Independent Auditor's Report

Plan Administrator
Dealer Tire LLC 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Dealer Tire LLC 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dealer Tire LLC 401(k) Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Dealer Tire LLC 401(k) Savings Plan (the Plan or Dealer Tire Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Dealer Tire Plan is a 401(k)-profit sharing plan covering employees of Dealer Tire LLC (the Company) who have completed 30 days of service and have attained 19 years of age. The Dent Wizard International Savings and Retirement Plan (Dent Wizard Plan), which merged into the Plan in 2021, was also a 401(k)-profit sharing plan that covered employees of Dent Wizard International Corporation, LLC and Interior Magic International, LLC, who have completed 90 days service for participant deferrals and one year of service for employer contributions. The Dent Wizard Plan adopted Dealer Tire's eligibility requirements effective January 1, 2022. Dent Wizard International Corporation, LLC and Interior Magic International, LLC are wholly owned subsidiaries of Dealer Tire Intermediate Holdings, LLC, the parent company of Dealer Tire, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Participants may make voluntary elective 401(k) and Roth contributions of up to 75% of their eligible compensation, as defined, subject to the maximum permitted by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, the Plan allows for discretionary Company matching contributions. Matching contributions were equal to 50 cents per dollar of the participant's voluntary 401(k) and Roth contributions up to 7% of compensation, as defined, for the year ended 2023. Contributions are subject to certain IRS limitations. Contributions are recognized when earned.

Participant accounts: A separate account is maintained for each participant. Each participant's account is credited with the participant's voluntary 401(k) and Roth contributions, rollover contributions, and Plan earnings or losses on those contributions, plus the Company's matching contribution and earnings or losses thereon. Plan earnings are allocated daily based on each participant's balance within each investment option. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting: Participants are immediately vested in their voluntary 401(k) and Roth contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant who is an employee of Dealer Tire LLC becomes 100% vested after three years of credited service. Participants who merged assets from the Dent Wizard Plan into the Dealer Tire Plan on June 1, 2021 became 100% vested immediately.

Notes receivable from participants: The Plan allows participants to borrow money within certain limits from their individual accounts. The loans are secured by the balance in the participant's account. Such loans bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money. Principal and interest are paid ratably through payroll deductions.

Dealer Tire LLC 401(k) Savings Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: Upon termination of service, a participant may elect to receive distributions as a lump-sum distribution equal to his or her vested account balance. If the participant's vested account balance is between \$1,000 and \$5,000, the Plan Administrator may make an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the Plan Administrator may direct the trustee to make a lump-sum distribution. Distributions of a participant's 401(k) account balance may be authorized at any time by the Plan Administrator under certain hardship conditions.

Forfeited accounts: Forfeitures of nonvested Company contributions are used to reduce administrative expense under the Plan, if any. Any forfeitures remaining after administrative expenses have been paid are applied to reduce employer contributions. Forfeitures amounting to \$87,275 and \$228,881 for the year ended December 31, 2023, were used to reduce administrative expenses and employer contributions, respectively. Unapplied forfeitures were \$665,695 and \$213,437 as of December 31, 2023 and 2022, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value as reported by Fidelity Management Trust Company, the trustee of the Plan, at December 31, 2023 and 2022. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment of participant's voluntary contributions and the Company's matching contributions in each participant's account is at the direction of each respective participant.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which participant compensation is earned.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits: Benefit payments are recorded when paid.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code are recorded as a liability with a corresponding reduction to participant contributions. The Plan had \$112,768 and \$165,148 of excess contributions as of December 31, 2023 and 2022, respectively.

