversified across several asset classes, including, but not limited to, domestic and international equities, bonds, inflation hedged instruments, and cash and cash equivalents. The funds also provide diversified exposure to stocks, bonds, and cash for those investors who have a specific date in mind for retirement.
- (c) International funds seek growth of capital over the long term by investing at least 80% of their net assets in stocks of foreign companies, including companies located in Europe, Latin America, and Asia. They may also invest in equity securities of issuers in emerging markets.
- (d) Small cap funds seek to achieve long-term growth of capital and capital appreciation by investing at least 80% of their net assets in equity securities of companies whose market capitalizations are within the market capitalization range of companies included in the Russell 2000 Index or the S&P Small Cap 600 Index.
- (e) Mid cap funds seek to achieve long-term growth of capital and capital appreciation by investing at least 80% of their net assets in a diversified portfolio of equity and equity related securities of medium sized companies whose earnings are expected to grow at a faster rate than the average company. Medium sized companies are typically defined as companies whose market capitalizations at the time of purchase fall within the market capitalization range of companies included in either the S&P Midcap 400 Index or the Russell Midcap Growth Index.
- (f) Large cap funds seek to provide total return as well as to approximate and even outperform the total return performance of their benchmark indices while maintaining risk characteristics similar to those of their benchmarks. These funds invest at least 80% of their net assets in common stocks of companies whose market capitalizations at the time of purchase are within the market capitalization range of companies included in the Russell 1000 Value Index, the S&P 500 Index, and the Russell 1000 Growth Index.

NOVUS INTERNATIONAL, INC. RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

There have been no changes in the methodologies used at December 31, 2023 or 2022.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Risks And Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Income Tax Status

The Plan obtained its latest determination letter dated November 17, 2014 in which the Internal Revenue Service (the IRS) stated that the Plan, as amended and restated January 1, 2014, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Party In Interest Transactions

Plan investments consist of pooled separate accounts managed by Mass Mutual in addition to self directed brokerage accounts held in custody by Charles Schwab. These transactions qualify as party in interest transactions allowable under ERISA. Also, certain participants have outstanding loans with the Plan as of December 31, 2023 and 2022. These transactions qualify as party in interest transactions allowable under ERISA regulations.
