INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
HBA Health Systems, LLC 401(k) Retirement Savings Plan
Fort Lauderdale, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of HBA Health Systems, LLC 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Plan Administrator of
HBA Health Systems, LLC 401(k) Retirement Savings Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Plan Administrator of
HBA Health Systems, LLC 401(k) Retirement Savings Plan

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2023

NOTE 1 - DESCRIPTION OF PLAN

General

The following description of HBA Health Systems, LLC 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan, which was created on July 1, 1991, is classified as a 401(k) profit-sharing plan, covering employees with at least 1,000 hours of service during the Plan year, with at least one year of service, and who are age 18 or older. The primary purpose of the Plan is to reward eligible employees of HBA Health Systems, LLC and affiliates (collectively, the “Company” / “Plan Sponsor”) for long and loyal service by providing them with financial benefits upon retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may elect to contribute up to 50% of their gross compensation, not to exceed Internal Revenue Service (“IRS”) limits, through a salary reduction agreement, and contributions may be made as pre-tax or after-tax (Roth) contributions. The Company contributes 25% of participants’ elective contributions up to 4% of their annual compensation and can make an additional discretionary contribution. During the year ended December 31, 2023, the Company did not make any discretionary contributions in addition to the previously noted matching contribution.

Participant Accounts

Under the Plan, a separate account is maintained for each participant. Each participant’s account is credited with the participant’s contribution, employer contribution, and allocations of Plan earnings, and charged with an allocation of administrative expenses, if any. Participant contributions and employer matching contributions are allocated, at the participant’s election, to investment funds held at Empower Trust Company, LLC (the “Plan Custodian”). Plan earnings are allocated based on the actual earnings of the respective participants’ investments.

NOTE 1 - DESCRIPTION OF PLAN (Continued)**Vesting**

Participants are immediately vested in their own contributions and rollover accounts, plus actual earnings thereon. Vesting in the employer-contributed portion of their accounts is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Loans

Participant loans are not permitted by the Plan.

Payment of Benefits

Upon the death, permanent disability, or retirement of participants, their entire account balances become fully vested. Distribution of benefits may be made in a lump-sum cash payment or in an annuity. Participants who terminate for reasons other than death, disability, or retirement are entitled only to their vested balances. As of December 31, 2023 and 2022, there were no amounts allocated to the accounts of individuals who have elected to withdraw from the Plan but had not yet been paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America.

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to reduce employer matching contributions. The unallocated balance of forfeitures was approximately \$2,000 and \$1,000 as of December 31, 2023 and 2022, respectively. During the year ended December 31, 2023, approximately \$10,000 of forfeitures was used to reduce employer matching contributions.

Investment Valuation and Income Recognition

Investments in registered investment companies are valued based upon quoted market prices or are valued at net asset values calculated daily by the fund administrator, based upon the market value of the underlying securities held by the fund, less unpaid expenses.

The Plan Custodian offers a fully benefit-responsive investment contract ("FBRIC"), which has a Guaranteed Interest Fund ("GIF") as the only underlying investment option. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to the FBRIC, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 4). Contract value, as reported by the issuer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The preceding methods described may produce a fair value or contract value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of marketable securities are recorded on a trade-date basis, and interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date.

In accordance with the Plan's policy of stating marketable securities at fair value, the change in fair value for the year is reflected in the statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Corrective Distributions

Corrective distributions may be required in the event that employee contributions exceed contribution limitations of the Plan. These amounts are recorded as a liability as of the Plan's year end and are reflected on the statement of changes in net assets available for benefits as an offset to contributions.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative and Other Costs

During 2023, the Company paid administrative expenses of approximately \$18,000 on behalf of the Plan, and administrative expenses of approximately \$64,000 were charged directly to the Plan. Certain investment fees, commissions, and reporting expenses are included in net appreciation in fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles, and with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Subsequent Events

The Company has evaluated subsequent events for recognition and disclosure through October 14, 2024, which is the date the financial statements were available to be issued.

NOTE 3 - PLAN CERTIFICATION

The Plan Custodian holds the Plan's investments and executes all investment transactions. All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, dividends and interest, interest income on fully benefit-responsive investment contracts, and net appreciation in fair value of investments, and administrative expenses for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan Custodian.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan has entered into a Group Fixed Deferred Annuity Contract with Empower Annuity Insurance Company of America ("Empower") where the contract is deemed fully benefit-responsive. The Plan Custodian is a wholly owned subsidiary of Empower. The GIF is the only available investment option in the contract and is a fixed account that is part of the general account of Empower. Interest earned on the GIF value is compounded daily to the effective annual interest rate. The interest rate to be credited to the Plan's assets in the GIF during the calendar quarter will be determined by Empower prior to the last day of the previous calendar quarter and shall be reset at least quarterly. The effective annual interest rate will never be less than 0%. The interest rate is declared quarterly, with interest credited on a daily basis at an annual effective rate on a portfolio basis.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive contract is dependent upon the third-party issuer's ability to meet its financial obligations. Empower's ability to meet its contractual obligations may be affected by future economic and regulatory developments. If a participating plan terminates participation in the contract, the lesser of the guaranteed value or the fair value, as defined in the contract, will be received. The Company believes that there are no events that are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer.

NOTE 5 - FAIR VALUE MEASUREMENTS

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritize the inputs of valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement in its entirety.

The three levels of the fair value hierarchy are described below:

Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Significant, unobservable inputs used for valuing the asset or liability in which little or no market data exists.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2023:

	Fair Value Measurements			Total
	Level 1	Level 2	Level 3	
Assets:				
Registered investment companies	\$ 37,697,931	\$ -	\$ -	\$ 37,697,931

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2022:

	Fair Value Measurements			Total
	Level 1	Level 2	Level 3	
Assets:				
Registered investment companies	\$ 31,587,495	\$ -	\$ -	\$ 31,587,495

There were no transfers of investments among fair value levels during the years ended December 31, 2023 and 2022.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan's investments are not insured and are subject to credit and market risks. Financial information relating to those investments is included in these financial statements based on information provided by the Plan Custodian.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - INCOME TAX STATUS

The original plan is a prototype plan prepared and maintained by a third party. The prototype plan obtained its latest determination letter on June 30, 2020, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The adopted Plan has been amended since receipt of the determination letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, participants will become 100% vested in their accounts and the Plan assets shall be distributed in proportion to participants' respective account balances as of the date of termination.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Net assets available for benefits, as presented in the financial statements, differ from what is reported on IRS Form 5500 in the following manner as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per financial statements	\$ 47,258,912	\$ 41,545,961
Plus corrective distributions payable	<u>-</u>	<u>24,428</u>
Net assets available for benefits per Form 5500	<u>\$ 47,258,912</u>	<u>\$ 41,570,389</u>

Net increase in Plan net assets, as presented in the financial statements, differs from what is reported on IRS Form 5500 in the following manner for the year ended December 31, 2023:

Net increase in plan net assets per financial statements	\$ 5,712,951
Plus current year corrective distributions payable	-
Less prior year corrective distributions payable	<u>(24,428)</u>
Net increase in Plan net assets per Form 5500	<u>\$ 5,688,523</u>