Administrative expenses: The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in investment income.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 14, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that were prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2023	2022
Mutual funds	<u>\$ 158,863,071</u>	<u>\$ 129,407,911</u>
Common/collective trust fund	<u>\$ 174,856,868</u>	<u>\$ 135,651,176</u>
Notes receivable from participants	<u>\$ 8,526,259</u>	<u>\$ 7,511,706</u>

The trustee also certified to the completeness and accuracy of the following for the year ended December 31, 2023:

Net appreciation in fair value of investments	<u>\$ 49,390,259</u>
Interest and dividends	<u>\$ 4,588,764</u>
Interest income on notes receivable from participants	<u>\$ 442,355</u>

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the assets or liabilities
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no significant change in the methodology used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the NAV of units of the common/collective trust fund. The NAV as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Dealer Tire LLC 401(k) Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31:

	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 158,863,071	\$ -	\$ -	\$ 158,863,071
Investment measured at NAV ^(a)				174,856,868
Investments at fair value				\$ 333,719,939

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 129,407,911	\$ -	\$ -	\$ 129,407,911
Investment measured at NAV ^(a)				135,651,176
Investments at fair value				\$ 265,059,087

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

For the year ended December 31, 2023, there were no transfers in or out of Level 3.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Common/collective trusts	\$ 174,856,868	\$ 135,651,176	None	Daily	12 months

Note 5. Tax Status

The Plan is a volume submitter plan provided by Fidelity. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since receiving the advisory letter. However, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Dealer Tire LLC 401(k) Savings Plan

Notes to Financial Statements

Note 5. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. As of December 31, 2023 and 2022, and for the year ended December 31, 2023, the plan did not have a liability for unrecognized tax benefits.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and; therefore, such transactions qualify as party-in-interest transactions. Fees paid by the Plan for administration provided by the trustee or other party-in-interests amounted to \$495,175 for the year ended December 31, 2023.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

At December 31, 2023, the Fidelity 500 Index Fund and T. Rowe Price Institutional Large Cap Growth Fund made up approximately 13% and 11% of the Plan's total investments, respectively. At December 31, 2022, the Fidelity 500 Index Fund made up approximately 14% of the Plan's total investments, respectively. As such, these are considered concentrations of credit risk.

Note 9. Reconciliation to IRS Form 5500

The following is a reconciliation of the difference between these financial statements and the financial information required on Form 5500:

	December 31	
	2023	2022
Total net assets per the financial statements	\$ 345,027,321	\$ 274,967,745

Independent Auditor's Report

Plan Administrator
Dealer Tire LLC 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Dealer Tire LLC 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dealer Tire LLC 401(k) Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Dealer Tire LLC 401(k) Savings Plan (the Plan or Dealer Tire Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Dealer Tire Plan is a 401(k)-profit sharing plan covering employees of Dealer Tire LLC (the Company) who have completed 30 days of service and have attained 19 years of age. The Dent Wizard International Savings and Retirement Plan (Dent Wizard Plan), which merged into the Plan in 2021, was also a 401(k)-profit sharing plan that covered employees of Dent Wizard International Corporation, LLC and Interior Magic International, LLC, who have completed 90 days service for participant deferrals and one year of service for employer contributions. The Dent Wizard Plan adopted Dealer Tire's eligibility requirements effective January 1, 2022. Dent Wizard International Corporation, LLC and Interior Magic International, LLC are wholly owned subsidiaries of Dealer Tire Intermediate Holdings, LLC, the parent company of Dealer Tire, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Participants may make voluntary elective 401(k) and Roth contributions of up to 75% of their eligible compensation, as defined, subject to the maximum permitted by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, the Plan allows for discretionary Company matching contributions. Matching contributions were equal to 50 cents per dollar of the participant's voluntary 401(k) and Roth contributions up to 7% of compensation, as defined, for the year ended 2023. Contributions are subject to certain IRS limitations. Contributions are recognized when earned.

Participant accounts: A separate account is maintained for each participant. Each participant's account is credited with the participant's voluntary 401(k) and Roth contributions, rollover contributions, and Plan earnings or losses on those contributions, plus the Company's matching contribution and earnings or losses thereon. Plan earnings are allocated daily based on each participant's balance within each investment option. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting: Participants are immediately vested in their voluntary 401(k) and Roth contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant who is an employee of Dealer Tire LLC becomes 100% vested after three years of credited service. Participants who merged assets from the Dent Wizard Plan into the Dealer Tire Plan on June 1, 2021 became 100% vested immediately.

Notes receivable from participants: The Plan allows participants to borrow money within certain limits from their individual accounts. The loans are secured by the balance in the participant's account. Such loans bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money. Principal and interest are paid ratably through payroll deductions.

