Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☐ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☒ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **ERNST & YOUNG, LLP**

(2) EIN: **34-6565596**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		150000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Report of Independent Auditors

The Plan Participants and the Plan Administrator
Comerica Incorporated Preferred Savings Plan

Opinion

We have audited the financial statements of Comerica Incorporated Preferred Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The Comerica Incorporated Preferred Savings Plan (the Plan) is a 401(k) plan covering all eligible employees of Comerica Incorporated (the Corporation) and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Information about the Plan agreement, participants' investment alternatives and the vesting and benefit provisions is contained in the Summary Plan Description captioned "Comerica Incorporated Preferred Savings 401(k) Plan." Copies of the Summary Plan Description are available in the "Resources" section of BenefitConnect at <https://comericabenefits.ehr.com/>.

Although the Corporation has not expressed any intent to do so, the Corporation has the right under the Plan to amend or terminate the Plan at any time. In the event the Plan is terminated, all participants' accounts will be fully vested and non-forfeitable.

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan document and the Summary Plan Description for more complete information.

Eligibility

Employees are generally eligible to participate in the Plan on the day they first perform service.

Participant Contributions and Accounts

Participants may make pre-tax contributions and/or Roth contributions to the Plan through payroll deductions. Total contributions may not exceed the lesser of 50 percent of the participant's annual compensation or the Internal Revenue Service (IRS) allowed maximum (\$22,500 for 2023 and \$20,500 for 2022, plus an additional \$7,500 for 2023 and \$6,500 for 2022 for participants age 50 or over). Participants direct the investment of their accounts among the investment funds offered by the Plan. Participants may change their investment options at any time. If a participant does not make an investment election upon enrollment, the participant's contributions are invested in the default investment fund designated by the Corporation's Benefits Committee and can be redirected by the participant at any time at their discretion. The Plan maintains separate Retirement Account Plan accounts from the prior profit sharing plan, which were transferred into this Plan effective January 1, 2017.

Rollover contributions are also accepted from other tax-qualified plans, provided certain specified conditions are met.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Employer Matching Contributions

The Corporation makes a matching contribution on behalf of each eligible participant of 100 percent of the first four percent of qualified earnings contributed by the participant and is invested based on the participant's investment elections. Participants are eligible to receive matching contributions on the first pay date occurring in the calendar month which is immediately following the date the participant completes six consecutive calendar months of service. In the absence of a participant's investment election, the funds are initially invested in the default investment fund designated by the Corporation's Benefit Committee. Employer matching contributions are 100 percent vested at the time they are contributed to a participant's individual account.

Dividend Election

The Plan discontinued the Corporation's common stock as an investment election available to participants for future contributions or reallocations from other investments in 2008. Participants who retained the Corporation's common stock as an investment either have their dividends reinvested within the Plan or may elect to receive the dividends in cash.

Participant Loans

Participants generally may borrow from their account balances, excluding their Retirement Account Plan balance, an amount not to exceed the lesser of \$50,000 or 50 percent of their total contributions, matching contribution and rollover contribution account balances.

Participants may have only two loans outstanding at any time. Each loan is required to be repaid within five years or less, or up to 15 years if the loan is for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a fixed rate of interest determined at origination (currently 1% over the Prime Rate published by *Reuters*). Principal and interest are paid by the participant through payroll deductions that are credited to the participant's individual account. Participants are charged a fee to initiate each loan as well as a quarterly loan maintenance fee.

Forfeited Accounts

Employee forfeitures are used to reinstate accounts for lost participants and then to pay reasonable administrative expenses or reduce the Corporation's contributions. Forfeitures were insignificant for both years ended December 31, 2023 and 2022.

Distributions to Participants

Upon separation from service with the Corporation for any reason, a participant whose vested account balance is \$7,000 or less may elect to receive either a lump sum or a rollover distribution. A participant whose vested account balance is greater than \$7,000 may elect a distribution or remain in the Plan. Distribution options include a rollover distribution, lump sum distribution or monthly, quarterly or annual installments over a fixed period. Distributions are recorded when paid.

