DEFINED CONTRIBUTION PROTOTYPE PLAN AND TRUST

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Osborn Maledon, P.A. Defined Contribution Prototype Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Osborn Maledon, P.A. Defined Contribution Prototype Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive

to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held at End of Year (December 31, 2023) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DEFINED CONTRIBUTION PROTOTYPE PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

1. Description of Plan

The following description of the Osborn Maledon, P.A. (Employer and Sponsor) Defined Contribution Prototype Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was formed on May 1, 1995, is a defined contribution plan covering all employees who have completed one hour of eligible service and are twenty and ½ or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, the Employer makes a discretionary matching contribution equal to a percentage of each participant's compensation based on years of service. This matching contribution is limited to the first 6% of the participant's compensation. For participants with up to five years of service the employer matching contribution will be a discretionary percentage (the Basic Match Percentage) of the participant's voluntary contribution. For participants with 6 or more years of service the matching contribution will be two and one-half times the Basic Match Percentage.

Participants may elect to defer up to the maximum amount allowable under the Internal Revenue Code. Participants direct how all contribution amounts are invested.

The Employer may elect to make an additional discretionary profit sharing contribution to the participant's account. The participant must be employed on the last day of the Plan year and have completed a year of service during the Plan year in order to be eligible to share in the profit sharing contribution for that year.

Participant Accounts

Each participant's account is credited with their contributions, employer discretionary matching contributions, employer discretionary profit sharing contributions and an allocation of investment earnings and losses. Investment earnings and losses are allocated based on each participant's account balance.

Vesting

Participants are immediately 100% vested in their voluntary contributions, matching contributions and earnings. Vesting in the profit sharing contribution portion of the participant's account is based on years of service according to the following schedule:

OSBORN MALEDON, P.A.
DEFINED CONTRIBUTION PROTOTYPE PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (continued)

Years of service	Percent vested
Less than two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six	100%

Forfeitures

Forfeitures of non-vested profit sharing contributions account balances will be allocated to participants who are employed on the last day of the Plan year in a manner such that all participants will share equally as a percentage of eligible compensation.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting and present the net assets available for benefits and changes in those net assets.

Investment Valuation and Income Recognition

The investments in mutual funds and the collective trust fund are stated at fair value based on quoted market prices. The investments in participant notes receivable are stated at cost, which is equivalent to or approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis.

Administrative Expenses

The Employer pays all administrative expenses of the Plan. Certain investment management fees are paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Sponsor and Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

Subsequent events have been evaluated through October 3, 2024, which is the date the financial statements were issued.

OSBORN MALEDON, P.A.
DEFINED CONTRIBUTION PROTOTYPE PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (continued)

3. Fair Value Measurements

Financial Accounting Standards Board Statement ASC 820-10, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy in ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

DEFINED CONTRIBUTION PROTOTYPE PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (continued)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2023 are reported in net appreciation in fair value of investments.

4. Investments

All Plan assets were held by Charles Schwab Trust Company, a regulated financial institution, at December 31, 2023 and 2022. Charles Schwab has certified the accuracy and completeness of investments, investment income, net appreciation (depreciation) in fair value of investments, and benefits paid to participants.

5. Plan Termination

The Employer expects the Plan to continue without interruption, but reserves the right to terminate the Plan at any time. Upon any full or partial termination, all amounts credited to the affected participants' accounts shall become 100% vested.

6. Tax Status

The Plan received a favorable determination letter from the Internal Revenue Service which states that the Plan fulfills the requirements of a qualified plan under the provisions of the Internal Revenue Code and, therefore, is exempt from Federal income taxes. Accordingly, no provision for income taxes has been made. Continued tax-exempt status of the Plan is contingent on future operations being in compliance with the applicable provisions of the Internal Revenue Code.

7. Reconciliation to Form 5500

There were no reconciling differences at December 31, 2023 and 2022 between net assets available for benefits reported on the Form 5500 and the financial statements.
