Independent Auditor's Report

To the Board of Directors of
Aveanna Healthcare 401(k) Plan
(the Plan Administrator)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Aveanna Healthcare 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2022 Financial Statement

The financial statements of the Plan as of December 31, 2022, were audited by a predecessor auditor. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, management, having determined it was permissible in the circumstances, elected to have the audit performed pursuant to ERISA Section 103(a)(3)(C). Accordingly, the audit did not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, as the statements or information regarding assets so held were prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). The predecessor auditor's report, dated September 22, 2023, indicated that (a) the amounts and disclosures in the financial statement, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with U.S. GAAP and (b) the information in the accompanying financial statement related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of the Plan's Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Aveanna Healthcare 401(k) Plan

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN

The following description of the Aveanna Healthcare 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 2008, and sponsored by Aveanna Healthcare (the Company or Plan Sponsor) and affiliates of the Company adopting the Plan, for the benefit of its employees who have completed 90 days of service and are age 21 or older, with the exception of employees covered under a collective bargaining agreement, nonresident aliens or leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective May 1, 2022, a portion of the Restore Management 401(k) Plan was merged into the Plan.

Administration

The Plan Sponsor serves as the Plan administrator. The Plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits.

Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company) (the Trustee) serves as the Trustee for the Plan. The Trustee is responsible for the administration of investments for the benefit of the participants and their beneficiaries and receives all contributions made under the Plan, holds Plan assets and pays benefits as directed by the Plan administrator. Principal Financial Services, Inc. is the recordkeeper for the Plan (see Note 7).

Contributions

The Plan includes a provision under the Internal Revenue Code (IRC) Section 401(k) whereby participants may make pre-tax and Roth deferrals to the Plan, as defined in the Plan Agreement, subject to limitations under the IRC. Participants age 50 and older are also allowed to make catch-up contributions. At the discretion of the Plan administrator, eligible employees or participants may deposit rollover contributions from another qualified plan.

The Company may make discretionary matching contributions for participants in the Plan. For the year ended December 31, 2023, the Company elected to make discretionary matching contributions of 50% of employees' salary deferral amounts up to five percent of employees' compensation. For participants that have completed one year of service, the Company may also elect to make an additional discretionary contribution for each Plan year in an amount determined by the Company. The Company did not make an additional discretionary contribution during 2023. Contributions are subject to certain limitations.

Notes to Financial Statements

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, Plan earnings and is charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation at any time.

Notes Receivable from Participants

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to all participants on a reasonably equivalent basis. The number of outstanding loans shall be limited to one. No more than one loan shall be approved for any participant in any 12-month period. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans require repayment of principal and interest over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll. Each loan shall bear a reasonable fixed rate of interest to be determined by the Plan administrator. As of December 31, 2023, there were \$4,779,443 in participant loans outstanding.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Participants are 100% vested in their contributions. Vesting in the Company's contribution portion of their accounts, plus earnings, there on is based on years of continuous service. The non-vested balance is forfeited upon termination of service. Forfeitures are used to reduce the Company's contributions. The vesting percentages for the Company's contributions are as follows:

Years of Service	Percentage
Less than one	0%
One	20%
Two	40%
Three	60%
Four	80%
Five or more	100%

Participants also become 100% vested upon termination of the Plan, upon reaching the early retirement age of 59 1/2 and four years of vesting service, upon disability or death while an employee of the Company. Any portion of participant's account balance attributable to elective deferrals or rollover contributions is 100% vested at the time of contribution and is not subject to forfeiture.

Notes to Financial Statements

Investment Options

Participants are required to make participant-directed allocations of their accounts among various investment options offered by the Plan, including mutual funds, common collective trust funds, pooled separate accounts and a group annuity contract.

Withdrawals and Payment of Benefits

Distributions of a participant's vested account balance is available upon a participant's death, disability, retirement, termination of employment, attainment of age 59 1/2, qualified domestic relations orders or for a financial hardship meeting the requirements of the Internal Revenue Code (IRC) regulations. A participant can elect to receive either a lump-sum payment (including direct rollover into another qualified plan or an individual retirement account), fixed period annuities, fixed period installment payments or fixed payment installment payments.

Participants may also withdraw any part of his vested account resulting from rollover contributions at any time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan's investments include mutual funds, common collective trusts, pooled separate accounts and group annuity contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Aveanna Healthcare 401(k) Plan

Notes to Financial Statements

Forfeitures

Forfeitures resulting from the Company's contributions and the earnings on those contributions that are allocated to participants who leave the Company prior to vesting are retained in a forfeiture account. The Company has the option to offset administrative expenses or future Company contribution amounts with the forfeiture account. The Company had a forfeited non vested account balance of \$226,404 for the year. During the year, \$166,00 was applied towards payment of plan expenses and \$ 373,000 was applied towards reducing future employer contributions.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to the fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by investment advisors and Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. net appreciation includes the Plan's gains and losses on investments bought and sold during the year as well as held at year-end. Dividends are recorded on the ex-dividend date. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to applicable participants subsequent to year end.