In-service withdrawals are permitted upon request of a participant with an attained age of at least 59-1/2 years and in certain other limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal. In-service loans and hardship withdrawals are not permitted on Retirement Account Plan balances.

Plan Expenses

Administrative expenses incurred in connection with the operation of the Plan are paid by the Corporation with the recordkeeper. Certain participant loan fees and transaction expenses are deducted from loan or distribution proceeds, as applicable, or are charged directly to the participant's account. Investment expenses are generally paid at the fund level by participants. Additionally, the Plan offers fee-based advisory services to participants. Fees for these services are charged directly to the participant's account.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accounting and reporting policies of the Plan conform to U.S. generally accepted accounting principles (GAAP). The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Fair value measurement applies whenever accounting guidance requires or permits assets or liabilities to be measured at fair value. Fair value is defined as an estimate of the exchange price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction (i.e., not a forced transaction, such as a liquidation or distressed sale) between market participants at the measurement date. Fair value is based on the assumptions market participants would use when pricing an asset or liability. GAAP establishes a three-level fair value hierarchy based on the markets in which the assets are traded and the reliability of the assumptions used to determine fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets and the lowest priority to unobservable data. Fair value measurements are separately disclosed by level within the fair value hierarchy. For assets recorded at fair value, it is the Plan's policy to maximize the use of observable inputs and minimize the use of unobservable inputs when estimating fair value measurements for those items for which there is an active market.

Investment contracts held by a qualified plan are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The contract value represents contributions and allocations plus earnings at the crediting rate, less participant withdrawals and administrative expenses.

Securities transactions are recorded on a trade-date basis. Realized gains and losses are reported based on the average cost of securities sold. Dividend income is recorded on the ex-dividend date. Interest income is accounted for on the accrual basis.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as transaction fees and expenses and are expensed when they are incurred. No allowance for credit losses was recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

3. Fair Value

Fair value measurements are utilized to record fair value adjustments to certain assets and to determine fair value disclosures. Mutual funds, collective trust funds and Comerica Incorporated common stock are recorded at fair value on a recurring basis.

Assets at fair value in the Plan are categorized into a three-level hierarchy based on the markets in which the assets are traded and the reliability of the assumptions used to determine fair value. These levels are:

- | | |
|---------|--|
| Level 1 | Valuation is based upon quoted prices for identical instruments traded in active markets. |
| Level 2 | Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are less active, and model-based valuation techniques for which all significant assumptions are observable in the market. |
| Level 3 | Valuation is generated from model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques. |

Following is a description of valuation methodologies and key inputs used to measure assets recorded at fair value, including an indication of the level of the fair value hierarchy in which the assets are classified. Transfers of assets between levels of the fair value hierarchy are recognized at the beginning of the reporting period, when applicable.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are quoted in an active market and are classified in Level 1 of the fair value hierarchy.

Comerica Incorporated common stock: Fair value measurement of Comerica Incorporated common stock is based upon the closing price reported on the New York Stock Exchange and is classified in Level 1 of the fair value hierarchy.

Collective trust funds: Collective trust funds are valued using the net asset value (NAV) provided by the administrator of the fund as a practical expedient to estimate fair value and, therefore, are not categorized into the fair value hierarchy. The Stable Value Fund primarily invests in security-backed guaranteed investment contracts and collective trust funds. The collective trust funds within the Stable Value Fund are also valued at the NAV provided by the administrators of the funds.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents, by level within the fair value hierarchy, the recorded amount of the Plan's assets measured at fair value on a recurring basis. The Plan had no assets classified within Level 2 or Level 3 of the fair value hierarchy at December 31, 2023 and 2022. There were no liabilities measured at fair value at December 31, 2023 and 2022.

