Exabeam, Inc. 401(k) Plan
Investment Committee
Exabeam, Inc.

To Members of the Investment Committee and Management:

We have conducted an Employee Retirement Income Security Act of 1974 ("ERISA") Section 103(a)(3)(C) audit of the financial statements of Exabeam, Inc. 401(k) Plan (the "Plan") as of and for the year ended December 31, 2023, and have issued our report thereon dated September 11, 2024. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our statement of work dated March 19, 2024, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the investment information certified by Voya Institutional Trust Company, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America ("GAAP").

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of the system of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of Exabeam, Inc. 401(k) Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding suggestions for improvements and other matters noted during our audit below.

As a part of our engagement, we performed certain procedures, as required by professional standards in the United States, directed at considering the Plan's compliance with applicable Internal Revenue Code ("IRC") requirements for tax-exempt status, including reading the Plan's latest tax opinion or determination letter from the Internal Revenue Service ("IRS"). Our engagement was not designed to nor was it intended to verify the overall compliance with applicable provisions of the IRS or ERISA, including but not limited to the Plan sponsor's deduction limits, and, accordingly, we assume no responsibility for failure to detect instances of noncompliance with applicable provisions of the IRC or ERISA.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you in our letter dated June 10, 2024. Our audit approach places a strong emphasis on obtaining an understanding of how the Plan functions. This enables us to identify key audit components and to tailor our procedures to the unique aspects of the Plan. The development of a specific audit plan began by meeting with management to obtain an understanding of Plan's objectives, strategies, risks, and performance.

Internal Control

In planning and performing our audit of the financial statements of the Plan we considered internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plans's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We are required to communicate certain deficiencies or a material weakness in internal controls over the plan's financial reporting, which may have been identified during the course of the audit. A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, detected, and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, and our firm, have complied with all relevant ethical requirements regarding independence. Our independence policies and procedures are designed to provide reasonable assurance that our firm and its personnel comply with applicable professional independence standards. Our policies address financial interests, business and family relationships, and non-audit services that may be thought to bear on independence. For example, without our permission no partner or professional employee of Sensiba LLP is permitted to own any direct financial interest or a material indirect financial interest in a client or any affiliates of a client. Also, if an immediate family member or close relative of a partner or professional employee is employed by a client in a key position, the incident must be reported and resolved in accordance with Firm policy. In addition, our policies restrict certain non-audit services that may be provided by Sensiba LLP and requires audit clients to accept certain responsibilities in connection with the provision of permitted non-attest services.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Exabeam, Inc. 401(k) Plan is included in the notes of the financial statements. There has been no changes in significant accounting policies or their application during December 31, 2023. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates and Related Disclosures

Accounting estimates and related disclosures are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The Plan performs fair value measurements in accordance with Financial Accounting Standards Board Accounting Standards Codification 820 ("ASC 820"), *Fair Value Measurements and Disclosures*. This standard requires management to establish an accounting and financial reporting process for determining fair value measurements which includes estimates of the fair value of investments. Management relied on information provided by Voya Institutional Trust Company to provide support for certain investments.

We reviewed and evaluated management's approaches to estimating the value of certain investments and determined that their approaches and the resulting estimates are appropriate. The most sensitive disclosures affecting the financial statements relate to the fair value estimates.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting Exabeam, Inc. 401(k) Plan's financial statements relate to fair value estimates.

Significant Risks Identified

Under auditing standards, a significant risk is defined as an identified and assessed risk of material misstatement that, in the auditors' professional judgment, is close to the upper end of the spectrum of inherent risk. As part of the risk assessment process, we are required to determine whether any risks identified are significant risks. In exercising this judgment, we exclude the effects of identified internal control related factors and consider both qualitative and quantitative inherent risk factors related to the significance and volume of the transaction(s), complexity, subjectivity, change, uncertainty, susceptibility to misstatement due to management bias or other fraud risks, and other factors.

Management override of internal controls is a presumed significant risk and has been discussed with Plan management. We have also discussed with Plan management and determined that hard-to-value investments were identified as a significant risk and we performed specific audit procedures to address these risks.

Significant Unusual Transactions

For purposes of this communication, professional standards require us to communicate to you significant unusual transactions identified during our audit. We are not aware of any significant unusual transactions recorded by the Plan or of any significant accounting policies used by the Plan related to controversial or emerging areas for which there is a lack of authoritative guidance.

