INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Loews Corporation Employees' Savings Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Loews Corporation Employees' Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LOEWS CORPORATION EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2023 AND 2022 AND FOR THE YEAR ENDED DECEMBER 31, 2023

1. DESCRIPTION OF THE PLAN

The following description of the Loews Corporation Employees' Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's information.

General – The Plan is a defined contribution savings plan. The Retirement Committee of Loews Corporation (the "Employer" or the "Company") controls and manages the operation and administration of the Plan. T. Rowe Price Trust Company (the "Trustee") is trustee of the Plan pursuant to a trust agreement and has appointed T. Rowe Price Retirement Plan Services, Inc. as the authorized agent to act as record keeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions – Contributions to the Plan include: (i) salary deduction contributions authorized by participants, (ii) matching contributions made by the Company each pay period for each eligible participant, (iii) participant rollovers from other qualified plans and (iv) discretionary contributions made by the Company.

The Plan allows participants to make contributions of 1% to 75% of compensation, excluding bonuses and commissions, to the Plan each year, subject to limitations defined in the Plan document. These contributions may be made entirely on a pre-tax basis, entirely on an after-tax basis or a combination of both. Pre-tax contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. After-tax contributions may be withdrawn without penalty subject to certain restrictions and limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to certain limitations.

The Company makes a matching contribution to each participant's account equal to 100% of the aggregate of the participant's pre-tax and after-tax contributions, up to 6% of eligible compensation. The Plan also provides a non-elective contribution to the accounts of eligible employees equal to 4% of their compensation, including bonus, subject to applicable IRS limits.

During 2023, as part of the termination of the Loews Corporation Cash Balance Retirement Plan, certain participants elected to transfer lump sum distributions of \$8,600,191 to the Plan.

Participant Accounts – Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions, Company contributions and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined.

Investments – Participants may direct the investment of contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers several mutual funds, collective investment trusts and a stable value fund as investment options. The Plan also offers a self-directed brokerage account allowing participants, subject to certain limitations, to directly purchase stocks, bonds and mutual funds with some exceptions.

Vesting – Participant contributions and associated earnings vest immediately and Company contributions and associated earnings vest 100% after three years of service. Forfeited amounts are used to offset future employer contribution funding.

Loans Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. Loans are secured by an assignment of the participant's vested interest in the Plan and the interest rate is fixed through the loan period based on the prime rate as published in the Wall Street Journal on the first of the month when the loan is funded, plus one percentage point. Principal and interest are paid regularly through bi-weekly payroll deductions. As of December 31, 2023, participant loans have maturities through 2028 at interest rates ranging from 4.25% to 9.50%.

Payment of Benefits – On termination of service, a participant may generally elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or equal monthly, quarterly or annual installments payable over 5, 10 or 15 years. In the event of death, beneficiaries of active employees may elect a lump sum payment immediately or defer until a later time. For retired employees receiving annuity benefits, beneficiaries will receive a lump sum payment immediately. Participants are also eligible to make hardship withdrawals from their accounts in the event of certain financial hardships.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – Investment securities held by the Plan are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, Plan management believes it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held at year end.

Loans Receivable from Participants – Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans receivable are recorded as distributions based on the terms of the Plan document.

Administrative Expenses – Certain administrative expenses of the Plan are paid by the Employer as provided in the Plan document. All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Fees incurred from the administration of loans receivable from participants are charged directly to the participant’s account. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits – Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, at December 31, 2023 and 2022.

Subsequent Events – Subsequent events were evaluated through October 10, 2024, the date the financial statements were available to be issued. There were no subsequent events or transactions that required recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The following fair value hierarchy is used in selecting inputs, with the highest priority given to Level 1, as these are the most transparent or reliable:

Level 1 – Quoted prices for identical instruments in active markets.

Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs are observable in active markets.

Level 3 – Valuations derived from techniques in which one or more significant inputs are not observable.

Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques – The following section describes the valuation methodologies and relevant inputs used to measure different financial instruments.

Stable Value Fund – A stable value fund is a collective trust fund that is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value (“NAV”) of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The TRP Stable Value Fund (“SVF”) is a collective trust fund sponsored by the Trustee. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the SVF’s constant NAV of \$1 per unit. Distribution to the SVF’s unit holders is declared daily from the net investment income and automatically reinvested in the SVF on a monthly basis, when paid. It is the policy of the SVF to use its best efforts to maintain a stable net asset value of \$1 per unit, although there is no guarantee that the SVF will be able to maintain this value.

The SVF, which has a reported NAV, has no unfunded commitments to future capital calls and the Plan's investments in the SVF contain no restrictive withdrawal or redemption provisions, except for a full redemption as discussed above.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts – Valued at the NAV of shares held by the Plan at year end, which is provided by the trust. The unit price of these investments is not quoted on an active market; however, the unit price is based on underlying investments that either are traded daily in an active market, or are valued based on other observable inputs. There are no unfunded commitments and redemptions occur at the NAV without restriction. However, it is possible that the redemption rights may restrict them in the future.

Self-directed Brokerage Accounts – Accounts primarily consist of marketable securities that are valued based on quoted prices for identical instruments in active markets.

The following tables set forth, by level within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis:

	Fair Value Measurements as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 95,827,674	\$ -	\$ -	\$ 95,827,674

Total	<u>\$ 107,148,584</u>	<u>\$ 33,518,470</u>	<u>\$ -</u>	<u>140,667,054</u>
Investments measured at NAV				<u>4,379,578</u>
Total investments				<u>\$ 145,046,632</u>

	Fair Value Measurements as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 76,672,490	\$ -	\$ -	\$ 76,672,490
Collective investment trusts	-	27,330,992	-	27,330,992

Total	<u>\$ 81,763,624</u>	<u>\$ 27,330,992</u>	<u>\$ -</u>	<u>109,094,616</u>
Investments measured at NAV				<u>5,191,519</u>
Total investments				<u>\$ 114,286,135</u>

The availability of observable market information varies based on market conditions and trading volume and may cause securities to move in and out of levels.

4. PLAN TERMINATION

Although it has not expressed any intentions to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would be paid the full amount in their accounts.

5. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by the Trustee. The Trustee received an opinion letter from the Internal Revenue Service (“IRS”), dated August 2, 2017, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (“IRC”). The Plan itself has not received a determination letter from the IRS. However, the Company and the Plan’s management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

6. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the information regarding the Plan as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included in the Plan’s financial statements and supplemental schedule, that was prepared by or derived from information prepared by the Trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate.

	<u>2023</u>	<u>2022</u>
Statements of Assets Available for Benefits:		
Participant-directed investments at fair value	\$ 133,725,722	\$ 109,195,001
Loans receivable from participants	334,106	339,791
Statement of Changes in Assets Available for Benefits:		
Dividends and interest	\$ 3,708,430	
Net appreciation in fair value of investments	18,814,227	
Interest income on loans receivable from participants	18,273	

The table above excludes self-directed brokerage account assets and related income as it is not certified by the Trustee. All investment balances and investment information in the table above, Note 3 and in the Supplemental Schedule of Assets (held at end of year), except for the self-directed brokerage accounts and level of investments within the fair value hierarchy, have been certified by the Trustee.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee and the Plan issues loans to participants, which are secured by the vested balances in the participants’ accounts. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.