<i>(in millions)</i>	Total	Level 1
December 31, 2023		
Investments at fair value:		
Mutual funds	\$ 815	\$ 815
Comerica Incorporated common stock	70	70
Total investments in the fair value hierarchy	885	885
Collective trust funds, measured at net asset value	771	
Total investments at fair value	\$ 1,656

Comerica Incorporated common stock	88	88
Total investments in the fair value hierarchy	861	861
Collective trust funds, measured at net asset value	581	
	\$ 1,442	

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<i>(in millions)</i>	December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2023 Fair Value	2022 Fair Value			
Collective trust funds:					
Asset allocation funds	\$ 451	\$ 319	None	Daily	None
Large cap fund	317	259	None	Daily	None
Short-term investment fund	3	3	None	Daily	None
Total collective trust funds	\$ 771	\$ 581			

4. Fully Benefit-Responsive Investment Contracts

The Plan holds a portfolio of synthetic guaranteed investment contracts, which meet the fully benefit-responsive investment contract criteria and are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants when they initiate permitted transactions under the terms of the Plan. Contract value represents contributions and allocations made under each contract, plus earnings, less withdrawals.

<i>(in millions)</i>	December 31,	
Contract Value	2023	2022
Synthetic guaranteed investment contracts	\$ 137	\$ 135
Separate account guaranteed investment contracts	—	33
Total	\$ 137	\$ 168

In 2023, the separate account guaranteed investment contract included in the 2022 portfolio was replaced by a security-backed guaranteed investment contract, which are issued by insurance companies or other financial institutions and backed by a portfolio of bonds. The bond portfolio is structured as a collective fund and is owned directly by the Plan. The issuer guarantees that all qualified participant withdrawals will be at contract value and that the crediting rate applied will not be less than zero percent. Crediting rates are typically reset quarterly to account for the difference between the contract value and the fair value of the underlying portfolio.

If the Plan defaults in its obligations under the contract (including the issuer's determination that the agreement constitutes a nonexempt prohibited transaction as defined under ERISA), and such default is not corrected within the time permitted by the contract, then the contract may be terminated by the issuer and the Plan will receive the fair value as of the

date of termination. Each contract recognizes certain “events of default” which can invalidate the contracts’ coverage. Among these are investments outside of the range of instruments which are permitted under the investment guidelines contained in the investment contract, fraudulent or other material misrepresentations made to the issuer, changes of control of the investment adviser not approved by the contract issuer, changes in certain key regulatory requirements, or failure of the Plan to be tax qualified.

The contracts also generally provide for withdrawals associated with certain events which are not in the ordinary course of Plan operations. These withdrawals are paid with a market value adjustment applied to the withdrawal as defined in the investment contract. Each contract issuer specifies the events which may trigger a market value adjustment; however, such events may include, but may not be limited to, the following:

- material amendments to the Plan’s structure or administration;
- complete or partial termination of the Plan, including a merger with another plan;
- the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA;
- the redemption of all or a portion of the interests in the Plan at the direction of the plan sponsor, including withdrawals due to the removal of a specifically identifiable group of employees from coverage under the plan (such as a group layoff or early retirement incentive program), the closing or sale of a subsidiary, employing unit, or affiliate, the bankruptcy or insolvency of the plan sponsor, the merger of the plan with another plan, or the plan sponsor’s establishment of another tax qualified defined contribution plan;
- any change in law, regulation, ruling, administrative or judicial position, or accounting requirement, applicable to the Plan;
- changes to competing investment options;
- the delivery of any communication to plan participants designed to influence a participant not to invest in the stable value option.

At this time, the occurrence of any such market value adjustment event is not probable.

5. Transactions With Parties-in-Interest

Comerica Bank, a subsidiary of the Corporation, provides the Plan with certain accounting and administrative services for which no fees are charged.

On December 31, 2023 and 2022, the Plan held approximately 1.2 million and 1.3 million shares of Comerica Incorporated common stock with fair values of \$70 million and \$88 million, respectively. The Plan recorded dividend income from Comerica Incorporated common stock of \$4 million during each of the years ended December 31, 2023 and 2022.

6. Tax Status

The Plan received a determination letter from the IRS dated December 15, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Additionally, the Retirement Account Plan received a determination letter from the IRS dated January 30, 2018, stating that the Retirement Account Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to receiving these determination letters, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trust is tax exempt.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

Plan participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