Dealer Tire LLC 401(k) Savings Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: Upon termination of service, a participant may elect to receive distributions as a lump-sum distribution equal to his or her vested account balance. If the participant's vested account balance is between \$1,000 and \$5,000, the Plan Administrator may make an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the Plan Administrator may direct the trustee to make a lump-sum distribution. Distributions of a participant's 401(k) account balance may be authorized at any time by the Plan Administrator under certain hardship conditions.

Forfeited accounts: Forfeitures of nonvested Company contributions are used to reduce administrative expense under the Plan, if any. Any forfeitures remaining after administrative expenses have been paid are applied to reduce employer contributions. Forfeitures amounting to \$87,275 and \$228,881 for the year ended December 31, 2023, were used to reduce administrative expenses and employer contributions, respectively. Unapplied forfeitures were \$665,695 and \$213,437 as of December 31, 2023 and 2022, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value as reported by Fidelity Management Trust Company, the trustee of the Plan, at December 31, 2023 and 2022. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment of participant's voluntary contributions and the Company's matching contributions in each participant's account is at the direction of each respective participant.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which participant compensation is earned.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits: Benefit payments are recorded when paid.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code are recorded as a liability with a corresponding reduction to participant contributions. The Plan had \$112,768 and \$165,148 of excess contributions as of December 31, 2023 and 2022, respectively.

Administrative expenses: The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in investment income.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 14, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that were prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2023	2022
Mutual funds	<u>\$ 158,863,071</u>	<u>\$ 129,407,911</u>
Common/collective trust fund	<u>\$ 174,856,868</u>	<u>\$ 135,651,176</u>
Notes receivable from participants	<u>\$ 8,526,259</u>	<u>\$ 7,511,706</u>

The trustee also certified to the completeness and accuracy of the following for the year ended December 31, 2023:

Net appreciation in fair value of investments	<u>\$ 49,390,259</u>
Interest and dividends	<u>\$ 4,588,764</u>
Interest income on notes receivable from participants	<u>\$ 442,355</u>

Notes to Financial Statements

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the assets or liabilities
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no significant change in the methodology used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the NAV of units of the common/collective trust fund. The NAV as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Dealer Tire LLC 401(k) Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31:

	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 158,863,071	\$ -	\$ -	\$ 158,863,071
Investment measured at NAV ^(a)				174,856,868
Investments at fair value				<u>\$ 333,719,939</u>

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 129,407,911	\$ -	\$ -	\$ 129,407,911
Investment measured at NAV ^(a)				135,651,176
Investments at fair value				<u>\$ 265,059,087</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

For the year ended December 31, 2023, there were no transfers in or out of Level 3.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Common/collective trusts	<u>\$ 174,856,868</u>	<u>\$ 135,651,176</u>	None	Daily	12 months

Note 5. Tax Status

The Plan is a volume submitter plan provided by Fidelity. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since receiving the advisory letter. However, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Dealer Tire LLC 401(k) Savings Plan

Notes to Financial Statements

Note 5. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. As of December 31, 2023 and 2022, and for the year ended December 31, 2023, the plan did not have a liability for unrecognized tax benefits.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and; therefore, such transactions qualify as party-in-interest transactions. Fees paid by the Plan for administration provided by the trustee or other party-in-interests amounted to \$495,175 for the year ended December 31, 2023.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

At December 31, 2023, the Fidelity 500 Index Fund and T. Rowe Price Institutional Large Cap Growth Fund made up approximately 13% and 11% of the Plan's total investments, respectively. At December 31, 2022, the Fidelity 500 Index Fund made up approximately 14% of the Plan's total investments, respectively. As such, these are considered concentrations of credit risk.

Note 9. Reconciliation to IRS Form 5500

The following is a reconciliation of the difference between these financial statements and the financial information required on Form 5500:

	December 31	
	2023	2022
Total net assets per the financial statements	\$ 345,027,321	\$ 274,967,745
Differences in notes receivable deemed as distributions per Form 5500	(178,211)	(248,131)