Identified or Suspected Fraud and Significant Difficulties During the Audit

We have not found any fraud involving senior management or other fraud that causes a material misstatement of the financial statements, no illegal acts came to our attention (unless clearly inconsequential). Further, there were no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. There were no audit differences.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. There were no significant adjustments.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Exabeam, Inc. 401(k) Plan's financial statements or the auditors' report. No such disagreements arose during the course of the audit.

Circumstances that Affect the Form and Content of the Auditors' Report

For purposes of this letter, professional standards require that we communicate any circumstances that affect the form and content of our auditors' report. No such circumstances affected the form and content of our auditors' report.

Representations Requested from Management

As discussed above, the financial statements are the responsibility and property of management. We have requested certain written representations from management, which are included in the management representation letter dated September 11, 2024.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with Exabeam, Inc. 401(k) Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as Exabeam, Inc. 401(k) Plan's auditors.

Compliance with Laws and Regulations

For purposes of this letter, professional standards require that we communicate any noncompliance with laws and regulations that came to our attention during the course of the audit. No such noncompliance with laws and regulations came to our attention.

On February 24, 2023, the IRS released proposed regulation 122286-18 related to the use of forfeitures by a plan, with a proposed applicability date to plan years beginning on or after January 1, 2024. This regulation requires forfeitures incurred by a plan to be used no longer than 12 months after the end of the plan year. In addition, for any existing forfeitures that were incurred by a plan before January 1, 2024, the regulation provides a transition rule that treats these existing forefitures as having been incurred during the 2024 plan year. If forfeitures are not being used in accordance with the allowed purposes per the Plan's documents or not completely used within 12 months after the end of the plan year, the Plan may result in noncompliance with the regulation and would be subjected to make correction to fall back into compliance.

Other Information Included in Annual Reports

Pursuant to professional standards, our responsibility as auditors for other information, whether financial or nonfinancial, included in Exabeam, Inc.'s annual reports and we are not required to perform any procedures to corroborate such other information. We have discussed with management that the audit report and financial statements will not be issued with an annual report.

Other Matters

Our audit opinion only relates to the financial statements and accompanying notes and required supplemental schedule. The audited financial statements are required to be filed with the Form 5500. Professional standards require that we review the other information in the Form 5500 for consistency with the audited financial statements.

We have reviewed the Plan's Form 5500, which will be filed with the DOL, and considered whether such information, and the manner of its presentation in the Form 5500, is materially consistent with the information, and the manner of its presentation, appearing in the financial statements and supplemental schedule. The footnotes to the audited financial statements disclose the differences between the net assets available for benefits and net decrease in net assets as presented in the financial statements and those presented in the Form 5500. These differences have been disclosed through reconciliation in the notes to the financial statements.

The ERISA required supplemental schedule, other than that agreed to or derived from the certified investment information, was subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards in the United States.

This report is intended solely for the information and use of the Investment Committee, and management of Exabeam, Inc. 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

Environmental, Social and Governance

Sustainability is central to corporate strategy, long-term organizational resilience, and profitability. Companies that benchmark themselves against key Environmental, Social, and Governance ("ESG") performance metrics in their industry have shown to have better employee engagement, employee retention, and enhanced operational efficiencies. Understanding ESG-related risks that impact your company presents an opportunity to demonstrate both durability and flexibility as you work to mitigate these risks and their financial implications. Suggestions for Improvements

Current Year Recommendations

Balances Under $5,000 Threshold

Observation: During our audit, we noted that terminated participants had plan balances under the force out threshold of $5,000, as defined in the Plan document.

Recommendation: The Company, as the Plan sponsor, has a fiduciary responsibility to ensure all actions of the Plan are in compliance with the rules set forth by the IRS and the DOL. According to the Plan document, participants with vested account balances of $5,000 or less upon termination will receive a lump sum cash payout. We recommend that management consult with Voya Financial to ensure that balances under the threshold are properly distributed to participants per the Plan document. Active monitoring of this could save the Plan and/or sponsor money in unnecessary fees. This could include investment fees to the participants, the Plan and to the audit fees necessary due to the number of participants. Beginning January 1, 2024, IRS regulations allow plans to increase force out limit to $7,000 rather than $5,000. We recommend the Investment Committee determine if the Plan wants to increase force out limits.

Prior Year Recommendations

Documentation of Review

Observation: During our audit procedures, it was noted that not all payroll and 401(k) related controls and review processes had documented evidence of performance. The controls in place are adequate in design; however, the lack of documentation that these processes took place weakens the system as there is no audit trail that these reviews occurred.

Recommendation: We recommend that each review process or other related controls be documented with the initials or signature of the reviewer and the date on which the review was performed.
