Independent Auditor's Report

To the 401(k) Plan Administrative Committee of the
Tohono O'odham Gaming Enterprise Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Tohono O'odham Gaming Enterprise Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1) Description of the Plan

The following description of Tohono O’odham Gaming Enterprise Retirement Savings Plan (the “Plan”) is provided for information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

Effective October 1, 1996, Tohono O’odham Gaming Enterprise (the “Employer”), a governmental enterprise of the Tohono O’odham Nation (the “Nation”), a federally recognized Indian Tribe, established the Tohono O’odham Gaming Enterprise Retirement Savings Plan. The Plan is a defined contribution plan covering all employees who have completed six months of service and are age eighteen or older. Participation for employee elective deferrals and employer basic contributions commences on the entry date (the first day of each calendar month) after meeting the eligibility requirements. An employee must complete twelve full months of service to be eligible for Employer matching contributions. The Employer serves as the Plan administrator.

From October 1, 1996 through December 31, 2006, this Plan was documented and operated as a governmental plan in accordance with Section 414(d) of the Internal Revenue Code (IRC) and Section 3(32) of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2007, the Plan became subject to the provisions of Section 906 of the Pension Protection Act of 2006 (PPA). Although the Employer and the Nation maintain that the Plan continues to be entitled to governmental status following the passage of the PPA, the Employer is operating this as a nongovernmental plan effective January 1, 2007, pending further guidance from the U.S. Departments of Treasury and Labor. The Employer is operating the Plan in accordance with its reasonable and good faith interpretation of the PPA, as required by IRS Notice 2006-89 and IRS Notice 2007-67. As of December 31, 2023 and 2022, there were 3,065 and 2,972 participants, respectively, all of whom had account balances.

Contributions

The Plan provides for employee pre-tax deferrals pursuant to a tax-deferred savings agreement and after-tax Roth contributions. All participants who are eligible to make contributions and are at least age 50 by the end of the Plan year are eligible to make additional catch up contributions subject to annual limits as established by the Internal Revenue Code (IRC). The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled at a deferral rate of 2.5%, unless the participant affirmatively elects a different percentage or opts out of participating. Additionally, the Plan provides an auto-increase feature, which allows participants to schedule automatic annual increases to their contribution rate by an amount of their choice.

December 31, 2023 and 2022

The Plan has elected to be a safe harbor plan and the Employer makes safe harbor basic contributions equal to 3% of the participants’ eligible compensation. For the years ended December 31, 2023 and 2022, the Employer safe harbor basic contributions totaled \$4,980,833 and \$4,560,920, respectively.

The Employer contributed matching contributions equal to 100% of employee contribution up to 2.5% for the Plan years ended December 31, 2023 and 2022, totaling \$3,519,220 and \$3,090,927, respectively.

All contributions to the Plan are participant-directed into various investment options offered by the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Employer’s safe harbor basic and matching contributions, and an allocation of Plan earnings or losses. Participant accounts may also be charged with an allocation of certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions and the Employer safe harbor basic contribution, plus actual earnings thereon. Vesting in the Employer’s matching portion of their accounts, plus earnings thereon is based on years of service, as defined by the Plan. Employer matching contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 1	0%
1, but less than 2	20%
2, but less than 3	40%
3, but less than 4	60%
4, but less than 5	80%
5 or more	100%

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balances in the participants' accounts. Interest rates are set at prime rate plus 1% at loan date. Loans must be repaid over a period not exceeding five years, unless the proceeds are used to acquire or construct a principal residence, in which case the loan must be repaid over a period not to exceed fifteen years. Participants can only have one loan of each type, personal and real estate, outstanding at a time and must wait to request a new loan for six months after paying off their previous loan. Principal and interest is paid ratably through payroll deductions. Interest rates for loans originated in 2023 ranged from 8.50% to 9.50%.

Revenue Sharing

For the Plan years ended December 31, 2023 and 2022, revenue sharing of \$0 was used to pay administrative expenses. For the plan years ended December 31, 2023 and 2022, revenue sharing of \$0 and \$1,598 was used to reduce employer contributions. As of December 31, 2023 and 2022, the revenue sharing account balance was \$40,487. Revenue sharing is included in net appreciation (depreciation) in the fair value investments.

Payments of Benefits

Benefits are payable in the event a participant retires, dies, becomes disabled or otherwise ceases to be an employee of the Employer. A participant receives the value of the vested interest in his or her account as a lump-sum distribution. Participants are also allowed to withdraw from their accounts in the event of undue financial hardship.

Mandatory Cash-Out Provisions

If the amount of benefits is \$5,000 or less (excluding rollover contributions) at the time of separation, the Employer will distribute benefits in a single lump sum payment, without consent of the participant. If the benefit (including any rollover contributions distributed) exceeds \$1,000, such distributions are transferred to an individual retirement account established by the Plan administrator for the benefit of the participant.

Forfeiture Accounts

Forfeitures available for allocation under the Plan are applied to pay administrative expenses or reduce the amount of Employer contributions otherwise required for the Plan year. As of December 31, 2023 and 2022, the ending balance in the forfeited, nonvested participant accounts was \$16,434 and \$30,216, respectively. In 2023 and 2022, Employer contributions were reduced by \$135,000 and \$122,486, respectively, from forfeited nonvested accounts. In 2023 and 2022, there were no forfeitures used to pay Plan expenses.

2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting based on the accounting standards as promulgated by the Governmental Accounting Standards Board.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risk and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related loan fees are recorded as administrative expenses and are expensed when incurred. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan permits, but does not require, the Employer to pay significant costs of Plan administration. At any time, the Employer may elect for the Plan to pay administration costs. The Employer paid a portion of the Plan's administrative expenses for the years ended December 31, 2023 and 2022, which are not included in these financial statements. Fees paid to the trustee by the Plan for investment management services are included with net appreciation (depreciation) in fair value of investments.

Subsequent Events

Subsequent events were evaluated for recognition or disclosure in these financial statements through September 16, 2024, the date which the financial statements were available to be issued.

3) Investments and Fair Value Measurements

Governmental Accounting Standards Board (GASB) issued Statement No. 72, *Fair Value Measurements and Applications*, which provides the framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Notes to Financial Statements
December 31, 2023 and 2022

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Account (Personal Choice): Valued at NAV based on the New York Stock Exchange pricing of the underlying assets at the close of each business day. Assets include stocks, bonds, mutual funds and fixed income products that are traded on an approved exchange or market. The NAV is based on the particular fund’s vendor or pricing agent.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents investments measured at fair value by classification within the fair value hierarchy as of December 31:

Investments at Fair Value				
2023	Level 1	Level 2	Level 3	Total

4) Information Prepared and Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments, at fair value and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment (loss) income and interest income from notes receivable from participants reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- Total assets reflected on the supplemental schedule of assets held at end of year.

5) Plan Termination

Although it has not expressed any intent to do so, the Employer, as the Plan’s sponsor, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to applicable law. In the event of Plan termination, participants would become fully vested in all of their Employer contributions.

6) Tax Status

The Internal Revenue Service has determined and informed the Employer by letter dated January 31, 2017, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although, the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan’s administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

7) Related-Party and Party-in-Interest Transactions

The Employer provides certain accounting, administrative, and management services to the Plan for which no fees are charged. These transactions qualify as exempt party in interest transactions. For the years ended December 31, 2023 and 2022, fees paid by the Plan for administrative expenses, such as third party administrative fees, distribution fees, and loan fees, amounted to \$255,165 and \$276,842, respectively.