Aveanna Healthcare 401(k) Plan

Notes to Financial Statements

Payment of Benefits

The Plan records benefit payments when paid.

Tax Status

The Company adopted a Non-Standardized Pre-Approved Profit-Sharing Plan with Cash or Deferred Arrangement (CODA) sponsored by Principal Life Insurance Company (the Prototype Plan). The Prototype Plan received a favorable opinion letter from the IRS on June 30, 2020, which stated that the Prototype Plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. In addition, certain fees related to participant-directed transactions, such as loan origination fees, distribution processing fees, hardship withdrawal service fees and enhanced qualified domestic relations order review fees and processing fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

3. CONTRIBUTIONS

Participants may contribute 1% to 100% of annual compensation. Participants who attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans (rollover). Participants direct the investment of their contributes into various investment options offered by the Plan. The Company may contribute a discretionary match. There were no discretionary contributions for the year ended December 31, 2023.

Aveanna Healthcare 401(k) Plan

Notes to Financial Statements

4. INFORMATION CERTIFIED BY PLAN TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of December 31, 2023 and 2022, and net appreciation or depreciation in fair value of investments, and interest and dividends for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee of the Plan pursuant to 29 CFR 2520.103.-8.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. FAIR VALUE MEASUREMENTS

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520-103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodians as complete and accurate to the best of their knowledge, except for comparing such information certified by the custodians to the information included in the Plan's financial statements and supplemental schedules. Investments held and certified by the custodians in the accompanying statements of net assets available for benefits totaled \$204,320,681 in December 31, 2023. Investment gain reported and certified by the custodians in the accompanying statement of changes in net assets available for benefits totaled \$27,977,724 for the year ending December 31, 2023.

U.S. generally accepted accounting principles establish a framework for measuring fair value. Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provided the framework for measuring fair value. That framework provides a fair value hierarchy that give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 Measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 8209 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Aveanna Healthcare 401(k) Plan

Notes to Financial Statements

Level 2 - Inputs to the valuation technique include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value at December 31, 2023 and 2022:

Mutual Funds: These investments are valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is a quoted price in an active market and these funds are classified within Level 1 of the valuation hierarchy.

Pooled Separate Accounts (PSAs) and Common Collective Trusts (CCTs): The Plan's interest in these investments is valued at NAV provided by the fund's trustee or custodian as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments held by the respective fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments or redemption restrictions for participants in the Plan who invest in these accounts.

Aveanna Healthcare 401(k) Plan

Notes to Financial Statements

The preceding techniques described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents within the fair value hierarchy, the Plan investment assets at fair value for Level 1, as of December 31, 2023 and 2022. There were no Level 2 or Level 3 assets for the years then ended.

Assets at Fair Value as of December 31, 2023	Level 1	Total
Mutual funds	\$19,038,097	\$19,038,097
Total assets in the fair value hierarchy	19,038,097	19,038,097
PSAs valued at NAV (a)		11,822,022
CCTs valued at NAV (a)		162,268,701
Total investments, at fair value	\$19,038,097	\$193,128,820

Assets at Fair Value as of December 31, 2022	Level 1	Total
Mutual funds	\$14,906,006	\$14,906,006
Total assets in the fair value hierarchy	14,906,006	14,906,006
PSAs valued at NAV (a)		8,920,732
CCTs valued at NAV (a)		132,059,776
Total investments, at fair value	\$14,906,006	\$155,886,514

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits. These investments can be redeemed daily and have no unfunded commitments.

LifeTime Hybrid 2020	Common Collective Trust	9,326,571

8. PARTY-IN-INTEREST TRANSACTIONS

Creative Planning provided investment advisor services (see Note 1). Principal Life Insurance Company performs services for and sell products to manage and maintain certain investments of the Plan for which fees are charged to the Plan. The following expenses paid by the Plan to Creative Planning during 2023 are either reflected in the accompanying statement of changes in net assets available for benefits as plan administrative expenses or netted against investment income:

Service Providers	Fee Description	Amount
Principal Life Insurance Company	Contract Administrator	\$ 583,312
Creative Planning	Investment Advisory	81,250
Total Party-in-interest transactions		\$ 664,562

Aveanna Healthcare 401(k) Plan

Notes to Financial Statements

Such fees, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA

9. GROUP ANNUITY CONTRACT

The Fixed Income Option is a general account-backed stable value group annuity contract through Principal, an affiliate of the Trustee. Benefit payments are made at book value (i.e., no termination or surrender charge adjustment) for Plan benefit events and investment transfers initiated by Plan participants.

The contract is considered benefit responsive. Contract value represents contributions, plus credited interest, less participant withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The custodian is contractually obligated to repay the principal and the specified interest rate that is guaranteed to the Plan. The investment does not permit the custodian to terminate the agreement prior to the scheduled maturity date. There are no reserves against the contract value for credit risk.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the custodian. Such events include the following: (1) Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) Changes to the Plan's prohibition of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Aveanna Healthcare 401(k) Plan

Notes to Financial Statements

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2024, which is the date the financial statements were available to be issued and have determined there are no subsequent events which require disclosure under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*.
