Report of Independent Auditor

To,
The Participants and the Plan Administrator,
Sonata Software North America, Inc. Retirement Trust

Scope and nature of the ERISA Section 103(a)(3)(c) audit

We have performed audits of the accompanying financial statements of Sonata Software North America, Inc. Retirement Trust (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and December 31, 2022, and the related statements of changes in net assets available for benefits for the year ended December 31, 2023, and December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2023, and December 31, 2022, and for the years ended December 31, 2023, and December 31, 2022, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s responsibilities for the audit of the financial statements section —

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s responsibilities for the audits of the financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the financial statements

Except as described in the scope and nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters - supplemental schedules required by ERISA.

The supplemental schedules of Schedule H, Part IV, Line 4i – Schedule of assets held as of December 31, 2023, and Schedule H, Part IV, Line 4a – Schedule of delinquent participant contributions for the year ended December 31, 2023 (under supplementary information), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following description of the Sonata Software North America, Inc. Retirement Trust (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Sonata Software North America, Inc. (“the Company/Plan Sponsor”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Sonata Software North America, Inc. Retirement Trust has been adopted to provide its eligible employees with the opportunity to save for retirement on a tax-advantaged basis. An eligible employee is any person employed by the Company and any participating affiliates (excluding leased employees, union employees, and non-resident aliens), who has completed 21 years of age and 1 year of service. Effective January 1, 2023, the Plan was amended to eliminate age and service requirements for eligibility.

Effective October 01, 2015, the Plan recognizes service with Halosys, Inc. as a participating employer. Effective January 01, 2021, the Plan recognizes service with Sopris Systems LLC as a participating employer.

For the year ended December 31, 2023, and December 31, 2022, the Plan has contracted with Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively referred to as “Great-West”) to act as directed trustees and record-keepers. The Plan has contracted with Empower Retirement Services to perform services as a third-party administrator to provide certain services to the Plan. Effective August 01, 2022, Great-West Life & Annuity Insurance Company was renamed as Empower Annuity Insurance Company of America, and Great-West Trust Company, LLC was renamed as Empower Trust Company, LLC.

Contributions

The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may make pre-tax contributions to the Plan equal to a specific percentage of their compensation or a flat dollar amount, subject to limitations under the IRC. The Plan also allows participants to make Roth 401(k) deferrals, which are subject to federal income taxes in the year of deferral. Any participants aged fifty years and older are also allowed to make catch-up contributions. Annual participant contribution amounts are limited to \$22,500 and \$20,500 of salary deferrals for the year ended December 31, 2023 (\$30,000 for participants aged 50 years and over), and December 31, 2022 (\$27,000 for participants aged 50 years and over) respectively.

Rollover contributions are permitted at the discretion of the administrator, and the eligible participants are entitled to withdraw amounts from their “rollover accounts” at any time.

Participant contributions during the years ended December 31, 2023, and December 31, 2022, amounted to \$1,136,286 and \$568,522, respectively. Rollover contributions received during the years ended December 31, 2023, and December 31, 2022, amounted to \$1,036,402 and \$15,457, respectively.

The employer may make matching contributions equal to a discretionary percentage, to be determined by the Employer, of the Participant's elective deferrals. The employer may make enhanced matching contributions to the account of each eligible participant in an amount equal to the sum of 100% of the participant's elective deferrals that do not exceed 4% of the participant's compensation. Participants must make elective deferrals in order to receive the safe harbor matching contribution. Safe harbor matching contributions will be made each pay period. Effective January 01, 2020, the employer may make discretionary additional matching contributions

Sonata Software North America, Inc. Retirement Trust

Financial Statements

December 31, 2023, and December 31, 2022

to the account of each eligible participant and will not apply to elective deferrals exceeding 6% of the participant's compensation.

Employer contributions made during the years ended December 31, 2023, and December 31, 2022, amounted to \$378,016 and \$219,676, respectively.

