Report of Independent Auditors

To the Administrator of Ropes & Gray LLP Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Ropes & Gray LLP Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ropes & Gray LLP Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following brief description of the Ropes & Gray LLP Retirement Savings Plan (the “Plan”) provides general information only. The disclosures herein are not intended to be an all-inclusive description or a summary of the Plan’s provisions which may affect individual accounts. Participants should refer to the Plan Document for more complete information.

General

The Plan is a defined contribution plan established on December 1, 1984 for the benefit of partners, associates, counsel, and staff employees of Ropes & Gray LLP (the “Firm”, “Plan Sponsor”, or “Plan Administrator”). The Plan is administered by a committee whose members are designated by the Firm who believe that the Plan, as amended, meets the requirements of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Contributions are made by the Firm on behalf of eligible partners, associates, counsel, and staff employees designated by the Firm in amounts specified by the Plan Document. The Firm contributes a percentage of the participants’ compensation (with certain limitations) to the accounts of eligible participants who are associates, counsel or staff employees designated by the Firm. For the 2023 plan year, the Firm contributed 2.5% of eligible compensation, as defined in the Plan Document, for eligible employees hired prior to January 1, 2023 and 7.5% for eligible employees hired on or after January 1, 2023. Participants may make contributions, up to 75% of pretax annual compensation, as well as Roth 401(k) contributions, subject to Internal Revenue Code (“IRC”) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan offers participants various core funds, a range of target-date retirement funds, and a self-directed brokerage option. All contributions are invested based on the individual participants’ direction.

Eligibility, Benefits and Vesting

Partners and covered employees become participants in the Plan on their date of hire. Participants hired as partners become eligible for nonelective contributions on their date of hire. Other partners and employees become eligible for nonelective contributions on the first day of the calendar quarter on or after one year of service, provided they have attained 21 years of age. Except for partner nonelective contributions, accounts under the Plan are fully vested and not subject to forfeiture. When a participant’s employment ends, the participant may elect to receive (a) the entire value of his or her account, either as a direct rollover (to an IRA or qualified plan of his or her new employer) or a lump sum paid to them, (b) partial payments, or (c) installments if the vested account balance exceeds \$5,000.

Vesting for partners is based on years of service. Partner nonelective contributions vest 20% per year beginning in year two, with 100% vested after six years of service. Any forfeitures for balances invested by terminated employees can be used to reduce the employer’s contribution. There were \$933,920 and \$1,034,617 of unallocated forfeitures as of December 31, 2023 and 2022, respectively. There were \$21,673 and \$208,294 of forfeitures used for the 2023 and 2022 plan years, respectively, to reduce employer contributions.

Notes Receivable From Participants

Notes receivable from participants bear interest at the Prime rate plus 2% as of the dates the loans are issued and are payable in periodic installments over terms of six months to ten years.

Ropes & Gray LLP Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

The loan policy allows participants to have no more than two loans outstanding, the sum of which may not exceed the lesser of \$50,000 reduced by the excess of (1) the highest outstanding loan balance of the borrower during the one-year period ending on the day prior to the date on which the loan is made over, or (2) the borrower's outstanding loan balance immediately prior to the loan or 50% of his or her elective contribution account balance. Interest rates on loans outstanding ranged from 5.25% to 10.50% and 5.25% to 10.25% as of December 31, 2023 and 2022, respectively. All loans to participants are considered "party-in-interest" transactions as defined by ERISA. In the event of default, foreclosure on the note will not occur until a distributable event occurs. The loans are collateralized by the balance in the participant's account.

Investment Options

Participants direct the investment of funds and securities in the accounts held for their benefit. Certain classes of investments may be changed daily. The Plan offers participants various core funds, a range of target-date retirement funds, and a self-directed brokerage option. Each participant's account is credited or charged with the participant's pretax contributions or withdrawals and an allocation of (a) the Firm's discretionary contributions, and (b) Plan earnings and losses, less Plan administrative expenses. Allocations of Plan earnings and losses are based on a participant's individual fund balance as a percentage of the total Plan balance.

Participants may designate an outside advisor who is authorized to make trades on their behalf for their self-directed account.

The Plan Administrator believes that the Plan is intended to constitute a plan described in section 404(c) of ERISA and the Plan Administrator believes that the Firm has made the appropriate disclosures to participants.

