INDEPENDENT AUDITOR'S REPORT

Board of Directors
Winterwood, Inc. 401(k) Profit Sharing Plan
Lexington, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Winterwood, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Winterwood, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Winterwood, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance

with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Winterwood, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Winterwood, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Winterwood, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and schedule of assets (held at year end) are presented for purposes of additional analysis and are not a required part of the financial statements but the supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WINTERWOOD, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2023 and
as of December 31, 2023 and 2022

1. Description of Plan

The following description of Winterwood, Inc. (Company) 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of the Company except for union employees and non-resident aliens. Employees must be age 18 or older to participate in the Plan. Employees are eligible for elective deferrals after three consecutive months of employment, and employees are eligible for employer contributions after one year of employment in which they complete at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute a percentage of their annual pre-tax compensation subject to an annual limitation imposed by Internal Revenue Service regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an automatic deferral arrangement to contribute 3% of an employee's wages unless the employee states otherwise. The automatic deferral increases by 1% each subsequent year, up to 6% after 4 years in the Plan. The Company contributes a safe harbor matching contribution proportionate to the amount of elective contributions not to exceed 6% of included compensation. The Company may also make a safe harbor discretionary matching contribution to all eligible employees of the Plan, not to exceed 6% of included compensation.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions and the actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Beginning January 1, 2009, the Plan became a "Safe Harbor" plan. This requires that all "safe harbor" contributions made by the Company become fully vested immediately.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant account and bear interest at 2% above the *USA Today* prime rate.

Payment of Benefits. On termination of service, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in their account.

Forfeited Accounts. Forfeiture of any non-vested accounts will be used to reduce future employer matching contributions. During 2023, forfeitures of \$16,882 were used to reduce employer matching contributions. The balance in the forfeiture account as of December 31, 2023 and 2022 was \$54,553 and \$36,920, respectively.

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2023 and
as of December 31, 2023 and 2022

Plan Termination. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Administrative Expenses. Certain expenses incurred in the administration of the Plan are paid directly by the Plan Sponsor.

2. Summary of Significant Accounting Policies

Basis of Accounting. The Plan uses the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates. The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits for a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in an investment contract. The Statements of Net Assets Available for Benefits presents the fair value of the investment contract since contract value approximates fair value.

Payment of Benefits. Benefits are recorded when paid.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan Administrator will treat a note receivable from participant as in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. Upon default, the participant will have the opportunity to repay the note receivable, resume current status of the note receivable by paying any missed payment plus interest or, if distribution is available under the Plan, request distribution of the note. If the note receivable remains in default, the Plan Administrator will offset the participant's vested account balance by the outstanding balance of the note receivable to the extent permitted by law. The Plan Administrator will treat the note as repaid to the extent of any permissible offset. Pending final disposition of the note, the participant remains obligated for any unpaid principal and accrued interest.

Date of Management's Review. Subsequent events were evaluated through October 8, 2024, which is the date the financial statements were available to be issued.

WINTERWOOD, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2023 and
as of December 31, 2023 and 2022

3. Income Tax Status

The Plan is a standardized prototype plan. The Internal Revenue Service has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Current accounting standards require the Plan to disclose the amount of potential benefit or obligation to be realized as a result of an examination performed by a taxing authority. For the years ended December 31, 2023 and 2022, management has determined that the Plan does not have any tax positions that result in any uncertainties regarding the possible impact on the Plan's financial statements. The Plan is no longer subject to examination by taxing authorities for years before 2019.

4. Investment Certified by Trustee (Unaudited)

At December 31, 2023, the Plan's investments were held by Voya Financial, Inc. (Trustee). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan has adopted FASB ASC 820, "Fair Value Measurements." FASB ASC 820 applies to all financial instruments that are measured and reported on a fair value basis.

As defined in FASB ASC 820, fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable inputs and minimize the use of unobservable inputs. Based on the examination of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values.

Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Pooled Separate Accounts: Valued at the accumulation unit value (AUV) multiplied daily by the number of accumulation units held by the Plan at year end. The AUV is determined daily based on the net asset value of the shares of the underlying fund, the fund's dividends and the contract's separate account charges.

WINTERWOOD, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2023 and
as of December 31, 2023 and 2022

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Unallocated General Insurance Contract: Valued at fair value, which approximates contract value. The primary input used to value the unallocated general insurance contract is the contract value, the credited rate and the contractually minimum rate.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the assets or liability and the reporting entity makes estimates and assumptions related to the pricing of the assets or liability including assumptions regarding risk.

The following table presents the financial instruments carried at fair value as of December 31, 2023, by the FASB ASC 820 valuation hierarchy, as described above.

Description	Level 1	Level 2	Level 3
Pooled separate accounts	\$ 8,269,244	\$	\$
Unallocated general insurance contract		209,470	
Total	<u>\$ 8,269,244</u>	<u>\$ 209,470</u>	<u>\$</u>

Financial instruments carried at fair value as of December 31, 2022, are as follows:

Description	Level 1	Level 2	Level 3
Pooled separate accounts	\$ 6,720,548	\$	\$
Unallocated general insurance contract		189,899	
Total	<u>\$ 6,720,548</u>	<u>\$ 189,899</u>	<u>\$</u>

5. Insurance Contracts (Unaudited)

The Plan has a benefit-responsive investment contract with Voya Financial, Inc. The trustee maintained the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the trustee. Contract value approximates fair value, as the guaranteed contract crediting rate resets semi-annually, and the contract is fully benefit-responsive. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2023 and 2022 was \$209,470 and \$189,899, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a

significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:	<u>2023</u>	<u>2022</u>
Based on actual earnings	1.00 %	1.00 %
Based on interest rate credited to participants	1.00 %	1.00 %

6. Party-in-Interest Transactions

Certain Plan investments are shares of funds managed by Voya Financial, Inc. (Voya). Voya is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid directly by the Plan for the investment management services during the year ended December 31, 2023 were \$59,920.

Three of the investment funds available to plan participants are mutual funds managed by Voya. Total investments in these funds were \$265,735 and \$231,531 as of December 31, 2023 and 2022, respectively.

7. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