Administration

Sonata Software North America, Inc. serves as the Plan Administrator. The Plan Administrator is responsible for the day-to-day administration and operation of the Plan. For example, the administrator maintains the Plan records, including the account information, provides with the forms needed to complete for Plan participation, and directs the payment at the appropriate time. The administrator will also allow the participants to review the formal Plan document and certain other materials related to the Plan. The administrator may designate other parties to perform some duties of the Administrator.

The Administrator has the complete power, in its sole discretion, to determine all questions arising in connection with the administration, interpretation, and application of the Plan (and any related documents and underlying policies). Any such determination by the administrator is conclusive and binding upon all persons.

Expenses

The administrative expenses comprise:

	For the year ended	
	December 31, 2023	December 31, 2022
Recordkeeping fees	10,045	8,971
Investment advisory and investment management fees	18,166	17,142
Other expenses	20	-
Total	28,231	26,113

Participant accounts

Each participant account is credited with pretax, rollover contributions made by the participant and by the employer, and Plan earnings. Earnings, expenses and gains and losses on investments are allocated based on participant account balances, as defined in the Plan agreement. During the years ended December 31, 2023, and December 31, 2022, no liability, is recorded by the Plan for excess contribution received from the participants.

Vesting

Participants are fully vested with respect to their contribution from their salaries. Participants are 100% vested in employer contributions upon entering the Plan after satisfying the eligibility requirement of completion of one year of service.

Investment options

Participants are required to make participant-directed allocations of their accounts among various investment options offered by the trustees.

Notes receivables from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Generally, the term of the loan may not exceed five (5) years. However, if the loan is for the purchase of a principal residence, the administrator may permit a longer repayment term. The maximum number of Plan loans that a participant may have outstanding at any one time

Sonata Software North America, Inc. Retirement Trust

Financial Statements

December 31, 2023, and December 31, 2022

is one. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.25%, which are established by the Plan Administrator in a non-discriminatory manner. Principal and interest are paid ratably through monthly payroll deductions. Notes receivable from participants as on December 31, 2023, and December 31, 2022, amounted to \$36,349 and \$89,800, respectively.

Benefit payments

In-service withdrawals of all or a portion of a participant's vested account balance may be made by a participant on incurring a hardship or after reaching age fifty-nine and half years. Upon normal retirement at age sixty-five years, disability or death, the participant or beneficiary may receive the value of the account through a lump sum distribution. Benefits under the Plan will generally be paid to the participants in cash.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, disability, or death, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through a lump sum distribution.

Distributions from the Plan will normally be subject to income taxes and, in certain circumstances, may also be subject to Internal Revenue Service ("IRS") penalties unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Non-vested account balances of terminated employees are forfeited as of the earlier of the last day of the Plan year in which the former participant incurs five (5) consecutive 1-year breaks in service or the distribution of the entire vested portion of the participant's account. Forfeitures of terminated employees' non-vested accounts are first used to pay administrative expenses, and the remaining forfeitures are used to reduce employers' contributions, as defined in the Plan agreement. Forfeitures of terminated employees' non-vested accounts totalled \$42,140 during the year ended December 31, 2023, and \$NIL during the year ended December 31, 2022. As of December 31, 2023, and December 31, 2022, non-vested forfeited accounts totaled \$33,307 and \$33,576, respectively, and accordingly, \$42,515 and \$NIL, respectively, were used to reduce employer contributions during the year ended December 31, 2023, and December 31, 2022, respectively.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates in financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and uncertainties

The Plan provided for various investment options in mutual funds, self-directed brokerage accounts, pooled separate accounts, and fixed income guaranteed option. The Plan's exposure to credit losses in the event of nonperformance of investments is limited to the carrying value of such investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Net appreciation (depreciation) in the value of investments during the years ended December 31, 2023, and December 31, 2022, totaled \$1,814,208 and (\$1,938,332), respectively. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, participant account balances and the statement of changes in net assets available

Sonata Software North America, Inc. Retirement Trust

Financial Statements

December 31, 2023, and December 31, 2022

for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023, and December 31, 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. During the year ended December 31, 2023, and December 31, 2022, the Plan considered \$46,658 and \$NIL, respectively, as deemed distributions.