Voting, tender or similar rights which are incident to a participant's ownership interest in all investments, except brokerage accounts, shall be exercised by the Retirement Committee of the Plan under procedures established pursuant to Section 6.3 of the Plan Document. Voting, tender or similar rights which are incident to a participant's ownership interest of investments held in the self-directed account shall be passed directly to the participant in order that the participant may exercise such right.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting and are in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of these financial statements in conformity with U.S. GAAP requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of assets, liabilities and the changes therein, and disclosure of contingent assets and liabilities at the dates of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Ropes & Gray LLP Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefit payments to participants and beneficiaries are recorded when paid.

Administrative Expenses

All usual and reasonable administrative expenses of the Plan may be paid by the Firm, at its discretion, and any expenses not paid by the Firm are paid by the Plan. Loan application fees and certain transaction fees related to a participant's self-directed account are paid directly by the participant.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been deemed necessary as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, defines fair value, establishes a framework for measuring fair value in accordance with U.S. GAAP and expands disclosures regarding fair value measurements. ASC 820 provides guidance on how to measure fair value by providing a hierarchy used to classify the source of the information.

ASC 820 requires that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Ropes & Gray LLP Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

Level 3 Inputs to the valuation methodology are unobservable and are significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 or 2022.

- a. Registered investment companies are valued at quoted market prices.
- b. Self-directed brokerage accounts consist primarily of (1) registered investment companies, common stocks, preferred stocks, corporate bonds, and publicly-traded limited partnerships, which are valued at quoted market prices, and (2) treasury bills, bonds, and certificates of deposit which are valued at quoted market prices for identical or similar assets.
- c. Common/collective trust funds are valued based upon the Plan's interest in the net asset value of the common/collective trust funds, which is determined based upon the financial statements of the common/collective trust funds. As a practical expedient, the Plan Sponsor considers the net asset value of the common/collective trust funds to be representative of fair value.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan Sponsor's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment. Inputs applicable to a particular investment type, or a specific investment, may vary from period to period.

The following tables present information about the Plan's financial assets measured at fair value on a recurring basis as of December 31, 2023 and 2022:

	Level 1	Level 2	Level 3	Total as of December 31, 2023
Registered investment companies	\$ 50,540,560	\$ -	\$ -	\$ 50,540,560

Notes to Financial Statements

December 31, 2023 and 2022

The table below represents the fair value measurements for Plan assets that are calculated based upon a net asset value per share (or its equivalent) on the final business day of the year as of December 31, 2023 and 2022. The valuation methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Information Certified by the Trustee

The following is a summary of the Plan's financial information certified as complete and accurate by Empower Trust Company LLC, the trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

This information has been relied on by the Plan Administrator in the preparation of the Plan's financial statements and related supplemental schedules in accordance with ERISA:

- Investments and noninterest bearing cash, including liabilities for pending trades, individually and in the aggregate, held by the Plan at cost and fair value as of December 31, 2023 and 2022;
- Notes receivable from participants, individually and in the aggregate, held by the Plan at the unpaid principal balance plus accrued interest as of December 31, 2023 and 2022;
- Interest and dividend income and the net appreciation (depreciation) in the fair value of investments, individually and the aggregate, for the year ended December 31, 2023;
- Interest income earned on notes receivable from participants for the year ended December 31, 2023; and,
- All information reported on the schedule of assets (held at end of year) as of December 31, 2023.

Notes to Financial Statements

December 31, 2023 and 2022

5. Risks and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in values of investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

6. Tax Status

The IRS has determined and informed the Firm by a letter dated April 21, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan was amended subsequent to receipt of the favorable determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax period. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

7. Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan Document to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination of the plan, participants will have a fully vested and nonforfeitable interest in their share of the net assets available for benefits.

8. Party-in-Interest Transactions

Participant loans qualify as party-in-interest transactions. Fees paid from the Plan to the Plan's trustee amounted to \$374,710 for the year ended December 31, 2023.

Empower Trust Company, LLC, the trustee of the Plan, manages common collective trusts held by the Plan. The Plan Sponsor performs certain administrative, compliance and accounting functions on behalf of the Plan at no cost to the Plan.

9. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2024, the date the financial statements were available to be issued, and noted no items requiring adjustment of or disclosure in the financial statements.