Investment valuation and income recognition

Plan investments are valued at fair value or contract value, wherever applicable, as provided by the trustees. Net appreciation (depreciation) in the fair value of investments represents the change in fair value, during the year, including realized and unrealized gains and losses. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for a discussion of fair value measurements.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Corrective distributions

During the years ended December 31, 2023, and December 31, 2022, corrective distributions amounted to \$NIL and \$42,141, (reflect accruals for the year 2022 paid out in the year 2023), respectively.

NOTE 3: INFORMATION CERTIFIED BY EMPOWER ANNUITY INSURANCE COMPANY OF AMERICA AND EMPOWER TRUST COMPANY ("TRUSTEES") (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Empower Annuity Insurance Company of America and Empower Trust Company, LLC the trustees, except for comparing such information certified by the trustees to information included in the Plan's financial statements for the years ended December 31, 2023, and December 31, 2022, and supplementary information for the year ended December 31, 2023:

NOTE 5: FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023, and December 31, 2022.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end, quoted in an active market.

Self-directed brokerage accounts: Self-directed brokerage accounts include investments in money market funds, common stock, mutual funds, and other investments that are classified within Level 1 of the valuation hierarchy.

Fixed income guaranteed option: The guaranteed investment contract consists of the Empower Annuity Insurance Company of America Investments Fixed Account and is reported at contract value which approximates fair value. Contract value represents the aggregation of contributions, plus interest, less withdrawals, if any.

Common/collective trusts: Units held in common/collective trusts ("CCT") are valued using the NAV practical expedient of the CCT as reported by the issuer of the CCT. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The CCT may be redeemed at NAV daily without restrictions.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7: INCOME TAX STATUS

For the year ended December 31, 2023, and for the period November 14, 2022, till December 31, 2022, the Plan Sponsor entered into a non-standardized adoption agreement of Empower Retirement LLC (Empower), a *Non-Standardized Pre-Approved Profit-Sharing Plan/Money Purchase/CODA*. Empower has received an opinion letter from the IRS dated November 14, 2022, that states that the form of the non-standardized pre-approved profit-sharing plan is acceptable under Section 401 of the IRC.

For the period January 1, 2022, till November 13, 2022, the Plan Sponsor entered into a non-standardized profit-sharing plan with a cash or deferred arrangement of the Great-West Trust Company, LLC (“the prototype plan”). The prototype plans received favorable opinion letters from the IRS on *March 31, 2014*, which stated that the prototype plans and related trusts were designed in accordance with applicable sections of the IRC. The Plan has been amended since the latest determination letter. It is the opinion of the Plan trustee and the Plan’s attorney that the Plan is in compliance with all applicable laws and regulations.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, and December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: PARTY-IN-INTEREST TRANSACTIONS

Empower Annuity Insurance Company of America and Empower Trust Company, LLC served as the trustees of the Plan for the years ended December 31, 2023, and December 31, 2022. Certain Plan investments are managed by the trustees of the Plan. As of December 31, 2023, and December 31, 2022, through the self-directed brokerage accounts, the Plan held \$1,771,140 and \$1,055,974, respectively, in mutual funds, which are funds that are related to the trustee. Empower Retirement Services served as the third-party plan administrator for the years ended December 31, 2023, and December 31, 2022. Apart from this, the Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged. Party-in-interest transactions also include loans made to participants.

Such transactions, while considered party-in-interest transactions under ERISA, are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 9: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 10: DELINQUENT PARTICIPANT CONTRIBUTIONS

During the years 2021, 2020, and 2019, employee withholdings (including loan repayments) totaling \$11,307, \$38,137, and \$21,502, respectively, due to unintentional delays were remitted to the Plan after the time frame deemed to be within DOL regulations for timely remittances. The Company made contributions to the affected participant accounts to compensate those participants by remitting lost earnings during the year 2023, using the DOL guidelines for late deposits.

NOTE 11: SUBSEQUENT EVENTS

The Plan evaluated all events and transactions that occurred after December 31, 2023, through the date the financial statements were available to be issued. Based on the evaluation, the Plan is not aware of any events or transactions that would require recognition or disclosure in the financial statements.
